Large Gathering Witnesses Fireworks Display in City on Fourth

The first war-time Fourth of July in the past 24 years was one of the quietest in the history of Thief River Falls, due in large measure to the statewide ban on the use of firecrackers. As a result of tire restrictions, an unusually large number of local citizens spent the double holiday Saturday and Sunday at their homes.

A large gathering assembled in the Elks park late Saturday evening to hear a concert by the municipal band and to enjoy an elaborate display of fireworks presented under the joint sponsorship of the city council, park board and Civic and Commerce association.

The local golf course, usually more or less deserted on the Fourth, was the scene of many matches Saturday and Sunday.

Only one mishap was reported in the county over the holiday. The fifteen-months old child of Mr. and Mrs. Elvin Bakken of the Highlanding community suffered a badly lacerated hand when struck by a misdirected skyrocket during the fireworks display at Highlanding on the evening of the Fourth. The child is receiving treatment in a local hospital.

The 40-mile speed limit, ban on fireworks, and cool weather were credited with aiding in reducing the state's accidental death toll sharply over the 4th of July week-end.

Eight deaths were recorded in the state, due to traffic and drowning, as against 27 recorded last July 4 and 25 in the northwest.

Fire Losses Aggregate Only $300 in City for First Half of the Year

If this city is as fortunate the last half of the current year as it was during the first six months, it will set a new low record in respect to fire losses, it is revealed in a survey of records of the fire department by H. L. Schuster, secretary. For the half year ending June 30 he reported that the firemen responded to a total of 32 alarms, 24 of them being occasioned by chimney fires. The only material loss, approximately $300, was incurred in a blaze May 22 in the old section of the Lincoln high school building.

JUDGE O. KNUTSON CALLS GRAND JURY IN ANGUS KILLING

Summoned for July 15 to Act on Testimony in Philip Dobias Slaying

Further investigation of the killing June 28 of Philip Dobias, 22, self-styled "Bull of the Prairie," at Angus, by his brother Rudolph, 23, was ordered Tuesday by District Judge Oscar Knutson of Warren.

Judge Knutson called a Polk county grand jury session for July 15, at 10 A. M., in the court house in Crookston when all angles of the case will be thoroughly sifted.

The grand jury investigation was ordered when it became apparent that residents of the Angus district were not satisfied with the verdict of the coroner's jury which held Philip came to his death as result of a wound caused by the firing of a bullet from a revolver in the hands of his brother, Rudolph, and that "the evidence shows the aforesaid act was committed by the said Rudolph Dobias without criminal intent."

Following the coroner's verdict Rudolph was released from the Crookston jail where he had been held after admitting that he killed his brother, but that the killing was accidental and occurred while he was attempting to subdue Philip by hitting him on the head with the butt of the revolver he had wrested from his brother. The gun, he said, discharged accidentally.

The bullet struck Philip in the head and he fell, fatally wounded in a store in front of which a scuffle between the two occurred. Philip died a short time later and Rudolph gave himself up to authorities.

The killing climaxed an argument between the two over a neighbor girl whom Rudolph had gone with for a time and married four days before the shooting after Philip had been paying attention to her for a short period while Rudolph was working in Buffalo, N. Y.

SCHOOL BOARD ORGANIZES FOR ENSUING YEAR

Dr. A. E. Jacobson Reelected President; Rullen Is Treasurer

TWO NEW FACULTY MEMBERS ELECTED

Board Accepts Three Bids on Repairs to School Buildings

The local board of education in sessions Thursday and Monday evenings completed its organization for the ensuing year, elected two new teachers to fill vacancies in the faculty, and accepted bids covering several repair projects on the old Lincoln and Washington buildings.

All officers of the board were reelected, including Dr. A. E. Jacobson, president; C. E. Hallquist, vice president; Alfred Skarstad, secretary; and L. W. Rullen, treasurer. The treasurer's bond was fixed at $10,000, and his salary was retained at $200 a year, while the secretary's salary was again set at $100 a year.

Standing committees include finance: L. W. Rullen, chairman; W. M. Ferguson and Otis Wold. Maintenance: Hallquist, chairman; Skarstad and Ferguson. Instruction: Wold, chairman; Rullen and Dr. Jacobson.

John Nyberg of Minneapolis, who was graduated this year from Gustavus Adolphus college, was elected American history teacher, and Charles Sewrey of Minneapolis, a 1941 graduate of the University of Minnesota college of education, was named modern history teacher. Six other teachers also were given tentative approval as faculty members.

The Robertson Lumber company, on its bid of $779, was awarded the contract to supply 700 bags of insulation for use in the old Lincoln and Washington buildings. The board accepted the bid of Philip Schmitz, in the amount of $119, for painting the exterior woodwork of the Washington building two coats, the school district to supply the paint.

Also accepted was the Robertson Lumber company bid of $153.72 to supply 2,800 square feet of Gold Bond acoustic tile for installation in two rooms and the second floor corridor of the old Lincoln building.

NINTH DISTRICT REPUBLICANS TO MEET SATURDAY

Biennial Convention to be Held in Crookston City Hall

Newell R. Johnson, Ninth district chairman of the Republican party has announced that the executive committee has selected Saturday, July 11, as the date for the district convention and that the official call has been sent to all delegates and alternates certified from the counties in the district. The convention will be held in the city hall in Crookston and the delegates will convene at one o'clock in the afternoon. A banquet will follow the convention.

District officers will be elected at the convention to serve for the ensuing two year terms. Other official business will be discussed.

Mr. Johnson refused to state whether the delegates would seek an endorsement of a candidate for the Republican nomination to Congress, but stated that this matter would be discussed if brought before the convention in the regular manner. He said that the matter of an endorsement had received considerable publicity throughout the state and that the convention would be closely watched by the people of the district.

There have been two filings for Congress on the Republican ticket already and in the event of an endorsement, a close fight is expected as the strength will be divided among several of the candidates and interested persons.

On Thursday evening of last week the Trinity Lutheran choir gave a 6:30 dinner for Mr. and Mrs. G. E. Ahre, John Eastby, and Ellsworth Jorgenson. Mr. Ahre, who has been holding a commission as lieutenant in the army reserve, reported at Fort Snelling on Monday to begin active duty in the U. S. Army. The latter two will leave for the army shortly. Rev. G. S. Thompson, in charge, presented each of the honored guests with a gift from the 28 choir members present. Flowers decorated the tables and a red, white, and blue color scheme was carried out. Hosts for the evening were Mrs. J. N. Nesse, Mrs. Hans Chommie, Miss Lois Morell, Miss Margaret Stadum, and Justus Larson. Following the dinner, games were played and talks were given by the special guests.

Mrs. L. H. Larson is Honored at Birthday Party

Mrs. Ole Ekeren and Mrs. Justus Larson were hostesses at a birthday party given for Mrs. L. H. Larson on Thursday afternoon of last week at the home of Mrs. Ole Ekeren. After a social afternoon lunch was served by the hostesses, the feature of which was a large birthday cake centering the table. Present were Mrs. L. H. Larson, honored guest, Mmes. Ole Ekeren and Justus Larson, hostesses, and Mmes. Mary Shaw and daughter Peggy, O. F. Melby, H. O. Chommie and daughter Karen, H. H. Kelly and O. Ekeren, Sr.

Seven Girls Go on Bicycle Ride Wednesday Evening

Last night Mrs. Owen Scramstad was hostess at a party given for a group of seven girls at her home. The evening was spent bicycle riding after which a tray lunch was served by Mrs. Scramstad. The following girls were there besides the hostess: Misses Gloria Quist, Martha Havel, Ruby Hegrenes, Mae Langevin, Vivian Havel and Lorraine Quist.

GARDEN and TABLE

By ERNEST A. PALMER
County Agricultural Agent

Frozen food locker managers themselves are recommending that farm families use other methods besides quick freezing in preserving their Victory garden harvests this year. Expansion of locker space is unlikely and, in some cases, families have already filled theirs with early berries and vegetables. Now, if they want to freeze meat or late produce, they must eat what they have stored so far in order to have space for meat. Family meals will suffer next winter unless there are also dried, brined, and canned produce to supplement the frozen storage.

Good ways to vary food preserving methods are given in Extension Pamphlet 100, "Using Less Sugar for Canning, Preserving, and Freezing Fruits" and Folder 114, "Freezing Fruits and Vegetables." Tested substitutes for sugar are listed with correct proportions. Fruits which don't need sugar even for freezing are named, and the special thawing process to use for them is explained. Both folders are available free at this office. Come in or send a post card to get your copies.

It's not too early to ready your storage place for winter vegetables and fruits. A new folder, "For Health This Winter—Store Vegetables," prepared by specialists at University Farm, tells you just how to go about it. The authors even figured out how many bushels of dry beans and peas, apples, onions, and other products you should put aside for each member of your family. If you want a copy, stop at the office or drop us a card and we will send you the folder free.

With everyone staying home more this year, that outdoor grill you never got around to making would come in mighty handy. Agricultural engineers at University Farm say a simple fireplace can be made in less than an afternoon, and most farmers have the materials right at hand—old bricks or field stones, mortar or clay, and a little scrap iron. Originality may be more fun than a blueprint, particularly for the first trials. Consider too an attractive view (if you're really going to have an outdoor living room and eat in it—you don't want to overlook the hog lots, for instance.)

Fourth of July picnics are like an official opening for the fried chicken season. Broilers are particularly plentiful this year due to greater spring chicken production to meet wartime egg requirements. By eating poultry now while it's plentiful and economical, pork and other meat supplies are conserved for military needs and Lend-Lease shipments.

72 Persons Drowned in State to Date This Year

According to A. V. Rohweder of Duluth, president of the Minnesota Safety Council, Minnesota faces the largest toll of drownings in its history unless reductions can be made during July.

Drownings have taken the lives of 72 people in Minnesota so far this year, with 32 of the drownings occurring in June, Rohweder points out.

"July is the crucial month insofar as drownings are concerned, those of July usually running fifteen per cent higher than those of any other month", Rohweder said.

Continuing, the state safety leader points out that drownings so far in 1942 have been due to a few long-recognized unsafe bathing practices. Many of the lives could have been saved if the victims had known and remembered that any good boat will float, even though filled with water.

Charles Robert Huff Succumbs on July 4

Charles Robert Huff of St. Hilaire died on Saturday, July 4, at the home of Ed Rosette in Rocksbury Twp. at the age of 55 years 8 months and 4 days. Funeral rites are being held today (July 9) at the Erickson & Lund Funeral Home with Rev. J. O. Jacobsen officiating. Interment will be made in Esmond, N. D.

Surviving Mr. Huff are his wife, Mrs. Myrtle Huff, of Bremerton, Wash.; three daughters, Mrs. Alice Collins and Mrs. Florence Hall, both of Bremerton, Wash., and Mrs. Hazel Larson of Orr, Minn.; two sons, Hubert and Robert both of Bremerton, Wash.; one brother, Harry Huff of Bemidji; and two grandchildren. His parents preceded him in death.

The deceased was born in Ottawa, Michigan, on October 20, 1886. He moved from Michigan to Iowa and later to Esmond, N. D., where he was married on October 22, 1912 to Myrtle Young. In 1913 he moved to Harlow, N. D., in 1919 to Orrin, N. D., and four years later he moved to St. Hilaire where he finally made his home.

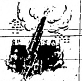
Funeral Rites for Halvor Hemmestvedt

Funeral rites were held on Friday, July 3, at the Liner church in Grygla for Halvor Hemmestvedt, who died Wednesday, July 1, at 4:00 P. M. at a local hospital, at the age of 74 years. Rev. E. O. Sabo of Mavie conducted the rites and interment was made in the church cemetery.

The deceased was born in Telemarken, Norway, on March 19, 1868. He came to America in 1891 and settled near Red Wing. Later he moved to Ada, then to Grygla in 1902, where he finally made his home. Surviving are two sisters, Mrs. O. H. Langlie of Plummer, and Mrs. Agil Bygland of Norway; and one brother Mickel Hemmestvedt of Norway. Four brothers and one sister preceded him in death.

What You Buy With WAR BONDS

The 75-millimeter gun is a divisional weapon used by the Artillery as an anti-tank gun. It has been replaced to some extent by the more modern "105", known as the heaviest of divisional weapons. The 75 mm gun costs $12,000 and has been converted by our Ordnance into a "blaster" twice as efficient as in the first World War.



This gun gets maximum power for minimum weight and cost, and the American people are providing the finance through the purchase of War Bonds. If you do your share and invest 10 per cent of your income in War Bonds, adequate supply of this efficient gun can be assured our fighting forces. Buy War Bonds every pay day. *U. S. What You Buy With WAR BONDS

The Aerial Camera for use on Scout and Observation and Reconnaissance planes is essential to both the Army and Navy air forces in planning battle formations and in obtaining information on enemy fortifications and movements. They look something like a cannon, and cost about $3,400 apiece.

The aerial cameraman can plot wide territories in bold relief so that Army or Navy Intelligence can make accurate measurements of enemy territory. We need many of these cameras so necessary to the air arms of the Army and Navy. You can help buy them with your purchases of War Bonds. Invest at least ten percent of your income every pay day, and help your county go over its War Bond Quota.

THE COMING TREND IN COSTUME JEWELRY

Windom—Who said women will do without the ornament they have been accustomed to, because materials used to make necklaces, bracelets, rings and other pieces of jewelry are scarce? Mrs. Chet Lundale is the owner of a very attractive necklace made of chicken and turkey bones, varnished red and black and also another chain made of cherry pits and apple seeds arranged in the shape of daisies.

NEW TUBE FOUND, 22 YEARS OLD

Grand Rapids.—The rubber salvage drive has brought to light many unique articles around the country but probably the 22-year-old brand new tire tube found by Geo. W. Meyers is one of the rarest. It is a 34x4½ tube with a gauge to tell the air pressure and found in its original box in the Meyer's basement.

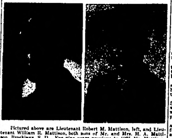
Medicos Must Be Wrong

Physicians contend that enthusiastic eaters just dig their graves with their teeth—still the marquis of Queensbury always ate two breakfasts, with a half hour intermission. And two luncheons and had his regular meals at 5, 7 and 9 p. m., midnight and 3 a. m. And he lived to be 85 years old.

Sons of Former Residents Are Army Officers



Pictured above are Lieutenant Robert M. Mattison, left, and Lieutenant William R. Mattison, both sons of Mr. and Mrs. M. A. Mattison, Brookings, S. D. For nine years previous to 1925 Mr. Mattison, sr., was employed in newspaper work in Thief River Falls, and the sons attended the lower grades of school here. Lieutenant Robert Mattison is at present on active duty with the Royal Air Force in England, where his duties include operation and maintenance of enemy airplane detection devices. His brother William is in the Signal Corps, and is now stationed at Fort Lewis, Washington.

Rust Removing Preparation

All rust should be removed from metal surfaces before repainting is undertaken. There are liquid preparations which remove rust from metal surfaces. These liquids should be applied with a cloth or sponge, allowed to remain a short time, rubbed a little with a fine steel wool and wiped away with a clean cloth. The paint coating is then applied.

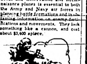
What You Buy With
WAR BONDS

The Aerial Camera for use on Scout and Observation and Reconnaisance planes is essential to both the Army and Navy air forces in planning battle formations and in obtaining information on enemy fortifications and movements. They look something like a cannon, and cost about $3,400 apiece.



The aerial cameraman can plot wide territories in bold relief so that Army or Navy Intelligence can make accurate measurements of enemy territory. We need many of these cameras so necessary to the air arms of the Army and Navy. You can help buy them with your purchases of War Bonds. Invest at least ten percent of your income every pay day, and help your county go over its War Bond Quota.

THE COMING TREND IN COSTUME JEWELRY

Windom—Who said women will do without the ornament they have been accustomed to, because materials used to make necklaces, bracelets, rings and other pieces of jewelry are scarce? Mrs. Chet Lundale is the owner of a very attractive necklace made of chicken and turkey bones, varnished red and black and also another chain made of cherry pits and apple seeds arranged in the shape of daisies.

NEW TUBE FOUND, 22 YEARS OLD

Grand Rapids.—The rubber salvage drive has brought to light many unique articles around the country but probably the 22-year-old brand new tire tube found by Geo. W. Meyers is one of the rarest. It is a 34x4½ tube with a gauge to tell the air pressure and found in its original box in the Meyer's basement.

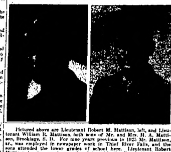
Medicos Must Be Wrong

Physicians contend that enthusiastic eaters just dig their graves with their teeth—still the marquis of Queensbury always ate two breakfasts, with a half hour intermission. And two luncheons and had his regular meals at 5, 7 and 9 p. m., midnight and 3 a. m. And he lived to be 85 years old.

Sons of Former Residents Are Army Officers



Pictured above are Lieutenant Robert M. Mattison, left, and Lieutenant William R. Mattison, both sons of Mr. and Mrs. M. A. Mattison, Brookings, S. D. For nine years previous to 1925 Mr. Mattison, sr., was employed in newspaper work in Thief River Falls, and the sons attended the lower grades of school here. Lieutenant Robert Mattison is at present on active duty with the Royal Air Force in England, where his duties include operation and maintenance of enemy airplane detection devices. His brother William is in the Signal Corps, and is now stationed at Fort Lewis, Washington.

Rust Removing Preparation

All rust should be removed from metal surfaces before repainting is undertaken. There are liquid preparations which remove rust from metal surfaces. These liquids should be applied with a cloth or sponge, allowed to remain a short time, rubbed a little with a fine steel wool and wiped away with a clean cloth. The paint coating is then applied.

REINER

A very large crowd attended the Y. P. S. at the Reiner church on Sunday evening.

There was no Sunday school this Wednesday as the 4-H club went on a tour that day. School will be held next Wednesday as usual.

The 4th was mostly celebrated as usual with gatherings at Highlanding as the nearest place.

OUR RECREATION PROBLEM

Supervision of the federal government's recreation program has become a local responsibility. During the depression years our wealthy Uncle Sam has been an indulgent patron and has spent thousands of dollars in our community each year in order that our youngsters might be properly recreated. Now the old fellow is finding other, more urgent, needs for the money he borrows from us, and so, for the immediate future at least, we will have to rely more and more upon our own resources.

Starting from scratch again, this is a good time to take inventory of what we have and to plan a program that will give us the most for what we can afford to spend.

As a community we are well equipped with recreation facilities—better equipped than most communities of our size. We have a school gymnasium that is tops. We have an enclosed skating rink and several other rinks that are not enclosed are well maintained. We have a toboggan slide. During the months of the school year we have recreation facilities, and a recreation program, that provide for all the reasonable recreation needs of at least ninety per cent of our youngsters.

For summer activities we have playgrounds, supervised swimming, concrete tennis courts, a golf course, ball diamonds, fishing and boating. We may have overlooked several things. The only things we can think of off-hand that we don't have are a ski slide and a mountain to climb.

The community has been generous in providing facilities for play. The weakness of our play program is not in lack of facilities but rather in the lack of organization of the use of our facilities. As we see it, we have too much to do with rather than too little, and because our recreation activities are not properly coordinated, we do not use properly the facilities we have provided.

As a solution for this problem we concur in the suggestion that the recreation program of our school system be extended to cover the entire year rather than merely nine months of the year. In our school organization we already have the administration and the trained personnel to direct such a year-round program. We can see no good reason why the organization we maintain to direct the educational and recreational activities of our youngsters nine months of the year should not be extended to cover all of the year. This would mean some addition to the costs of maintaining our school system but under the direction of our school administration we probably would get more in return for our additional expenditures than we would if these additional expenditures were directed by some other branch of our local government.

Now that our recreation program is a community problem once again, this is a good time to consider it in all of its phases, and to try to work out a plan for bringing all the loose ends together to be directed by one administrative agency. It is our opinion that by proper management we can get a great deal more for our money than we are now getting.

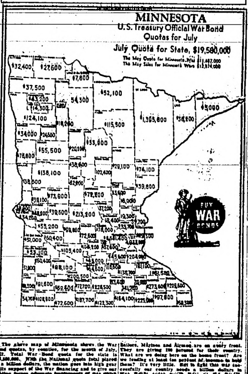
We are not going to worry for the time being about the kind of a peace we are going to have when the war is won. Not until we are sure it is won. Until that time we are going to keep thinking about the kind of a peace we will have if the war is not won. Thinking about that is going to make it a lot easier to do some of the things now that we don't like to do.

Congress is itself again. To the mighty minds who make the laws of our nation the problem of winning the war evidently has become of less importance for the time being than the problem of winning an election. Speaking up from our own little dung hill in this agricultural community we would like to express the purely personal opinion that members of the farm bloc in Congress will average just as low by whatever standards they may be judged as any other bloc in that distinguished assembly.

These are critical days of the war. The battles of Egypt, Russia, China, Alaska, the Pacific and the Atlantic, now all raging at the same time, are each and all of vital importance. And none of these battles are going to our liking. In all of them we are still fighting defensively. The most we can hope for, for some time to come, is that our lines will hold. When we gain sufficient reserve power to strike with force on any one front the pressure will ease off at other places. We can expect a lot of bad news during the weeks that are ahead of us.

One nice thing about living in a Democracy is that if it does make a political mistake concerning you, personally, it may be corrected. It isn't generally known perhaps, but about 600 of the enemy aliens Britain sent to Canada for internment have been returned to England as free men.—Detroit Free Press.

OFFICIAL U. S. TREASURY WAR BOND QUOTAS FOR JULY



MINNESOTA
U.S. Treasury Official War Bond Quotas for July
July Quota for State, $19,580,000
The May Quota for Minnesota Was $11,482,000
The May Sales for Minnesota Were $12,874,000
BUY WAR BONDS

The above map of Minnesota shows the War Bond quotas, by counties, for the month of July, 1942. Total War Bond quota for the state is $19,580,000. With the National quota total placed at a billion dollars, the nation goes into high gear in its support of the War financing and to give our fighting forces adequate implements of war which will bring ultimate Victory. American Soldiers, Sailors, Marines and Airmen are on every front. They are giving 100 percent for their country. What are we doing here on the home front? Are we lending at least ten percent of income to help them? It's very little. But to fight this war successfully our country needs a billion dollars in War Bonds every month from us—the People. Let's Go, America. —U. S. Treasury Department

Topics of the Times
By N. A. H.

Men are being offered up to $800 a month to work on defense projects. Yes, we mean American workers, not Nazis.

The fact that the eagle didn't scream quite as loudly on this Fourth of July as it has some years in the past doesn't necessarily indicate a lack of patriotic fervor.

Humor culled from a service men' paper: When your girl gives you a dirty look, it's time to use a little soft soap.

Better make up your mind, fellows. The filing period for county office ends in about three weeks.

Perhaps some of the confusion arising out of the war may be due to an oversupply of expert radio news commentators.

The newsstands made a pretty spectacle over the Fourth of July week-end when the magazine covers broke out in a rash of American flags.

A bow to our colleagues on the Detroit Lakes Tribune for their paper's achievement in winning top honors for general excellence among the nation's weeklies.

If you want a nice round figure to roll off your tongue, consider the federal debt of 77 billion dollars as of June 30.

The rubber shortage might be eased by getting rid of some of the rubber stamps holding down seats in Congress.

The treasury department expects Pennington county in July to buy war bonds at the rate of nearly $1 for every man, woman and child. Let's see how close to the mark we can come.

Premature tho it may be, we are expecting any day now to hear a New Dealer make the assertion, "Fourth term or no fourth term, we can't change presidents in the middle of a war."

12 HORSES FURNISHED POWER FOR THIS TRACTOR

Caledonia— A threshing machine which used 12 horses for power instead of steam or gasoline as have farm machines used for threshing in recent generations, has recently been sold to the J. I. Case Co., of Racine, Wis., the manufacturer. The machine was the possession of Louis Staggemeyer of Eitzen. It is believed to have been manufactured back in the period between 1860 and 1870.

NEW CREDIT REGULATIONS

Ordered by U. S Government and Now in Effect in Thief River Falls

EFFECTIVE MAY 6, 1942, the Federal Government Consumer Credit Regulation Act went into effect. This advertisement is published to acquaint the trade with the facts concerning this wartime credit regulation. May we please ask you to read every word carefully. ALL RETAIL CHARGE SALES (except such merchandise as is sold on the installment plan) are subject to the following regulations:

Maximum Time Allowed to Pay Charge Accounts

All charge accounts for listed articles will be deemed in default if not paid for by the 10th day of the second calendar month in which a charge sale was made. For example, a charge account sale made in May will be deemed in default if not paid by July 10th next. A charge account shall be deemed in default if any article (whether listed or unlisted) is not paid within the said time limit.

Merchandise Bought Before May 1, 1942

A charge account for any article purchased before May 1, 1942, shall be deemed in default unless paid for in full by July 10, 1942.

Merchant's Restrictions

When a charge account is in default, no credit can be extended to obligor for any charge sale or installment sale of any listed article until default has been cured.

A Default May Be Cured By:

1. Payment in full.
2. Obligor entering into a written agreement in good faith to pay the amount within 6 months from date in substantially equal monthly or weekly payments (of not less than $5.00 per month or $1.25 per week).
3. Obligor filing statement of necessity as provided by regulations (if applicable) and paying account in twelve equal monthly installments.

Federal Agents Arrest 70 in Campaign Against German-American Bund

Federal agents, carrying on the government's sweeping effort to wipe out the German-American bund, arrested 70 persons, including 15 women, in a series of swift raids Wednesday night.

The roundup, biggest haul since the FBI began its drive Tuesday with the seizure of 29 men in coast to coast sorties against bundists, brought the number in federal custody to 99.

P. E. Foxworth, head of the New York office of the federal bureau of investigation, said raids were continuing at a rapid pace in the metropolitan area.

All those arrested Wednesday, he declared, were enemy aliens taken under presidential warrants issued through the attorney general's office in Washington.

Foxworth said one of those captured was in possession of a complete U. S. army uniform.

He declined to release names of any persons arrested but said he considered all "dangerous enemy aliens."

All those taken Wednesday were sent to Ellis island.

The national campaign to eradicate the bund was launched with the arrest of 29 persons Tuesday by federal agents armed with warrants obtained by U. S. Attorney Mathias Correa.

EAST GRAND FORKS TROUNCES JUNIOR BALL TEAM 25 TO 6

Locals Handicapped by Absence of Pitcher V. Evenstad

In a ragged junior baseball game played at East Grand Forks Tuesday evening, the locals were trounced by the district champion East Grand Forks team, 25 to 6. The local nine was handicapped by the absence of their regular hurler, Virg Evenstad, who was unable to make the trip with the team. Second baseman Hoese led the East Grand attack on the local pitchers, getting four hits in five trips to the plate. Bob Baker and Marlyn Dorn were the only locals to garner more than one hit, Bob and Marly getting two hits each.

The locals will travel to Oslo next Sunday for the final game of the schedule, and then will prepare for the district tourney, which will be held at Oslo on July 19th.

Local Ball Club Takes Two Tilts at Plummer

The local ball team scored a double victory in the two games played at Plummer during the holiday week-end, defeating Plummer, 8 to 5, on Saturday, and repeating their triumph on Sunday by rolling up a 12 to 0 win behind Woody Almquist's three-hit pitching.

Saturday's interesting tussle was a duel between two southpaws, with Lenny Lorentson, on the mound for the locals, out-lasting Plummer's veteran Rube Fremling to score his second win of the season. Fremling hurled a creditable game and, but for the collapse of the Plummer infield in the 8th inning, would perhaps have been the winning pitcher. Plummer held a 5 to 4 lead as the locals came to bat in the 8th inning. Lorentson scratched a hit through the shortstop. Gordy Reierson was called out on strikes. Bob DuChamp bounced to Messerole and the Plummer shortstop fumbled the ball, loading the bases. Woody Almquist was hit by a pitched ball, forcing in Lorentson with the tying run. Nornes poked a ground ball to the shortstop and Almquist was forced at second, Bob DuChamp scoring on the play. Wally DuChamp poled out a long triple to left field, scoring Cockrell and Nornes with the locals' seventh ad eighth runs. Art Sandland grounded out to end the inning. Lorentson held the locals lead by pitching no-hit and no-run ball through the 8th and 9th innings. Howard Hofius, Vern Messerole, and Marty Lund were the only Plummer batters to solve Lorentson's slants for more than one hit, each picking up a couple of safeties, with Lund crashing out a pair of left field doubles.

Sunday's game found the chunky Woody Almquist putting on a field day, for in addition to hurling a three-hit shut-out, the fire-ball pitcher led the attack on Plummer's tossers with four hits in five trips to the plate. Harold McCrady, Plummer manager and catcher, who was unable to play in the series because of a badly bruised leg, sent 56-year old Jim Gilbertson to the mound for Sunday's game, and the locals pounded Jim off the rubber in three innings; and continued their assault on Eddie Kiefenheim, who took over the hurling duties. Reaume Ste. Marie, who pitched the last two innings, allowed but one hit and one run. Neil Bennett drew a walk to open Sunday's game, went to second on a passed ball and scored on Bob DuChamp's one-base blow to center field. Almquist, after Stan Cockrell had fanned, blasted the first of his four hits, sending Bob DuChamp to second; and on Nornes' hit into right field, Bob scampered home with the locals' second score.

Thief River picked up single runs in the 2nd and 3rd innings, and a three-run cluster in the 4th inning brought Eddie Kiefenheim in from right field to take over the Plummer pitching job. Kiefenheim gave up a hit and run in the 5th inning, and three hits and three tallies in the 7th inning. Meanwhile Woody Almquist was hurling splendid ball for the locals, collecting 13 strikeouts, and issuing but one base on balls. Singles by Kiefenheim, Gilbertson, and Ste. Marie, were the only hits garnered off Almquist's pitching.

The local team will play the Radium aggregation here next Sunday afternoon.

VILLAGE "BUZZY" WITH BEE SWARMS

Plainview—Swarms of bees invaded the village recently and a host of the little intruders blitzkrieged into the Glenn Mack residence entering via a hole left by a bottle-gas stove connection. Then at another residence the little rascals found an opening around a window frame and filed into the living room in a cloud. A truck parked on the street acted as convoy to a huge swarm and passers-by were kept busy for an hour or so dodging the bewildered bees. Warm weather and the full blooming flowers is believed to be the cause of the flights, en masse.

TURKEYS DIE FROM AIRPLANE SHOCK

Waseca—Since the first flight of the Wright brothers many deaths of human beings can be credited to airplanes but turkey deaths seem to be something new. When seven or eight planes flew very low over the Emil Kracke farm, the young turkeys ran for shelter, piling over each other in a corner of the yard. When the pile was untangled 274 turkeys had smothered in the heap.

Merchandise Tourney Sunday

The second in a series of merchandise tournaments will be played over the local golf course on Sunday afternoon, with the Poppler's Furniture being the sponsor of the six-flight medal-play tourney. Stan Larson, manager of Poppler's has arranged an attractive list of prizes to be awarded to the winners and runners-up in each flight. Handicaps have been established so that it will be easy to place the golfers in their proper flights. With the course being in the best condition in years, and the mosquitoe hazard at a minimum, it is expected that a large number of golfers will participate in the tournament.

By the way, don't forget to ask Stan for a cigar.

Is-It-True Dept.

Is it true that Cliff Bjorkman, the Lake of the Woods fisherman, has received a bill from the Booth Fisheries asking payment for a couple dozen wall-eyed pike fillets? Is it true that Oscar Cerny shot a 42-47—89 on Sunday? Is it true that Berdeen Nornes, the locals slugging catcher, has made but three hits in 19 times at bat, and is hitting at a .158 average? Is it true that Cliff Overum has been asking the price of golf clubs? Is it true that Wayne Anderson and Don Mattson made a fine catch of wall-eyes, one weighing four pounds, up the Red Lake river near Kratka?

A Nice Pair to Win

It's always a treat to win a ball game from Plummer, and when you can pick up a couple of them over the week-end, it's considered a job well done. And that's what the ball team did on Saturday and Sunday.

While Lenny Lorentson turned in a fine pitching performance for the locals on Saturday, it was some sloppy work on the part of the Plummer infield that gave the locals their 8 to 5 win. With nifty support, Rube Fremling, the left-hander who was on the mound for Plummer, would have scored a 4 to 1 triumph, for the locals racked up only one earned run off Rube's slants. Plummer, meanwhile, picked up an earned run in the 3rd inning, a pair in the 4th inning, and a single in the 5th inning. But they pay off on the total score, and that's where the locals registered 8, while Plummer could garner but 5.

No Doubt About Sunday

There wasn't much doubt about the outcome of Sunday's game after the first couple of innings, for the locals had their hitting togs on, and Jim Gilbertson, who was given the pitching assignment for Plummer, didn't have his usual stuff. Jim, perhaps, should have pitched on Saturday, for he seemed to be faster during Saturday's warm-up period than he did on Sunday. But even if Jimmy had had all his stuff it's doubtful if he would have been able to out-pitch Woody Almquist, for the St. Hilaire fire-baller had his control, and when Woody knows where he's throwing the ball he's a tough baby to hit. And Woody did all right for himself with the bat too, for he clouted out "four for five", to give him a record of six hits in nine trips to the plate in the two games.

The contest, too, were pretty much a case of Youth vs. Age, with the verdict going to the Youths. The locals had such youngsters as Vern Tormoen, Lenny Lorentson, Johnny Campbell, Neil Bennett, Gordy Reierson, and Berdeen Nornes in their line-up, and these boys are in their teens, with young Tormoen being only 16, and Lorentson, Campbell, and Bennett only 18. The rest of the local line-up was composed of fellows in their twenties. Plummer, on the other hand, was well-stocked with veterans, with the 56-year old Jim Gilbertson and 51-year old Eddie Kiefenheim in its line-up. Rube Fremling, Howard Hofius, Ray Perras, and Vern Messerole were other veterans playing with Plummer.

They Finally Lost One

Stan Cockrell's Bridgeman's team, which had been making a run-away race of the D-ball league, finally lost a game, losing to the Red Owl, 9 to 8, in an extra-inning game Monday evening. In justice to Stan's outfit it's only fair to state that the Bridgeman's were short-handed that night, having only nine players on the field; and that the Red Owls were re-inforced by several DeMolay players.

Miscellany

Louis Benson, member of the Gustavus Adolphus coaching staff and a former member of the Thief River Falls ball team, and later a player with Plummer and Crookston, has enlisted in the Naval Air Corps and is awaiting his call.—John "Lefty" Hovanac, who played under Louie at Gustavus this spring, and who pitched for Plummer last year, is playing first base for the Superior Blues in the Northern League.—Hemmy Sahl is home on a two weeks furlough. For the past year Hemmy has been stationed at Fort Leonard Wood.

MARSHALL FAIR OPENS IN WARREN THURSDAY JULY 16

Colorful Revue and Model T Ford Race to Feature Program

Marshall and Northern Polk County agriculture and its production program of "Food for Freedom" will parade before thousands of Red River Valley residents at the 36th annual Marshall county fair at Warren on Thursday, Friday and Saturday, July 16, 17 and 18.

Program plans for the big exposition have been completed for several weeks, and will offer to residents of this area some of the finest entertainment of the professional amusement world. Big time circus acts have been booked for the afternoon and evening performances while the night program will feature a colorful revue "Wings of Mirth" as produced by Miss Jule Miller of the Northwestern Amusement Co. A cast of more than 30 people will participate in this big evening production.

A victory parade and pageant with special music under the direction of Miss Melba Sands of Warren and Miss Norma Sands of Alvarado, will feature the children's day program on the opening afternoon of the fair.

The big 50-mile Model T championship race will be run as advertised on Friday afternoon, July 17. Fair officials received a telegram from Washington Monday night lifting the ban on automobile races, Harold C. Hagen, secretary to Congressman Buckler contacting the ODT to complete arrangements. More than 20 Ford Model T cars are expected to enter the big race which is attracting widespread interest in all parts of the Red River Valley. In addition to the big race there will be numerous circus acts as well as concerts by the Argyle High School Band.

ODT TRUCK LOAD RULE EFFECTIVE WEDNESDAY

Northwest Office of Defense Transportation spokesmen have been advised that the rule requiring trucks to carry at least a 75 per cent capacity load on return trips will become effective July 15. The rule was to have become effective July 1, but a postponement was ordered to furnish additional time to prepare regulations. Until the order goes into effect, trucks can return empty or only partially filled. Purpose of the order is to conserve tires and equipment.

NAVY OFFICIALS ASK CITIZENS TO LOAN BINOCULARS

Mayor H. W. Kinghorn Backs Plea to Public to Loan Certain Types

The United States Navy has appealed directly to local people for the loan of binoculars meeting Navy requirements for the duration of the war, Mayor H. W. Kinghorn announced today.

In four and a half months only 651 sets of these instruments have been received from all over the country. This number is but a fraction of what the Navy needs.

Binoculars are a necessity on the fighting ships of our navy. Lookouts use them to keep a constant vigil for enemy ships, planes and submarines. The lives of our sailors, marines, and transports of soldiers depend on them.

Two types of instruments are accepted by the navy. They are Bausch & Lomb or Carl Zeiss, sizes 6-30 or 7-50. If you have a pair of these, tag them with your name and address, wrap them carefully, and send them to the Naval Observatory, Washington, D. C., Mayor Kinghorn urged. They will be returned after the war if possible.

Rural Residents Asked to Cut Wood for Winter

Residents of America's great rural areas were urged Saturday to cut and stack wood now for use as fuel next winter. "In those areas where wood is readily available and where extended transportation is involved in the use of coal," said Howard A. Gray, acting solid fuels director in Washington, D. C., "substitution of wood for coal as a temporary expedient would be helpful in relieving the burden upon the nation's railroad and motor transportation systems.

All thirteen little birds saw the light of day by nine o'clock that night.

N. W. SCHOOL IS HOST TO FARMERS TUESDAY, JULY 21

Annual Field Crops Visitation Day Slated at Crookston

The annual field crops visitation day at the Northwest School and experiment station, Crookston, will be held on Tuesday, July 21. The Red River Valley Crops and Soils association will hold its annual meeting in conjunction with the field day program.

According to R. S. Dunham, agronomist of the experiment station, all of the new promising varieties of grain and hybrid selections of corn will be shown on the tour of the experimental plots and increase fields. The corn hybrids from leading experiment stations and hybrid growers are grown in a comparative test with standard varieties of corn.

The potato variety tests will be of special interest to Red River Valley farmers, according to J. H. Wampole, horticulturist. The variety list includes all of the new potato hybrids of value which have been produced by the United States department of agriculture and the Minnesota experiment station.

Dr. F. R. Immer, vice-director of the Minnesota experiment station, will be the chief speaker on the program. Dr. Immer will speak particularly to the county agents during the morning and to the general visitation group at 1:30 p. m. A speaker will also be secured to discuss the processing of flax and soy beans.

The annual business meeting of the crops and soils association will be held in the school library at 11 a. m., with Theodore Mellum, president, in charge of the meeting. Officers and county directors for the year 1942-43 will be elected. Officers and directors of the association for 1942 are: Theodore Mellum, Ulen, President; Oscar J. Olson, Lake Park, vice president; R. S. Dunham, Crookston, secretary; Otto Hoppe, Crookston, treasurer.

Sugar Shortage Is Real Federal OPA Declares

A moderate increase in sugar rations available to the northwest is possible, but it all will depend on the prospects of shipments of sugar from Puerto Rico and Cuba during the coming six months.

That's the latest word from the Office of Price Administration, which is making a detailed study of the sugar situation. At present, stocks of sugar in the country are a little greater than what was anticipated, but not enough to justify an increase in the rations.

The actual supply, despite reports that warehouses are bulging with sugar, is one-third less than it was a year ago. The OPA explained that the reason warehouses seem so full now is because sellers and consumers have less sugar on hand than at the same time a year ago.

Honorable Discharge Is Vet's Birth Certificate

A measure of relief for service men experiencing difficulty in obtaining birth certificates, as now required by many employers, is to be found in a law recently passed by congress and now in effect, according to S. V. Russell, state veterans' employment representative in the United States Employment Service.

The act provides that no defense contractor shall deny employment, on account of failure to produce a birth certificate, to any person who is otherwise qualified and is able to produce an honorable discharge certificate from any of the military establishments of the United States government.

Veterans can obtain a certified copy of their discharge papers from the service officer of any veterans' organization.

Bicycle Tourists in Germany

Bicycle travel in Germany is much favored by visitors, who may rent a cycle for a week for less than $2, and who can avoid a tedious stretch of road by taking it on the train at a rate of 28 cents for every 100 miles.

Henry Morgenthau Jr., Secretary of the Treasury, today made public the official War Bond Quotas by States for the month of July, which places the nation on a Billion-dollar-a-month basis to aid in meeting the War cost. The above table also gives May War Bond sales in the various states in comparison to the May Quotas. (June sales by states will be available for publication shortly.) The percentage of Quotas range from 71.3 percent above quota in Utah, to 22.6 percent below the quota in Montana, but puts the nation as a whole above the $600,000,000 total May quota. Vulnerable Alaska and Hawaii led all states in sale of War Bonds on quota basis.

"Everybody, every pay day ten percent" is the Treasury slogan which is expected to place one of the attractive new window stickers in every American home. "We're Buying at Least 10%" reads the sticker, printed in the national colors. The new window stickers and the new "10%" lapel button, which indicates that the wearer is investing at least ten percent of his income in War Bonds every pay day, are yardsticks of patriotism in the War Bond Drive.

THE WAR AT HER FINGERTIPS!
NORTHWESTERN BELL TELEPHONE COMPANY

Many of the calls the telephone operator handles—she never knows which—deal directly with the war. Their swift completion helps speed planes, guns, food products and other supplies for our fighting forces.

Telephone men and women are in the thick of war activity on the home front—doing everything in their power to provide the fast, dependable telephone service which is helping to speed victory.

SMILEY

Honor Party

Quite a gang gathered at the Smiley Community Hall Tuesday evening when the Smiley club had a private party honoring a former club member, Dale Johnson, who has made a name for himself in Uncle Sam's Navy. A gay social time was enjoyed with about seventy-five guests present. Refreshments were served at midnight by the club women. Mr. and Mrs. Johnson departed for New York City Wednesday evening after spending two weeks here with his parents, the Lewis E. Johnsons.

Einar Aakre of St. Paul who visited almost a week with his mother, Mrs. E. Aakre and his sister, Mrs. Ted Markus, left Thursday for his home via Bemidji where he spent a short stay at his sister's home, the Tim Bjella's, and at Duluth at his brother's home, the Richard Aakre's.

Mr. and Mrs. Fred Myhrer of Thief River Falls visited at the Mark Olson home Wednesday evening. Mr. Myhrer left this week for Wisconsin to be employed while his wife will remain here until a little later.

Fourth of July dinner guests at the Jim McCrum home were Mr. and Mrs. O. N. Olson, Clara and Orton Olson, Will McCrum, Mrs. E. Aakre, Mr. and Mrs. Ted Markus, Charles Olson, Mr. and Mrs. Mark Olson and children Wayne and Judeen, Hugh and Alan Cabot of Ontario, Oregon.

Congratulations to the two new "grand-tots" of the John Ranums. Their son, Sherwin and his wife are going to name their new boy, Lloyd Sherman. The Sherwin Ranum's are living in Bemidji. The Gilfred Sannes' (Janice Ranum) near Steiner are going to name their new son, Gene Stuart.

Private Talk

Word has been received by the Helgeland family that their son, Pvt. Frances Helgeland has arrived safely in Hawaii and was stationed in Honolulu. Private Arthur Johnson is now home on furlough visiting his home folks, the John Johnsons. He is stationed at Fort Leonard Wood in Missouri, having been one of the very first to be drafted making him an old timer in the army. Pvt. Arthur Stenseth left Monday for the army life. His location is unknown at this writing. Pvt. Fred Johnson's address is A. P. O. 1721, San Francisco, Calif. Mrs. E. Aakre has received word that her son, Herman, of Duluth has enlisted in the U. S. Quartermaster Corps.

Supper guests on the Fourth at the Al Samuelson home were friends from Warren, Mr. and Mrs. Hilmer Bergstrom and family.

Ray Ranum who has been employed at Rapid City, S. Dak., returned to his home here last Wednesday. Ray was one of the June 30th registrants for the army.

Mrs. E. Aakre and her niece, Mrs. C. H. Ekness of Grand Forks returned Wednesday from Turtleford, Canada where they had spent several months with Mrs. Aakre's brother, Herbert Sorvald who is quite ill. Mrs. Ekness spent from Wednesday to Sunday at the Markus home when her husband, Mr. Ekness, son Carmein, daughters, Muriel, Charlotte, Delorts, Joan, and Mrs. H. Lampland all of Grand Forks who spent the day at the Markus home and returned to Grand Forks, accompanied by Mrs. Ekness.

Mr. and Mrs. Mark Olson and youngsters motored to Numedal Sunday and visited at the Winton Knutson home. Mrs. Knutson and Mrs. Olson are sisters.

Bulletin Briefs

The Smiley-Silverton 4-H club will have their next meeting Friday evening July 10 at the Smiley Hall. The program will be arranged by the officers of the 4-H unit. Booths and exhibits for the local county fair will be brought up for discussion and arrangement. Francis Offerdahl and Ervin Roese will have charge of the recreation for the evening. Refreshments will be served by the Peterson family of Silverton. All members are urged to be there. Anyone is perfectly welcome to attend.

The next meeting of the Helperette Club will be at the Ted Markus home Wednesday afternoon, with Mrs. Markus as the hostess. The members will work on a quilt for Mrs. Markus.

Miss Ruth Angell and her niece Dellys Marie left for Minneapolis last Thursday after visiting with her parents, Mr. and Mrs. Elias Angell and also with Mr. and Mrs. Rudolph Hanson and family. Ruth had to be back for her Friday morning broadcast on KSTP of which Ruth and Ruby are known as the Gingham girls.

Visitors at Angells Monday night were Mr. and Mrs. Karlstad and family, Mr. and Mrs. Rudolph Hanson and family and Cliff Anderson.

Marian Lila and Lois Hanson stayed over a day to visit with their cousin Dellys Marie De Puy of Minneapolis.

Tower of Babel

Babel is the Surprise Word of the Week. Do not say "Babble." The name Babel did not derive from the confusion of tongues, or babbling which the Lord's wrath brought about. Babel is simply the name of the city in the land of Shinar where the tower was built. It is from the Assyro-Babylonian word BAB-ILU, whereas babble is from the Latin BABULUS, meaning babbler. Babel should not rhyme with dabble, gabble, rabble. It should rhyme with fable, gable, table. Correct pronunciation, BAY-bl.

I never get finished tellin' 'em about Glueck's "Rentschlerized" beer--
ALWAYS SOME GUY ASKS ME... SO I START TO TELL HIM THAT GLUEKS ARE NOW BREWING THEIR BEER UNDER ULTRA-VIOLET RAYS... AND JUST ABOUT THEN SOMEBODY ELSE YELLS FOR ME TO BRING ANOTHER ROUND OF GLUEK'S --AND I NEVER GET MY STORY FINISHED!
BREWED UNDER ULTRA-VIOLET RAYS
"Rentschlerized" means as much to beer as "pasteurized" does to milk!
Glueks
Try our "FAMILY QUART"

Gluek's is now brewed under bacteria-killing ultra-violet ray Sterilamps — invented by Dr. Harvey C. Rentschler of Westinghouse for use in hospital operating rooms. They guard the air in Gluek's brewery against bacteria — deadliest enemies of perfect beer flavor. Every drop of Gluek's is brewed pure. The result is the smoothest, mellowest, truest beer flavor you've ever tasted. Now, more than ever, Gluek's is the beer for the man who knows! Try it—for a new beer pleasure!

Pressing Necktie

To make a good form to use in pressing a man's necktie, roll a large rectangle of paper in a cone shape or cut a cardboard the shape of the tie; this form can be inserted inside the tie, flattened to fit the shape of the tie, laid on a smooth ironing board with a slightly damp cloth over it, and pressed.

Colonist Transportation

The first method of transportation the colonists used was walking, but whenever possible they traveled in canoes, or pinnaces, shaped and made like the Indian birch bark canoes, or in dugouts, made from hollowed pine logs. The use of horses followed later.

Average Life of Canary

The average life of the canary is between 12 and 15 years, although some birds have been known to live 18 years. Usually with advancing years birds begin to molt irregularly or lose part of the feathers entirely. Even their eyesight is impaired.

30,000 MORE JOBS IN MINN. FORECAST BY USES DIRECTOR

Federal Employment Service Foresees Big Expansion in Industry

New employment in Minnesota's major industries for approximately 30,000 more workers from July through November is forecast by Leonard B. Ryan, state director of the United States employment service.

Basis for Ryan's statement is the agency's survey, just completed, of current and anticipated employment by manufacturing, construction, mining and utility concerns in the state. Excluded is service, agricultural, wholesale and retail employment.

The study covered 753 establishments, all having 20 or more employees. It shows that in these plants employment will increase from 166,740 in May, to 196,307 in November. This is an increase of 29,567 employees (17.7 per cent) during the six months' period.

The extent of increased employment among the firms surveyed is indicated by the fact that establishments covered currently are employing 40,602 (32 per cent) more persons than they did during May of last year, and 10,062 (6 per cent) more than last April. The survey covers all major establishments in the state.

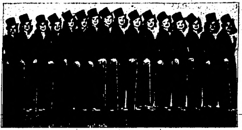
"Americonga" Revue at County Fair July 30-31 and August 1



AMERICONGA— CUT 3 col.

These dancers win applause for their precision and grace in the smart, fast, gay and patriotic musical revue, "Americonga," scheduled for three nightly appearances before the grandstand at the Pennington county fair commencing Thursday evening, July 30.

One of the most impressive and original scenic settings ever conceived for the outdoor stage is displayed by this brand new idea in revue entertainment. When the lights go on before the grandstand the audience will see something different in background perspectives—with a realistic street scene, a huge stage, a sidewalk, a sail boat on the ocean and the peaks of distant mountains. As the name implies, a Latin-American theme has been used, which is at once timely, appropriate and just a little different than anything of the kind yet seen on a fair ground.

In addition to "Americonga," a large and costly program of top-flight vaudeville and circus acts has been engaged by the fair. The latter will be seen at both matinee and night shows.

GARAGE COLLAPSE FLATTENS CAR

Winona—When James Cole looks at his automobile these days he isn't sure what it is. The car standing in his recently constructed garage built in on street level and covered with soil making up the lawn of his home was flattened like a pancake when the garage collapsed recently. Working on the lawn nearby at the time he was carried into the cave-in, but escaped with minor cuts and bruises.

"By the Dawn's Early Light . . ."

THE SIGHT of our flag still waving at Fort McHenry in 1814 inspired the words of "The Star Spangled Banner" . . . "By the dawn's early light" at Pearl Harbor on December 7th, Japan attacked the United States . . . and once more Americans knew that our flag was still there . . . that a nation firmly united would more than meet the challenge to its future life . . . its Freedom.

AMERICANS TOOK up the fight as they have in the past, confident and unafraid, with faith in "the power that hath made and preserved us a nation" . . . in our way of life . . . our armed forces . . . in fellow Americans everywhere who will win this war with their work, their courage, their sacrifice . . .

BACK OF the battle lines stands a united people . . . a people determined to let nothing get in the way of the victory effort . . . to give their dimes and dollars to the very limit so that our fighting men will have more and better equipment to crush the enemy. Make more of YOUR dollars fight for America . . . for Victory.

STATE TREASURY BALANCE LARGER, SCHMAHL STATES

Treasurer Reports on Financial Status as of July First

State Treasurer Julius A. Schmahl last week issued a general report on state finances showing a cash balance in the general revenue fund of $3,097,893 as compared with a $6,508,896 overdraft six months ago.

Schmahl attributed what he termed the "healthy and sound financial condition of the state" to heavy payments of occupational and royalty taxes on northern Minnesota's iron ore.

In the six months from January 1, 1942, to June 30, 1942, the state's total indebtedness was slashed by more than $5,500,000.

On January 1, the total indebtedness was $111,682,378 as compared with $106,064,553 as of today. Among the state's heavy obligations are $38,250,000 of rural credit bonds; $16,720,000 rural credit certificates of indebtedness, and $28,220,000 trunk highway bonds.

The trunk highway bonds, Schmahl explained, are the remaining portion of the original issue of $140,150,000, payable out of gas tax and automobile license receipts.

Highway reimbursement bonds, which originally totaled $4,782,436, have been reduced to $1,229,003, Schmahl pointed out. They were issued by the state's counties for highway construction at the commencement of the trunk highway system. The obligation, however, is assumed by the state and the bonds are being paid out of the automobile license and gas tax fund.

A boost of more than $5,000,000 in the permanent trust funds in the last six months is shown by the treasurer's report. As of today, the trust funds total $115,387,307 as against $110,356,438 on January 1, last.

Barker Bros. Rodeo at Fair Here Three Days

Steer wrestling, or bulldogging as it is commonly known, is to be one of the thrilling events of the Barker Brothers combined Rodeo and Circus, coming to the Pennington county fair starting Wednesday, July 29, as the night attraction before the grandstand, and continuing Thursday and Friday afternoons, July 30 and 31.

Bulldogging, probably the most dangerous of all rodeo contests, will bring before the fair's stands many stars who have fought their way up to the top in this endeavor. They have contested at Cheyenne, Pendleton, Ore., Madison Square Garden, New York and Chicago's annual world championship rodeo.

Rodeo features are to be but a part of the Barker Brothers' offerings to this year's fair patrons, circuit acts also being a prominent part of the performances.

Unlike other rodeos, Barker Brothers intersperse their wild west thrillers with clever acts from the "big top". In doing this, they relieve the taut nerves of the spectators with a lighter form of entertainment. The idea is a good one, as there is never a dull moment in the show, and everybody, young and old alike, sees something that strikes their own particular fancy.

State Asks for Bids on Several Road Projects

Bids are to be received on July 24 for the improvement of 13.2 miles of highway and the building of five new bridges, according to M. J. Hoffman, Commissioner of Highways. Five counties will share in the work, to cost an estimated $571,430 of which $254,715 is to be paid for out of federal funds.

Included in the work will be the grading and paving of 5.7 miles of road, of which 2.2 miles will be on County Road C in Hennepin and Ramsey counties and is designated as an access road. The work also includes the building of five new bridges, repairs to one bridge pier and 7½ miles of crushed rock surfacing in Olmsted county.

Mr. Hoffmann points out that in the constructing of the five bridges alternate bids will be taken for the building of timber structures in place of the concrete and steel construction ordinarily used. This, Mr. Hoffmann explains, is being done to conserve vital war materials.

WAR PROSPERITY UNEQUAL, SURVEY THIS WEEK SHOWS

Average Pay Check Is Larger but Many Groups Fail to Benefit

The American worker's pay check is now 34 per cent above 1939 levels, while his living expenses are up only 13 per cent—a net gain of 21 per cent. His wages continue to spurt while living expenses are up only 13 per cent—a net gain of 21 per cent. His wages continue to spurt while living costs are temporarily checked, according to a family income study by Northwestern National Life Insurance company.

Figured in terms of the family pocketbook, a typical wage earner's family has $50 a month more income now than at average 1939 wage levels, while its living costs have increased less than $18. As there are now more workers per family than in 1939, the actual net gain per family is probably above this figure, the study points out.

By next year the American worker's family will find ten billion dollars less goods on retailers' shelves; its increased buying power will begin to bump against scarcities by this autumn. Then inflation curbs will really feel the strain, the study states, and terms the present halt in the climb of living costs encouraging but far from conclusive.

Yet war prosperity benefits are very spotty, the study points out; many groups are worse off today than in 1939, with no increase in income and sharp expansion of living costs. Workers who saved in the late '30's to set up small establishments of their own, such as filling stations, one-man garages, radio repair shops, and small groceries, together with salesmen in many lines, and employes of businesses not benefited by wartime conditions, are among those with actual net losses in buying power. On such groups the increases in prices and tax rates, with 10 per cent quotas for war bonds, fall far more heavily than on groups in the sunny path of war industry wage increases, the study states.

Illustrated by a "yardstick" family of four who enjoyed an average earned income of $120 a month in 1933, the study shows that their monthly pay check averaged $144.93 in 1939, against outgoes of $130.98 for the same scale of living that $120 supported at 1933 prices.

But by May, 1942, the family's monthly income had soared to $194.96, with the biggest 1942 spurt occurring from April income of $191.48. Meanwhile its living costs had risen to $148.60 in May, an increase of only 17 cents from the April figure, the study shows.

COUNCIL ACTS TO BUY $25,000 IN WAR BONDS

Votes Tuesday Evening to Invest a Portion of Surplus Funds

CALLS FOR BIDS ON NEXT WINTER'S COAL

Postpones Action on Storm Sewer Assessment until Next Meeting

Testifying to the solvent condition of the city treasury, the city council at its July session Tuesday evening voted to invest $25,000 of surplus funds in U. S. Treasury bonds drawing interest at the rate of two and one-half percent.

Bill LaFave, chairman of the city recreation board, presented E. Flynn of the district WPA office at Duluth, who discussed the need of maintaining a recreation supervisor to direct the activities of the leaders provided by the WPA, which has withdrawn funds previously available to provide the services of a supervisor. Action was deferred by the council until after a later meeting with the local board of education.

The council voted to advertise for bids to be opened August 11 on next winter's coal supply for municipal buildings, including approximately 275 tons of screenings and 75 tons of Pocahontas lump coal. A motion also was adopted calling for bids on removing the old paint from the sewage disposal plant and the repainting of the structure.

Briefly discussed at the meeting was the assessment for storm sewers being installed in the north section of the city, with definite action being deferred to the next session. City Engineer I. E. Quist reported that the total cost of the completed project, including laterals, to property owners in the affected area would be approximately $25 for a fifty-foot lot. Mr. Quist stated that in the neighborhood of $7,000 had been expended on the project to date.

A request in behalf of the drum corps for $200 to aid in financing a trip for the organization to the state Legion convention in Duluth in August was voted down, the opinion being voiced that money in the city's music fund should be retained for the support of the city band.

The council approved Mayor H. W. Kinghorn's appointments of Stanley Efteland as poundmaster succeeding Ruel Rolland, and of Miss Ardith Burrell as secretary to the mayor succeeding Wesley Burrell. Also approved were applications for building permits covering eight minor projects to cost a total of approximately $2,000.

2 EXTRA POUNDS SUGAR AVAILABLE ON RATION CARDS

OPA Officials Explain How Housewives May Get Sugar Bonus

Northwest Office of Price Administration officials explained how housewives can get the extra two pounds of sugar to be allowed them on their regular sugar ration books.

Anytime between now and August 22, they said, the housewife can cash in stamp No. 7 on her ration books, and it won't affect the status of stamps No. 5 and 6. It's a simple procedure that will furnish her with two pounds more than originally intended for each member of her family. Officials said there will be no need to appear before local rationing boards for approval. The procedure will be the same for sugar rations after August 15.

Reasons for stepping up the sugar allowance, it was explained, is that receipts of sugar from offshore producers has been a little heavier than anticipated, permitting distribution of about 200,000 pounds at this time.

Dr. Hillard Will Leave Monday for Army Duty

Dr. J. G. Hillard, who has practiced dentistry in this city for the past six years, will leave next Monday, July 20, to join the U. S. military forces. He will be stationed, temporarily at least, at the Presidio, San Francisco, California, having been assigned the rank of first lieutenant. Mrs. Hillard will accompany him as far as Minneapolis, where she will visit at her parental home.

'Am[illegible]iconga' Revue Is Night Feature at Fair

To Seek Congress Post

SEN. E. L. TUNGSETH
Of this city, who announced today he will file Friday in St. Paul for the Republican nomination for Ninth district congressman.

There will be flags of all South American nations, and our own, of course, waving on the huge musical revue stage before the grandstand at the Pennington county fair when "Americonga" takes the spotlight as the feature night attraction Thursday, Friday and Saturday evening, July 30 and 31 and August 1.

It's a gay, colorful, all-new show, this, with a finale that's timely, patriotic and different than anything of the kind yet produced for the outdoor stage. It has Ziegfeldian pulchritude in abundance, plenty of real, torso-shaking comedy, and many novelties in staging that are smart and up-to-the-minute.

"Americonga", from the scenery to the music, and from the lighting to the costuming is done in authoritative Latin style. An orchestra is carried, and all the band boys know every cue and step, and every note and spoken word, and play the show without a hitch.

There are five numbers, with special costumes, properties to carry out the theme of each. The scenery is an innovation, the first of its kind ever built for the outdoor stage in which an eye-deceiving perspective is used. The idea enabled the producer to bring about many novel effects for shows of this kind.

In addition to "Americonga" the fair's management engaged many outstanding vaudeville and circus acts to round out one of the finest programs that money and care in selection can command.

CLOSING DATE FOR GARDEN CONTEST ENTRIES JULY 28

Sixty Gardens Already are in Competition, Says Chairman Sande

With sixty entries received to date in the Victory Garden contest sponsored by Junior Chamber of Commerce, Clarence Sande, contest chairman, announced today that the closing date for entries has been extended to Tuesday, July 28, in the expectation that not less than 150 entries will have been received by that time.

In addition to the first prize of a $25 war bond and second prize of $10 in war savings stamps, no less than fifty merchandise awards will be available, giving contestants an excellent opportunity of benefiting materially from the competition.

The condition of the contest is that at least six varieties of vegetables be exhibited in the agriculture department of the Pennington county fair opening July 29. Judging of the contest will be on the basis of 70 points for the exhibit and 30 points for the condition of selected gardens.

Internal Revenue Man Checking Auto Stamps

Edward T. Anglim, deputy collector of internal revenue stationed in this city, Monday began checking automobiles to ascertain if they bear the required federal stamp. He issued warnings to numerous motorists who had failed to purchase the stickers, and found a considerable number of drivers had bought the stamps but had failed to attach them to the windshield of the car.

Inhalator Demonstrated by Fire Chief L. Hanson

At a meeting Tuesday evening, attended by members of the men's first aid class as well as other first aid and home nursing classes, Fire Chief Leonard Hanson gave a demonstration of the fire department's inhalator, acquired last year by popular subscription for resuscitation work. Use of the equipment is available to residents of this community in case the need arises.

H. B. Rafteseth, city weed inspector, today served notice that all weeds must to cut before the end of July, and that any weeds not removed will be cut by the city and charged up against the property owner.

Big Selective Service Contingent Goes Tuesday

One of the largest contingents of selective service registrants to leave the city to date, comprising the July call, departed Tuesday morning in two buses for Fort Snelling. Following their induction into service, the men will return here on two-weeks' furlough. A farewell sendoff will be given them when they leave for assignment to their various posts.

PENNINGTON BOARD DEFERS ACTION ON BUDGET TO AUGUST

Names of Additional Petit Jurors Are Drawn at Session

Action on the Pennington county budget for 1943, usually disposed of at the July session, was deferred by the county board Wednesday until its next regular meeting early in August.

Included in the business disposed of by the board this week was the selection of a list of additional petit jurors, reappraisal of lands forfeited because of tax delinquency, and cancellation of certain items in the list of uncollected personal property taxes.

The board adopted a resolution requesting the state highway department to permit the use of fifty per cent of the state aid road fund for maintenance.

MILLION POUNDS JUNE GRASS SEED TAKEN IN COUNTY

Village of St. Hilaire Center of Rapidly Expanding Industry

Stripping of june grass, or wild blue grass seed, which is becoming an important industry in northern Minnesota, will be completed this week for the 1942 season.

The Tobin Seed Company, operating two curing yards in St. Hilaire, has over a million pounds of seed on its grounds in process of curing. During the harvesting season, nearly a hundred men have had steady employment operating the large fleet of stripping machines and hauling in the seed.

About thirty men will have employment the coming ten days or two weeks sacking the seed which will be stored in the large warehouse owned by the company. When cars become available, the seed will be shipped to Kansas City for cleaning and packaging.

The payroll during harvesting, as well as the amount paid farmers for seed, amounts to a considerable sum each season.

Fire Imperils Building at St. Hilaire Sunday

A fire which originated in the control mechanism of the street lighting system, started a blaze which came near destroying the Spectator building in St. Hilaire Sunday morning. A short circuit, caused by lightning striking one of the street lighting units, caused the blaze. A party of fishermen leaving during early morning, discovered the fire before it had gained much headway, and turned in an alarm. Damage to the control system, building and contents is estimated to be about $250.00.

DISTRICT GOP VOTES AGAINST ENDORSEMENTS

Fails to Back Any Candidate for Congress at Crookston Convention

N. R. JOHNSON AGAIN HEADS DISTRICT GOP

Convention Urges Reelection of Senator Ball and Stassen

Ninth district Republicans, at their convention in Crookston Saturday, refused to approve the indorsement of a party candidate for congress at the September primary.

The race thus was left wide open, despite the experience of 1940, when nine candidates filed for the Republican nomination and split the field.

The convention acted on a proposal of its resolutions committee, which, by the margin of a single vote, 6 to 5, recommended against indorsement. Four counties of the 16 in the district were not represented on the committee. Lake of the Woods and Roseau were unrepresented at the convention and two others did not place delegates on the committee.

No statement was issued in connection with the action and an attempt to discuss it from the floor was ruled out of order.

It was disclosed, however, that supporters of indorsement action had prepared plans in which, if they were victorious, Earl Saul, Crookston garage man and a candidate in 1940, would announce a decision not to file, whereupon Ole Flaat, Polk county farmer, would nominate John W. Padden, Crookston.

Only two candidates have filed thus far for the nomination—Ole Sageng, Dalton and Henry Nycklemoe, Fergus Falls, former Farmer-Laborite.

The convention re-elected officers headed by N. R. Johnson, Bemidji, state insurance commissioner, as chairman, and Mrs. H. H. Harding, Crookston, chairwoman. Theodore Quale was named vice-chairman; Mrs. Anne Lane of Red Lake Falls, secretary; and Merle Johnson of Kennedy, treasurer.

Resolutions were adopted commending the Stassen administration and urging re-election of the governor and election of Senator Joseph H. Ball.

Pennington Co. Passes $325 Quota for the USO

Going just over the Pennington county quota of $325, the campaign for funds for the support of the United Service Organizations netted a total of $326.98, Ralph Lohman, county chairman, announced today. He added that the money had been sent in to national USO headquarters in New York City.

Coordination of County Defense Organizations to be Perfected Monday

Chairmen of all committees in Pennington county concerned with the nation's war effort, as well as heads of local service groups and the Victory Aides, will meet in the Civic and Commerce association room next Monday evening at 8 o'clock to perfect a coordinating organization with a board made up of representatives of the various groups. The session was called by Paul A. Lundgren, county war bond chairman, following a preliminary meeting held Monday of this week.

PENNINGTON DOES ITS BIT IN SCRAP RUBBER CAMPAIGN

Filling Stations Collect Total of 228,000 lbs. of Scrap

Falling below rough estimates previously made, the rubber salvage campaign conducted thru the agency of filling stations in the community, netted a total of 228,000 pounds of scrap up to the close of the drive last Friday evening, Mayor H. W. Kinghorn announced yesterday following a detailed survey of stations in Thief River Falls.

In addition, enough more material was delivered to scrap dealers to bring the total up to approximately 300,000 pounds, it was indicated. This is at the rate of 25 pounds of scrap rubber for every resident of Pennington county, well above the state average.

To relieve the heavy burden placed on filling stations by the collection drive, arrangements were made at a meeting Monday for members of the Civic and Commerce association to assist in the loading of the first carload of scrap, while members of the Junior Chamber of Commerce will assist with the second car. Cooperation of other local groups will be enlisted in connection with later shipments.

Highlanding Man Enters Race for State Senate; Judith Lockrem Files

Eynar Jensen of Highlanding, secretary of the Pennington county Farmer-Labor association, filed late last week for the office of state senator from the 65th district, embracing Pennington, Red Lake and Clearwater counties. W. J. Douville had filed previously for the same office. Only one filing for county office was made during the week, that of Miss Judith Lockrem, who is seeking election as county superintendent of schools, which office she now holds by appointment.

Red Lake Falls Soldier Promoted in Australia

The picture above was taken in Australia, and shows a group of United States soldiers with a truckload of welcome mail from the homeland as a background. In the immediate foreground is Alfred Emard of Red Lake Falls, who has been a postal officer at an army postoffice in Australia, and who recently was promoted to the position of commanding officer of all American army postoffices in that country. Word of his promotion has been received by his wife, who is staying with her sister, Mrs. Lloyd Johnson, in this city.

School Board Reviews Work of the Past Year

Comprehensive reports on all phases of activities during the past school year were submitted by Supt. Morris Bye Monday evening to the board of education at its July session.

Mr. Bye submitted figures showing a total enrolment of 1,702 in the local school system during the past year, including 846 elementary pupils and 856 junior-senior high school students. The total compares with 1,700 enrolled during the preceding year, and 1,571 ten years ago.

The report on fuel consumption in the various school buildings revealed a total cost for the past school year of $6,419.36, compared to $5,946.01 in 1940-41 and $6,274.55 in 1930-40. Due to higher coal prices, the fuel cost for the Lincoln building last winter was $4,076.87, or $44.17 more than for the previous year, despite the fact that 65¼ tons less of coal was consumed in 1941-42.

The board accepted the resignation of Miss Adeline Ericson, fifth grade teacher in the Knox school, who is leaving for Washington to accept a government position.

Named commercial teacher to succeed Miss Manie Wise, resigned, was Miss Anna Marie Skadeland of Mayville, N. D., a graduate of Mayville high school and of the teachers college in that town. She has taught the past three years at New Rockford, N. D.

Other action taken by the board included approval of the treasurer's bond in the sum of $10,000, and approval of the Northern State bank and Union State bank as school district depositories. Also accepted was a list of securities offered by the two banks as collateral for deposits.

SEN. TUNGSETH TO FILE FRIDAY FOR CONGRESS POST

Has Served Past Eight Years as State Senator from This District

State Senator E. L. Tungseth announced this morning that he is leaving today for St. Paul to file as a candidate for the Republican nomination for Congress from the Ninth district, having received much encouragement from communities throut the district.

Reverend Tungseth is now completing his second four-year term as a member of the state senate from the 65th legislative district, and formerly served two terms as mayor of Thief River Falls. He has been pastor of the Zion Lutheran church here since 1926.

Other candidates seeking the Republican nomination for congressman are Ole Sageng of Dalton and Henry A. Nycklemoe of Fergus Falls. Harold Hagen of Crookston, secretary to Congressman R. T. Buckler, is a candidate on the Farmer-Labor ticket.

Son of Mrs. H. B. Dahlen of this city and stationed at Schofield Barracks in the Hawaiian Islands, who recently was promoted from the rank of captain to that of major.

LOCAL RED CROSS CHAPTER STAGING MANY ACTIVITIES

Plans to Undertake Making of Surgical Dressings in Near Future

The quartile for sewing as outlined by the Midwestern area office was accepted by the local executive committee of the Pennington county Red Cross chapter, Miss Judith Lockrem, publicity chairman, announced today.

The local chapter will undertake to send someone to an institute to learn how to make surgical dressings for army use. This person will take charge of local volunteers and groups for making these dressings.

The certificates for both standard and advanced first aid courses are now on hand with the chapter chairman, Herman A. Kjos.

Mrs. Wm. Gilbertson's class in home nursing is now completed and was a great success. Certificates will be on hand as soon as they have been issued by the home office. New classes in home nursing will also be started this fall.

A first aid instructors' institute may be conducted in this city if enough interest is shown. In order to qualify for the instructor's course a person must have both the standard and the advanced certificates in first aid.

Mrs. C. M. Adkins is now the acting secretary for the local Red Cross chapter in place of Mrs. G. L. Biddick who is out of town.

The Junior Red Cross membership drive will be held Nov. 1-15 this fall.

The local Red Cross chapter would like to have two or more members of the Junior Red Cross girls of high school age who are willing to donate their time do typing or copying for the chapter. They may contact Herman A. Kjos, chairman, if available for this kind of work.

Capt. Chester A. Dahlen, Stationed in Hawaiian Islands, Is Now Major

Word was received here late last week that Captain Chester A. Dahlen, attached to the headquarters staff of the 21st infantry at Schofield Barracks, Hawaii, has been promoted to the rank of major. A graduate of Lincoln high school in 1928, Major Dahlen was graduated from the U. S. military academy at West Point in 1933. His wife and two children, who were evacuated from Hawaii following the bombing of Pearl Harbor and Honolulu December 7, 1941, are now staying with her father, Colonel Sidney Erickson, at Fort Omaha, Nebraska.

Boys Given Lecture for Swimming Without Suits

Two local boys who went swimming in the river pool under the First st. bridge Tuesday evening without the formality of donning bathing suits were given a stern lecture by police for violating the law. Police Chief L. W. Knadle served notice that the next offenders will be brought into court.

$4,632 SLASH IS MADE IN COUNTY WELFARE LEVY

Board Holds Annual Reorganization Session Last Thursday

ALF BREDESON AGAIN NAMED HEAD OF BOARD

Budget as Adopted for 1943 Calls for $40,367.89 in County Funds

Conducting its annual reorganization meeting last Thursday the Pennington county welfare board reelected its present staff of officers and adopted a budget calling for $4,632 less expenditures in 1943 than during the current year. The levy for welfare purposes during the coming year will be the smallest of the past four years, Alfred Bredeson, chairman, announced.

Mr. Bredeson was again named chairman of the board, while O. M. Mandt was reelected vice chairman; Paul Roy, secretary; and John X. Lynskey, executive secretary. Mrs. E. J. Richards has been reappointed by the state division of social welfare to serve her fourth consecutive term on the board.

The decrease in the budget for 1943, Mr. Bredeson pointed out, is made possible largely by the fact that by the end of this year the county will be caught up on all bills from former years owed the various county subdivisions for direct relief expenditures.

Details of the 1943 budget, including federal and state contributions, are as follows:

Old-age assistance	$106,206.28
Aid to dependent children	36,400.00
Poor Fund	9,930.00
Administration	7,801.[illegible]
Aid to the blind	4,000.00
War veterans relief	4,000.00
Social welfare fund	2,000.00

In addition to these items, it is anticipated that approximately $75,000 in food stamps will be purchased thru the welfare office. With WPA expenditures of about $156,000 in 1941 and around [illegible]000 in 1942, probable expenditures in 1943 are unknown at this time.

The county's share of all of these costs will be as follows:

Old-age assistance	$ 15,[illegible]
Aid to dependent children	9,079.13
Poor fund	[illegible]
Administration	[illegible]
	$ 40,367.89

The only program showing an increase in costs is that of old-age assistance. While the number of cases has remained almost stationary, the average payment has increased substantially due to the higher cost of food and clothing brought on by the war. Actual and anticipated old-age assistance costs for three years are as follows:

1941, actual	$ 90,348.00
1942, actual and estimated	99,296.80
1943, estimated	109,206.26

Following are the county welfare levies for a four-year period:

1940	$ 41,796.25
1941	53,069.45
1942	45,000.00
1943	40,367.89

So far the employment office has been able to meet most of the demand for farm labor but Clarence Sjolander, manager, anticipates a more difficult problem when harvest starts. He therefore requests that boys of high school age register now for work either by the day, week or month. He would like to have the names of older men too who would be willing to lend a hand if the shortage becomes serious. Superintendent of schools Morris Bye reports that a definite date for the opening of the fall term will not be decided until the August meeting of the board and if at that time it appears necessary, it is probable that the opening date will be set back. Farmers have done an excellent job in getting the crops in. Long hours of work by all members of the farm families have helped to off-set the loss of those who have been called to the service. But the season's big battle of the home front is still ahead of us and all possible co-operation should be given to those who face the responsibility of harvesting the crop.

WORTH INVESTIGATING

We have had no flood conditions this year but nevertheless a large area of the land that adjoins the Red Lake River in the Eastern part of the county has been flooded. Residents tell us this is due to obstructions in the river channel that could be removed at little expense. A few sand bars, they say, cause the river to back up over hundreds of acres of land that normally produces a crop. Now that the war has indefinitely delayed the federal channel improvement project, they would like to have some action taken to provide partial relief.

If, as they believe, the obstructions in the old channel could be removed at comparatively little cost, then the job should be done. The problem should be referred to our county officials who can order a survey to determine what can be accomplished. Thief River Falls spends hundreds of dollars each summer cutting a channel through the weeds and no doubt will be willing to pay a reasonable share of the cost of any project that will bring more and better water down the river. But, as we understand it, any work of the kind suggested would have to be sponsored by the county. An investigation of the possibilities certainly is justified.

STORE HOURS

A contributor to the Public Opinion column raises the question of store closing hours, and there is much merit in what is said in the article. For townspeople the present hours are reasonable. It is understandable, however, why there should be some objections to the present schedules from farmers. Townspeople work by the clock. Farmers work by the sun. And to the farmer who labors throughout a long day during the rush season, the present store closing hours do not seem reasonable.

Like all questions, this one, too, has more than one side. A store operator who hires no help has only himself to think about in the matter of hours, but the operator who must hire assistants must consider not only his own wishes but those of his employees and Uncle Sam and the State of Minnesota as well. There are regulations covering the number of hours to be worked. Under present conditions it is not an easy matter to secure or keep competent help. There is nothing a normal business man would rather do than do business, but the boss is no longer a king.

But considering all the angles to the problem, the principal reason for whatever dissatisfaction exists is probably the result of setting the clocks back an hour. The present schedules were established on the basis of standard time. Under present conditions however, the farmers have a right to expect special consideration thruout the harvest season. With few exceptions, the incomes of all of us who live in town come out of the checks the farmers receive for what they sell. Agriculture is, and always will be, our principal source of revenue.

City dads this week invested $25,000 of the city's money in war bonds. Better that our present surplus be used to win the war than lie idle in the bank. More purchases of this kind will be in order.

Famous Equestrians Coming to Fair Here

The Hanneford Family, America's foremost equestrians, featuring none other than the world-famous, greatest bareback riding comedian of them all, Georgie Hanneford, is one of the big internationally known attractions announced by the management of the Pennington county fair to appear matinees and evenings before grandstand audiences, July 30, 31 and August 1.

All the great circuses, including Ringling Brothers and Barnum & Bailey, have featured the Hannefords as a center ring act. Atlantic Steel Pier has played them four times, and they have appeared with equal success on large theatre stages, such as the Music Hall, Rockefeller Center, New York.

Besides George, there are two sons, a daughter and Mrs. George in the Hanneford family, and all are fine performers and first class showmen in every particular of their profession. The two boys offer a thrilling bareback riding speciality in which running leaps to the backs of the horses, whirlwind somersaulting from the back of one horse to that of another, and other hair-raising feats are accomplished with speed and grace.

George is from an old and well-known family of circus owners and performers, his father having toured through Ireland, Scotland and England with his own wagon show. Later, George appeared in his comedy riding act at the famous Mills Olympia Circus, London, and it was then that the late John Ringling saw him and brought him to America. Ever since, the Hanneford family has held a high place in the admiration of the American public and with showmen everywhere.

PUBLIC OPINION

Editor Times:

All out in our war effort? Certainly that's what we are all attempting, especially the farmers! With all available young men gone to the army, a farmer has his hands full—so has the farmer's wife.

Now, what burns me up is the extraordinary co-operation the merchants, machine dealers, repair shops etc. of Thief River Falls are giving us. With war-saving time in use our merchants close at 9:00 on Saturdays—5:30 on other days. Gee Whiz! That's 8:00 and 4:30 the usual time!

Well a farmer doesn't use any time, but from dawn until dusk, and now with no hired help, the hours of darkness are often employed before the milking is done!

Saturday night arrives—haying season—a stack to be finished! The farmer stacks while Mrs. sweeps in the hay. Mr. too must drive up the stacker. Up and down out of the stack he goes. I'd like to see one of you city merchants do that job for one day. You'd know by evening that you'd really covered more ground than that of the golf links!

It's a hurry and a hustle, and at six they have to quit, if they are going to make town. The stack isn't quite finished but—Home, get the cows in and then milk a dozen tail switching bossies, separate the milk, feed your calves, pigs, chickens and turkeys, and by that time the clock is drawing nigh on eight. Well, you must wash off some of the grime and dirt accumulated during your work, get the children ready your egg cases in the car. By that time you don't know whether you're coming or going!

You arrive in town, try to find a parking place and if you're lucky, you may reach town by 8:30—most often about ten to nine. What can you do in ten minutes? You have a long list of groceries to get—perhaps the children need shoes, the farmer has repairs to get, there is meat to be gotten from the meat locker—a dozen and one places to go! Generally it happens you find the store door firmly and politely closed in your face. "We close at nine!"

Whom do you think you're fooling? You know very well Thief River Falls depends on agriculture and its farmers for its very existence. It's not a manufacturing town! If it weren't for the farmer Thief River Falls would be a mighty dead place.

Now don't you think it could be possible to change your hours some to help the farmer? You wouldn't necessarily have to open as early in the morning on Saturday so you could stay open until 10 P. M. How grateful we'd be if you could find the generosity to stay open some other night during the week, say Wednesday for an hour or so when harvest and threshing season is on.

I do not think it would take much of an effort on your part if you merchants, machine dealers, repair shops, etc., could formulate some plan by which you would aid the farmer.

The farmer and farmers wife have given their sons — part of their hearts are in some army camp here or abroad. And now by the sweat of their brows, the ache of their muscles, they are giving their all to feed their sons, yours and mine. Don't you think you should help?

Airlines Stewardess

A Thief River Falls girl today was among the new group of wartime co-ed stewardesses taking to the airways. She is Miss Lorraine Baken, daughter of Mrs. George C. Baken, one of 24 co-eds who have graduated from United Air Lines' school for stewardesses in Chicago. Their employment followed United's waiver of its former graduate registered nurse certificate requirement in deference to the war-time need for trained nurses on the ground.

Miss Baken, 22, was born and reared in Thief River Falls, being graduated from Lincoln high school. She then studied home economics at the University of Minnesota, for two years, after which she was society reporter for the Times for a year and a half.

Miss Baken has been assigned to the eastern division of United's transcontinental route with headquarters in Chicago.

GARDEN and TABLE

By ERNEST A. PALMER,
County Agricultural Agent

It's time to watch your tomato foliage with extra care and take precautions against Septoria leaf spot. The disease is of particular concern to commercial growers, but even the 12-plant Victory garden will suffer if the ugly dark spots make their appearance. Starting on lower leaves, the spots appear about 1-16 inch in diameter and cause the leaf to yellow and dry. Then the disease spreads upward. Spray or dust with some copper mixture—Bordeaux is most commonly used— and continue the treatment every 10 days for three or four times.

Few cabbage worms have made their appearance yet this season, but field observers say they're on the way. Derris dust is best as a protection, but some growers prefer a spray using 3 heaping teaspoonsful of either lead arsenate or calcium arsenate to the gallon. A casein glue may be purchased from dealers as an aid in making the spray stick to the leaves. Home mixtures on trial include 2 cups of skimmed milk to the gallon spray.

The finest berries may be turned to culls if carelessly picked and handled. Extension Folder 105, Berry Picking and Handling, new this season, says, "Pick frequently; start picking early; separate culls; handle carefully; and protect adequately." Treatments for trucking to distant points, for precooling, and for keeping records are suggested. Copies are available at this office or may be obtained free by sending a post card to the Bulletin Room, University Farm, St. Paul.

Keep an eye out for the vegetables you want to store and preserve. Some cabbage growers are already making early kraut; others wait for the large solid heads which ripen in the fall. Personal taste probably dictates which your family will use. If you haven't seen the new folder mentioned last week, "For Health This Winter Store Vegetables", you can have a free copy by addressing this office. Besides listing some of the common vegetables and the quantity needed per person, the booklet has drawings to show you how to adapt an unheated cellar, a basement with a furnace, or a storage space outside.

Evidence piles up fast that this is the year to fill every fruit jar. Next winter many canned foods will not be available and most canned products will be more expensive. If you're short on one product in your own garden, scout around among the neighbors to see who may have some extra. Perhaps you can exchange. It may pay also to buy fruits and vegetables during peak season to round out your own supply.

Red Cross Meet

Mrs. Dwight Davis of Washington, D. C., national director of volunteer services of the American Red Cross, is shown in Los Angeles shortly after her arrival to attend the first Red Cross conference to be held since the start of this war. More than 60 women leaders of Red Cross volunteer activities attended the three-day conference.

Farmerette

Formerly a shop assistant, this girl is now a member of Britain's women's land army. The tractor she is using is a pint-size caterpillar, used for plowing and towing. It is economical on fuel and handles as easily as a baby carriage.

TWO POTATOES IN ONE

Young America.—An unusual phenomenon of the vegetable kingdom manifested itself in the potato bin of Mr. and Mrs. Armin Tone. The freak is a new potato growing inside an old one; the new spud had grown to such a size it split the parent potato. Most unusual is the fact that the new potato sprouts. The old one is nine inches around and the new one approximately three and one-half inches.

WATCH FOR LATE POTATO BLIGHT, CO. AGENT WARNS

Palmer Gives Suggestions on Preventive Action to be Taken

The dread late blight of potatoes has already made its first appearance in Minnesota, and all growers who had losses last year should take immediate steps to head off the disease, County Agent Ernest Palmer warned today. Growers who escaped last year might well take preventive measures also, since the blight has appeared a month earlier this year.

Blight may be recognized by the potato plant leaves taking on a water-soaked appearance, followed by turning black or brown. In moist weather the disease may spread so fast that it kills a whole field in a few days. At other times it may develop more slowly and show up in the characteristic rot that appears in the potatoes at harvest or soon after.

Spraying or dusting the vines with one of the copper compounds offers the best means of control, says R. C. Rose, extension potato specialist. Applications should start before the disease appears and be repeated at intervals of a week or 10 days. The spray is a preventive rather than a cure, so it is important to start early.

Growers who find it difficult to get copper sulfate for making bordeaux mixture can substitute either basic copper sulfate or yellow oxide of copper. These copper compounds can be added to water for spraying. No lime is necessary. Dusting mixtures of these compounds are also on the market. However, the diluted dust mixtures should not be used in making liquid sprays.

Extension Folder 76 gives full instructions for spraying. A copy may be had at the county extension office or by writing direct to Bulletin Room, University Farm, St. Paul.

THREE MEXICANS HELD FOR ATTACK ON CLIMAX COUPLE

Alleged to Have Assaulted Woman after Slugging Husband

Three young Mexican beet workers were arrested and confined in the Polk county jail at Crookston Monday without charge following an attack on a Climax couple early Sunday morning.

Held are Senaldo Cruz, 17, and Juan Meraldo, 17 and Thomas Meraldo, 20, brothers, all transient beet workers from Texas.

County Attorney F. H. Stadsvold said the three attacked Mr. and Mrs. John Gjelton of Climax about 4 A. M. Sunday as they walked home from a dance. Severely beating Mr. Gjelton they took Mrs. Gjelton with them across the river into North Dakota, where they are alleged to have assaulted her.

Stadsvold said Mrs. Gjelton told him she was held captive until about 8 A. M., and that she then walked three miles back to her home.

CORRECTION

"Bill says he is always outspoken in his wife's presence."

"He means out-talked."

Determination

As the haughty woman was walking in the park she saw a man apparently approaching the same seat as she herself had chosen to sit in. She decided to hurry and get there before him.

"Hey, lady!" he called, just as she was about to be seated. "Don't, don't!"

She tilted her nose in the air and decided to ignore him completely. She sat down.

The man accepted defeat.

"All right, lady," he said, "sit there; but I'll not paint that seat again today."

A Good Trick

Rounding a corner in a wild swerve, the taxi-driver ignored a traffic policeman's signal and just missed his feet, avoided the street island by a hare-breadth, and grazed a bus—just like that!

The policeman hailed him, and then strolled towards him, drawing a big handkerchief from his pocket on the way.

"Listen cowboy!" he growled. "On your way back I'll drop this, and see if you can pick it up with your teeth."

LOCAL JOB OFFICE TAKES FIRST RANK FOR PLACEMENTS

Employment Office in City Locates Jobs for 160 During June

A blue ribbon goes to the Thief River Falls office of the United States Employment Service and C. J. Sjolander, local manager, according to word from Leonard B. Ryan, state director, this week as he made up the agency's July 1 honor list.

Thief River Falls was in first place among the smaller offices, with the remarkable score of having increased its placement activities during the month of June by more than 433 per cent, as compared with June of last year. Mr. Sjolander's report on activities in this area shows that he assisted 160 persons to find jobs during the 30-day period.

In the first six months of this year, the Thief River Falls office placed 830 persons, an increase of 84.4 per cent more than during the first six months of last year.

These activities contributed to the total of 12,885 June placements made by the agency in the state. These placements were the highest in the 37-year history of Minnesota's public employment work, says a letter received by Mr. Sjolander from Ryan.

PASTOR READS MARRIAGE SERVICE FROM HIS BED

Roseau.—Perhaps having a pastor officiate at a marriage from his bed has been done many times before, but to have a full group of attendants and a lovely background of ferns and flowers under such a circumstance, we believe, is out of the ordinary. Evelyn Dahl and Anselm Starren had the date set for their marriage to be performed by Rev. A. C. Rykken who became ill and was not able to leave his bed that day. Miss Dahl, with a maid of honor and one bridesmaid became Mrs. Anselm Starren in the Free Lutheran Parsonage. The groom had two attendants.

MAN'S BEST FRIEND TACKLES BULL SNAKE

Hibbing.—Bennie, a golden cocker pup startled neighbors in Chisholm last week when her puppy voice broke into a frantic appeal for aid. When help did arrive she was found risking her life trying to rid the yard of a five foot bull snake. Her mistress, two-year-old Judy Kotyk, had toddled off to safety. Bull snakes are seldom seen this far north. They are common in the south and grow fairly large. Have been known to overpower jack rabbits and dogs.

Results of the week's game:

July 8th, DeMolay, 14; Kiewel's, 10.

July 14th, Bridgeman's, 6; DeMolay, 5.

The week's schedule:

July 17th, Friday, Kiewel's vs DeMolay.

July 21st, Bridgeman's vs. Kiewel's.

July 22nd, Red Owl vs. DeMolay.

The City D-ball league will complete its second round of play Friday evening when the Kiewel's meet the DeMolay in the play-off of a postponed game. Next week the circuit will begin play on the third and final round of the schedule, with Bridgeman's playing Kiewel's on Tuesday evening, and DeMolay meeting the Red Owl on Wednesday evening.

DeMolay, 14; Kiewel's, 10

The DeMolay clubbed out eight hits and, with a walk and a couple of errors, scored nine runs in the 7th inning to defeat the Kiewels, 14 to 10, last Wednesday evening. Lenny Lorentson, with two hits in two times at bat, and Billy Bye, with three hits in four tries, led the DeMolay hitting attack on Kiewel's Wayne Anderson, George Busse clubbed Milt Reierson's pitching for three hits to lead the Kiewel's.

Local Club Outclasses Radium by 20-3 Margin

In swamping Radium Sunday afternoon, the locals pounded two Radium hurlers for 19 hits and tallied 20 runs, to roll up their largest score of the season, winning by a 20 to 3 margin. Next Sunday the locals will meet the highly-rated Karlstad team in a game on the Fair Grounds diamond.

Sunday's game found Radium jumping into an early lead, scoring all their runs in the opening innings. Lefty Lenny Lorentson walked Monroe and Sedlacek, hit Bauer with a pitched ball, and with the count 2-and-nothing on Scheff, Lenny "groved" the ball, and the Radium center-field poled out a long triple into deep right-center, clearing the bases. The locals picked up a tally in their half of the 1st inning, when Gordy Reierson lofted a double into left field, stole third base, and scored on Cockrell's infield out. After being held scoreless in the 2nd inning, the locals broke up the ball game in the 3rd inning. Singles by Reierson, Almquist, Anderson, and Swanson, a base-clearing double by Wally DuChamp, and two Radium errors, accounted for six scores. Thief River scored a five-run cluster in the 4th inning to drive George Monroe off the mound; and the locals continued to pile up hits and runs off Bauer, who took over the Radium hurling duties.

Lorentson, after allowing a hit in the 1st inning, pitched hitless ball until the 5th inning when Hill and C. Monroe pinked out singles, but after Hill had been thrown out trying to reach third on Monroe's hit, Rosy Rosendahl hit into a fast double play, Almquist to Reierson to Cockrell, to retire the side. Stan Cockrell, with his side-arm delivery, replaced Lorentson in the 6th inning, and pitched two innings and allowing but two singles. Woody Almquist finished out the game, hurling the 8th and 9th innings, and was touched for one hit, a triple along the right field foul line.

Gordy Reierson, with four hits in six times at bat, led the locals in their 19-hit attack. Stan Cockrell, Wally DuChamp, and Woody Almquist, also fattened their averages, each getting three hits in six trips to the plate. Don Scheff was the most effective Radium batter, with a triple and a single in three times at bat. Scheff also played a fine fielding game, having five put-outs in center-field.

The early forests of Minnesota covered an estimated area of 31,100,000 acres and contained about 100 billion board feet. The present forest area is 19,615,400 containing 12,454,740,000 board feet.

DEER HUNTING FOR 1942 SEASON MAY COVER ALL STATE

Shooting Restrictions to be In Force in South Part of State

From reports and information received under the Pittman-Robertson game and research project to date, there is an indication that a state-wide deer season may be advisable this year in Minnesota.

Reports of damage to agricultural crops by deer that have spread out beyond their normal range have been received in increasing numbers by the Department of Conservation in recent years. It is estimated that there are approximately 23,000 deer in the agricultural region, whereas in the state as a whole the deer population is estimated at about 540,000. The deer kill in 1940 was calculated at 56,000, based on a success of about 80%, according to deer hunters' reports.

It is likely that the regular deer hunting season will be permitted in those portions of the state north and east of a line running from East Grand Forks on U. S. No. 2 to Erskine; south on U. S. 59 to Detroit Lakes; U. S. No. 10 to Frazee; No. 87 from Frazee to its junction with No. 64, near Badoura; No. 64 to its junction with U. S. No. 10 at Motley; U. S. No. 10 to Little Falls; No. 27 to Onamia; No. 169 to Milaca; No. 23 to Mora; No. 70 to the St. Croix River.

South of this line hunting of deer will probably be limited to the use of bows and arrows and shotguns with single slug loads. The restriction of firearms in the more densely populated areas would be a safety measure. It is likely that a restricted area for bow and arrow shooting in the north will be set in advance of the regular season.

Final deer hunting regulations will probably be completed by August 15.

JUNIORS WIND UP SEASON WITH 5-2 DEFEAT AT OSLO

Local Team to Participate in Subdistrict Tourney Sunday

The junior baseball team concluded its season's schedule by dropping a 5 to 2 decision to the Oslo juniors in a game played at Oslo last Sunday. Milt Reierson, on the mound for the local nine, pitched well, but was plagued by erratic support, and Milt, too, committed a couple of fielding misplays. Marlyn Dorn and Billy Bye, each with two hits, paced the locals 8-hit attack on Oslo's Paul Swenson. The defeat gave the locals a season's record of two wins and four defeats in circuit play.

Thief River will participate in the sub-district tournament which will be played at Oslo next Sunday. The locals will meet the Oslo nine at 10:30 A. M. East Grand Forks, the defending champion, will meet Warren at 1:00 P. M.; and the two winners will play in the championship finals at 3:30 P. M.

Six Foursomes Share in Rotary Golf Tournament Staged Tuesday Evening

With six foursomes participating, members of the Rotary club held an enjoyable tournament on the local golf course Tuesday evening, following the serving of an early dinner. E. M. Bennes, who conducted the blind bogey event, reported that five players had the winning score of 46, the number including Stanton R. Dahlen, Roy Oen, H. M. Olson, Erling Mellby and Elmer B. Benson. The three prizes set up will be awarded by lot at next Tuesday's session. Invited guests who participated in the tourney included Dr. C. W. Jacobson, Erling Mellby, Dr. Theodor Bratrud, Rev. G. S. Thompson and Dr. H. H. Hedemark.

NYA Representative to Interview Local Boys, Girls This Afternoon

Theodore C. Sjoling, field representative of the National Youth Administration will be in Thief River Falls at the U. S. Employment Service office today at 3:00 p. m. He will interview girls and boys interested in going to NYA resident centers to prepare themselves for work in war production industries. At the present time the National Youth Administration is operating resident defense training centers at Duluth, Shakopee, Glenwood, Winona, and Warren.

The Warren center for girls is now giving training only in aviation sheet metal and radio, which prepares girls for work in the aviation industry and for work as radio repair workers with the U. S. Signal Corps under the U. S. Civil Service Commission.

The Duluth center for girls is giving training in machine shop, sheet metal and radio. The demand for girls who are trained war workers is so great now that the opportunities for employment after training are innumerable.

Lions Club Is Arranging Golf Tourney Wednesday

Preliminary arrangements were made at the Lions club luncheon meeting Wednesday noon in the Palm Garden Cafe for a golf tourney for members of the club to be held on the local course next Wednesday. Archie Bensrud, club president, announced the names of chairmen of the various standing committees at the session.

It takes six months to train and condition a green cavalry horse and a green rider.

Keeping Score

. . . . With HUCK OLSON

Mid-Season Averages

The boys certainly were teeing off against the Radium pitchers last Sunday, and as a result the batting averages were given quite a boost. Woody Almquist's "three for six" brought his season's average to a fine .458, for Woody has connected for 11 hits in 24 times at bat. Neil Bennett, who didn't play on Sunday, has collected 4 hits in 9 at bats, for a .444 average; and Wally DuChamp, with 9 hits in 21 times to the plate, has a .429 average. Stan Cockrell's 9 hits in 23 tries given him a .391 average, and Stan's pretty proud of that mark. The other .300 hitters on the team are Lenny Lorentson and Bob DuChamp, with Lenny hitting at a .318 clip and Bob tagging the ball for a .312. Woody Almquist also leads in the runs-batted-in department, having shoved 9 scores across the rubber; Wally DuChamp has driven in 8 tallies; Nornes, 6 runs; and Cockrell, 4 runs.

As far as the averages are concerned, Benleen Nornes and Jimmy Anderson both apparently are playing "nullo", for Buttercup, with 3 hits in 19 times at bat, is hitting a meager .158, and Jimmy has 2 hits in 13 tries for a .154 average.

Hope Oen's Can Do It

Something better be done, and soon, to stop the Lincoln Life team. They are rolling through the Victory Golf league like a General Grant tank, and with a couple more wins they'll be cinches to win the championship. They're a fine bunch of fellows, but they are getting pretty cocky over their success, especially the team captain. For instance, last week Lloyd Bennes, knowing that his score wasn't needed to defeat the Poppler's shot a 47, and that score will build up his handicap for tomorrow evening's match against Oen's. Lloyd, who's about a 39-shooter, figures that he can always use a few strokes handicap.

But against Oen's on Friday the Lincoln's will need all the handicap that they can collect. If Roy Oen's team is clicking they may knock a couple hundred points off the Life's 1,000 per cent rating. And here's hoping.

He Would Have Been a Cinch

If the city D-ball league were operating with a Kimble starring system in effect, George Busse, playing in right field for the Kiewel's last Wednesday evening, surely would have been selected as the week's outstanding player. George drove out three hits, batted in four scores, scored one run, stole one base, made a nice catch of a fly ball, and gave out some good chatter from right field, and that adds up to about 35 Kimble points. Subtract two points for the foul pop fly that he hit in 2nd inning, and that gives George 33 points. I suppose, though, that George will come up with a minus total this week, for he's that erratic.

Looks Like East Grand Again

The junior baseball sub-district tournament gets under way at Oslo on Sunday, and judging by the record it appears that East Grand Forks will successfully defend its title. East Grand, with Martin and Rood, will have fair pitching; and they have a fine fielding and hitting team. Thief River, Oslo, and Warren are about on a par; but the locals, if their pitching holds up, are capable of getting into the finals, and if they get that far anything can happen.

Thief River meets Oslo in the opening game Sunday morning, and Coach Elstad is undecided as to the opening game pitching selection. Ferd has Virg Evenstad, Harlan Olson, and Milt Reierson ready to go, and he hopes that the scrimmage against the city team Thursday evening will give him a clue as to which pitcher to start against Oslo.

Football and Basketball Schedule

Five games, with three home games, have already been arranged for next fall's high school football schedule. Two open dates on Oct. 16th and 30th, are open and it's expected that a home game will be scheduled for one of those dates, too. Red Lake Falls, Moorhead, and Warren are the teams that will oppose the Prowlers here. Thirteen games have been placed on the basketball list, with Fosston opening the season here on Nov. 27th.

Didn't Get Any Big Ones

Roy Shetler and Haakon Olson returned Monday evening from a ten-day musky fishing trip into Canada. They fished the water north of Quibell, Ontario, going into Clay lake, Cedar lake, etc. Roy caught several muskies, but none were very big, that is, none were very big considering musky territory they were fishing. One weighed about 18 pounds, and a couple were about 16 pounds.

Featuring the show will be the Famous "Southernaires", colored male quartet, adjudged among the best in the United States, appearing on Monday evening, July 20th at 8:30. The grandstand program for the second and third day is also strong with Barnes-Carruthers circus acts, and Ernie Young Revue in a patriotic theme completing the show. The Dee Lang Famous Shows and Rides will appear on the Midway.

Chalk-Talk Lecturer Returns to Minnesota

Tom Kelly, chalk-talk lecturer for the department of conservation, is back in Minnesota again after a 30,000 mile lecture tour through 18 states and Canada. During his eight-month leave of absence, Kelly carried the conservation message to 163,000 people. He is now ready to set up his easel and talk as he cartoons again for Minnesota audiences. Any organization wishing to book him should write the Bureau of Information, Room 18, State Office Building, St. Paul.

36 Golfers Compete in Poppler Merchandise Tournament on Sunday

Thirty-six golfers, arranged in six flights, participated in Poppler's Furniture's merchandise golf tournament on Sunday. Tom Jorde shot a 76 to win the first flight award; Cal Colvin, with a 43-42—85, was the second flight winner; while E. T. Hill with a 90, won the third flight prize. Dr. C. W. Jacobson, with a 50-48—98, won the fourth flight trophy; with Sewell Gross, scoring a pair of 47's, winning the fifth flight prize; and O. Roland, of Oklee, had a 49-50—99 to win the sixth flight award. Sewell Gross, Lloyd Bennes, and Dr. H. Hedemark, each had 78's to tie for the blind bogey prize.

Minnesota's 1941 Christmas tree industry brought $14,117 in tag fees into the public treasury, covering 2,000,000 trees shipped out of the state and 800,000 used at home.

STATE OFFICIALS URGE 'LEARN TO SWIM' CAMPAIGN

Defense Council Urges Six-Weeks Drive Thruout Minnesota

Members of the local defense council and other local officials were called upon this week by the state office of civilian defense to join in an intensive, state-wide "Learn to Swim" campaign during the next six weeks.

Scheduled to run from now until August 31st, in communities throughout the state, the drive is being sponsored by the State Office of Civilian Defense in cooperation with other agencies and is being counted upon to enlist so far as possible the whole population of the state. Among the agencies who have been asked to cooperate, in addition to the defense councils, are the state and local Red Cross chapters, park boards, safety council members, athletic clubs and physical fitness groups.

"Purpose of the campaign," according to Dr. Carl Nordly, who is in charge of the program, "is to improve the physical fitness of our people. One of the main objectives is to reduce the number of drownings in Minnesota. An average of 187 drownings a year, such as we have been having in Minnesota, is a waste of resources which we should not permit. Men who expect to enter army service especially should know how to swim and for the civilian population as well, swimming is one of the best methods of keeping fit."

Twin City Market Weeks Slated July 20-Aug. 1

Word from Minneapolis and Saint Paul is that registration for Twin City Market Weeks will create a new record in attendance. The dates are July 20 to August 1. "Serve and Survive" is the 1942 slogan, and Twin City Market Weeks cover a period of two weeks in order to accommodate merchants in various lines of business. Showings not only will include a great variety of desirable merchandise, but quantities are surprisingly large in view of the depressing situation that was pictured two months ago.

FIELD CROPS DAY SLATED JULY 21 AT N. W. SCHOOL

Processing of Soy Beans and Flax to be Discussed on Program

The processing of soybeans and flax will be one of the chief topics discussed on the field crops day program at the Northwest Experiment Station on July 21.

R. S. Dunham, agronomist at the Station, states, "because of the expanded acreage of soybeans and flax in the Red River Valley, producers are vitally interested in the value of their crops for processing." A representative of one of the leading flax and soybean crushing companies will speak on the afternoon program on the subject of processing and value of Red River Valley oil producing crops. F. R. Immer, vice-director of the Minnesota Experiment Station, will speak on the subject "Recent Advances in the Production of New Varieties of Cereal Crops."

The program for the day will begin at 10:30 a. m. with the meeting of the officers and members of the Red River Valley Crops and Soils association in the school library. The county agents and agricultural instructors of the high schools will meet for a conference at 11:00 a. m.

Picnic dinners will be held from 12:00 to 1:30 p. m. with coffee and cream furnished for those who bring their dinners with them. The outdoor speaking program will be held from 1:30 to 2:30 p. m. and the field tour of agronomy and horticultural plots will be from 2:30 to 4:30.

A general invitation is extended to farmers and townspeople in the Red River Valley to attend the Crops and Soils Day program.

STRIKING WORKERS REDUCED SEVENTY PCT. IN MINNESOTA

Governor's Report Reviews Record of the Past Three Years

With three years of experience under Minnesota's labor peace law behind them, Governor Harold E. Stassen, sponsor of the act, and other state officials were able to report this week that the number of workers going on strike in Minnesota during this past three years since enactment of the law has been cut down more than 70% compared to the number resorting to strikes in the three years previous to its enactment.

While Minnesota was benefiting from this gain, the number of workers going on strike in the nation as a whole was increasing, James L. Kelly, state labor conciliator, reported after an examination of reports from the U. S. Department of Labor just received at the capitol.

Minnesota's labor peace act went into effect April 24, 1939. Advanced by Governor Stassen as a sensible method of cutting down the economic loss to workers and employers alike from unnecessary strikes, it was a pioneering venture in a troubled field, and people all over the country looked forward, some with hope, some with skepticism, to see how it would work out.

How well it has worked may be measured in some degree, Mr. Kelly thought, by the figures which he placed before the Governor this week. The figures showed, on the basis of U. S. Bureau of Labor reports, the number of workers going on strike in Minnesota:

In 1936, 1937 and 1938, before enactment of the labor peace law, 45,796, or a yearly average of 15,265.

In 1939, 1940 and 1941, all but four months of the period after enactment of the conciliation act, 13,678, or a yearly average of 4,559.

Meanwhile, the trend was the other way in the nation as a whole. The average number of workers going on strike yearly in the nation as a whole in 1936, 1937 and 1938 was 1,112,547, Mr. Kelly's office reported to the Governor, and in the last three years the average number yearly resorting to strikes has been 1,321,883.

Detroit Lakes Water Carnival Draws Many

More than 20,000 persons gathered at Detroit Lakes Sunday to celebrate the seventh annual northwest water carnival and witness the first fishing derby.

Winner of the top prize, the biggest catch and with it a $50 war bond, was Ted Bauer, Detroit Lakes, who landed an 11-pound 2-ounce Great Northern pike. Seven other prizes, totaling $275 in war bonds, also were given for catching the largest of various species.

The day's program closed with the selection of Miss Geneva Holland, 18, Sebeka, blonde, as Miss Detroit Lakes. She will represent the region at the Minneapolis Aquatennial.

346 N. W. Men Apply for Navy Flying Berths

A record-setting total of 346 future Navy fliers was enlisted in June by the naval aviation cadet selection board, Lt.-Comdr. Truman C. Penney announced Friday in Minneapolis.

Mr. Penney said that a third of the recruits came from the Twin Cities, with the state of Minnesota, including the Twin Cities, furnishing slightly more than two-thirds of the total of 346. Iowa and South and North Dakota were bunched with 30, 26 and 23 respectively, while Wisconsin showed 16. However, only adjoining sections of Wisconsin and Iowa are in the Minneapolis headquarters zone.

One out of 11 enlistees had a college degree, while one out of two had attended college for periods up to four years. Two out of five had gone no further than high school.

State Highway Commissioner M. J. Hoffman announced this week in St. Paul that P. C. Roth & R. C. Jones of Brainerd were low bidders on a project calling for applying a bituminous wearing surface on Highway 1 for 6.5 miles between Oslo and Alvarado. Their bid was in the amount of $34,795.

8 Men Finish Glider Training at Crookston

Eight men completed their glider training last week at the school being conducted at Crookston and will be sent to other air schools for advanced flight training. They will make up the second class of graduates to leave the school. The first class of four graduated two weeks ago.

ERIE

At the Eklund dining hall Sunday afternoon a bridal shower was held for Mr. and Mrs. Lewis Shultz (Orissa Prestegaard). The large crowd present brought lovely and useful gifts. A short program was given consisting of a reading by Mrs. Norman Anderson; Agnes Kompen and Grace Dahlen each sang a solo, "Perfect Day" and "My Cathedral" respectively; Sater Jensen's Sonday, violin and guitar by Selmer and Palmer Ramsey, Misses Agnes Kompen and Edythe Hveem. Lunch was served by the ladies.

A canning demonstration was conducted at the Mordy Morrison home last Thursday afternoon under the direction of Miss Edna Olson, F. S. A. Attending were Mesdames Joe Schlofer, Jack Wells, Nelius Johnson, Selmer Erickson, M. Morrison, H. A. Wahlen and Grace Ed Singer, and Kappendahl.

Mr. and Mrs. Ward Votava and children of Thief River Falls spent Sunday at the Prestegaard home.

Mrs. L. R. Johnson accompanied by her daughters Mrs. Paul Omlid and Clayton; Mr. and Mrs. Joe Kuntz, Georgia and Joan motored to Mekinock, N. D., Friday, for a visit with grandma Jorde and other relatives. They returned late Sunday evening.

Dollar Sign Origin

The dollar sign, believed by some to have originated as a monogram of "U. S." has been traced by others to the writing of "P" over "S" in an early abbreviation of pesos.

COW BEARS SIX CALVES ONE YEAR

Hawley—About a year ago E. E. Tangen proudly strutted around telling people of his Shorthorn cow that had given birth to three thriving, healthy calves. Now, not a year later, he is boasting of the same cow giving birth to triplet calves as healthy as the first ones. Mr. Tangen thinks this is a distinctive record which no other cow in the U. S. possesses.

Another Kind of Ammunition

SOON THOUSANDS of smoke-stacks will dot the prairie sky-line of the Northwest—smoke from threshing machines, harvesting the grain that will feed our allies and ourselves. Wheat is ammunition—vital ammunition that gives to the enemy, the will to fight for our freedom. Last year the Soo Line carried millions of bushels of this wheat to market. This year we're preparing to rush this "ammunition" from the farms to the mills faster than ever before. The Soo Line will "keep 'em rolling."

Bedroom Windows Wide Open

Some people think they will use up all the oxygen in the room unless the windows are wide open. Others think there is some substance goes into night air from plants which makes it more healthful than daytime air. Night air, however, is no better for people than daytime air, and in addition, a window open only an inch in ordinary weather will let in enough fresh air for an entire family to breathe.

270 MORE DRUNK DRIVERS FORFEIT LICENSES IN JUNE

Total of 779 Licenses Were Suspended or Revoked During Month

Seven hundred and seventy-nine Minnesota motorists lost their drivers' licenses by revocation or suspension during the month of June. Five hundred and seventeen of them are now being deprived of the privilege of driving their cars for just two traffic law violations—speeding and driving while drunk.

Drunken driving and inebriacy resulted in the outright revocation of 270 licenses for a period of one year, and five suspensions of varying lengths, for a total of 281 forfeitures.

Another 236 motorists were barred from the wheel for driving at excessive speeds. Twelve were outright revocations and 224 were suspensions.

Reckless driving accounted for 88 motorists losing their driving privileges, and 27 others paid the penalty for running through stop signs and signals. Three licenses were revoked for failure to stop and disclose identity after an accident.

Total revocations for the month were 310 and suspensions numbered 469, for a total of 779 drivers' license forfeitures in addition to the fines and other penalties levied by the courts upon the offending motorists.

'Aquatennial Opens in Minneapolis Saturday

The northwest's greatest patriotic festival, the "On-to-Victory" Minneapolis Aquatennial, will open Saturday with a giant parade of 300 floats, bands, drum corps and 40,000 military and civilian marchers. The festival ends July 26.

Set for 3 p. m. Saturday, the opening parade will contain more than a score of bands, 10 drum corps, 31 special civilian and army marching units and 35 floats. A crowd of 375,000 persons is expected to witness the procession which will be repeated in a twilight parade, July 22.

Entertainment feature is the Aqua Follies with a cast of swimming stars including Adolph Kiefer, world's backstroke champion, Al Greene, Olympic diver, Judy Cook, famous "Wham Girl" and the Aqua Follies water ballet. Coronation of Queen of the Lakes will be held in conjunction with the follies.

Men are dying for the Four Freedoms. The least we can do here at home is to buy War Bonds—10% for War Bonds, every pay day.

SIX-POUND FISH JUMPS WRONG WAY AT STAPLES

Staples.— Three very surprised men were Ed and Charles Herman, and Henry Holsing while fishing for sunfish and crappies on Sylvan lake recently, as a six-pound northern pike cleared the water and landed in the middle of their boat. They looked at each other to see which one had hooked the fish but *found all three lines in the water.*

Complete examination of the fish when they got to shore revealed that there were no fish hooks used to land him in the boat, his own power did it.

Half of Automobile Trips Are Under Ten Miles, Survey Shows

Long distance travel is a very small part of the total motor vehicle mileage, it was found in the road use studies made by the Minnesota Highway Planning Survey. An analysis of passenger car travel shows that 51 per cent of all round trips are less than 10 miles, 24 per cent are 10 to 19 miles, 11 per cent are 20 to 29 miles, 7 per cent are 30 to 49 miles and only 7 per cent are 50 miles or more. Only one in every 4,000 trips is 1,000 miles or more.

Average length of all passenger car round trips was 10.2 miles, the high mileage of the relatively few long trips bringing up the average. Shortest average trips of 10.4 miles were by rural owned cars, and cars in large cities averaged only slightly more. Longest average trips of 20.7 miles were by cars in places of 1,000 to 2,500 population.

Business trips were shorter and more numerous than trips for social and recreational purposes. Nearly four-fifths of the trips of less than ten miles, but only one-third of the trips of 100 miles or more, were for business purposes.

The analysis includes travel on all roads and streets, rural and urban. While state trunk highways get most of the long distance travel, traffic on the state routes includes a large proportion of short trips than commonly supposed; trips between nearby towns, or between town and nearby rural areas.

The studies were based on pre-war traffic. Since the beginning of the war, the tendency to conserve cars and tires has substantially reduced long distance travel, resulting in an increase in the proportion of short trips.

THIS PIG DIDN'T GET TO MARKET

LeSueur.—In fact instead of going to market he went to a tea at the home of Mrs. Thomas G. Ashton. Falling from a truck bound for market the 600-pound fellow made straight for the tea party distributing the guests in a big way. The guests were driven to cover and Mr. Pig finished his meal from a bed of petunias.

Farm and Implement News

Just to mention a few things that might interest some one.

GRAIN BINS

Yes, we have two all steel grain bins to sell. One 500 bushel capacity and one 1000 bushel size. There are no more to be bought for the duration of the war they tell us.

TRUCK TIRES

We have three very good and in fact perfect condition 8:25x20 ten ply truck tires and tubes to sell at a bargain of $140.00 for all.

GRAIN BINDERS

We still have two 10-ft. Tractor Binders left out of 11. That means just two chances left to get a McCormick-Deering new tractor binder in all of the Northwest—believe it or not. We also have a 10-ft. rebuilt, or reconditioned McCormick-Deering at about half price of a new one. We also have a few 7-ft. and 8-ft. regular Mc-Drg. and Minnesota horse binders, with horse hitches or tractor hitches. IT WON'T BE LONG, THEY WILL ALL BE GONE.

CORN BINDERS

Unexpectedly, we got in two more McCormick-Deering Corn Binders.

ENSILAGE CUTTERS

We are also fortunate that tomorrow we are getting two more McCormick Deering Ensilage Cutters.

TRACTORS

We have just received one of the new model "H" Mc-Drg.-Farmall tractors on all steel. The wheels are greatly improved over the former steel wheel and we are much pleased with this new tractor.

We have two 10-20 Mc-Drg. used tractors, one F12 Mc-Drg Farmall and we are just rebuilding a 22-36.

GRAIN THRESHERS

There will be no Mc-Drg. Stationary Grain Threshers for this year. Not one for this Northwest. We are getting in one 22"x40" Huber stationary thresher this week and may be able to get one of the 28". If you need a thresher now is your chance.

COMBINES

We still have one No. 42 and one No. 62 Mc-Drg. Combine or Harvester Thresher left to sell.

We are not sold out and still have quite a few items of machinery left in stock, new and used, so it might pay you to look us up and we will talk it over. We are expecting additional tractor mowers in this week and even if late for this year, there is another year coming and prepare for it now, it's smart.

USED CARS

Don't forget to look over our used car lot, there are a fine bunch of reconditioned used cars out there.

ASKS N. W. WOMEN TO SALVAGE ALL HOUSEHOLD FATS

War Information Office Announces They Will be Paid 4c Pound

Women in all sections of the northwest states have come loyally to the aid of their nation by beginning the collection of household fats for the war program, it was announced this week by the state office of war information.

Fats are needed to make glycerine, which, in turn, is used in the manufacture of munitions, gun recoil mechanisms, propellants and other articles of war. Two pounds of kitchen fats will produce enough glycerine to fire five antitank shells.

Farmers' wives, like their sisters in the cities, are being asked to join the fats salvage campaign. The drippings from roasts, steaks, chops and deep fat used for such things as fish, doughnuts, and french fried potatoes are wanted.

Here are the general directions to housewives: Strain fats to remove meat particles and other foreign matter; keep in a can, not a glass or paper container; keep cool, take to the butcher shop in lots of one pound or more.

Housewives in Minnesota, North and South Dakota will receive 4c a pound for their fats. The price to meat dealers, handling the collections, will be 5c a pound, allowing the dealers a penny a pound for handling.

Dr. Borreson Addresses Rotary Club Meeting

At the Rotary club luncheon Tuesday noon in the Evelyn hotel, Dr. Baldwin Borreson, superintendent of Oakland Park sanatorium, gave a discussion of chest examinations in connection with physical tests for men entering military service. At the session Roy Oen, Stanton Dahlen and Erling Mellby were selected for prize awards from among the five winners of the blind bogey golf tournament held last week.

Seek Coordination of War Groups in County

Promoted to Lieutenant

PHILIP PRICHARD

Son of Mr. and Mrs. W. W. Prichard, who last week was commissioned as a lieutenant following his completion of an officers' training course at Fort Benning, Georgia. Previous to leaving on a new assignment Lieutenant Prichard is visiting this week at the home of his parents.

Plans for coordinating the activities of the various war agencies in Pennington county and for financing necessary expenditures were discussed at a meeting in the Civic and Commerce room Monday evening called by Paul A. Lundgren, chairman of the war bond campaign.

A motion was adopted to request the city council, county board and Mayor H. W. Kinghorn each to appoint one member of a three-man central committee. At the same time the council and county board will be asked to make a small appropriation to defray necessary costs of the various agencies for which funds are not available from the federal government. It was pointed out that some chairmen of the local war agencies have spent as much as $60 from their own funds to finance their activities.

Present at the meeting, over which Mr. Lundgren presided, were members of the city administration and county board, as well as chairmen and other officers of the various agencies, including civilian defense, rationing, salvage and Victory Aides.

NEARLY 100 TURN OUT FOR LUNCHEON OF REPUBLICANS

Two-Party System Must be Maintained, Guest Speaker Says

Addressing a gathering of nearly 100 men and women at a luncheon Friday noon in the Community church sponsored by the Pennington county Republican Women's club, Mrs. Chris Carlson of Blue Earth, Republican national committeewoman from Minnesota, declared that the two-party system must be maintained as a democratic safe-guard, even tho politics must be subordinated in time of war.

Charging that the present national administration places New Deal objectives ahead of winning the war, Mrs. Carlson cited the continuance in wartime of many New Deal agencies set up in the depth of the depression nearly ten years ago.

She also maintained that President Roosevelt must bear the major part of the responsibility for the nation's lack of preparedness at the outbreak of the war, pointing out that he has had the support of a subservient congress.

Others who spoke briefly were Miss Marjorie Thompson of Baker, vice chairwoman of the Republican state central committee; Mrs. Franchere, campaign manager for U. S. Senator Joseph H. Ball; and Frank A. Rinkel, chairman of the Pennington county Republican committee.

Mrs. Abbie Wassgren presided over the program, which also included community singing led by Mrs. J. N. Nesse and accompanied on the piano by Harold F. Harrison. Rev. S. S. Olafsson supplied the invocation.

Bergstrom Family Sets Local Record with Five Sons in Armed Services

With the entrance into army service July 31 of Leonard Bergstrom, his parents, Mr. and Mrs. Hector Bergstrom of this city, who have twelve children, have five sons in the nation's armed forces, setting a record for this community. Other sons in the service, all of whom either volunteered or enlisted, include Clarence, in the Coast Guard; Raymond and Walter, in the army; and Lionel, in the navy.

Nearly equaling this record are Mr. and Mrs. Christ Bugge, also of this city, who will have four sons in the service following the departure next Tuesday, July 28, of Ruben Bugge for army duty. Two other sons, Harold and Walter, are in the army, while Ernest is in the navy.

INDUCTING FARM WORKERS MAY BE PUT OFF TO SEP. 1

Selective Service Director Agrees to Defer Men for Harvest

Minnesota draft boards were authorized Tuesday to postpone induction of registrants necessary to harvesting activities until Sept. 1.

Authorization came in a telegram from Brig. Gen. Lewis B. Hershey, national selective service director, to Lt. Col. J. E. Nelson, state chief.

Nelson two weeks ago wired Hershey describing Minnesota's approaching "acute" farm labor shortage and asking the postponement.

Colonel Nelson pointed out that that with the two-week furlough between induction and reporting for active duty, some draftees will be available for farm work until approximately Sept. 10.

"This is merely a postponement of the induction," he said. "If a draft board, for example, postpones induction of 30 men for farm work now, this shortage will have to be made up later."

Text of Hershey's telegram to Nelson was:

"You are authorized to grant postponement of induction for those registrants you deem necessary to harvesting activity but no such postponement shall extend beyond Sept. 1."

LOCAL BANKERS TO ATTEND BAUDETTE SESSION SATURDAY

E. O. Peterson to Preside over Annual Clearing House Meeting

E. O. Peterson, president of the Northwest Clearing House association, will preside over the annual social and business meeting of the organization to be held at Wheeler's Point near Baudette Saturday, July 25. Several other local bankers are expected to attend.

The annual business meeting and election of officers will be conducted at 5 o'clock, after which a banquet will be served at 6:30, followed by dancing.

The principal address will be given by Judge Luther W. Youngdahl of Minneapolis, other speakers including Walter H. Hull of the state securities division and William Duncan, secretary of the Minnesota Bankers association. Representatives of Twin City and Duluth banks also will be present.

Thanks Citizens for Aid in Scrap Rubber Drive

Mayor H. W. Kinghorn this week received a message from J. A. Shaughnessy, chairman of the petroleum industry coordinating agency, thanking local citizens for their cooperation in the scrap rubber collection campaign conducted recently thru filling stations of the community.

18-20-YEAR OLD REGISTRANTS GET NUMBERS

Youths Not Yet Subject to Service Given Order and Serial Numbers

QUESTIONNAIRES ARE SENT TO OLDER MEN

Large Group to Leave Next Tuesday Morning After Furlough

Arthur Berg, chief clerk of the Pennington county selective service board, announced today that notices were mailed out Tuesday giving the serial and order numbers of youths in the 18-20-year age group who were listed in the fifth selective service registration in June.

Serial numbers of this age group were assigned according to age, the oldest being assigned serial number 1. This number was given in Pennington county to Marlowe H. Wilde, Route 3, Thief River Falls. Order numbers for the young men included in this registration start with No. 10,739. Youths in the 18-20 age group are not at present subject to call for military duty.

Occupational questionnaires are being mailed ou this week to men of ages 45-65 who were listed in the fourth registration. When completed and tabulated they will give the federal government an accurate picture of the nation's industrial manpower. Mr. Berg urged that registrants fill out the questionnaires as nearly completely as possible before calling for assistance.

After spending two weeks at home on furlough following induction July 14 at Fort Snelling, members of a large county contingent will return to Snelling next Tuesday, July 28, to receive their assignments to duty. As the group is scheduled to leave Thief River Falls at 7:30 in the morning, no formal farewell sendoff will be arranged, it was indicated.

Three local registrants will leave for Fort Snelling Friday, July 31, to be inducted into the army, Mr. Berg stated. Included are Clarence Lundstrom, Leonard Bergstrom and Ed Kusmak.

City Water on East Side Shut off Tonight at 11

City water service on the east side of the river will be shut off this evening at 11 o'clock, and service will be suspended for a period of about four hours while a new valve is being installed, it was announced this morning by Ole Legvold, superintendent of the water and light department.

More than 100 Gardeners Compete for 39 Prizes in Victory Garden Contest

Well over one hundred gardeners of this community to date have entered the Victory Garden contest sponsored by the Junior Chamber of Commerce, Clarence Sande, contest chairman, announced today. He added that local business places are offering a total of 37 merchandise prizes to high ranking contestants, in addition to which there will be a first prize of a $25 war bond and second award of $10 in war savings stamps. Next Tuesday, July 28, is the final day on which gardens may be entered in the contest.

WAR BOND 10 PCT. CLUB IS STARTED HERE THIS WEEK

Open to All Setting Aside Ten Pct. of Monthly Income

The Pennington county war bond committee is this week starting the formation of the Ten Per Cent club, Paul A. Lundgren, county chairman, stated today. All persons who pledge at least 10 per cent of their regular monthly income are eligible for membership in the club.

Supplies and buttons have been left with the post office, the Union State bank, the Northern State bank and the First Federal Savings and Loan association.

Those who are now contributing 10 per cent of their income for the purchase of bonds and stamps are eligible for membership and anyone else may procure the regular button showing membership in the club by calling at any of the above institutions and signing the pledge.

PETERSEN GRAIN & SEED COMPANY TO ERECT ADDITION

To Start Work in Ten Days on 20,000-Bushel Annex to Plant

Work will start within ten days on construction of a large annex to the elevator of the Peterson Grain & Seed company, J. Robert Peterson, proprietor, announced today.

The addition to be erected south of the present elevator, will be 26 by 32 feet in dimensions, and will be forty feet high, with a capacity of 20,000 bushels. The annex will be of wooden crib construction, with a concrete foundation.

In charge of erection of the annex will be the Iberson Construction company of Minneapolis.

Daughter of Local Couple Has Thrilling Career

Visiting with her parents, Mr. and Mrs. Thomas J. Welsh, in this city is Mary Welsh, London correspondent of Times and Life magazines, who last week made the journey from Ireland to this country by Atlantic clipper. Included in her interesting experiences have been frequent radio broadcasts over the British Broadcasting company network. She is pictured above as she appeared on a "Let's Get Acquainted" program, designed to introduce British and American people to each other.

Revue, Vaudeville and Rodeo-Circus Scheduled

Comes from London to City in Less than Week

Leaving London, England, Monday of last week, and departing by plane from Ireland Tuesday evening, Mary Welsh, noted war correspondent, landed on this side of the Atlantic last Wednesday, and arrived in Thief River Falls Monday morning to visit for a week at the home of her parents, Mr. and Mrs. Thomas J. Welsh.

A graduate of Bemidji high school, Miss Welsh later attended Northwestern University at Evanston, Illinois, leaving before graduation to accept a position with the Chicago Daily News. In 1937 she went to London as a reporter for the London Daily Express. The past few years she has served as correspondent for Time, Life and Fortune magazines, with headquarters in London.

In private life Miss Welsh is the wife of Noel Monks, correspondent for the London Daily Mail, now on assignment in Australia. Mr. Monks visited the Welsh family here last year.

Miss Welsh has been a firsthand observer of many historic events, her duties including the covering of the Munich agreement in Germany, the fall of France and the bombing of London.

Stationed in London, she reported on the war for the first six months after its outbreak, and then was the first woman correspondent accredited to the Royal Air Force in France. At the time

Joe Wurt of St. Paul recently took over the management of the bulk plant operated on Atlantic av. by the White Eagle division of the Socony-Vacuum Oil company, it was announced by H. R. Baum, district representative. Mr. Wurt has been associated with the company the past six years, working out of St. Paul.

New Legion Commander

W. G. CLAFFY

Lincoln high school principal, who last week was elected commander of Elmer J. Eklund post of the American Legion, succeeding Major Gustav Schilbred.

MORE CANDIDATES FOR OFFICE ENTER COUNTY CAMPAIGN

Quale and W. E. Dahlquist Are Urged to File for State Senate

With several additional filings for county office this week, interest in the local political situation is picking up, with numerous more candidates expected to enter their names before the filing deadline next Thursday, July 30.

Included in the week's filings was that of Alfred Bredeson for the office of register of deeds, which position has been filled for many years by Fred Lorentson. Mr. Bredeson is at present chairman of the Pennington county board and of the county welfare board.

A contest developed in the fourth commissioner district with the filings of W. H. Mulry, incumbent, and Carl Christofferson, who had served for many years as alderman in this city. Perl W. Mabey, veteran local attorney, has entered his name in the race for second district commissioner, which post is filled at present by Mr. Bredeson. A. B. McLaughlin also announced late this morning that he is filing for the same position.

A second candidate for the office of county auditor also filed this week in the person of Arthur J. Fretland, for the past five years associated with the Farm Security agency here. A. M. Senstad had previously filed for reelection.

That there will be a third aspirant for the office of state senator from the 65th district, in addition to W. J. Douville and Eynar Jensen, Highlanding, appeared likely Monday evening when, at a meeting of local citizens, efforts were made to get either Theodore Quale or W. E. Dahlquist to file for the post. Neither of the two men has as yet revealed his intentions.

U. S. Navy Recruiter to be Here July 29-30

A U. S. Navy recruiter from the Grand Forks station will be stationed in the veterans room in the Thief River Falls Auditorium next Wednesday and Thursday, July 29 and 30, it was announced this week.

STORES TO CLOSE FOR PENNINGTON CO. FAIR THURSDAY AFTERNOON

In accordance with time-honored custom, stores in this city will remain closed next Thursday afternoon, July 30, which has been designated as Thief River Falls Day at the Pennington county fair. Many other business places also will close for the afternoon to give their proprietors and employes an opportunity to witness the daytime program at the exposition.

"Americonga" Revue Offering in Front of Grandstand Three Nights

RODEO AND CIRCUS ALSO TO BE FEATURE

Fine Exhibits Anticipated in All Departments of Exposition

The fairgrounds in Thief River Falls will be the focal point for citizens of Northwestern Minnesota from next Wednesday, July 29, thru Saturday, August 1, when the 41st annual Pennington county fair, largest exposition in this section of the state, will be in progress, offering one of the most outstanding programs of entertainment in the long history of the event.

Barker Brothers Rodeo and Circus will supply the program Wednesday evening, as well as Thursday and Friday afternoons. The offering will include the thrilling spectacle of cowboys bulldogging steers, in addition to troupes of trained Shetland ponies, Alaskan huskies and buffalo.

For the last three nights of the fair, the well-known Barnes & Carruthers agency will present the spectacular revue, "Americonga", a colorful production comprising five different scenes of dancing, singing and comedy, all based on a Latin-American theme.

Topnotch vaudeville and circus acts to augment the afternoon and evening programs include the Noble Trio, performing on high parallel bars; Little Egypt, a comedy number featuring a synthetic camel; Hank Siemon, gifted ventriloquist; the Hanneford Family, equestrians from the "big top"; the Smiley Dalys, circus clowns; and Weber Brothers and Chaiita, breath-taking tight-wire act.

Spectacular automobile races under the direction of Jone Sloan of the Racing Corporation of America had been scheduled for Saturday afternoon, August 1, but it appeared yesterday that it would be necessary to cancel this portion of the program unless the federal government delays its ban on auto racing, now scheduled to take effect after July 31. If the races are canceled, definite announcement of a substitute program will be made in advance of the fair, Secretary A. F. Berge stated.

To entertain patrons of the midway section of the fair, the Dee Lang Shows will be on hand, presenting fourteen varied shows and as many rides of all kinds.

W. G. CLAFFY IS NEW COMMANDER OF LEGION POST

Ben I. Frolland Is Appointed Post Adjutant for the Ensuing Year

Following his election last week, W. G. Claffy, Lincoln high school principal and long active in Legion circles, will be installed early in August as commander of Elmer J. Eklund post of the American Legion, succeeding Major Gust Schilbred. Mr. Claffy this week announced the appointment of Ben I. Frolland to serve as post adjutant.

Other officers elected include Frank Hardisty, Harry Farmer of Grygla, Albert Nielson of Holt and Harold Holmes of St. Hilaire, respectively first, second, third and fourth vice commanders; George W. Werstlein, finance officer; M. E. Leverson, sergeant-at-arms; and Gust Schilbred, Alex Cloutier, Alex Campbell and H. O. Chommie, executive board.

Retiring Commander Schilbred stated that the next meeting of the post will be held in the veterans' rooms Friday evening, July 24, at 8 o'clock.

Engineer Supervising Repairs on Turbine Here

E. F. Granzow of Minneapolis, mechanical engineer, arrived in the city late last week to supervise the installation of new parts in one of the water turbines in the municipal power plant. The replacement parts were received from James Leffel & company of Springfield, Ohio, and weigh approximately three tons.

270 MORE DRUNK DRIVERS FORFEIT LICENSES IN JUNE

Total of 779 Licenses Were Suspended or Revoked During Month

Seven hundred and seventy-nine Minnesota motorists lost their drivers' licenses by revocation or suspension during the month of June. Five hundred and seventeen of them are now being deprived of the privilege of driving their cars for just two traffic law violations—speeding and driving while drunk.

Drunken driving and inebriacy resulted in the outright revocation of 276 licenses for a period of one year, and five suspensions of varying lengths, for a total of 281 forfeitures.

Another 236 motorists were barred from the wheel for driving at excessive speeds. Twelve were outright revocations and 224 were suspensions.

Reckless driving accounted for 88 motorists losing their driving privileges, and 27 others paid the penalty for running through stop signs and signals. Three licenses were revoked for failure to stop and disclose identity after an accident.

Total revocations for the month were 310 and suspensions numbered 469, for a total of 779 drivers' license forfeitures in addition to the fines and other penalties levied by the courts upon the offending motorists.

'Aquatennial Opens in Minneapolis Saturday

The northwest's greatest patriotic festival, the "On-to-Victory" Minneapolis Aquatennial, will open Saturday with a giant parade of 300 floats, bands, drum corps and 40,000 military and civilian marchers. The festival ends July 26.

Set for 3 p. m. Saturday, the opening parade will contain more than a score of bands, 16 drum corps, 31 special civilian and army marching units and 35 floats. A crowd of 375,000 persons is expected to witness the procession which will be repeated in a twilight parade, July 22.

Entertainment feature is the Aqua Follies with a cast of swimming stars including Adolph Kiefer, world's backstroke champion, Al Greene, Olympic diver, Judy Cook, famous "Wham Girl" and the Aqua Follies water ballet. Coronation of Queen of the Lakes will be held in conjunction with the follies.

SIX-POUND FISH JUMPS WRONG WAY AT STAPLES

Staples.— Three very surprised men were Ed and Charles Herman, and Henry Holsing while fishing for sunfish and crappies on Sylvan lake recently, as a six-pound northern pike cleared the water and landed in the middle of their boat. They looked at each other to see which one had hooked the fish but found all three lines in the water.

Complete examination of the fish when they got to shore revealed that there were no fish hooks used to land him in the boat, his own power did it.

Half of Automobile Trips Are Under Ten Miles, Survey Shows

Long distance travel is a very small part of the total motor vehicle mileage, it was found in the road use studies made by the Minnesota Highway Planning Survey. An analysis of passenger car travel shows that 61 per cent of all round trips are less than 10 miles, 24 per cent are 10 to 19 miles, 11 per cent are 20 to 29 miles, 7 per cent are 30 to 49 miles and only 7 per cent are 50 miles or more. Only one in every 4,000 trips is 1,000 miles or more.

Average length of all passenger car round trips was 10.2 miles, the high mileage of the relatively few long trips bringing up the average. Shortest average trips of 16.4 miles were by rural owned cars, and cars in large cities averaged only slightly more. Longest average trips of 29.7 miles were by cars in places of 1,000 to 2,500 population.

Business trips were shorter and more numerous than trips for social and recreational purposes. Nearly four-fifths of the trips of less than ten miles, but only one-third of the trips of 100 miles or more, were for business purposes.

The analysis includes travel on all roads and streets, rural and urban. While state trunk highways get most of the long distance travel, traffic on the state routes includes a large proportion of short trips than commonly supposed; trips between nearby towns, or between town and nearby rural areas.

The studies were based on prewar traffic. Since the beginning of the war, the tendency to conserve cars and tires has substantially reduced long distance travel, resulting in an increase in the proportion of short trips.

THIS PIG DIDN'T GET TO MARKET

LeSueur.—In fact instead of going to market he went to a tea at the home of Mrs. Thomas G. Ashton. Falling from a truck bound for market the 600-pound fellow made straight for the tea party distributing the guests in a big way. The guests were driven to cover and Mr. Pig finished his meal from a bed of petunias.

Farm and Implement News

Just to mention a few things that might interest some one.

GRAIN BINS

Yes, we have two all steel grain bins to sell. One 500 bushel capacity and one 1000 bushel size. There are no more to be bought for the duration of the war they tell us.

TRUCK TIRES

We have three very good and in fact perfect condition 8:25x20 ten ply truck tires and tubes to sell at a bargain of $140.00 for all.

GRAIN BINDERS

We still have two 10-ft. Tractor Binders left out of 11. That means just two chances left to get a McCormick-Deering new tractor binder in all of the Northwest—believe it or not. We also have a 10-ft. rebuilt, or reconditioned McCormick-Deering at about half price of a new one. We also have a few 7-ft. and 8-ft. regular Mc-Drg. and Minnesota horse binders, with horse hitches or tractor hitches. IT WON'T BE LONG, THEY WILL ALL BE GONE.

CORN BINDERS

Unexpectedly, we got in two more McCormick-Deering Corn Binders.

ENSILAGE CUTTERS

We are also fortunate that tomorrow we are getting two more McCormick Deering Ensilage Cutters.

TRACTORS

We have just received one of the new model "H" Mc-Drg. Farmall tractors on all steel. The wheels are greatly improved over the former steel wheel and we are much pleased with this new tractor.

We have two 10-20 Mc-Drg. used tractors, one F12 Mc-Drg. Farmall and we are just rebuilding a 22-36.

GRAIN THRESHERS

There will be no Mc-Drg. Stationary Grain Threshers for this year. Not one for this Northwest. We are getting in one 22"x40" Huber stationary thresher this week and may be able to get one of the 28". If you need a thresher now is your chance.

COMBINES

We still have one No. 42 and one No. 62 Mc-Drg. Combine or Harvester Thresher left to sell.

We are not sold out and still have quite a few items of machinery left in stock, new and used, so it might pay you to look us up and we will talk it over. We are expecting additional tractor mowers in this week and even if late for this year, there is another year coming and prepare for it now, it's smart.

USED CARS

Don't forget to look over our used car lot, there are a fine bunch of reconditioned used cars out there.

"Liberty Horses" with Barker Bros. Rodeo at Fair

Prancing, dancing, drilling, "Liberty Horses" will be put through their routines before grandstand audiences at the Pennington county fair as a feature of Barker Brothers combined rodeo and circus, which will appear Wednesday evening, July 29, and Thursday and Friday afternoons.

In addition to their galaxy of circus stars, Barker Brothers will stage a complete rodeo and wild west show, introducing many of the best bronc riders, steer-wrestlers and trick and fancy riders in this field of endeavor.

Barker Brothers, shows are under the personal management of Bill Blomberg, well known rodeo and circus producer. In this new show he promises the highest class entertainment that will appear at any fair anywhere this year.

ASKS N. W. WOMEN TO SALVAGE ALL HOUSEHOLD FATS

War Information Office Announces They Will be Paid 4c Pound

Women in all sections of the northwest states have come loyally to the aid of their nation by beginning the collection of household fats for the war program, it was announced this week by the state office of war information.

Fats are needed to make glycerine, which, in turn, is used in the manufacture of munitions, gun recoil mechanisms, propellants and other articles of war. Two pounds of kitchen fats will produce enough glycerine to fire five antitank shells.

Farmers' wives, like their sisters in the cities, are being asked to join the fats salvage campaign. The drippings from roasts, steaks, chops and deep fat used for such things as fish, doughnuts, and french fried potatoes are wanted.

Here are the general directions to housewives: Strain fats to remove meat particles and other foreign matter; keep in a can, not a glass or paper container; keep cool, take to the butcher shop in lots of one pound or more.

Housewives in Minnesota, North and South Dakota will receive 4c a pound for their fats. The price to meat dealers, handling the collections, will be 5c a pound, allowing the dealers a penny a pound for handling.

Seek Coordination of War Groups in County

Promoted to Lieutenant

PHILIP PRICHARD

Son of Mr. and Mrs. W. W. Prichard, who last week was commissioned as a lieutenant following his completion of an officers' training course at Fort Benning, Georgia. Previous to leaving on a new assignment Lieutenant Prichard is visiting this week at the home of his parents.

Plans for coordinating the activities of the various war agencies in Pennington county and for financing necessary expenditures were discussed at a meeting in the Civic and Commerce room Monday evening called by Paul A. Lundgren, chairman of the war bond campaign.

A motion was adopted to request the city council, county board and Mayor H. W. Kinghorn each to appoint one member of a three-man central committee. At the same time the council and county board will be asked to make a small appropriation to defray necessary costs of the various agencies for which funds are not available from the federal government. It was pointed out that some chairmen of the local war agencies have spent as much as $60 from their own funds to finance their activities.

Present at the meeting, over which Mr. Lundgren presided, were members of the city administration and county board, as well as chairmen and other officers of the various agencies, including civilian defense, rationing, salvage and Victory Aides.

NEARLY 100 TURN OUT FOR LUNCHEON OF REPUBLICANS

Two-Party System Must be Maintained, Guest Speaker Says

Addressing a gathering of nearly 100 men and women at a luncheon Friday noon in the Community church sponsored by the Pennington county Republican Women's club, Mrs. Chris Carlson of Blue Earth, Republican national committeewoman from Minnesota, declared that the two-party system must be maintained as a democratic safe-guard, even tho politics must be subordinated in time of war.

Charging that the present national administration places New Deal objectives ahead of winning the war, Mrs. Carlson cited the continuance in wartime of many New Deal agencies set up in the depth of the depression nearly ten years ago.

She also maintained that President Roosevelt must bear the major part of the responsibility for the nation's lack of preparedness at the outbreak of the war, pointing out that he has had the support of a subservient congress.

Others who spoke briefly were Miss Marjorie Thompson of Baker, vice chairwoman of the Republican state central committee; Mrs. Franchere, campaign manager for U. S. Senator Joseph H. Ball; and Frank A. Rinkel, chairman of the Pennington county Republican committee.

Mrs. Abbie Wassgren presided over the program, which also included community singing led by Mrs. J. N. Nesse and accompanied on the piano by Harold F. Harrison. Rev. S. S. Olafson, supplied the invocation.

Bergstrom Family Sets Local Record with Five Sons in Armed Services

With the entrance into army service July 31 of Leonard Bergstrom, his parents, Mr. and Mrs. Hector Bergstrom of this city, who have twelve children, have five sons in the nation's armed forces, setting a record for this community. Other sons in the service, all of whom either volunteered or enlisted, include Clarence, in the Coast Guard; Raymond and Walter, in the army; and Lionel, in the navy.

Nearly equaling this record are Mr. and Mrs. Christ Bugge, also of this city, who will have four sons in the service following the departure next Tuesday, July 28, of Ruben Bugge for army duty. Two other sons, Harold and Walter, are in the army, while Ernest is in the navy.

INDUCTING FARM WORKERS MAY BE PUT OFF TO SEP. 1

Selective Service Director Agrees to Defer Men for Harvest

Minnesota draft boards were authorized Tuesday to postpone induction of registrants necessary to harvesting activities until Sept. 1.

Authorization came in a telegram from Brig. Gen. Lewis B. Hershey, national selective service director, to Lt. Col. J. E. Nelson, state chief.

Nelson two weeks ago wired Hershey describing Minnesota's approaching "acute" farm labor shortage and asking the postponement.

Colonel Nelson pointed out that that with the two-week furlough between induction and reporting for active duty, some draftees will be available for farm work until approximately Sept. 10.

"This is merely a postponement of the induction," he said. "If a draft board, for example, postpones induction of 30 men for farm work now, this shortage will have to be made up later."

Text of Hershey's telegram to Nelson was:

"You are authorized to grant postponement of induction for those registrants you deem necessary to harvesting activity but no such postponement shall extend beyond Sept. 1."

LOCAL BANKERS TO ATTEND BAUDETTE SESSION SATURDAY

E. O. Peterson to Preside over Annual Clearing House Meeting

E. O. Peterson, president of the Northwest Clearing House association, will preside over the annual social and business meeting of the organization to be held at Wheelers Point near Baudette Saturday, July 25. Several other local bankers are expected to attend.

The annual business meeting and election of officers will be conducted at 5 o'clock, after which a banquet will be served at 6:30, followed by dancing.

The principal address will be given by Judge Luther W. Youngdahl of Minneapolis, other speakers including Walter H. Hull of the state securities division and William Duncan, secretary of the Minnesota Bankers association. Representatives of Twin City and Duluth banks also will be present.

Thanks Citizens for Aid in Scrap Rubber Drive

Mayor H. W. Kinghorn this week received a message from J. A. Shaughnessy, chairman of the petroleum industry coordinating agency, thanking local citizens for their cooperation in the scrap rubber collection campaign conducted recently thru filling stations of the community.

18-20-YEAR OLD REGISTRANTS GET NUMBERS

Youths Not Yet Subject to Service Given Order and Serial Numbers

QUESTIONNAIRES ARE SENT TO OLDER MEN

Large Group to Leave Next Tuesday Morning After Furlough

Arthur Berg, chief clerk of the Pennington county selective service board, announced today that notices were mailed out Tuesday giving the serial and order numbers of youths in the 18-20-year age group who were listed in the fifth selective service registration in June.

Serial numbers of this age group were assigned according to age, the oldest being assigned serial number 1. This number was given in Pennington county to Marlowe H. Wilde, Route 3, Thief River Falls. Order numbers for the young men included in this registration start with No. 10,739. Youths in the 18-20 age group are not at present subject to call for military duty.

Occupational questionnaires are being mailed ou this week to men of ages 45-65 who were listed in the fourth registration. When completed and tabulated they will give the federal government an accurate picture of the nation's industrial manpower. Mr. Berg urged that registrants fill out the questionnaires as nearly completely as possible before calling for assistance.

After spending two weeks at home on furlough following induction July 14 at Fort Snelling, members of a large county contingent will return to Snelling next Tuesday, July 28, to receive their assignments to duty. As the group is scheduled to leave Thief River Falls at 7:30 in the morning, no formal farewell sendoff will be arranged, it was indicated.

Three local registrants will leave for Fort Snelling Friday, July 31, to be inducted into the army, Mr. Berg stated. Included are Clarence Lundstrom, Leonard Bergstrom and Ed Kusmak.

City Water on East Side Shut off Tonight at 11

City water service on the east side of the river will be shut off this evening at 11 o'clock, and service will be suspended for a period of about four hours while a new valve is being installed, it was announced this morning by Ole Legvold, superintendent of the water and light department.

More than 100 Gardeners Compete for 39 Prizes in Victory Garden Contest

Well over one hundred gardeners of this community to date have entered the Victory Garden contest sponsored by the Junior Chamber of Commerce, Clarence Sande, contest chairman, announced today. He added that local business places are offering a total of 37 merchandise prizes to high ranking contestants, in addition to which there will be a first prize of a $25 war bond and second award of $10 in war savings stamps. Next Tuesday, July 28, is the final day on which gardens may be entered in the contest.

WAR BOND 10 PCT. CLUB IS STARTED HERE THIS WEEK

Open to All Setting Aside Ten Pct. of Monthly Income

The Pennington county war bond committee is this week starting the formation of the Ten Per Cent club, Paul A. Lundgren, county chairman, stated today. All persons who pledge at least 10 per cent of their regular monthly income are eligible for membership in the club.

Supplies and buttons have been left with the post office, the Union State bank, the Northern State bank and the First Federal Savings and Loan association.

Those who are now contributing 10 per cent of their income for the purchase of bonds and stamps are eligible for membership and anyone else may procure the regular button showing membership in the club by calling at any of the above institutions and signing the pledge.

The addition to be erected south of the present elevator, will be 26 by 32 feet in dimensions, and will be forty feet high, with a capacity of 20,000 bushels. The annex will be of wooden crib construction, with a concrete foundation.

In charge of erection of the annex will be the Ibberson Construction company of Minneapolis.

Daughter of Local Couple Has Thrilling Career

Visiting with her parents, Mr. and Mrs. Thomas J. Welsh, in this city is Mary Welsh, London correspondent of Times and Life magazines, who last week made the journey from Ireland to this country by Atlantic clipper. Included in her interesting experiences have been frequent radio broadcasts over the British Broadcasting company network. She is pictured above as she appeared on a "Let's Get Acquainted" program, designed to introduce British and American people to each other.

Revue, Vaudeville and Rodeo-Circus Scheduled

Comes from London to City in Less than Week

Leaving London, England, Monday of last week, and departing by plane from Ireland Tuesday evening, Mary Welsh, noted war correspondent, landed on this side of the Atlantic last Wednesday, and arrived in Thief River Falls Monday morning to visit for a week at the home of her parents, Mr. and Mrs. Thomas J. Welsh.

A graduate of Bemidji high school, Miss Welsh later attended Northwestern University at Evanston, Illinois, leaving before graduation to accept a position with the Chicago Daily News. In 1937 she went to London as a reporter for the London Daily Express. The past few years she has served as correspondent for Time, Life and Fortune magazines, with headquarters in London.

In private life Miss Welsh is the wife of Noel Monks, correspondent for the London Daily Mail, now on assignment in Australia. Mr. Monks visited the Welsh family here last year.

Miss Welsh has been a firsthand observer of many historic events, her duties including the covering of the Munich agreement in Germany, the fall of France and the bombing of London.

Stationed in London, she reported on the war for the first six months after its outbreak, and then was the first woman correspondent accredited to the Royal Air Force in France. At the time

MORE CANDIDATES FOR OFFICE ENTER COUNTY CAMPAIGN

Quale and W. E. Dahlquist Are Urged to File for State Senate

With several additional filings for county office this week, interest in the local political situation is picking up, with numerous more candidates expected to enter their names before the filing deadline next Thursday, July 30.

Included in the week's filings was that of Alfred Bredeson for the office of register of deeds, which position has been filled for many years by Fred Lorentson. Mr. Bredeson is at present chairman of the Pennington county board and of the county welfare board.

A contest developed in the fourth commissioner district with the filings of W. H. Mulry, incumbent, and Carl Christofferson, who had served for many years as alderman in this city. Perl W. Mabey, veteran local attorney, has entered his name in the race for second district commissioner, which post is filled at present by Mr. Bredeson. A. B. McLaughlin also announced late this morning that he is filing for the same position.

A second candidate for the office of county auditor also filed this week in the person of Arthur J. Fretland, for the past five years associated with the Farm Security agency here. A. M. Senstad had previously filed for reelection.

That there will be a third aspirant for the office of state senator from the 65th district, in addition to W. J. Douville and Eynar Jensen, Highlanding, appeared likely Monday evening when, at a meeting of local citizens, efforts were made to get either Theodore Quale or W. E. Dahlquist to file for the post. Neither of the two men has as yet revealed his intentions.

U. S. Navy Recruiter to be Here July 29-30

STORES TO CLOSE FOR PENNINGTON CO. FAIR THURSDAY AFTERNOON

In accordance with time-honored custom, stores in this city will remain closed next Thursday afternoon, July 30, which has been designated as Thief River Falls Day at the Pennington county fair. Many other business places also will close for the afternoon to give their proprietors and employes an opportunity to witness the daytime program at the exposition.

"Americonga" Revue Offering in Front of Grandstand Three Nights

RODEO AND CIRCUS ALSO TO BE FEATURE

Fine Exhibits Anticipated in All Departments of Exposition

The fairgrounds in Thief River Falls will be the focal point for citizens of Northwestern Minnesota from next Wednesday, July 29, thru Saturday, August 1, when the 41st annual Pennington county fair, largest exposition in this section of the state, will be in progress, offering one of the most outstanding programs of entertainment in the long history of the event.

Barker Brothers Rodeo and Circus will supply the program Wednesday evening, as well as Thursday and Friday afternoons. The offering will include the thrilling spectacle of cowboys bulldogging steers, in addition to troupes of trained Shetland ponies, Alaskan huskies and buffalo.

For the last three nights of the fair, the well-known Barnes & Carruthers agency will present the spectacular revue, "Americonga", a colorful production comprising five different scenes of dancing, singing and comedy, all based on a Latin-American theme.

Topnotch vaudeville and circus acts to augment the afternoon and evening programs include the Noble Trio, performing on high parallel bars; Little Egypt, a comedy number featuring a synthetic camel; Hank Siemon, gifted ventriloquist; the Hanneford Family, equestrians from the "big top"; the Smiley Dalys, circus clowns; and Weber Brothers and Chalita, breath-taking tight-wire act.

Spectacular automobile races under the direction of Jone Sloan of the Racing Corporation of America had been scheduled for Saturday afternoon, August 1, but it appeared yesterday that it would be necessary to cancel this portion of the program unless the federal government delays its ban on auto racing, now scheduled to take effect after July 31. If the races are canceled, definite announcement of a substitute program will be made in advance of the fair, Secretary A. V. Berge stated.

To entertain patrons of the midway section of the fair, the Dee Lang Shows will be on hand, presenting fourteen varied shows and as many rides of all kinds.

Nuptials Read for Beatrice Olson and Lloyd J. Peterson

Before a pink and white arch of lattice work interwoven with baby breath and garden flowers, Beatrice Ethel Olson and Lloyd J. Peterson spoke their marriage vows at the Gospel Tabernacle on Saturday, July 18, at 8:00 p. m. Rev. G. R. Carlson prompted the *single ring ceremony* at which 200 friends and relatives were present. The bride is the daughter of Mr. and Mrs. Oscar H. Olson of this city and the bridegroom is the son of Mr. and Mrs. Anton Peterson also of this city.

The bride entered the church on the arm of her father to the strains of the wedding march from "Lohengrin," played by Mrs. G. R. Carlson, the pastor's wife. Other nuptial music included "I Love You Truly" sung by Miss Vera Rockstad.

Attendants were Miss Esther Olson, sister of the bride, as maid of honor and Grace Olson, sister of the bride, and Barbara Austad, niece of the bride, as bridesmaids. Wallace Mattson of Newfolden, cousin of the bridegroom, was best man and other gentlemen attendants were Adolph Johnson, cousin of the bridegroom, and Roman Paulson.

The bride wore a white silk marquisette gown with lace insertions and a finger-tip veil caught by a tiara of flowers. She carried a bouquet of red better-time roses mixed with baby breath and fern. The maid of honor was attired in an aqua blue silk marquisette gown with lace insertions set off by a corsage of carnations. The other maids wore yellow silk marquisette and pink net gowns with lace insertions. They both wore corsages of pink tea roses.

Following the ceremony a reception was held for approximately 200 friends and relatives, given by the members of the Gospel Tabernacle. A two-tiered wedding cake trimmed in pink and white and topped by a miniature bride and groom centered the bridal table. [illegible] lighted tapers and streamers completed the setting. Rev. G. R. Carlson was toastmaster for the evening and he also furnished some musical numbers. The program included a duet sung by Rev. and Mrs. R. E. Smith of Aitkin, cousin of the groom; a duet sung by Rev. and Mrs. G. R. Carlson; a trio by Evelyn, Myrtle, and Florence Wickstrom of Moorhead who sang "Together With Him Life's Pathway We Tread," accompanied by a vibra harp. Special guests at the reception were Mr. and Mrs. Irvin Strandquist of Argyle and Mr. and Mrs. James Gusa of Holt, who were married within the last five weeks at the Gospel Tabernacle. Out of town guests at the wedding included Miss Avis Rockstad of Lake Forest, Ill., Mrs. A. E. DAUGHTER OF LOCAL COUPLE FLIES HERE FROM LONDON, ENG.

(Continued from page 1)

of the fall of that nation, she was forced to leave all her possessions and flee the country by way of Bordeaux, experiencing bombing and machine gun attacks.

In England since June, 1940, she came safely thru more than 300 Nazi bombing attacks on the city of London.

Asked by a Times reporter about the possibility of setting up a second front in Europe, Miss Welch stated that while America is building a magnificent army in Great Britain, far better trained and equipped than in the last war, it is necessary to face the facts involved in an invasion of Europe.

Pointing out that perhaps half of the invading forces would be supplied by the United States, she stated that highest British and American military authorities estimate that 60 per cent of the first wave of invaders would be casualties. An attack, she pointed out, involves tremendous problems of organization and supply, in addition to which all available ports on the European mainland are well fortified by the Germans.

Referring to living conditions in England, Miss Welch said that all essential foods, except vegetables and bread are strictly rationed, and each person is allowed to spend only about $1.25 a week on meat, bacon, sugar, tea, cheese, butter and oleomargarine, with an allowance of one egg a week if available. Clothing also is rationed, she said, and prices are controlled.

Miss Welsh stated that confidence in Prime Minister Winston Churchill has not diminished, and that, unless there is a succession of major defeats, he probably will hold his power.

GIRLS TO GET WAR TRAINING AT NYA SCHOOL IN WARREN

To Open Classes in Aviation Sheet Metal Work and in Radio

According to announcement made by C. B. Lund, regional administrator, the NYA resident center located in the North Star college building at Warren will train girls to take their places in all-out war production efforts.

Girls between 17 and 25 years of age will be given the opportunity to receive training in aviation sheet metal and radio. In aviation sheet metal the girls will learn to handle all the different types of machinery used in this work, study the different types of metals, learn to weld and rivet. After their course of enrollment is completed, they will be given opportunities to take jobs in defense industries.

The girls in radio will learn to assemble and repair radios, and communications. After their course of training, they will be eligible for a placement in war effort work.

The girls will train 160 hours a month. For their work they will be paid $30.00 per month, from which approximately $18.00 will be deducted for their subsistence which includes board, room, medical, dental care, and hospitalization. The center will have capacity to train one hundred and ten girls. All girls will be housed and fed at the project site. The shop training program is under the supervision of five well qualified supervisors.

Any girls interested in making application for the valuable defense training may do so by applying directly to the Defense Center at Warren or to their local United States Employment Office. After applications are received, selection will be made on the basis of age, education and interest in the training.

Illinois-Iowa Picnic at Crookston Sunday Is Attended by 3,000

Former residents of Iowa and Illinois now living in northwestern Minnesota gathered in Central park at Crookston Sunday for the annual picnic of their association, with the Crookston Chamber of Commerce aiding in entertaining the group.

An address by Joseph Kise, Moorhead, former state commander of the American Legion, a varied musical program, and a series of novelty contests provided entertainment during the afternoon after an hour concert by the Crookston municipal band, playing during the serving of the picnic dinner.

Dean Wiley, secretary of the Chamber of Commerce, welcomed the estimated 3,000 persons to the picnic as the afternoon program opened. Otto A. Will county AAA chairman, addressed the group briefly and V. C. Noper of Thief River Falls master of ceremonies of the program, conducted the community singing.

Farm and Implement News

War news is what we listen to now days, but there is always other news of importance and our efforts are to give some news occasionally which we feel worth while.

FARM MACHINERY

Farm machinery is hard to get and not near enough to go around. But we have been fortunate in a good supply carried over and fill in shipments from time to time, so we are still able to supply some lines.

We still have a Corn Binder to sell. We have a few Grain Binders, Minnesota and Mc-Drg.. Included are two 10-ft. Tractor binders.

One Mc-Drg. Ensilage cutter.

We have a fair stock of Tractor Plows, 2 and 3 bottom. We have in stock something new in a No. 4 McCormick-Deering two bottom 14 in. tractor plow with heavy beams, three wheels, with spring trip hitch complete with colters at only $115.

We have the new style heavy steel wheel Mc-Drg. model "H" tractors.

We have several very good values in used tractors.

We have one 28-in. Used Grain Thresher in good condition. Other machines also. But if you need anything in the way of machinery for the next two years or even longer, now is the time to get it.

NEW AUTOMOBILES

We have only four new cars to sell and when they are gone, there is no question—its all for the duration. If you need a car, get your order in.

USED AUTOMOBILES

Our stock of used cars are going, but we do have about 10 left of the best from 1937 models and older. These cars have been reconditioned and most of them repainted. Some mighty fine looking jobs and we want to close them out so our prices are cut to the core. I'm sure you will be pleased, so be sure and look them over in our back lot.

USED TRUCKS

Just two left and that's the end. The one of them a 1½ ton International D30 and with 1942 new motor and all tires just like new. It's a new value at not much over half price.

The other is a 1934 Chev. 1½ ton but has not been reconditioned because of lack of time, so we offer as is at $85.00.

There is also a model "A" 1929 Ford Pickup with four very good tires at $45.

NEWFOLDEN

SERVICES HELD FRIDAY FOR PETER OLAI BERG

Funeral services were held in the Bethlehem Lutheran Free Church of Newfolden Friday, July 16, at 3:00 p. m. for Peter Olai Berg, who passed away on Saturday, July 11, at the age of 80 years, 1 month, and 14 days, after a prolonged illness. Rev. E. L. Tungseth of Thief River Falls officiated and delivered the funeral sermon. Rev. G. Melby of Hallock and Rev. C. Ostby of Grygla brought greetings and expressions of sympathy for the bereaved. Songs were rendered by the Huglen sisters trio, Mr. Gudium sang "Saet Mig Saa Jeg Ser Dig Jesus," the pastors of the circuit sang "When My Soul Reaches Home," a duet by the Huglen sisters" and a group of small girls sang "In the Sweet By and By". Pall bearers were Carl Hanson, Halbert Amundson, Otto Hjelle, Oscar Oswald, John Dyrud and Hjalmer Stokke, all of Newfolden. Beautiful floral wreaths and many memorial gifts were contributed. Funeral rites were also held in the Bethel Lutheran Free Church of Erickson, Manitoba, Canada, where the deceased had resided and from the church of which he was a chartered member.

The deceased was born in Syvde Sondmore, near Allesund, Norway, May 27, 1862. In the year 1884 he emigrated from his fatherland and entered the United States July 3 of the same year. He came to Donnelly, Minn., where he resided for some time. On November 28, 1888, he was united in marriage to Olive Anderson from Grue Solor, Norway. Later the family moved to Aitken where they resided for two years, and then moved back to Donnelly. In the year 1903 the family immigrated to Canada and settled in Erickson, Manitoba, on a farm there. These last years he divided his time staying at the homes of his children, and his last year he spent with his daughter, Mrs. G. P. Ronholm, where he passed away.

Surviving him are a daughter, Mrs. G. P. Ronholm of Newfolden; a son, Rev. Sigurd Berg, Hampden, N. D.; two sisters, Mrs. Charley Green, Battle Lake, Minn., and Mrs. Hannah Priest, Haney, B. C., Canada; and also 11 grandchildren. His wife and three sons, one unnamed, and Elmer and Ole preceded him in death.

Mrs. H. J. Pfiffner and son, Mr. and Mrs. H. M. Hanson and son and daughter from Warren, Mr. and Mrs. Peder Pederson of Rosewood, Mr. and Mrs. Clarence Hanson and family and Mr. and Mrs. Carl Hanson and Ruth from Newfolden, and Mr. and Mrs. A. H. Anderson of Barum were guests at the Carl Olson home Sunday afternoon, the occasion being a family reunion.

Sunday guests at the Gunder Olson home were Mr. and Mrs. Omar Lambert of Trail and Raymond Spencer of Chicago. They were accompanied back by Caroline Spencer who had been a guest at the Gunder Olson home for a week.

Mr. and Mrs. Ted Lendobeja, Glenn and Grandma Brorby motored to Hazel on Friday evening to call at the Ole Odegaard home. Grandma Brorby remained for an indefinite visit.

The rain on Saturday certainly did wonders for gardens, potatoes, pastures and late flax. The strong wind and heavy down-pour flattened some of the fields, but they seem to have risen again without any visible bad effect.

The oldest institution of higher learning in Minnesota, Hamline University, was founded in Red Wing in 1854.

1.65 Inches Rain Falls in Hard Shower Saturday

A short-lived heat wave in which the mercury last Friday afternoon rose beyond the 90-degree mark was ended Saturday by a driving rain that brought a total precipitation of 1.65 inches, according to the power plant rain ghuge. The rain caused some lodging in the heavier fields of grain. Since Saturday moderate temperatures have prevailed.

To protect our customers and ourselves we purchased tremendous stocks of such merchandise as was available.

Our two stores are crowded, and in addition we have five warehouses bulging with Pianos, Living Room, Dining Room and Bedroom Furniture, Appliances, Radios and Floor coverings.

There is now talk of Inventory Ceilings being put into effect. Frankly, we're reducing our stocks for just that reason.

Our losses are your gains. Hundreds of items we are offering are no longer procurable—none will be obtainable for the duration in good old pre-war quality.

I personally guarantee every offering to be the finest values we have ever offered.

THE PEOPLE ARE "ALL OUT" NOW

Half a dozen columnists and commentators of national reputation told us, over the week-end, that we should start taking this war seriously, that we must start realizing that the war can be lost—in fact, will be lost if we don't snap into it. Their appeals presumably were intended to arouse the American people to greater effort, and while we agreed with all that was said by these Paul Reveres of the press and radio, somehow their exhortations left us a little cold.

It is our opinion that the American people do not have to be needled into a "state of mind" in order to win this war. The American people have demonstrated time and again that they are willing to do all and everything that is required of them. The young men are going into the service cheerfully, expecting to see it rough. The folks at home are doing everything the government asks them to do, even the things that seem, and some of them probably are, nonsensical.

As we see it, the one discouraging thing about America's war effort is the utter lack of confidence of America's leaders in the American people. The rank and filer in this country is willing to go the limit, and this willingness to sacrifice is not based on any sentimental concept of patriotism or duty. The present attitude of the American people is realistic, not sentimental, and the motive is that strongest of all motives, self preservation. We are not fighting this war to save the world. We are fighting it to save ourselves. Our leaders apparently do not realize that Pearl Harbor transformed our thinking.

America's strength is the strength of its people; it's weakness is the weakness of it's leaders. Whatever shortcomings our war efforts may have, they are the shortcomings of those who are directing our activities. That mistakes have been, and are being made, is not surprising. In many respects the record of our accomplishment is remarkable. But for the guidance of those who believe America must be aroused to a realization of the seriousness of our situation, we respectfully submit that they should ride their horses through the streets of our national capital and spread the news to some of our law makers and the blockheads who are the leaders of various special groups. Some of them definitely should be informed that our nation is at war.

And another group of mighty men in Washington who need to be informed that there is a war is that army of department heads who have been given broad powers of regulation and control. They themselves should be regulated and controlled to the extent that their edicts and orders and pronunciamentos should be cleared through one agency that would give them to the public in a more easily digested form. Too many of our department heads reach for a mike and start beating their gums before their ideas have crystalized, with the result that the public is subjected to much unnecessary confusion. There are too many commands and counter commands.

But we are not worried about the American people. They are "all out" now to win.

Next week is Fair Week and it probably will be the last Fair we will have until the boys write letters home from Tokyo and Berlin. Attendance at other fairs held recently in the Valley has been good, indicating that people still want to take a holiday now and then. It seems like a good idea. There is a labor shortage in the community and more than the usual amount of work to be done. There isn't much time to play. But the Fair this year comes between the rush of haying and harvest and a little outing at this time is certainly justified.

None but the Nazis themselves know whether or not their Russian campaign is developing satisfactorily. They are the only ones who know what their objectives have been. For more than a month now they have been pushing ahead with tremendous power, and they have gained ground. But it is possible that while they are gaining ground they are also losing the battle. Certainly there is no indication that the Russians are demoralized. The blitz is not blitzing nearly as effectively as it was a year ago at this time. When we consider that the expert observers believed Russia would be conquered in six weeks, the news from that front now seems very favorable.

Professional auto races are booked for the Saturday afternoon program at the fair but unless the government extends the time limit for races this part of he program will not be presented. Races of this kind, featuring some of the country's leading drivers, would be a real thrill show, but if it can't be done it can't be done.

The federal tax on the outside gate at the fair will be absorbed by the Association, leaving the admission price at 25c, and children, of course, will be admitted free as usual. The Pennington Fair was one of the first in the state to lower admission prices and the lower admission cost has been a big factor in building attendance.

That looked like a bad storm as it came up from the northwest last week but it turned out to be a very beneficial rain, and we have heard many nice things said about the weather man. Incidentally, among other things to feel good about, the grasshoppers and crickets have passed us by this year and the mosquitos have not been too bad.

RECREATION HIGHLIGHTS

Much interest is being shown in the different types of recreation offered to the people of this city this summer.

There are two play grounds, one at East-side park and one at Tindolph park which are opened each day from 1 to 6 o'clock.

Games played at East-side park are baseball, horseshoe, ping-pong, tennis, archery, and croquet.

At the swimming pool life guards are on duty from 10 in the morning until 9 at night.

In Tindolph park if you tire from a swim you may make use of different games that are available there. A volley ball court has just been made which will afford one much pleasure.

In the arena in connection with the puppet theatre we have a quiet game room which is opened each Monday, Tuesday, Thursday and Friday afternoons. Here one may work and play for their diversion.

On each Wednesday an 8-hour camp day is held. Those wishing to take part in this activity meet at the Arena by 10 o'clock, with food and drink for the noon hour which he cooks in the open. This is a very popular activity this summer. Last Wednesday's group consisted of 37 children, who had much fun.

THIEF RIVER FALLS FIRE DEPARTMENT IN DEMONSTRATION

Bring Fire-Fighting Unit to Regional Fire School at Hallock Sunday

A dozen members of the Thief River Falls fire department and auxiliary firemen journeyed to Hallock Sunday with the smaller fire-fighting unit and gave a demonstration as a feature of the Northern Regional Firemen's association's annual fire school. A total of 117 firemen were present.

Chief Clarence Strom of McIntosh, president of the regional association, presided during the meeting. Mayor Ted Jansen welcomed the visitors and response was made by Chief Ross Schmidt of Crookston, secretary-treasurer of the group.

Speakers included Newell R. Johnson, commissioner of insurance and state fire marshal, St. Paul; Charles Gehrke, deputy state fire marshal, who gave a demonstration in connection with incendiary bombs and gases and Pete Johnson, Bemidji, district fire marshal, who emphasized the proper care of fire equipment.

Two Outstanding Films Set for Local Theatres Over the Next Week-end

The Technicolor production of Rudyard Kipling's "Jungle Book" will be presented at the Falls theatre Sunday and Monday, with a midnight prevue Saturday evening at 11:15. The cast is headed by Sabu, a native of India who has been starred in several previous productions, and also includes Joseph Calleia, John Qualen, Rosemary DeCamp and Patricia O'Rourke.

James Cagney will be starred in "Captains of the Clouds", a Technicolor film dealing with the exploits of the Royal Canadian Air Force, which will be the offering at the Avalon theatre Saturday, Sunday and Monday evenings, with a matinee Sunday afternoon. In the supporting cast are Dennis Morgan, Brenda Marshall and Alan Hale.

Odd Fellows, Rebekahs Plan Picnic Tuesday

The Odd Fellow and Rebekah lodges will hold a picnic up Thief River on Tuesday evening. Members will assemble at the Odd Fellows Hall at 6:30 and all Odd Fellows, and their wives and Rebekahs and their husbands are invited to attend. Boat rides, wiener roasts and games will be on the program.

STEINER

Congratulations are in order for two local young folks, Harlan Knutson and Violet Claussen, who were married Thursday, July 9 at Mavie. A party will be given in their honor Saturday at the hall. The young couple will make their home on a farm near Steiner.

Those from here who motored to Newfolden Sunday were Mr. and Mrs. Chester Dyrud and family, *Anna Ose, LaVerne and Emerald* Upland. They were present at a party given in honor of Lester Eiseth, a buddy in the army, who is home on a furlough. Lester is stationed in Georgia.

Olga Klungness who has been employed at Beverly Hills, Calif., arrived recently and is visiting a few months with relatives.

Ingvald Pederson and mother returned from International Falls last week where they were present at the funeral of their nephew and grandson, Harvey Jensen, a service man, who was killed in an airplane crash in California. Mr. Jensen will be remembered here by many, having lived here before moving to North Dakota, and now his home was International Falls.

Mr. and Mrs. Nels Gunderson received word that their daughter Nettie who has been employed in Washington, D. C., has been transferred to Port Worth, Texas.

Raymond Anderson, son of Mrs. Augusta Anderson, who is employed in Cleveland, Ohio, as electric engineer, accompanied by his aunt, Mrs. Emily Beckman, of Des Moines, Iowa, visited Thursday and Friday with relatives here and in Thief River Falls, also in Bemidji with Raymond's mother. Raymond attended grade school at Steiner.

Mrs. Henry Thoe and son Jimmy of Roseau called at the Edwin Swanson home. Mrs. Beckman and Mrs. Thoe are sisters of Bill and Edwin Swanson.

A shower was given in honor of Mrs. Clifford Jorde Friday afternoon at the Steve Jeannette home. About 28 ladies were present, including Mrs. Lloyd Johnson and Olive Jorde, Mrs. G. Wilkins, Mr. and Mrs. Geo. Hansen, of St. Hilaire, Mrs. Roy Randorf, Mrs. Anna Randorf, Mr. and Mrs. Chris Anton and family, Mrs. Hans Anton, Jr., Mrs. Geo. Busse, all of Thief River Falls, and Mrs. Mary Kisch. A baby buggy trimmed in blue and loaded with gifts, was brought in by little Phillip Jeannette. A lovely lunch was served by the self invited guests.

Company Sunday at the Ada Jorde and Tom Jacobson homes were Mrs. Sara Bushy and family and Mr. and Mrs. F. Bushy of Crookston.

Mrs. Bertha Saugen, entertained on Sunday in honor of her daughters, Mrs. Robert Casey and Bernice Saugen, who arrived here this week. Their guests were Mr. and Mrs. Charley Sorenson and family of Thief River. The girls will leave the later part of this week for Washington and Jefferson Barracks, Missouri, where they are employed.

Wanda Risberg of International Falls was a week end guest at the Rene Werner home. Wanda is a cousin of the Werners. Thursday afternoon visitors were Mrs. Dennis Weggie, son Jimmy and daughter Beverly, Mrs. John Hagberg of Thief River Falls, Mrs. C. Larson of Holt. Sunday visitors were Bernice Saugen and Edson Hillyer.

Mr. and Mrs. Edwin Swanson and family, Bill Swanson, Mr. and Mrs. Albert Swanson and family, Mr. and Mrs. Victor Swanson and son Erwing were dinner guests on Sunday at the John Kast home at Goodridge.

Mr. and Mrs. Andrew Kisch and family, Mrs. Adolph Steinhauer and family motored to Gully Sunday, *where they were guests for* the day at the Omlid home.

Mrs. Mary Kisch of Thief River Falls, has been a guest at the Muzzy home from Wednesday to Friday. On Friday she was a dinner guest at the Meyer and Whitman homes.

Mr. and Mrs. F. E. Kaiser and daughter of Richville, called at Kisch's Saturday and to attend to business matters at his farm here. They left the same day for Bagley.

N. E. Muzzy and L. Meyer arrived on Saturday from the Warren fair with their herd of pure bred cattle, bringing home all honors of first prizes.

Company Saturday and over the week end at the Emil Rux home were Mrs. Rux's sisters, Mr. and Mrs. K. Knutson and family of Blanchard, N. D., and Mrs. Alvin Lein and family of Hillsboro, N. D. and Mrs. Rux's parents, Mr. and Mrs. E. Whitson of Grygla. Sunday the group, accompanied by Mr. and Mrs. Emil Rux and girls, motored to Grygla where they were guests to a chicken dinner at the William Whitson home. Eleanor Dahl returned to North Dakota with her aunts Monday, where she will visit for a few weeks.

James Copp, Bernice Halverson, Ardith Copp and Melvin Saugen met at the Meyer home on Sunday to plan and decorate a booth at the fair. Another group also met, Joyce Meyer, Albin Grytdal, Ann Hillyer and Leroy Copp, on the community club program for Wednesday night. Other visitors at the Meyer home were Mr. and Mrs. H. Stroberg of Rockabury, Mr. and Mrs. Vernon Copp and Fred Copp.

COUNTY FAIR OPENS WEDNESDAY, JULY 29 FOR FOUR-DAY RUN

(Continued from page 1)

All departments of the fair will have more than the usual excellent displays of livestock, grains, garden products, poultry, culinary items, fancywork and practical sewing and educational exhibits.

As a result of the Victory Garden contest being conducted by the Junior Chamber of Commerce, which now has more than 100 gardeners competing, this department of the fair's exhibits promises to be the biggest ever, a condition of the contest being that the contestant show his products at the fair.

Thursday will be Thief River Falls Day at the fair, with most business places in the city closing for the afternoon. Friday, July 31, has been designated as Farmers and 4-H Club Day, while Saturday, August 1, will be War Bond Day.

Single admissions to the fair gate will be 25 cents, with children under twelve years of age being admitted free as in the past.

Large Gathering Enjoys Municipal Band Concert

Favored by ideal weather Friday evening, the first open-air concert of the season by the municipal band in the west side park attracted a large audience of local citizens. Vern Keifenheim directed the band in its presentation of a varied program.

PUBLIC OPINION

To the Editor:

Army and navy communication to schools are urgently recommending that prospective draftees be given refresher courses in English, arithmetic and mathematics.

If any young men of Thief River Falls wish to take such refresher courses the undersigned will be glad to arrange classes or other opportunity without any cost to the draftee.

Results of last week's matches: Oen's (151), defeated Lincoln Life (152).

Poppler's Furniture (147) defeated the Soo Line (153).

Bratrud Clinic (149) defeated the Rex Cafe (156).

The Mint (147) defeated the Harts Bakery (154).

J & B Drugs (149) defeated the T. R. F. Times.

Friday evening's schedule:
Lincoln Life vs. Bratrud Clinic.
Oen's vs. Harts Bakery.
Poppler's Furniture vs. The Mint.
J & B Drugs vs. Soo Line.
Rex Cafe vs. T. R. F. Times.

The Oen's team, with Roy Oen shooting a 39 net, Tom Jorde carding a 36 net, Carl Hanson scoring a net 37, and Karl Kollis shooting a 39 net, totaled a 151 to edge out the Lincoln Life on Friday evening. In spite of Floyd Daniels' 34 net and Lloyd Bennes' net 35, the Lincolns were not able to score below 152, and lost their match to the Oen's by one stroke.

Tomorrow evening's schedule will be featured by the match between the red-hot Bratrud Clinic team and the Lincoln Life. The two teams are tied with the Poppler's for the league lead.

Two are Fined as Result of Scuffle Sunday Night

Arrested Sunday night after a scuffle in front of the Golden Glow tavern on LaBree av., which resulted in the breaking of a plate glass window, George Feragen and Arthur Nelson, State av. N., were brought into municipal court Monday. Judge Lincoln Arnold ordered each to pay a $3 fine in addition to making a payment of $24 to cover the cost of a new window.

Up From the Ranks!

George F. Kruse, 27, son of Mr. and Mrs. J. C. Kruse of Thief River Falls, was among the former Marine non-coms who received second lieutenants' commissions in the Marine Corps reserve at Camp Elliott, Calif., last week. The men were graduates of one of the first field officers' candidates classes conducted at the training center near San Diego.

OLD PHONOGRAPH RECORDS WILL BE COLLECTED HERE

Major Schilbred Announces Legion Post to Sponsor Local Campaign

Under the sponsorship of the local Legion post, which is cooperating with the national organization, a campaign for the collection of discarded or broken phonograph records will continue until the end of July, Major G. Schilbred, post commander, stated this week.

The records thus collected, he explained, will be sold to the record makers as scrap, and new records will be purchased at factory cost price for distribution to the American armed forces in all parts of the world. He added that there will be no profit in the collection, for anyone, as the records will pass thru the hands of no middlemen.

It was announced that records may be left at the Hitterdal Music House, or if donors will call Major Schilbred, arrangements will be made to pick them up.

Lynn U. Stambaugh, national commander of the American Legion who heads the drive, is hopeful that the campaign will net 37,000,000 old records.

Dorn Named Marine Crops Reserve Recruiting Aide

Because of outstanding help given the Marine Corps in their current drive for additional enlistments, A. H. Dorn of this city has been named reserve recruiting official. His certificate of notification was signed by Col. R. M. Montague of Chicago, officer in charge of the central recruiting division. The Minneapolis district, headed by Captain W. L. Harding, includes the states of Minnesota, North Dakota and South Dakota.

A new multiple-head screwdriver will handle up to four screws at once.

Pitchers' Duel Ends in 15 to 3 Win for Locals

E. G. FORKS JRS. WIN SUBDISTRICT BASEBALL TITLE

Thief River Falls Team Is Eliminated in First Round by Oslo

East Grand Forks, defeating Warren, 12 to 5, and Oslo, 4 to 1, successfully defended its American Legion junior baseball sub-district championship Sunday. The tournament, scheduled for the Oslo field, was transferred to East Grand Forks when Saturday's rain made the Oslo diamond unplayable. Thief River Falls was eliminated from the tournament when it dropped a 7 to 1 decision to Oslo in a first round game Sunday morning.

The locals picked up a score in the 1st inning on singles by Harlan Olson, Billy Bye, and Milt Reierson; and had the bases loaded, but Bob Baker, Marlyn Dorn, and Billy McKechnie, were strikeout victims, to end the rally. Oslo, in its half of the 1st inning, put together a base on balls, a single, a fielder's choice, and Imsdahl's long triple, to mark up three scores. Paul Swenson added an Oslo score in the 5th inning when he poled out a homerun.

Swenson attempted an "iron man" stunt when he took the mound for Oslo in the championship final against East Grand Forks, and he turned in a first-rate game. Swenson allowed the East Siders but five hits, while his mates were collecting six hits off Ray Martin's hurling. Four errors by Oslo's shortstop; and two fast double plays by the East Grand Forks infield, were the factors that returned the East Grand team the winner.

Five Marshall Co. Men Enter Service July 31

Scheduled to leave Warren July 31 for limited military service are five Marshall county selective service registrants, including Kenneth L. Hanson, Newfolden; Melvin O. O. Larson, Gatzke; J. Henry Barneck, Warren; Joseph K. Tangedal, Lockhart; and France H. Johnson, Strandquist.

RECEIVE WORD OF SON'S SAFE ARRIVAL IN BRITAIN

Mr. and Mrs. Charles Dicken this week received word of the safe arrival in Great Britain of their son Alvin, who was inducted into the army in January.

Raking Lloyd Swedin's right-handed delivery for seven hits and seven runs in the 7th inning, the locals broke up a duel between Lefty Lorentson and Swedin, and gave Thief River a 15 to 3 decision over Karlstad in a game played here Sunday. Manager Ole Ness will take the locals to Radium next Sunday for a return game with the Marshall county team.

A single by Gordy Reierson, a two-base muff of Wally DuChamp's fly ball, an infield single by Jimmy Anderson, and an error on Bob DuChamp's ground ball, gave the locals two tallies in the 1st inning. Karlstad shoved across a marker in the 2nd inning on a base on balls, a hit batsman, and a fielder's choice. Thief River added two scores in the 4th inning. An error on Helquist's fly ball, Lorentson's sacrifice, a walk to Bennett, a double by Reierson, and Wally DuChamp's infield out, accounting for the runs and giving the locals a 4 to 1 lead going into the 7th inning.

Woody Almquist reached second when the Karlstad shortstop muffed his high fly; Wally DuChamp singled into left field; Anderson shot a single past shortstop, scoring Almquist; Bob DuChamp doubled down the left field foul line, scoring Wally; Berdeen Nornes squirted a hit between first and second, with Anderson and Bob DuChamp scoring; Lenny Helquist hoisted a double into left field; Lorentson singled through the infield, scoring Nornes; and after Bennett had whiffed, and Reierson had been called out, Almquist looped a hit over shortstop, to score Helquist and Lorentson; Wally DuChamp grounded out, pitcher to first, to end the inning.

With Woody Almquist on the mound, Karlstad bunched two bases on balls with hits by Swedin and Edgar Johnson to push across two run in the 8th inning; but the locals rushed back with four tallies in their half of the 8th inning, on the side-arm slants of Olstad, who replaced Swedin on the mound for Karlstad.

Lenny Lorentson, in marking up his fourth win, turned in another fine performance for the local club, allowing but three hits and one run in the seven innings he pitched, and collecting 14 strikeouts.

Bridgemans Still Hold Safe Margin in the League Standings

City D-Ball League

Bridgeman's	5	2	.714
DeMolay	3	3	.500
Kiewel's	3	4	.428
Red Owl	2	4	.333

Results of week's games:

July 15th, Red Owl, 11; Kiewels, 6.

July 17th, Kiewel's, 10; DeMolay 5.

July 21st, Kiewel's, 22; Bridgeman's, 11.

To avoid conflicting with the Fair the D-ball teams will take a recess next week; but the schedule will be resumed on Aug. 4th, when the DeMolay meets the Kiewel's and on the 5th the Red Owl will play Bridgeman's.

Red Owl, 11; Kiewel's 6.

Behind Al Ness' six-hit pitching the Red Owls scored a 11 to 6 triumph over the Kiewel's. It was Al's first game since pitching the Harts team to the city championship last year, and he hurled a fine game, collecting six strikeouts. Wayne Anderson and Wally DuChamp shared the pitching duties for Ole Ness' club.

Kiewel's	004 002	6	6	4

Batteries—A. Ness and J. Anderson; W. Anderson, W. DuChamp and O. Ness.

Kiewel's, 10; DeMolay, 5

In spite of homeruns by Billy Bye and Vern Tormoen the DeMolays dropped a 10 to 5 decision to the Kiewel's Friday evening. Bob DuChamp pounded out a homerun for the winners in the 4th inning. The DeMolay's Si Kompelien was the game's batting star, with three hits in three times at bat.

Kiewel's	320 130 1	10	8	4
DeMolays	310 001 0	5	9	4

Kiewel's, 22; Bridgeman's, 11.

The Kiewel's walloped the league leading Bridgeman's Tuesday evening, scoring an easy 22 to 11 win. Berdeen Nornes, with two homeruns, a triple, and a double in five trips to the plate, led the Kiewel's attack on Bridgeman pitchers Harold Hanson and Kermit Mahlmont.

It's a Race Again

Now that the Lincoln Life team has been knocked out of the undefeated class, the Victory Golf league has again turned into a free-for-all. The Oen's team squeezed out a one stroke win, 151 to 152, in their match with the Lincolns last Friday evening. And this week the Lincolns are apt to get another loss pasted on to their record, for they meet the Bratrud Clinics.

Last week's match was a heartbreaker for Lloyd Bennes to lose. His team held a comfortable lead coming to the 9th tee, and if Floyd Daniels and Hans Chommie had been able to card fours on the par three 9th hole the Lincolns would have won, but they each took a five. Lloyd's nervous system isn't able to stand many 9th holes like that.

There are four rounds remaining to be played on the league schedule, and with seven teams in position to win the championship the next month of play should be plenty interesting.

A Challenge

And it's been accepted. Phil Prichard, who has just completed the Officer's Training course at Fort Benning, Ga., and been commissioned a lieutenant, is home on a short leave and he has challenged Cliff Bjorkman to a trapshooting match. Last year Cliff took Phil to the "cleaners", and the beating and the loss of a bet has been a sour memory to Phil. Having heard reports that Phil has been given an expert's rating in gunnery and that he has been getting in a lot of practice, Cliff is somewhat doubtful about repeating his last year's win; but he is going to shoot it out. The match is scheduled for this evening.

He's the Eighth

The local ball team will lose their eighth player to the army next Tuesday when third baseman Bobby DuChamp leaves for camp. Other members of the local team who are in the services are pitcher Hemmy Sahl; catcher "Bing" Bergstrom; shortstop Jesse DuChamp, second baseman Johnny Jaranson, outfielder Happy Erickson, third baseman Clarence Rassmusson, and outfielder Teinie Wang.

Manager Ole Ness will have quite a problem in getting a replacement for Bob at third base. Now that the Junior baseball team has completed its season, Ole may use young Vern Tormoe at the hot corner. Vern played a few innings at third base for the locals during the Plummer series and while he didn't have any fielding chances, he connected for a single in two times at bat.

He Gave the Boys a Lesson

Mike Welch, fishing along the east side of the river just above the dam, gave the boys a lesson on how to catch northern pike. On Monday evening Mike using a june bug, a chunk of pork, and a cane pole, employed what he called the "skittering" method in trolling for northerns. Mike picked up three northerns in a short while, and then quit fishing because he said that was all the fish he needed for breakfast and dinner.

And on the west side of the river, fishing the pool just above the turbines, Tom Fuller was given a lesson to the boys on how to catch wall-eyes. Tom had a June bug spinner baited with a shiner minnow, and he hooked three nice wall-eyes.

Some fine catches of northerns have been reported from along the Red Lake river, with the pools in the vicinity of Neptune bridge yielding some good-sized fish.

Billy Bye in Lead in Jr. Batting Averages

Billy Bye, punching out two hits in three trips to the plate off Paul Swenson's delivery Sunday, while Marly Dorn was being held hitless in three tries, sent Billy into the lead in the Junior baseball team batting averages. Bye, with 10 hits in 23 times at bat, has an average of .435; while Dorn, with 6 hits in 14 times at bat, has an average of .429. Other high average hitters are Vern Tormoen with .390; Milt Reierson with a .346 average; and Bob Baker with a .333 average.

LEGIONNAIRES TO OPEN THEIR STATE CONVENTION AUG. 2

Duluth to be Host at Four-Day Session; Many Prizes are Offered

Minnesota Legionnaires by the thousands will attend the 24th annual department convention of the American Legion, Auxiliary, and 40-8 at Duluth August 2 to 5.

"V for Victory" is to be the general theme, from the attractive official convention badge to the decorations, marching events, floats, costumes, and even the table arrangements at the social functions.

Official indorsement of the Minnesota convention arrangements, including the parades, band contests, and entertainment, has been received by the local committee from national and state Legion officials, as well as Civilian Defense authorities and Adjutant General Ellard A. Walsh of the Minnesota Home Defense forces.

Cash prizes totaling $3,500 are to be awarded in band, drum corps, and musical contests, and advance reservations indicate that the competition may include the largest number of musical outfits in the history of the Minnesota legion.

Lynn Stambaugh of Fargo, national commander of the Legion, will head a long list of distinguished guests coming for the convention, including Mrs. Mark Murrill of Boston, national Auxiliary president; Mrs. A. C. Carlson of Willmar, past national president; Mrs. Ernest J. Goppert of Cody, Wyo., national vice president; Roy T. Anderson of Austin, Minnesota department commander, and Mrs. Frank Morse of Mankato, state Auxiliary president.

Polk County Grand Jury Fails to Indict Dobias for Shooting Brother

Deliberating only 10 minutes, a Polk county district court grand jury, last Wednesday returned a "no bill" in the shooting of Philip Dobias, of Angus, by his brother, Rudolph. The grand jury's action in refusing to indict Rudolph removes the last possibility that a charge will be brought against him in the death of his brother following a fracas which began at the Brandwick farm near Angus, and continued into the village the night of June 25. County Attorney F. H. Stadsvold said that since the grand jury had returned no indictment, he would not bring charges against Dobias.

STATE FAIR WILL HELP WAR EFFORT AGAIN THIS YEAR

Directors Announce Plans to Hold Exposition Aug. 29-Sept. 7

The Minnesota state fair has marched shoulder to shoulder with American troops through three wars and is now engaged in a fourth wartime food producing Exposition, August 29 through September 7.

The state fair has served the nation through the Civil, Spanish and First World Wars. Now in its 83rd year, the program is geared to stimulate the greatest food production in history to aid the United Nations in the present conflict.

Today the Minnesota state fair is enlisting the "fighting farmers" on the home front in a great campaign to once again increase food production. This is in keeping with America's program, as outlined by President Roosevelt, to provide food for the United Nations to insure victory and secure the peace. As an added stimulus in this all out agricultural effort the fair management is offering a premium subsidy of more than $150,000,—an all time record.

State Seeks Bids for Work in Five Counties

Bids are to be received on August 7 for the improvement of approximately 38 miles of trunk highways, according to M. J. Hoffmann, commissioner of highways. The work to cost an estimated $294,110 will be distributed in five counties and will include one 12 foot timber bridge over the Judicial Ditch, 5 miles S. of Floodwood in St. Louis county, 0.1 of a mile of paving in Winona county, 12.8 miles of stabilized aggregate base and aggregate base in Carlton county, 2.9 miles of bituminous wearing surface in Houston county, 10.3 miles of stabilized gravel wearing surface in Cass county and 2 miles of grading in St. Louis county. Of the $294,110 estimated to be spent on these improvements, $149,525 will be paid for out of federal funds.

The 1940 census found only slightly more than 2% illiteracy. The army reports nearly 8%.

State Taxpayers Group Urges County Boards to Hold Levies to Minimum

In furtherance of the war effort, county taxpayers associations are calling on public boards to hold down their local levies. It is a time, they point out, when it is more patriotic not to start local improvements—especially if these extra costs consume money and materials and manpower that should be made available for war purposes.

Coincident with the move of county taxpayer groups, the Minnesota Taxpayers Association has issued an appeal to all county boards, as well as city and village officers, to hold tax levies down to the minimum.

"This war of survival is a challenge, even to local government." James P. McDonnell, president of the Taxpayers Association, stated today. "It is a time for sacrifice and the elimination of 'frills' in local government. It is a time to pay off local debts, rather than to create new ones. Public boards that lead the way for economy in their local field will speed the day of Victory in the nation; they will be yielding up to the greater effort the essential things that are needed to save our inheritance of freedom" McDonnell said.

"The citizen is contributing scrap rubber, scrap metal, while even housewives are draining frying pans to help the war efforts; therefore, local officials should contribute local tax reductions so that we will have more potential financial and material strength to back up our armed forces," he said.

TINY GIRL HAS 100 BEE STINGS

Dodge Center.—Two-year old Lois Marceene, daughter of Mr. and Mrs. Lloyd Gibbs runs a flying to her mother these days when she spots a fly. But who wouldn't after the experience she had some ten days ago? While playing in the yard of their farm home she wandered near the bee hives. Exactly what happened is not known but bees decided to swarm and she being the sweetest object in sight covered her. Her screams brought her mother who with the help of an auntie dislodged the little villains with fly spray.

MANY LIVES SAVED AS 40-MILE SPEED LAW TAKES EFFECT

June Shows Substantial Reduction in Number of Traffic Deaths

A very marked decrease in traffic fatalites has been shown during the first month the 40-mile speed limit has been in effect in Minnesota, according to W. F. Rosenwald, traffic engineer of the Minnesota highway department.

The month of June, 1942 shows a 30% decrease in traffic deaths over the same month in 1941. Before the 40-mile an hour speed limit was put into effect on Friday, May 29, the records showed an approximate 7½% increase in fatalities during the first five months of 1942, as compared to the same period of 1941. However, in the first month after the 40-mile speed law was effective, 34 persons lost their lives in traffic accidents, as compared to 49 during the month of June, 1941.

The reported June traffic toll, encouraging as it is to Minnesota safety leaders, is based on an unofficial and preliminary count with the realization that several deaths may yet occur as a result of injuries suffered during the month.

Although the month of June, 1942 disclosed 15 less traffic deaths than the same month in 1941, the total number of deaths for the first six months of 1942 were 221, as compared to 223 for the same period of 1941.

Businessmen Asked to Sell Typewriters for Supplying Army Needs

Chairman Donald M. Nelson of the War Production Board has asked America's business men to sell as many usable standard typewriters as they can spare for the use of the armed forces.

Typewriters, he explained, are an essential part of the equipment of every war machine. There's one on every bomber. Every battleship carries 59 typewriters; every aircraft carrier, 56; every cruiser, 50 and every destroyer, 7.

Typewriter manufacturers are now making guns and other war instruments. Therefore, Nelson said, used typewriters in good condition must come from business houses.

Machines will be bought by new typewriter dealers and manufacturers' representatives who have been designated as buying agents for the government. Standard typewriters manufactured after January 1, 1935, are wanted. Prices to be paid will be the factory trade-in allowances as of February 1, 1941. No machine will be allowed to go into trade channels, Nelson said.

"DIVE BOMBING" MAKES "FISH" OUT OF OWL

Detroit Lakes.—This is the story of two fishermen and a warlike owl whose "dive-bombing" tactics made a "fish" out of him. It happened on Long Lake where two St. Louis fishermen were angling. A big owl with a wingspread of at least four feet swooped down on them as they sat in their boat and made a grab for the bass plug of one fisherman. The bird missed but tried it again and missed. The third time he succeeded and with hook caught in his beak flew into the top of a tree with the line trailing after him. After a furious struggle, the bird freed itself from the hook and retired to another tree.

Device for Weaning Calves

An electric calf-weaner has been invented by Patrick Kelly of Anatone, Wash. The device consists of a small battery that fits around the calf's neck and a metal contraption that rests on its nose. A wire connects the two. When the calf is ready for food, the metal contraption touches the animal and closes an electric circuit. In this way the calf is shocked. The device should make it more pleasant for the mother and at the same time give the baby a quicker start in life.

War Research

In war the advantage is on the side with the best weapons. The work of scientists in America's research laboratories, developing new materials and new equipment, means a lot to our fighting men.

1. It takes years to build up and equip a large, organized, and able staff for research. Fortunately, industry did this long ago.

2. Long before Pearl Harbor, laboratories like General Electric's were serving their country—solving technical problems of war.

3. History repeats! In the last war "wireless" was developed for military needs—to become, with peace, a giant broadcasting industry.

4. So it will be this time. Research will help to win the war, and its many wartime discoveries will help to build a better future.

General Electric believes that its first duty as a good citizen is to be a good soldier.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on Tuesday, July 14, 1942. The meeting was called to order at eight o'clock P. M. with Aldermen Griebstein, Petersen, Overum, Severson, Stenberg present and Alderman Hulbert absent.

Minutes of the meeting of June 9th were read and the same were on motion duly approved as read.

Monthly reports of City Clerk, City Treasurer, Municipal Judge, Weighmaster, Manager of Sports Arena and Park Board were presented and ordered filed.

Mayor Kinghorn presented the following appointments: Miss Ardyth Burrell as Secretary to Mayor succeeding Wesley Durrell, resigned, and Stanley Efteland as Poundmaster in [illegible] Rudi Rolland, resigned. Alderman Petersen moved that such appointments be confirmed and ratified. The motion was seconded by Alderman Stenberg and adopted by unanimous vote.

Representatives of the Works Progress Administration appeared before the Council and advised that funds for the payment of the salary of Recreation Supervisor had been withdrawn by WPA and if the project was to be continued it would be necessary for the City to assume responsibility for the payment of such salary. The Council indicated that they were unwilling to assume such responsibility and that certain activities requiring continuation could be handled thru other departments of the city.

Mrs. R. F. Wright appearing on behalf of the Women's Drum Corps, requested an appropriation of $200.00 to help defray the expense of sending the Corps to the State Convention of the American Legion to be held in Duluth during the month of August and by vote of 3 nayes and 2 ayes, the request was denied.

Bond of Ed Lee, Plumber, in the amount of $1,000 with Standard Accident Insurance Company, New York, as surety and public contractor's bond of Dunlap-Moore Company in the amount of $1,002.00, St. Paul Mercury Indemnity Company, St. Paul, Minnesota, as surety, in connection with tile floor installation in power plant, were presented and being approved as to form and execution by the City Attorney, it was moved by Severson, seconded by Overum and carried that such bonds be accepted and ordered filed.

Applications for building and remodeling permits were presented, as follows: Albert W. Johnson, completing residence, Lot 1, No. 15 ft., Block 8, Conley's Third Addition, cost $150; John Clausen, addition to residence, Lot 3 and No. 5 ft. 8, Block 43, O. T. S., cost $20.00; Mrs. R. H. Muni, [illegible] residence, Lots 47-48, Block 18, Red Lake Rapids, cost $50.00; Carl [illegible], garage and storage, Lot 3, Block 4, Knox Addition, cost $50.00; Farmers Co-operative Association, [illegible] storage No. 50 ft. 14 31 and N. [illegible] 14 33, Soo Line right of way, cost $500.00; Harold F. Larson, moving frame building from outside corporate limits, placing the same on Lot 3, Block 2, Highland Addition, remodeling and building addition, cost $[illegible]; Arnd Steinhauer, garage addition to residence, Lot 8, Block 6, [illegible] Addition, cost $150.00; Albert [illegible], addition to residence, Lots [illegible], Block 18, Red Lake Rapids, cost $[illegible]. Motion was made by Alderman Petersen that such applications with exception of that of Carl [illegible], be approved and granted. The motion was seconded by Alderman Severson and adopted.

Applications for license renewals were presented, as follows: Gunder [illegible], operating pool tables; Hardy [illegible] Creamery and City Dairy, retail sale of milk and cream and [illegible] Cleaners, dry cleaner. Alderman Petersen moved that the [illegible] and issuance of license authorized. The motion was seconded by Alderman Stenberg and adopted by unanimous vote.

The City Clerk was instructed to cause notice to be published calling for proposals for coal to supply the municipal buildings during the heating season 1942-43 and also for the labor in paint removal and application on Sewerage Treatment Plant trickling filter, such bids to be opened and considered on August 11, 1942.

A. J. Rau, Manager of N. W. Bell Telephone Company, requested permission to open a trench from the pole in rear of Dahl Bakery, in alley of Block 33, to extend across alley to east side, run thence north to service the Harts Sigges building with underground cable. Alderman Stenberg introduced a resolution granting such permit and moved its adoption. Motion seconding was made by Alderman Petersen and the resolution was by roll call duly passed and adopted.

Alderman Petersen introduced a resolution authorizing the purchase as a Sinking Fund Investment of the Electric Light Department, $25,000 of United States Savings Bonds, Defense Series G, and moved its adoption. The motion was seconded by Alderman Severson and the resolution was by roll call duly passed and adopted.

Alderman Stenberg introduced a resolution fixing and establishing the salary of Superintendent of Parks at $125.00 per month, effective as of July 1, 1942 and moved its adoption. The motion was seconded by Alderman Petersen and the resolution was by roll call passed and adopted.

Alderman Stenberg introduced an amended resolution in connection with proposed exchange of lands in the proposed vacation of a part of Hughes Street between the Soo Line Railway Company right of way and Red Lake River and moved its adoption. The motion was seconded by Alderman Petersen and the resolution was by roll call duly passed and adopted.

Alderman Stenberg introduced a resolution approving for payment various current bills against the city and moved its adoption. The motion was seconded by Alderman Petersen and the resolution was adopted by unanimous vote.

On motion duly made and carried the meeting was declared adjourned to Tuesday, July 28th at eight o'clock P. M.

RESOLUTION

At a regular meeting of the City Council held July 14, 1942, Alderman Stenberg, seconded by Alderman Petersen, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, the Council did on the Tenth day of March, 1942, duly adopt a resolution vacating certain portions of Hughes Street and determining to convey certain property to the Tri-State Land Company in exchange for right of way for the extension of Horace Avenue, and,

It appearing that said resolution contained some uncertainties as to the description of the real estate involved.

BE IT THEREFORE RESOLVED, That said resolution be and hereby is amended so as to read as follows:

WHEREAS, a majority of the owners of property along the Line of Hughes Street from the intersection of Hughes Street and Conley Avenue and extending West to the Red Lake River having heretofore petitioned the City Council that said Hughes Street from its intersection with Conley Avenue and extending West to the Red Lake River be vacated, and,

WHEREAS, such petition having been ordered filed with the City Clerk and the City Clerk having duly published notice of filing of said petition and the time and place fixed for hearing thereon and the Council having at the time and place for such hearing investigated and considered said matter and having heard the testimony and evidence on the part of the parties interested and thereupon after hearing the same, having determined that said petition should be granted as to that part of Hughes Street, lying West of the East boundary of the right of way of the Minneapolis, St. Paul & Sault Ste. Marie Railway Company,

BE IT THEREFORE RESOLVED, that that part of Hughes Street commencing at the intersection of the East boundary of the right of way of the Minneapolis, St. Paul & Sault Ste. Marie Railway Company with Hughes Street, extending thence West to the Red Lake River, be and hereby is vacated.

BE IT FURTHER RESOLVED, that the portion of Hughes Street between Conley Avenue and the East boundary of the right of way of the Minneapolis, St. Paul & Sault Ste. Marie Railway Company be not vacated and the said petition rejected to that extent.

BE IT FURTHER RESOLVED, that whereas, the petitioner, the Tri-State Land Company, proposed to convey to the City for a right of way for the proposed extension of Horace Avenue the following described land, to-wit:

A strip of land eighty (80) feet in width, comprising all that part of Thief River Falls Lumber Company's Alteration of the Plats of Red Lake Rapids, Conley's Addition to Red Lake Rapids and Knox's Re-arrangement of Blocks Twenty-three (23) and Twenty-four (24) of Red Lake Rapids, in the City of Thief River Falls, according to the record of said plats in the office of the Register of Deeds in and for Pennington County (formerly Red Lake County), Minnesota, which is included within two lines running parallel with and respectively forty (40) feet distant, Easterly and forty (40) feet distant Westerly (measured at right angles) from the following described center line of the proposed extension of Horace Avenue: beginning at a point on the Northerly line of Nora Street, as now laid out and established which is nine hundred sixty-five (965) feet distant Westerly from the center line of the main track of the Minneapolis, St. Paul & Sault Ste. Marie Railway Company's railroad as the same is now located, maintained and operated over and across said land; thence, North two (2) degrees, fifteen (15) minutes West a distance of forty-five (45) feet; thence Northeasterly on a four (4) degree curve to the right a distance of six hundred fifty (650) feet; thence on a tangent North twenty-three (23) degrees, forty-five (45) minutes East a distance of one thousand (1000) feet to a point on the Southerly line of Bridge Street, as now laid out and established, which is two hundred fifty (250) feet Westerly from said main track center line, EXCEPTING and RESERVING that portion of the above described strip of land, comprising a small triangular parcel of land adjoining Bridge Street, which was included with land conveyed by that certain deed dated June 4, 1930 from Tri-State Land Company to Standard Oil Company;

And to convey to the City for municipal purposes the following described additional land to-wit:

All that part of said Thief River Falls Lumber Company's Alteration of said Plats bounded and described as follows: On the Easterly side by the Westerly line of the above described strip of land; on the Westerly side by the Easterly bank of the Red Lake River; on the Northerly side by said Southerly line of Bridge Street; and on the Southerly side by the Northerly line of so-called Dam Reserve.

WHEREAS, the City will by said conveyance, receive property showing greater area and value than the land included in the vacated portion of Hughes Street.

BE IT FURTHER RESOLVED, that the City convey to the Tri-State Land Company the following parcel of land, to-wit:

A parcel of land comprising all that part of so-called Dam Reserve, in Government Lot Five (5), Section Thirty-three (33), Township One Hundred Fifty-four (154) North, of Range Forty-three (43) West, in the City of Thief River Falls, Pennington County (formerly Red Lake County), Minnesota, and of Hughes Street in said City, bounded and described as follows beginning at the point where the south boundary of Hughes Street in Conley's Addition to Red Lake Rapids, now Thief River Falls, Minnesota, intersects the East boundary of the railway right of way of the Minneapolis, St. Paul & Sault Ste. Marie Railway Company's railroad; thence North eighty-eight (88) degrees, thirty (30) minutes West, a distance of two hundred eighty-five (285) feet, more or less, to the Section line between Sections Thirty-three (33) and Thirty-four (34), Township One Hundred Fifty-four (154) North, of Range Forty-three (43) West; thence North seventy-four (74) degrees, fifty (50) minutes West, a distance of three hundred seventy (370) feet; thence South one (1) degree, Thirty (30) minutes West, a distance of eighty-three (83) feet; thence North Eighty-eight (88) degrees, thirty (30) minutes West, a distance of one hundred twenty (120) feet, more or less, to a point of intersection with the Easterly line of the right of way for the proposed extension of Horace Avenue to be conveyed by Tri-State Land Company to the City; thence Northeasterly along said Easterly Avenue line a distance of one hundred seventy-five (175) feet, more or less, to a point of intersection with a Westerly extension of the Northerly line of Hughes Street; thence South seventy-four (74) degrees, fifty (50) minutes East, a distance of four hundred twenty-two (422) feet; thence South eighty-eight (88) degrees, thirty (30) minutes East, a distance of two hundred eighty (280) feet, more or less, to a point of intersection with said East boundary of the Railway Company's right of way; thence South four (4) degrees, forty (40) minutes East to the point of beginning; it being the intent to convey to the Tri-State Land Company all that portion of said Dam Reserve lying East of said right of way for the proposed extension of Horace Avenue.

BE IT FURTHER RESOLVED, that in addition to conveying said land, that the City pay to the Tri-State Land Company the sum of Two Hundred Dollars ($200.00),

BE IT FURTHER RESOLVED, that the Mayor and City Clerk of the City of Thief River Falls, be and hereby are authorized to execute and deliver to the Tri-State Land Company, the City's Deed for the last described land in exchange for a Deed from the Tri-State Land Company to the [illegible] proposed to be taken as right of way for the proposed extension of Horace Avenue and the additional land [illegible] above described together with the City's warrant for Two Hundred Dollars ($200.00), and

BE IT FURTHER RESOLVED, that the City Clerk be and hereby is authorized and instructed to certify and record this Resolution in the Office of the Register of Deeds of Pennington County, Minnesota, in accordance with Section One Hundred Fifty (150) and One Hundred Fifty-two (152) of Chapter Eight (8) Laws of Minnesota for 1905, and that the vacation of Hughes Street shall be valid without the payment of any money into the City Treasury for the land contained in the vacated portion of Hughes Street.

MIGHT TRY A HAMMER

Mrs. Prehistoric—Great Scott! Why don't you get your hair cut?

Mr. Prehistoric—Well, I went to see the barber this afternoon, but he hasn't got a sharp rock in the place.

MIKE THE MUSKIE by Williams

"Wake up, Pop! Here comes the resort manager with that new contract!"

YEP! Busy days ahead for muskies, and happy days ahead for you beer drinkers because there's plenty of cool, thirst-cutting Fitger's Beer, still made to the old-fashioned standards of Fitger quality.

MORE THAN EVER, in times like these you'll appreciate the extra quality that honest brewing brings in Fitger's. Your taster tells you it's 3 ways better because Fitger's is still brewed as always, the slow, honest way. Creamier collar. Better flavor. Mellower body. Order Fitger's wherever you go by the bottle or case.

FREE WAR BONDS

Synthetic rubber AND STANDARD OIL COMPANY (INDIANA)

Rubber... let's get it. Fast... and plenty of it! No matter who makes it or what it's made from!

● We want to see America get the rubber it needs, whether natural or synthetic. We want America to get that rubber in the quantities required and in the shortest possible time, whether it is made out of petroleum, out of alcohol, dandelions, guayule, or sawdust. *The main thing is to get the rubber!*

To those who are working to make rubber out of materials other than petroleum, we say, "God speed your efforts." Solving the rubber problem is necessary for winning the war and winning the war is our main concern.

Much has been said about making rubber from alcohol derived from farm crops. We do a great deal of our business with farmers. We should like to see them having a hand in supplying the raw materials for rubber.

We are working with petroleum because we understand it. At the request of the Government we have helped form Rubber Synthetics, Inc. In 1943 that company expects to put into operation at Gary, Indiana, a large plant financed by the Defense Plant Corporation to produce butadiene, which is one of the principal ingredients of synthetic rubber. Negotiation is now under way with the Government to supply that plant with a part of the petroleum raw materials required in its operation.

Nevertheless, we urge a "green light" and all speed for any other practicable method of making synthetic rubber.

DUCKLING HAS SPARE TAIL AND FOUR LEGS

Canby.—Marble, a little white duckling with four legs and two tails is waddling around a nearby farm yard. When Mrs. Pauline Schumaker went to see if her duck eggs had hatched she found all the little ducklings out of the shell but one. So she picked the shell away to help the little fellow out and to her surprise four legs appeared. When the duckling was completely out she found it had two tails also. In all other ways it was normal.

Microfilms preserve in the Library of Congress the more important contemporary newspapers, requiring only from one forty-seventh to one twenty-third of the space of the original, and lasting indefinitely compared with the 25-year span of wood-pulp paper.

AIDS FOR LOCAL UNITS TAKE HALF OF STATE FUNDS

State Pays out 49 Million to Assist the Local Governments

Tracing the course of state revenue and expenditures over a period of ten years, the Minnesota Institute of Governmental Research in the second of a new series of reports on state finance made public this week disclosed that nearly half of the $100,000,000 or so which the state government pays out each year goes to local units of government in various forms of special aids.

Funds from current revenue distributed to local units of government as state aids for the fiscal year from July 1st, 1940, to June 30th, 1941, said the report, reached a total of $41,560,000. In addition, the state paid out $7,616,000 during this year for interest and maturities on relief bonds, covering indebtedness incurred to grant state aid to counties for relief. In other words, the report concluded, the state government paid out $49,185,000, or nearly 50% of its revenue resources during this year, to aid local units of government.

That distribution of state aids has grown to such huge proportions was one of the major disclosures of a report that offered many interesting pictures of the state's financial status. A tabulation for the ten years showed funds disbursed for the aids has increased three times, from $16,867,000 in the 1931-32 fiscal year to $49,185,000 in the 1940-41 fiscal year.

Not all this increase in funds for aids came from the state. Grants received from the federal government for aids, which amounted to $5,760,000 in the 1931-1932 fiscal year, increased some three-fold, totaling $18,168,000 for the 1940-1941 fiscal year, due largely to enactment of the federal social security program.

The report tabulated revenue receipts and listed expenditures from current revenue for the various functions of the state government over the ten-year period. Expenditures from borrowed funds were not included in this table, but will be dealt with in a coming report on state debt. The tabulation showed that expenditures from current revenue rose from $65,155,000 in 1931-1932 to a peak of $102,083,000 and then dropped back to $100,488,000 in the 1940-1941 fiscal year. Of the total increase over the ten-year period, the report pointed out, 85% went for welfare and education purposes. Three factors explain the increase over the ten-year period, the report said:

1. The federal social security program opened up a new program of aid, amounting to $15,510,000 in the 1940-1941 fiscal year, of which the federal government furnished $10,828,000 and the state $4,601,000.

2. Since the state has been borrowing to finance relief, the money required for interest and bond maturity payments has increased materially. About $12,500,000 a year has been needed for debt service during the last three fiscal years covered, or twice the amount back in 1937-1938.

3. Increases in state aids have taken virtually all the additional funds received from the new tax sources developed.

Leaving out state aids and amounts paid on old debt, the report shows, general costs of the state government paid out of current revenue increased from $42,163,000 in the 1931-1932 fiscal year to $51,810,000 in the 1937-1938 fiscal year and dropped to $46,590,000 in the 1940-1941 fiscal year.

TRIO OF WHITE PHEASANTS

Harmony.— A rarity in the game bird world, three pure white pheasants were found last week by Charles Thoen on his farm. While cutting hay, Mr. Thoen noticed a mother pheasant fly up out of the field accompanied by six gray birds and the trio of white "young ones". The white birds were at first taken to be chickens but upon investigation of the nest it was found they actually are white pheasants.

County Board Proceedings

July 14 and 15, 1942

Pursuant to law the Board of County Commissioners of Pennington County, Minnesota, met at the office of the County Auditor at 10:00 A. M. July 14 and 15, 1942.

Members present: Bredeson, Roy, Hare, Mandt and Mulry.

Members absent: None.

The minutes of the meeting on July 7th were read and approved as read.

BE IT KNOWN, That the Board of County Commissioners of Pennington County, Minnesota did meet in session on the 14th and 15th day of July, 1942, the same being the first session of said Board after the 8th day of June, 1942. That at said session the County Treasurer of said County delivered to said Board the list of uncollected personal property taxes for the year 1941, together with his certificate thereon as required by law, and that at said session the Board did duly consider said list of uncollected taxes, and did cancel such taxes as they are satisfied cannot be collected. That the following is a correct list of said uncollected personal property taxes in said county for said year 1941, (Not Cancelled), as so revised by said Board, to-wit:

Commissioner Hare offered the following resolution and moved its adoption.

WHEREAS, Pennington County does not have enough construction during 1942 to use up the percentage as set by law for construction of State Aid roads,

NOW, THEREFORE, BE IT RESOLVED that the Board of County Commissioners of Pennington County requests the State Highway Department to transfer that portion of the total state aid allotment that should be used for new construction and new graveling, to maintenance, thus making the 1942 State Aid Allotment to Pennington County 50% for maintenance.

The foregoing resolution was seconded by Commissioner Mandt and carried.

Moved by Commissioner Roy, and seconded by Commissioner Mulry that Contract No. 4170, grading of State Aid Road No. 1, be accepted, and the County Auditor is hereby authorized and directed to draw his warrant in the amount of $1,134.83 to Dahlen & Co. in payment on this contract. Carried.

Commissioner Mulry offered the following resolution and moved its adoption:

WHEREAS, State Trunk Highway No. 32 is being relocated approaching the City of Thief River Falls from the south and,

WHEREAS, the Oakland Park Sanitarium which is owned and maintained jointly by Roseau, Marshall, Red Lake and Pennington Counties, located in Section four (4) of Rocksbury Township was served by Trunk Highway No. 32 in its old location, and,

WHEREAS, this is the only road serving the Oakland Park Sanatorium and it is essential that the Sanatorium be able to get in and out daily for the patients for milk and other food supplies and,

WHEREAS, the relocation of Trunk Highway No. 32 will remove from the Trunk Highway system that portion of Trunk Highway No. 32 described as follows, to-wit:

Beginning at the south city limits of the City of Thief River Falls and running southward a distance of 2120 feet, and southwesterly a distance of 2120 feet at which point this road (old Trunk Highway No. 32) intersects the new location of Trunk Highway No. 32, and,

WHEREAS, said above described portion of Trunk Highway No. 32 has been neglected in maintenance and upkeep pending its relocation to such an extent that it requires reshaping and resurfacing and,

WHEREAS, the return of said Highway to the Pennington County Highway system in its present condition would impose an unfair hardship upon Pennington County for the reshaping and resurfacing of said Highway solely for the use of the above mentioned Sanatorium which is the property of several counties,

NOW THEREFORE BE IT RESOLVED, that the Board of County Commissioners of Pennington County respectfully request the Highway Department of the State of Minnesota to retain the above described abandoned portion of Trunk Highway No. 32 in the State Highway system, and,

BE IT FURTHER RESOLVED, that in the event that said abandoned portion of Trunk Highway No. 32 cannot be retained in the Trunk Highway system, then and in that event the Highway Department reshape and resurface said above described abandoned portion of Trunk Highway No. 32 before the same is taken from the Trunk Highway system.

The foregoing resolution was seconded by Commissioner Mandt, and on motion unanimously carried.

RESOLUTION

WHEREAS the following freeholders and residents of Pennington County own land which is now in School District No. 154, to-wit: Mons Engelstad and Paul Engelstad, owners of the Northwest Quarter (NW¼) of Section Twenty-three (23), Township 153 North of Range 44, have presented petitions to the County Board of Pennington County to be set off from School District No. 154 to School District No. 165, and,

WHEREAS, the said petitions appear to be in regular form and according to law,

NOW THEREFORE IT IS HEREBY ORDERED that said petitions be heard and considered at a session of said Board to be held on the 13th day of August, 1942, at 10 o'clock A. M. or as soon thereafter as they can be heard, in the Court rooms in the Pennington County Court House in the City of Thief River Falls in said County and State; and that due notice of said hearing be given according to law.

The foregoing Resolution was offered for adoption by Commissioner Mandt, seconded by Commissioner Hare, and on being put to vote by the chairman then presiding, was duly carried.

Attest: A. M. Senstad,
County Auditor.

SMILEY

The Smiley Community club will have their regular monthly meeting this Friday evening, July 24, instead of July 31st as it is fair night. The program is being arranged by the officers of the club who are Mrs. Loretta Weckwerth, president; Mrs. Willis Roese, secretary; Mrs. Adam Lendobeja. Refreshments will be served by the Norton Nelson family, chairmen and the Freeman Allen's. Everybody welcome.

Mr. and Mrs. Ted Markus were week-end visitors in Crookston and Grand Forks. They were guests at the Dale Miller home in Crookston. Mrs. Markus and Mrs. Miller are former school mates. At Grand Forks the Markus' visited at the Ekness home with Mrs. Minnie Lampland an aunt of Mrs. Markus.

An outing at Twin Lakes near Gully was greatly enjoyed by the Lendobeja gang in honor of Mrs. Al Gerend (Agnes Lendobeja) of Akron, Ohio who was visiting here. The following who motored down for a picnic feast were Mr. and Mrs. Bert Johnson and youngsters, Mr. and Mrs. Ted Lendobeja and son Julian Lendobeja, all of Kratka, Mr. and Mrs. Walter Lendobeja, and son Julian, Mr. and Mrs. Adam Lendobeja, daughter Dianne, Mr. and Mrs. Leon Lendobeja of Thief River Falls. Mrs. Gerend left last Thursday for her home in Akron after a three week stay here.

Mr. and Mrs. Gust Hallberg enjoyed a trip to Badger Sunday where they visited at the Lloyd Iverson home. They also did some visiting with friends at Roseau that day.

Sunday callers at the Jim McCrum home were Mr. and Mrs. Ted Markus, Mr. and Mrs. George Ege, Mr. and Mrs. Harold Hammershay all of Thief River Falls.

Mr. and Mrs. Emmet Bottom and son Pat stopped off briefly on their way home to Minneapolis from North Dakota where they had been vacationing. They stayed for supper at the home of Mr. Bottom's nephew and family, the Carl E. Olson home.

Helperettes

The club meeting was Wednesday afternoon at the Ted Markus home. Mrs. Markus, the hostess, kept the women busy quilting all afternoon after which they were rewarded with a bountiful out-door feast. Guests were Mrs. Charles Thompson, her daughter Mrs. A. V. Grinley and child Katharine, Mrs. Sena Rude, Mrs. L. Coty, Mrs. Jim McCrum, Mrs. Art Hedlund. The next meeting will be at the Carl Lindholm home Aug. 12.

Miss Mable Valavik returned to Grand Forks Friday after a week's vacation with home folks, the Ole J. Valaviks. She had spent a previous week at Two Harbors as part of her vacation.

Visitors Sunday from Warren at the Al Samuelson home were Mr. Samuelson's mother and Mr. and Mrs. Sletten Olson all of Warren.

Mr. and Mrs. Bill Grundhaus motored to Reynolds, N. D., a week ago Sunday where they spent the day at the Bert Jensen home. Last Sunday the Grundhaus' accompanied by Mr. and Mrs. Howard Christie and Ed Grundhaus drove to Greenbush to visit Jack Grundhaus who is employed there.

Sunday dinner guests at the Harvey Thune home were Mell and Viola Cota of Dorothy, Effie Thompson and Joe Schultz of Crookston.

Leon Lendobeja of Thief River Falls is employed at the L. O. Stenseth home.

Injuries

Word has been received that Oscar Valavik who is employed in an airplane factory at San Diego, Calif., hurt his right hand quite badly and will be laid up for a while. Julian Lendobeja broke his right wrist last week in a runaway with his uncle, Bert Johnson's team, in Kratka.

Only two schools in Smiley are going to remain in operation this coming term. They are Dist. 26 with Miss Gunda Engen as teacher, and Dist. 4 with Clara Swanson, as the teacher. The other three schools will transport their pupils to Thief River Falls.

Mrs. Ed Loween (Agnes Kvall) and children returned to her home in Hibbing Saturday after a week's visit with relatives here.

Mrs. Hilda Sand of Thief River Falls spent from Thursday to Sunday with the Ted Markus'. Thursday evening callers at the Markus home were Mrs. Taxeraas of Thief River Falls and Mrs. C. Jones.

Mr. and Mrs. Ed Vigen, sons Oscar and Melvin and daughter Gladys took a day off to motor to Mayville, N. D., and visited relatives last week. C. Nepstad assisted Bert Vigen with the home chores during their absence.

Ducking

Visitors Tuesday at the Harold Matzke home were Mrs. Ed Loween of Hibbing, Mrs. John Kvall, Mrs. Louise Lian and Mrs. Clayton Steenerson. As these women were crossing the river in a boat to get to the Matzke home, the boat hit a rock a short distance from the shore knocking Mrs. Lian and Mrs. Steenerson backwards so they toppled "head over" into the river and landed in water up to their necks. The incident was laugh-provoking.

Private Talk

Four more local guys are leaving next week to join Uncle Sam's growing forces. They are Oscar Vigen, Art Newton, Arnold Helpland and Elmer Johnson.

Word has been received that Herman Aakre is stationed with the Air Corps in Miami, Florida. Art Stenseth is now in a camp near Atlanta, Georgia.

Bell Did Invent Telephone

Some people have always claimed that Alexander Graham Bell did not invent the telephone, but the Supreme court in 1888 held that Bell was the first inventor of the telephone.

Garnet as Birthstone

The garnet, as a birthstone, is credited with endowing the wearer with constancy and fidelity.

RIVER VALLEY

The Oak Park Ladies aid meets this Friday afternoon at the O. M. Mandt home.

An error was made in this column last week stating that Mrs. Rodman and Mrs. Haugen will serve the next Luther League, Sunday evening, the 26th. Mrs. H. A. Myrum and Mrs. Fred Lundeen will serve instead.

Mr. and Mrs. M. Mathison of Grand Forks visited Thursday and Friday at the Walter Lundeen home.

Mrs. John Singer and sons of Upton, Wyoming were visitors at the O. T. Lunden home Friday evening.

The confirmation class was presented last Sunday at the communion services each with a testament with their names engraved as a gift from the Oak Park Luther League.

Miss Gladyce Mandt who is taking nurses training in Minneapolis is spending a month's vacation at her parental home here.

Orlando Cherveslad is assisting at the creamery taking the place of Glennie Iverson who will leave for the army in a few days.

Mr. and Mrs. H. Myrum received word that their son Arnold is now stationed in Hawaii. Alvin Olson, son of Mrs. Knute Olson, is also stationed there.

Mr. and Mrs. O. T. Lunden received word from their son Thorman that he landed safely in Ireland the first week in June. He is fine. Living quarters and food are good.

Little Darrow Lundeen had his tonsils and adenoids removed last week at a Fosston hospital after which he is feeling fine.

Big County Fair Program Today Through Saturday

Exhibits Stream into Fair Grounds Wednesday, Entry Day

RODEO AND CIRCUS SET FOR THIS AFTERNOON

"Americonga" Revue Will be Offering Last Three Nights of Fair

With ideal weather greeting Entry Day at the Pennington county fair Wednesday, throngs of visitors flocked into the grounds all during the day, bringing in their products for display in the various departments of the exposition, which will continue thru Saturday night.

There will be no shortage of garden stuff in the county this year, judging by the more than 100 individual entries on display in the agriculture building in the Victory Garden contest sponsored by the Junior Chamber of Commerce.

Liberal displays of livestock and poultry also were in place, while the women's building was filled to capacity with exhibits of handicraft, baked products, preserves, flowers and educational displays.

A good-sized opening night crowd was present Wednesday evening to witness the thrilling spectacle offered by Barker Brothers rodeo and circus, featuring bronco-busting, bulldogging of steers and similar exploits. The rodeo will be repeated this afternoon Thief River Falls Day, and again Friday afternoon.

Opening tonight for a three-night showing is the Barnes & Carruthers presentation, "Americonga", a revue in five scenes with a Latin-American theme, featuring attractive girls in singing and dancing numbers, as well as comedy numbers.

Topnotch vaudeville and circus acts to augment the afternoon and evening programs include the Noble Trio, performing on high parallel bars; Little Egypt, a comedy number featuring a synthetic camel; Hank Siemon, gifted ventriloquist; the Hannaford Family, equestrians from the "big top"; the Smiley Dalys, circus clowns; and Weber Brothers and Chalita, breath-taking tight-wire act.

Following cancellation of the automobile racing program originally scheduled for Saturday afternoon, as a result of wartime restrictions, the fair board today announced that that afternoon has been designated as Children's Day at the fair, with reduced prices on grandstand seats and midway rides, with a special program of circus and vaudeville acts to be offered in front of the grandstand.

Pennington county 4-H workers will take the spotlight at the fair Friday, which has been designated as 4-H Club Day. Following a day filled with livestock judging and a variety of demonstration, the day's climax will be a 4-H club parade and dress revue in front of the grandstand in the evening, with the crowning of the county health king and queen and style queen as special features.

QUIET PRIMARY SEEN AS FILINGS NEAR DEADLINE

Today Is Final Day on Which Aspirants May File for County Offices

LINCOLN ARNOLD OUT FOR COUNTY ATTORNEY

W. E. Dahlquist Third Man to Enter Name for State Senate Post

With today the final day on which filings may be made for county offices, a dearth of candidates for several offices suggests that the primary election in Pennington county September 8 will be a quiet affair.

Unopposed this morning in their candidacies for reelection were A. R. Johnsrud, county treasurer; Sheriff Arthur Rambeck and Miss Judith Lockrem, county superintendent of schools.

Paul A. Lundgren, who filed Saturday for reelection as county attorney, will be opposed for that office by Lincoln Arnold, now serving his second term as municipal judge in Thief River Falls, who entered his name late Wednesday afternoon.

Fred D. Lorentson, register of deeds for many years, filed for reelection Tuesday, and he will be opposed by Alf Bredeson. A complete list of aspirants for county office will be published in the Times next week.

Assurance of a primary contest for the office of state senator from the 65th district, embracing Pennington, Red Lake and Clearwater counties was given Monday when W. E. Dahlquist, editor of the Times, filed as a candidate for the office. Other aspirants are W. J. Douville and Eynar Jensen of Goodridge.

The race for Ninth district congressman to succeed R. T. Buckler, who is retiring from office this year, was enlivened during the past week by the entry of three new aspirants, two of them Republicans. Philip R. Monson of Fergus Falls, past Ninth district Legion commander, and John W. Padden of Crookston, active in Young Republican circles, both filed on the Republican ticket, while a Democratic aspirant is Henry L. Olson, 25 of Beltrami, Polk county. Olson had been a pilot with the American Volunteer Group until recently when he was disabled.

During the week George Hagen of Crookston filed for the office of district judge in opposition to O. R. Knutson of Warren, incumbent. George Hagen is a brother of Harold Hagen, candidate for Congress from this district.

Large Group of Reservists Leave City for Army Service

Another large contingent of Pennington county selective service men, pictured above, left Thief River Falls Tuesday for Fort Snelling, where they will receive their assignments to army duty after having enjoyed a two-weeks furlough following their induction July 14. Despite the fact that the reservists left at the inconvenient hour of 8 o'clock in the morning, many friends and relatives were on hand to wish them farewell.

Children's Day at Fair Saturday Afternoon

With the cancellation of the automobile race scheduled for Saturday at the Pennington county fair necessitated by a federal ban on racing which becomes effective that day, the management of the fair has designated Saturday afternoon, August 1, as Children's Day, with a program having a special appeal for the young folks.

A special program of outstanding circus and vaudeville acts will be presented in front of the grandstand during the afternoon, and to insure a capacity crowd the fair board has put into effect, for Saturday afternoon only, a fee of only ten cents for admitting children to the grandstand, while adults will be admitted on payment of 25 cents, this figure including the federal tax.

The well-known Greenbush band will be present to provide music during the afternoon. As an added inducement to attend, it was announced that rides on the midway will be available to children during the afternoon at a price of only five cents each.

TRUCK DRIVER IS CLEARED IN DEATH OF WINGER CHILD

Coroners Jury Says Accident Involving Local Man Was Unavoidable

Declared unavoidable by a coroner's jury in Winger Monday afternoon was an accident Saturday evening in which a Consumers Cooperative association truck driven by Henry Bornholdt of this city struck and killed Roger Versdahl, age eight, of Winger.

The Versdahl boy was one of three children who dashed out of a cafe into the street. Bornholdt sounded his horn and the two children, Hildegaard and Lynn Aasen stopped, but the Versdahl boy continued. Bornholdt, who was accompanied by his two sons, Donald and Derald, was beyond the scene of the accident, not realizing that his truck had struck the child, when one of his sons, looking back, saw the Versdahl boy lying in the street.

Emil Larson and Thomas Johnson took the child to the Erskine hospital where he died an hour later. Dr. Nelson said death resulted from a skull fracture and chest injuries.

Roger was one of the six children of Mr. and Mrs. Albert Versdahl of Winger.

RIDES SAME BIKE FOR 38 YEARS

Rochester.—Back in 1904 when automobiles were coming in Johnny Miller, was the proud owner of a new bike. Today when automobiles appear to be on their way out because of gas rationing and rubber shortage, Johnny is riding the self-same bike. However, some five weeks ago he feared he might never ride it again as it was stolen from his place of work. Last week the police got on the trail of the missing bike and located it in the basement of a home in the north part of town.

4-H Club Work Viewed

The Four H Club tour went over with a bang a week ago Monday when it started at the John Bergquist home where garden and a dairy heifer were the projects entered by Annabelle and Billy Bergquist.

At the Magnon home Joan and Jerry Magnon's potato and pig projects were inspected. At the Henry Runnestrand home Arlene and Raymond Runnestrand shared honors on a garden project. Duane and Marlos Hanson received compliments on their potato and garden enterprise at the Rudolph Hanson home.

At the Hemmestvedt home, a clothing project entered by Valborg and Joyce Hemmestvedt and Marion Syrtveit was commented upon.

Danny Johnson who is yet too young for active membership, but who is most anxious to know how when he is of age had a dairy calf that has been his responsibility and care since the club was organized.

At the Julius Hanson home Roger Mickelson's beef calf was duly admired.

Then came the last stop and by this time dusk had fallen so it became necessary to use the yard light in the Joe Johnson yard to see the garden and chickens, Ronald and Donavan Johnson's projects.

A wiener and marshmallow roast was the grand finale of an eventful and thoroughly interesting day.

All projects by their excellent appearance showed the very keen and deep interest our young folks are taking in their 4-H club work.

The 4-H Club tour was participated in by all members with the exception of one, Kathryn Akin who was hospitalized at the time due to an appendectomy.

Valborg Hemmestvedt and Roger Mickelson were chosen as Health Representatives from the Happy Corner club.

To Perform on Tight Wire at Pennington Fair

Easily one of the best combinations to appear at fairs this year is that of Weber Brothers and Chatita, one of the highlights of the matinee and evening shows before the grandstand at the Pennington county fair today, Friday and Saturday.

In the performances of this versatile trio audiences will be provided with beauty, skill and daring in two distinctive acts. In their three-people tight wire novelty, the Weber boys demonstrate their skill on the silver strand in a series of stunts that include rope skipping, dancing, high leaps and several other stunts which are original with this threesome. Petite and capable Chatita, a pretty Mexican girl vies with her two male partners throughout the act, proving that she is a first class trouper as well as a decorative feature of the attraction.

In recent years the county fair and the harvest have arrived at the same time. This year the usual July heat wave passed us by and the harvest is a little behind schedule, but we haven't heard any complaints about it.

That victory garden contest sponsored by the Junior Chamber of Commerce certainly boosted the garden products displays at the fair. There have been many favorable comments not only on the large number of exhibits in this class but on the uniformly high quality of the displays as well. The thing that puzzles us is how in the world any group of judges can pick the best display of so many good ones.

We don't know how much less people are driving their cars because of the difficulty of replacing worn out tires but certainly there has been a big decrease in the number of cars parked on the streets of Thief River Falls. Our parking problem is gradually solving itself and the need for parking time limits is steadily diminishing. Now that we have made our annual contributions in the usual amount because of our forgetfulness, we can see no good reason for continuing the time limits—for the duration.

This is one of the toughest weeks of the year for us to grind out copy for this column—not because there are not numberless things that might be commented on but because it is difficult to settle down long enough to get a few ideas connected. We haven't looked at a newspaper for a couple of days but we are sure the war is still progressing unfavorably. That's always good for a few lines on the fact that it might be a lot worse. Nothing like being cheerful when things are going bad. The school board is fighting a losing battle in its efforts to secure a faculty. For every teacher they hire a couple of them resign and their outlook is as discouraging as that of the government officials who are trying to build ships faster than the subs sink them. The result is that many married ex-teachers probably will be back on the payrolls before the war is over. Good thing, maybe, for the men who married teachers. Fair officials worry about weather, of course, but they are not necessarily opposed to rain—providing it comes at the right time. A shower at the right time of the day helps attendance. A rain-out on the last night would be a real headache for them. What should they do about the big prize if there were only a few people on the grounds? They shudder when they think about it. So it goes. There are any number of things a fellow could be for or against, but none of them seem important during fair week. But why worry about it. There are plenty of other weeks that can be devoted to solution of the world's vexing problems. Things won't go to pot if we skip a week. Good night.

Topics of the Times

By M. A. H.

If there is a bumper crop this year, it will bump into an acute labor shortage.

The U. S. Treasury reports that Minnesota citizens paid federal taxes totaling 146 million dollars during the past fiscal year. Ponder that fact well, you folks who think the government gets its money out of the air.

The county fair this year features bands and bonds, not bunds.

Billy Noonan of Baudette reports that Mae West is flat busted (financially).

Rev. Henry J. Soltau perhaps is expecting too much when he hopes his martyrdom will carry him to the United States senate.

Clipped quotation: Happiness is not a reward—it is a consequence.

Attics around town are getting a rather empty look as a result of all the salvage campaigns.

With the organization of the Women's auxiliary army corps, men again will be accused of hiding behind women's skirts.

There was no shortage of beefing last week when a shortage of beef developed in some of the larger cities of the country.

If only the politicians in Washington would show as much concern about winning the war as they do about winning re-election.

They're planning on organizing a baseball team from among the nine candidates for sheriff in Roseau county.

Maybe they call it shortcake because the strawberry season is all too short.

A GOOD GUESS

"What made him so soft?"
"I think he had been drinking hard cider."

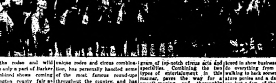
MIGHT HAVE MONEY

Mulhens—No, I won't lend you five dollars today. That's final.
Everbroke—Better think it over. I'll need ten next week and five dollars invested now will head me off from touching you then.

PEN ADVICE

"Lights out at 8 p. m. Up at 5 a. m. Not much like wot we're used to be."
"Oh, well! Early to bed and early to rise makes a man healthy, wealthy and wise."

Barker Bros. Rodeo and Circus to Show at Fair



Although the rodeo and wild west acts are only a part of Barker Brothers combined shows coming to the Pennington county fair as the attraction before the grandstand Wednesday evening, July 29, and Thursday and Friday afternoons, none but the most outstanding figures in the wild west world were considered in the organizing of this part of the show.

Bill Blomberg, manager of the unique rodeo and circus combination, has personally handled some of the most famous round-ups throughout the country, and has been intimately connected with many of the colorful celebrities of the old and new west.

Highly trained saddle horses and championship cowboys and cowgirls are a valuable asset to any show. In addition, the Barker Bros. present a pretentious program of top-notch circus acts and specialties. Combining the two types of entertainment in this manner, paves the way for a smooth-running and thoroughly enjoyable show. It also eliminates annoying "waits", which are unavoidable in a rodeo performance where no specialties are interspersed.

Among the canine troupers in the show are real Alaskan Huskies, said to be the only dogs of their breed in show business today. They do everything from tight rope walking to back somersaults. Miniature ponies and a dancing horse are just a few of the more outstanding animal acts in each performance.

Fact is, there's something going on all the time in the Barker Bros. Rodeo and Circus, and sell-out business everywhere is a good indication of its worth as first class entertainment.

Looking Backward

1932—TEN YEARS AGO

With only 61 ballots cast in the School District 18 election, Mrs. Frances Larsen and Olaf Nesset were reelected to the board of education.—The Landstad church west of St. Hilaire celebrated the fiftieth anniversary of its founding.—Mayor P. L. Tungseth was the speaker at the Pennington county rural school graduation exercises.—Charles Marks of Fullerton, California, purchased 75 head of high grade Guernsey cattle in this territory.—Rev. R. M. Fjelstad and family are spending their vacation at Lake Lida near Pelican Rapids.—Miss Gladys Williamson returned from a vacation trip to Yellowstone national park.

Mayor E. L. Tungseth appointed to the library board Anton Hall, Mrs. Gaston Ward and Mrs. B. O. Norby.—Glenn Brokke won the city tennis title, defeating Marvin Benson.—A. J. McGuire, general manager of Land O'Lakes Creameries, and R. C. Bell, candidate for congress, addressed the Pennington county creameries picnic at St. Hilaire.—The city clerk's office discontinued the practice of mailing out statements for electric service.—Miss Esther Werner became the bride of Edward W. Johnson July 21.—Theodore Prichard returned from Harvard University to visit at his parental home.

1922—TWENTY YEARS AGO

The local cooperative creamery paid out more than $40,000 to patrons for June deliveries of butterfat.—An elaborate sham battle was being arranged by the local American Legion post in connection with the county fair next week.—Judge T. O. Gilbert of Willmar laid the cornerstone of the Sons of Norway lodge building in impressive exercises.—Miss Ida Tandberg and B. O. Norby were married July 26 at the home of the bride's mother, Mrs. Julia Tandberg.—Mrs. Louise Pawling and children are leaving to make their home in Portland, Oregon.—Mr. and Mrs. F. J. Stebbins entertained in honor of State Auditor Ray P. Chase.

Work was being completed on a new duplex erected by Martin Evenson at the corner of Bridge st. and Tindolph av.—Mrs. A. W. Swedenburg was elected vice president of the Ninth district American Legion auxiliary.—Threshing of a big crop of rye was under way thruout the county.—Congressman Paul Kvale of Benson was a guest at the home of his aunt, Mrs. I. T. Simley.—Special services were held in Trinity church honoring Miss Helen Weeks, who is shortly to leave for the mission field in China.

PUBLIC OPINION

Editor the Times:

I have heard several comments on the write-up in the Public Forum column two weeks ago by Kitty regarding the closing of the stores so early on Saturday nights. Speaking as a farmer and under the daytime saving time I think Kitty (whoever she is) spoke the sentiment of ninety percent of the people in the country, but if there is nothing that can be done we will take it and like it.

But Kitty, let's just turn the tables on our good friends in town. If conditions are favorable from now on we will harvest one of the best crops this country has had for many years, and with practically all of our very best boys in service to save our country, I just wonder if our city friends would not show their true American spirit and just button up the city at noon (that's eleven o'clock new time) for about four days a week and let every able bodied man grab the bull by the horns and help put this harvest across.

In past years we could get some very satisfactory help from the jungles but not this fall. Several have stated that they know how, but listen, it's what you do, not what you know that counts. A few years ago I had two Mexicans helping me thresh. When they came in with a load of grain I saw they had a knot tied in all four tugs. When I asked the trouble they said the handle come down.

So we won't expect too much from some of you. How well I would like to see my friend Bill Dahlquist harness a horse just to see if he knows where to put the cruppers. There is Harry Kinghorn, the mayor, Paul Lundgren and Knadle, the chief, and many others. We can't expect much but every little helps, so get organized and come out. There's a lot of work that must be done. Three week's nice weather and plenty of help and it would be all over.

New Suit Every Year

Two chickens in every pot, two cars in every garage, were slogans in the past. Perhaps we can now set ourselves a new goal and measure of our national welfare: A new suit for every man every year. It doesn't sound excessive. Yet the average man bought only a third of a suit in 1940, a New England clothier recently told a convention of his associates. In reverse English, the man buys a suit of clothes only once in three years. This doesn't mean that the American standard of living is not still the highest in the world. It simply means that there is still plenty of room for improvement.

Growing With Your Child

Institute of Child Welfare, University of Minnesota

Truthfulness

For some reason or other, parents seem to have the idea that truthfulness should be born in children, and that when children depart from the straight and narrow way of truthtelling, they have committed a grevious sin.

The impulse to protect ourselves is deeply implanted in all human beings. If this were not one of the most strongly compelling motives in our lives, the human race would long since have vanished from the earth. Little children necessarily have a dose of self-protective canniness in their makeup, which accounts for the villainy which is at once so amusing and so confounding. Why, children have been known to deceive before they could talk, before they could possibly drink in any ideas of right or wrong. One baby learned to pull the blanket up so that his mother couldn't see when he was sucking his thumb!

Making it easy and pleasant for children to tell the truth, praising and encouraging them when they face a difficult situation bravely, will get us much farther than recriminations and scoldings when they haven't been scrupulously truthful. Again, we may easily, without suspecting it, tempt a child to the first steps of slyness and trickery. If we know, for example, that Tom has to struggle over his arithmetic, we will be playing with fire if we offer him a quarter for every perfect paper he brings home. Of course we are motivating him to try to bring home good papers, but are the means by which he gets his marks fair, or foul? The boy who lies about having broken a window when playing ball does so because he has found that the truth in such case brings, not friendly and consoling sympathy for his trouble but a sharp reprimand.

By our children's attitudes, in the face of hard things, we can pretty much judge our own training methods, that have had a large part in bringing about those attitudes. If we expect children to do the right thing, and give them the encouragement of letting them know that we appreciate it, we are building up their self-respect. To suspect a child, instead of trusting him, is a sure-fire way of bringing about the opposite of the behavior we desire. "Is that all the change the grocer gave you?" we thoughtlessly ask. We are actually putting into the child's head the notion—"aha! Mother won't be any the wiser if I spend a penny or two next time!"

What You Buy With WAR BONDS

When the Marines get their service pack, there is included therein a bright shiny new shovel cased in a muslin carrier. The shovel costs 68 cents and the carrier 24 cents, or $1.07 for the ensemble.

These intrenching shovels are used by the Marines around camp digging trenches, setting up barbed wire entanglements and in many other ways. Your purchase of War Bonds and Stamps every pay day can readily equip our forces with these necessary implements for warfare. Invest at least ten percent of your income every pay day. Buy War Bonds and Stamps from your bank, your postoffice and at retail stores.

ERIE

Glennie Iverson, son of Mr. and Mrs. G. A. Iverson left Tuesday morning for Fort Snelling to be inducted into the army. Before leaving he was honored at a series of parties. The River Valley Creamery Board held a party for him at the Raymond Gorden home on Thursday evening presenting him with a beautiful wrist watch. Friday evening H. A. Dahlens entertained a large group in Glennie's honor, at their home. Sunday a very large crowd gathered at the Iverson home to bid Glennie adieu also presented him with a big purse of money. Monday evening a buffet supper was sponsored by his parents to near relatives and a few friends at the Iverson home.

Henry Fjeld is another Erie community boy who left for the army Tuesday. Being the third of the Fjeld family to leave to serve his country, Alvin the first to go, is in Kodiak, Alaska; Oscar is in Denver, Colo. Henry too, was honored at several parties before leaving.

The Star 4-H club held their July meeting at Clover Nook school house the 16th. County Agent Palmer was present. A business session and short program was in order. Plans were made for exhibits at the county fair. Mesdames H. Sundsdahl and George Hovet served.

The Emmanuel church held their annual Mission Festival at the church Sunday. A very large crowd was present. Dinner was served on the lawn by the Ladies Aid. Refreshments were on sale during the afternoon. Guest speaker was Rev. E. A. Schuett of Crookston.

Mr. and Mrs. Lawrence Wells of Detroit Lakes motored up Sunday for a brief visit with old neighbors also attending the farewell party at Iverson's.

Mr. and Mrs. Joe Kuntz and children and Mrs. L. B. Johnson visited Monday with the latter's brothers the Jorde's near Thief River Falls.

Alfred Iverson, Erling Dahlen and Elvin Bommerud left Tuesday for the Red River Valley harvest fields. They were accompanied by Gunstein Skreland of Oklee. Mrs. Skreland will stay at her parental home, H. A. Dahlens during her husband's absence.

M. J. Anderson finished drilling a well for S. Sigurdson near Highlanding. He is now back to the T. Roisland farm where they will try anew for water.

Geneva Iverson returned to her parental home Sunday after being employed at Joe Schiofer's for several weeks.

Carl Syversrud who is employed in Hibbing spent the week end here with his family.

Mr. and Mrs. Paul Omlid entertained a group of near relatives at their home Friday evening. The hours were spent socially after which ice cream and cake were served.

Mrs. Julia Johnsrud purchased a house in Thief River Falls and has moved there. She sold her house here to Norris Trontvet who will move it onto his farmstead.

Recent visitors at the H. A. Dahlen, Gust and Iver Iverson homes were Mr. and Mrs. P. J. Iverson of Fargo, N. Dak., and Mrs. Mary Hilden of Aneta.

OPEN SEASON ON DUCKS IN EFFECT SEPT. 26-NOV. 2

Shooting Permitted During Season from Sunrise to Sunset

Federal migratory birdhunting regulations for 1942 were announced recently by Interior Secretary Ickes, providing a 70-day shooting season for ducks.

Duck hunting will begin in the northern zone on September 26, intermediate zone October 16, and southern zone, November 2.

While liberalizing the restrictions on hunting ducks, which showed a vast increase in numbers last year, Ickes tightened rules for the protection of geese, doves and other birds that have not increased in population.

Duck hunting hours will run from sunrise to sunset, instead of from sunrise to 4 p. m. as formerly, and legally killed birds may be possessed for 30 days after the close of the season, instead of 20 days.

Regulations governing bag and possession limits of ducks remain unchanged except that a new provision makes the possession limit on the first day of hunting conform to the daily bag limit.

The regulations reduced the bag limits on geese and included other special safeguards, since investigations had shown a decline in goose populations other than the blue geese.

Small Power Generating Plants Not in Use to be Purchased by U. S. Army

Carl B. Anderson, Chairman of the Pennington County War Board, has just been informed that the Army will purchase small power generating plants not in use to meet the rapidly growing needs of the armed forces. These power plants are wanted by the U. S. Army Signal Corps for operation communications equipment, especially at remote bases where current is not available from established plants.

Specifically, the types of power plants (both engine and generator) needed include gasoline, diesel, kerosene or fuel oil driven motors, operating 110 to 220-volt generators, AC only. Equipment of this type can be used in capacities from 500 watts to 25 kilowatts and larger.

Anyone having a power plant of the above specifications is requested to get in touch with Mr. Anderson at the AAA office over the cooperative creamery in Thief River Falls.

Lions, Rotarians to Meet in Golf Tourney Tuesday

Members of the Lions club at their luncheon meeting Wednesday noon in the Palm Garden Cafe voted unanimously to accept the challenge of the Rotary club to an inter-club golf tournament on the local course next Tuesday evening. The two teams will fight for possession of a handsomely decorated tin can, which was won by the Lions in a similar match last year.

TOMATOES AT BENSON GROW ON POTATO VINE

Benson — Tomatoes growing on potato vines. That is something! And with Luther Burbank dead, it is a real Ripley Believe-It-Or-Not. Mrs. Geo. Minikus brought the actual proof to the News office last week. She slipped off a section of potato vine growing in her garden that carries two little tomatoes about the size of marbles. Now citizens are holding their breath to see whether the Minikus plants will do double duty by furnishing luscious ripe tomatoes above the ground and good old Irish potatoes below the ground.

Radium Defeats Local Ball Team Sunday 5-3

Wasting only two of the seven hits that they garnered off Lenny Lorentson, Radium, by a 5 to 3 score, defeated the locals in a game played at Radium on Sunday. Next Sunday the local team will again travel out of town, playing a return game with the Karlstad nine.

Thief River pushed across their three scores in the 1st inning of Sunday's contest. Gordy Reierson opened the game with a double off Marshall Myhrer's pitching; Bob DuChamp was safe on Myhrer's error; Woody Almquist was a strike-out victim; Wally DuChamp poled out a double to plate Reierson and Bob DuChamp. After Nornes had whiffed, Lenny Helquist singled to score Wally DuChamp with the locals third and final tally.

A base on balls to Rosy Rosendahl, an error, and singles by Scheff and Knutson, gave Radium two runs in their half of the 1st inning. Radium knotted the score in the 3rd inning. George Monroe opened the frame with a walk; Lorentson struck out Bauer and Scheff; Knutson banged out a single, and on Helquist's error, Monroe tallies. Monroe's double, a hit batsman, a passed ball, and Knutson's third single, accounted for the game-winning runs in the Radium half of the 6th inning.

The locals, who left thirteen men stranded on the bases during the game, had their finest chance of winning or tying the game in the 8th inning. Lorentson and Ole Ness pumped out singles, and after Reierson had been called out on strikes, Bob DuChamp was safe on shortstop Monroe's error, to fill the bases with one out. Almquist struck out, and Wally DuChamp hoisted a fly to center field to snuff out the rally.

Newfolden's Marshall Myhrer hurled for Radium, and the slender pitcher turned in a well-pitched game, getting eleven strikeouts and allowing but one walk. Lefty Lenny Lorentson, who went the route for the locals, also collected eleven strikeouts and gave up but seven hits.

The box score:

TRAVELERS ARE URGED TO TAKE ONLY ONE BAG

The baggage problem on United States railroad passenger trains has become so serious that the Office of Defense Transportation is urging travelers to limit themselves to one bag wherever possible. A number of railroads, northwest ODT officials were informed, have reported that the amount of baggage taken into cars by passengers is becoming increasingly difficult to handle because of the crowded condition of coaches. By limiting themselves to one bag, the ODT officials said, passengers can help by providing more room for others.

Crookston Plans Water Sports Carnival Sunday

Crookston's first water sports carnival will be held Sunday, August 2, sponsored by the life-saving committee of the Polk county Red Cross chapter and the Chamber of Commerce. In addition to the life saving demonstrations there will be a program of sports headed by a canoe race with a $25 war bond hung up for first prize and $10 second prize with a third of $5. Substantial prizes are also offered in log rolling, canoe tilting and row boat races. Entries in these events may be made at once with the Chamber of Commerce.

DON M'KENZIE OF CROOKSTON WINS SHORTSTOP EVENT

Stan Larson Wins 1st Flight Championship on Local Course Sunday

Crookston's Don McKenzie defeated Bill Larson, of Grand Forks, 2 and 1, to win the annual shortstop golf tournament played over the local course Sunday. McKenzie, shooting sub-par golf, disposed of Tom Jorde in a first round match, winning by a 3 and 2 margin; and then defeated Dr. C. L. Oppegaard, 1 up, in the semi-finals. Larson took the measure of Cob Shol, 4 and 3, in his first round match; and then defeated Vic Kvikstad, 2 and 1, in the semi-finals.

The championship flight consolation was won by Tom Jorde, who defeated Hans Chommie, 1 up. Jorde defeated Billy Bye to reach the consolation finals, while Chommie defeated Cob Shol.

The first flight championship was won by Stan Larson who defeated Crookston's C. L. Hiller, 2 up. Cal Colvin won the first flight consolation with a 3 and 1 win over Dr. Ed. Bratrud.

Will Sponheim bested Floyd Daniels, winning by a 2 up score, to win the second flight championship. Kern Olson won the second flight consolation honors with a 1 up victory over Ed Kiland.

George Mostue marked up a 2 and 1 win over O. S. Nording of Karlstad, to win the third flight championship. Wm. G. Claffy carded a 2 up win over Haakon Olson in the third flight's consolation finals.

Dr. C. W. Jacobson won the fourth flight championship with a 4 and 3 win over Milton Larson. Jimmy Dokken defeated Morris Bye in the fourth flight consolation finals.

Glen Fellman, of Red Lake Falls, defeated Ralph Lee for the fifth flight championship; with George Rice defeating Bart Wangenstein for the consolation honors.

100-YEAR-OLD LETTERS INTERESTING READING

Butterfield. — Recently Mrs. A. S. Crowley has come across some interesting old letters written by her grandparents and their friends between 1846 and 1849. Envelopes were not used but the letter folded and addressed on the outside and sealed with wax. Stamps were not used but the amount of postage was paid and marked on the outside and cancelled with a postmark including the date and word "Paid". Writer of one letter disliked Boston very much and greatly preferred to be back in "The Beautiful City of Waterbury, Vermont," but he must remain on the job in Boston because of the fine wage of $16.00 per month. One of the ladies evidently an experienced seamstress, referred to making three vests at 75 cents each in one week for which she received $2.25 and wished she could do that well every week.

It has been estimated that 14% of the population of Minnesota at that time took part in the Civil War, while less than 6% saw service in the first World War.

Hartz Bakery	2	3	.400
T. R. F. Times	1	4	.200
Rex Cafe	1	4	.200
The Mint	1	5	.167

Results of the week's matches:
Lincoln Life (146) defeated the Bratrud Clinic (149).
Poppler's Furniture (144) defeated The Mint (153).
J & B Drugs (158) defeated the Soo Line (166).

Friday evening's schedule:
Poppler's Furniture vs. Bratrud Clinic.
Rex Cafe vs. Lincoln Life.
Soo Line vs. The Mint.
Oen's vs. T. R. F. Times.
Hartz Bakery vs. J & B Drugs.

The Lincoln Life and the Poppler's Furniture teams continued in a deadlock for the Victory golf league lead, each team posting a win during last week's matches. Hans Chommie, with a 35 gross and a net 33, paced the Lifes to a three-stroke win over the Bratrud Clinic, 146 to 147. Dr. C. W. Jacobson, shooting a gross 41 and with a handicap of 10, had a net 31 for the Clinics. Other Clinic net scores were Dr. Hedemark, 38; Dr. Helseth, 40; and Dr. Bratrud, 40, while Floyd Daniels and Rev. G. S. Thompson each carded a net 37 for the Lincolns, with Lloyd Bennes and Morris Bye having net 39's. The Poppler's team scored a fine 144 stroke total to defeat Oscar Cerny's Mint, who had a 153 total, and remain in a first place tie for the league lead.

Warn Against Danger of Spreading Hog Cholera During Threshing Time

Inexperienced help on farm during threshing season should be warned about the precautions necessary to prevent the spread of common livestock diseases from farm to farm at threshing time, authorities of the American Foundation for Animal Health suggested today.

"The spread of hog cholera in rural areas during the threshing season can sometimes be traced to the carelessness of threshing crews," says the Foundation's warning. "Cholera virus is so potent that even a small amount picked up by wagon wheel in the mud of a hog lot can be taken to another farm and spread a killing outbreak.

"New farm hands should be cautioned to keep out of neighboring hog lots while on threshing crews. They should never drive wagons or trucks through hog lots or hog pastures. And a farmer should exercise the same precautions about keeping neighbors out of his own hog lot. Cholera outbreaks have increased steadily for the past four years, and authorities feel that greater precautions than ever must be taken this year against this most deadly of all swine killers."

MINNESOTA EGGS SERVED AT SEA

Ortonville. — Robert Jurgenson of Clarkfield who is serving in the U. S. Maritime service aboard a tanker plying the Gulf of Mexico and Atlantic ocean waters may be a long way from home, but he's right at home with Minnesota eggs. While enjoying a bit of refreshment recently he was surprised to find himself sitting on top of a case of eggs bearing the printed and stamped label "Ortonville Produce Co." All of which meant he was eating eggs produced not over 40 miles from his home town back in Minnesota.

WAR JOB TO BE HAMPERED UNLESS JUNK MOVES FAST

Junk of various kinds and scrap iron must be kept moving freely if United States war plants are to keep producing materials for the military forces, northwest wartime salvage officials warn. Raw materials, they explained, are now the most important factor limiting production of planes, tanks, ships, guns and bullets. Scrap, they said, is a vital part of the raw material supply. In production of steel, for instance, 44,600,000 tons of scrap iron was needed for the 82,500,000 tons of steel ingots produced last year. Of the scrap total, 27,000,000 tons were purchased directly from the public.

Keeping Score

....With BUCK OLSON

There wasn't any tinge of a fluke about Don "Bud" McKenzie's triumph in the shortstop golf tournament played here Sunday. The bespectacled Crookston golfer turned in three fine rounds of golf, and deserved his championship. In taking Tom Jorde out of the meet in a first round match Sunday morning, Bud shot a sub-par 23. And to indicate the kind of heat that Bud was applying, consider the fact that Tom shot a birdie 4 on the par 5 3rd hole, and lost the hole when McKenzie marked up an eagle 3. And on the par 3 4th hole, Tom was down in regulation figures, but McKenzie dropped a putt for a birdie deuce. McKenzie continued to play such a brand of golf through his semi-final match with Doc Oppegaard and in the finals against Bill Larson.

Hans Chommie, who lost to Vic Kvikstad, 1 up, in a first round match, was handicapped considerably in his tournament play Sunday. According to Hans, the children at home had been playing "hide the thimble" and in a scramble they had broken his glasses. He wasn't able to find his spare pair of spectacles, but rather than witness the golf matches from the side-lines he decided to enter the tournament. His drives were straight down the middle, and he can do that even if he were blindfolded; but around the greens and on his approach putts it seemed that he had difficulty in judging distance and pace.

Bad News

It's bad news, especially for the high school hockey team, to learn that coach Walt DePaul has resigned his position on the high school faculty. Walt, who is employed in a Seattle ship-yard, will remain out there for the duration at least.

Well, Walt leaves a tailor-made hockey team here, and it's a team that is favored to make a successful defense of the state high school hockey championship it won last winter. Mouse, Lloyd, John, Bob, Marty, Don Johnny, Luke, Les, and Ronnie are all set for next season's schedule. That is, if conditions are such that there will be a schedule.

City Golf Tournament

The city golf tournament is now in progress over the local course and it appears that there will be bitter matches in every flight before the championships are decided. The first flight, in particular, will be a free-for-all. Here are the entrants: Lloyd Bennes, Kern Olson, Bill Claffy, Stan Larson, Dr. A. E. Jacobson, Floyd Daniels, Cal Colvin, and Charles Hoffas or Dr. Ed Bratrud. Any one of those golfers is capable of winning the flight championship and it's only going to be a case of the golfer that is "on" his game during the matches. Fact is, there won't be much honor in the title for the winner for the other first flight golfers will not be convinced that the winner was the best golfer in the flight, merely that he was "on" his game while the others were "off" their game. That's a nice flight to be in—nothing to win and nothing to lose.

In the flight for the championship proper, to succeed Jimmy Nordine, are the following golfers: Hans Chommie, Tom Jorde, Dr. Homer Hedemark, Dr. H. Helseth, Vic Kvikstad, Rev. G. S. Thompson, and Dr. Ed Bratrud or Charles Hoffas. It's the consensus of the club house experts that Tom Jorde and Hans Chommie will be the finalists.

Here's an Oddity

It isn't often that a pitcher hurls a two-hit game, while his mates are collecting eight hits, and then is charged with a loss. But that was the experience of Red Owl's Al Ness last Wednesday evening when the DeMolays scored a 10 to 8 win over the Red Owl. Al gave up but two hits, both by Lenny Lorentson, and one of the hits was of the scratch variety. Al whiffed six of the DeMolays during the six-inning game; but his wildness, he issued ten bases on balls, and erratic support, gave the DeMolays the winning break.

One of those Things

A couple of weeks ago, in a game played here, the locals trounced Radium by a 20 to 3 score; and then last Sunday, in a game played at Radium, the locals were defeated, 5 to 3. It's hard to explain such a reversal, and the boys say it was "one of those things". Neil Bennett, Jimmy Anderson, and Stan Cockrell weren't in the line-up, and that made a difference. And Radium had Marsh Myhrer, a curve-ball pitcher, on the mound and he made a difference too.

Berdeen Nornes, who was hitting in the high 300's at this time last year, had "none for five" Sunday and dropped his average to .175. Buttercup tells me that the cause of his slump this year is he's had several attacks of appendicitis. That may be, but I think he's suffering from curveballitis, too.

CAT PURSUES SPARROW; PUTS TOWN LIGHTS OUT

Albert Lea. A cat gunning for a sparrow, shut off Clear Lake's power over the whole town recently. The kitty perched on the tower at the sub-station of the electric company, spied a sparrow sitting on the wires. Jumping from the tower to the wires, his tail brushed a switch of 13,000 volts. The cat got the sparrow but the short circuit got them both, and Clear Lakes' lights were blacked out for four minutes.

GARDEN TOOLS GOING OUT OF PRODUCTION SOON

By September 13, the gadgets so necessary to the latter-day amateur gardener's proceedings will be out of production, according to an order received by northwest War Production Board officials. Garden tools, hoes, rakes, cultivators, weeders and all the rest of the gadgets were placed on a list of articles for which steel can be processed until August 13 and assembly continued for another month.

SHIP LAUNCHINGS TO BE FEATURE OF LEGION CONCLAVE

Minnesota Veterans to Meet in Duluth Sunday to Wendesday

Three ship launchings, giant Victory parade, dozens of bond-selling floats, general participation of the U. S. Army and coast guard stationed at the Head of the Lakes, Minnesota Civil Air Patrol and National Guard, and the presence of leading military figures of the country, promise to make the 24th annual convention of the Minnesota department of the American Legion in Duluth next Sunday to Wednesday one of the outstanding war demonstrations of the nation this summer.

The Victory parade at 2:30 p. m. next Tuesday promises to be one of the greatest public demonstrations in the history of the state, with "V for Victory" as the general theme for the 4-hour march through the downtown loop area.

Local army and coast guard units and the state defense forces will head the long line of march, while air patrol planes will demonstrate overhead. Governor Harold E. Stassen who is scheduled to address the Legionnaires Tuesday morning, will join a group of distinguished national and state Legion and Auxiliary officials in reviewing the parade.

Two coastwise tankers, the Glen Pool and Jennings, will be launched at the Barnes-Duluth shipyards at 4:30 p. m. Sunday, August 2, under the general direction of the Legion convention committee, with Mrs. Mark W. Murrill, national Auxiliary president, and Mrs. A. C. Carlson, Minnesota's own past national president, as the sponsors.

Former Local Resident Dies at Minneapolis

Oscar Kulseth, formerly a resident of this city, died Saturday at his home on 2435 Columbus Ave., Minneapolis, after a long illness. Funeral services were Tuesday at 1:30 p. m. in the Welander-Quist Chapel on Chicago Ave. at 19th. Interment was made at the Hillside cemetery.

He is survived by his wife, Annie; one daughter, Ardell; five sons, Howard, Tellmer, Charles, Robert, and John; three brothers and three sisters.

Those who attended the funeral from this city were Mrs. Nels Lund, Martin Kulseth, Joe Kulseth, Mrs. Hannah Eide.

Mr. Kulseth is the father of Marion Kulseth, who was killed in an auto accident outside of Minneapolis seven weeks before.

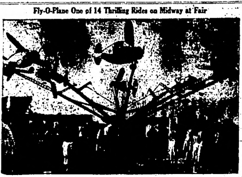
Fly-O-Plane One of 14 Thrilling Rides on Midway at Fair



Thrill seekers at the Pennington County fair July 29 through August 1, will find the new Fly-o-plane one of the greatest thrill producers they have ever ridden. This new ride gives one all the sensations and thrills of a regular aeroplane ride without any of the dangers and has already this season proven one of the most popular of the big rides on the midway of the Dee Lang's Famous Shows. The Dee Lang Shows will furnish the entire midway of 14 rides and 14 shows at the fair.

MORE WORKERS DRAW MAXIMUM JOB INSURANCE

Director Victor Christgau Reports Nearly Half Draw Maximum

More and more workers who qualify for unemployment compensation are drawing maximum weekly checks, says Victor Christgau, director of the state employment-security division. His statement is based on a comparison of that agency's payments during the second quarter of 1942 with 1941.

This year, 42 per cent of all weekly benefits for total unemployment were for the maximum amount—$15 and $16. Last year only 22 per cent were for $15. The $16 maximum was not in effect last year.

Payments to unemployed workers during the quarter—April May and June—totaled $1,663,602; $140,107 (7.8 per cent) less than for the same months in 1941.

During the first six months of 1942, the average unemployed worker was idle for a much shorter period than in 1941, Christgau said. New claims for unemployment compensation, January through June, were 7 per cent less than last year but the number of continued claims was 23 per cent less. A continued claim is filed for each week of unemployment, after the worker's right to benefits has been established.

Opening for Mechanics as Ordnance Inspectors

The U. S. Civil Service has announced an examination for inspector, ordnance material, various grades, at salaries ranging from $1260 to $2600 per annum for employment at ordnance plants throughout this area.

Persons who have had mechanical experience or training are urged to see Gunder Legvold, local civil service secretary, at the post office.

National Red Cross Asks Public to Cooperate in Aiding Soldiers' Morale

Be careful what you write to the fighting men of Uncle Sam's armed forces. This is the advice of hundreds of American Red Cross workers who come into contact daily with the troubles and personal problems of American service men both at home and abroad.

Too many times, they warn, the folks at home pour forth petty family problems in letters to their boys who are away in camp or fighting at the front. The result in many cases is the demoralization of a brave soldier. The loving mother, sweetheart, uncle or aunt unwittingly may be aiding the enemy.

There are too many cases, Red Cross workers declare, of a soldier, sailor or marine receiving a wire, "Come home, mother seriously ill." Verification of the facts by the Red Cross reveals that there was no real reason for alarm. Mother, it appears, had been suffering from an illness for many years. It was no worse at the time the wire was sent, but she sent it, because she had a motherly desire to see her son.

During the waiting period, while Red Cross workers check the facts in the soldier's home town, the army is confronted with a bewildered boy, who but a moment before was a determined soldier.

Red Cross workers have encountered numerous cases where a lovesick sweetheart wishing to have a visit with her soldier boy friend has forbed a wire stating that "Aunt Mary" is ill and not expected to live through the day. Red Cross workers are soon able to wire back the comforting news that no illness exists, but meanwhile, another soldier has spent agonizing hours tryng to visualize the actual conditions at home.

Cases of suicide of service men have been reported to the Red Cross which were directly traceable to the thoughtless letter of the "girl friend" at home in which she wrote the service man that she no longer cared for him.

Minnesota Department of Health Distributes Serum to Fight Pneumonia

A little known, but vitally important twenty-four hours a day, seven days a week, 365 days a year operating schedule in a division of the department of health was pointed out this week by state officials. News to everyone except doctors and the patients who have been served, the perpetual watch is kept to furnish victims of pneumonia with anti-serum as soon as it is needed.

The service has been set up by the department of health to enable doctors out through the state to get the serums which they must obtain speedily if they are to be of help in fighting pneumonia. Keeping a bacteriologist constantly on watch to answer calls for serum, the department has provided facilities that bring the advantages of the newest methods in treating pneumonia to patients even in the most remote communities, far from the big medical centers in the cities.

There are 32 types of respiratory pneumonia, and a specific anti-serum has been developed for each. The serum contains anti-bodies—those tiny organisms which help the human body fight disease—developed for them in rabbits and horses. Because pneumonia runs its course rapidly, serum must be provided promptly if it is to help.

As soon as a sample of the patient's sputum arrives at the laboratory of the department of health, it is analyzed and "typed" to determine which kind of pneumonia is present, and the proper serum sent hurrying back to the doctor by the fastest method.

BUY THE BIG QUART SIZE
...to help save metal for Uncle Sam
...to get more beer for your money

The Government has asked all bottlers to save 40 per cent of the metal used in bottling by using fewer bottle caps. By packaging Grain Belt Beer in the full quart size instead of the regular 12-ounce size, the entire savings asked by the Government can be accomplished *without rationing beer*.

We urge you, therefore, to order Grain Belt in the new quart size. This makes one bottle cap do the work of three and helps save metal for war production.

You'll find that the full 32-ounce quart of Grain Belt handles and pours easily and —most important—*gives you more beer for your money than the old 12-ounce size.* Split a quart with a friend at your tavern. Take a quart home! Minneapolis Brewing Company, Minneapolis, Minnesota.

"N. C." MAY MEAN WAR ON THE WIRES

When you ask the long distance operator to get you someone somewhere, you may hear the operator say "N.C."—which means "No Circuit"—the lines are in use.

During the past few years this Company and the other companies of the Bell System have made tremendous additions to their plant, equipment and organization to handle the increased use of telephone service; yet over many long distance routes and in many exchanges there is a shortage of facilities.

In normal times we would build more lines but now, copper and other critical metals are needed for ships and shells and planes and other weapons of war.

You Can Help Conserve Critical War Materials and Keep the Lines Open for War Calls

Long distance lines to Washington, D.C., the Atlantic, Pacific and Gulf coast areas and other centers of military activity are very busy with war calls. If it is really necessary to make a call over these lines, won't you please try to avoid the busiest hours which are on week days between 9 and 12 in the forenoon, 2 and 5 in the afternoon and 7 and 9 in the evening?

It also will help if you can make fewer local calls and keep each call as brief as possible.

If you share a party line, please be considerate of the other fellow. In war-time, many more people have to use party-line service.

Everything must be subordinated to winning the war and the Bell System is dedicated to that task.

300 VALLEY MEN VISIT FIELD PLOTS AT N. W. SCHOOL

Minneapolis Man Tells of Processing of Flax and Soy Beans

More than three hundred farmers and business men from the Red River Valley counties attended the field plot visitation day at the Northwest School and Station, Crookston on Tuesday, July 21. Sixty county agents, high school agricultural instructors, and farmers assembled at 10:30 a. m. for the inspection tour of the hay drying equipment in the beef cattle barn and the swine breeding project located on the west farm at the station.

Dr. F. R. Immer, vice-director of the Minnesota experiment station, University Farm, St. Paul, spoke to the county agents and agricultural instructors on the morning program on recent releases of crops from the plant breeding laboratories.

The formal speaking program at crops and soils day started at 1:30 p. m. with Supt. T. M. McCall giving the address of welcome. Dr. F. R. Immer, vice-director of the Minnesota experiment stations, pointed out in his address what the experiment station was doing not only to help produce increased amounts of food and feed to help in the war program but also what was being done in basic research to contribute to the war program.

Fred Hafner, a technical expert from the Archer-Daniels-Midland Company of Minneapolis, processors of flax and soybeans, gave an address on the processing of flax and soybeans. Mr. Hafner pointed out that in processing flax, the linseed oil was the chief product and that oil meal was the by-product, while in soybeans with oil content of 17 to 19 per cent, the oil was the by-product.

According to Mr. Hafner, there are great potential food possibilities from soybeans because of the high protein content of the beans after the oil is extracted. Figures presented by Mr. Hafaner showed that the greater portion of soybean oil was being used in margarines and other food purposes and at the present time, linseed oil was the chief oil produced in this country for paint purposes. Due to the facts that black varieties of beans produce oil meal not accepted by the feed trade and that immature varieties produce green-colored oil, Red River Valley farmers were warned to go slow in increasing their acreage of soybeans for crushing purposes.

It was the opinion of crushers of both soybeans and flax according to Mr. Hafner, that the Red River Valley area should confine its efforts in oil production to the flax crop and that increased support should be given experiment stations in producng new varieties of flax with high oil content and other desirable characteristics that would overcome the common weaknesses of some of the present flax varieties.

COUNTY FAIR IS ACCLAIMED AS HUGE SUCCESS

Estimated 38,000 Persons Enter Grounds During Four-Day Run

RECEIPTS SLIGHTLY BELOW 1941 FIGURES

Total of 3,220 Individual Exhibits on Display at Exposition

In spite of the enforced cancellation of the automobile races scheduled as a feature on Saturday afternoon, the closing day of the fair, resulting in only a small crowd being present that afternoon, the 41st annual Pennington county fair during its four-day run attracted a total of 38,000 persons, according to estimates made by Secretary A. F. Berge and C. W. Vorachek, in charge of gate admissions.

Making up the total were 18,000 adults and an estimated 20,000 children, the latter being admitted to the grounds without charge. Fully 3,000 automobiles were parked on the grounds during the fair, in addition to hundreds parked outside. Mr. Berge stated that while receipts fell below the near-record figures of last year, the financial outcome is expected to be highly satisfactory.

Mr. Berge added that the work of mailing out premium checks aggregating more than $1,700 will get under way late this week. There were a total of 3,220 exhibits in the various departments, including 549 in the 4-H division.

While there was a smaller crowd than usual at the fair last Thursday, Thief River Falls Day, the grandstand and bleachers were packed to capacity Friday afternoon and evening and again Saturday evening. On the closing night Saturday throngs continued to stream into the grounds until near midnight.

A highlight of the Friday evening program in front of the grandstand was the 4-H girls' style revue, in which the girls modeled dresses of their own creation under the supervision of Miss Irene Olson, county club agent.

Miss Vivian Engelstad, daughter of Mr. and Mrs. Axel Engelstad, was crowned style queen, and in consequence, will receive a free trip to the state fair. Her attendants were the Misses Goldie Finstad, Ardelle Larson, Bernice Halvorson, Evelyn Pierson and Beulah Lerol. S. E. Hunt, president of the fair board, officiated at the coronation.

Hilton McMahon, son of Mr. and Mrs. Leon McMahon, and Laura Jorde, daughter of Mr. and Mrs. Carl Jorde, were respectively crowned Pennington county 4-H health king and queen.

At the same time, Donald Baken, winner of the first prize in the Victory Garden contest, was presented with a $25 war bond, while $10 in war savings stamps was conferred on Rose Foldo, winner of second honors.

Meet the Winners in Victory Garden Contest

The two happy children pictured above with Clarence Sande, chairman of the Victory Garden contest sponsored by the Junior Chamber of Commerce, are Don Baken, right, winner of first prize in the contest, and Rose Foldo, second place winner. They were photographed as they appeared when receiving their awards in front of the grandstand at the county fair Friday evening.

DON BAKEN WINNER OF FIRST PLACE IN GARDEN CONTEST

Rose Foldo Ranks Second in Field of 136 Entries in Jr. Chamber Event

Donald Baken, 11, 4-H worker and son of Mrs. George Baken, was the winner of the first prize of a $25 war bond in the highly successful Victory Garden contest arranged as a feature of the Pennington county fair last week under the sponsorship of the Junior Chamber of Commerce, Clarence Sande, contest chairman, announced today.

Donald's garden and his exhibit at the fair accumulated a total of 96 points out of a possible 100. Winner of second place and $10 in war savings stamps was Rose Foldo, 13-year-old daughter of Mr. and Mrs. Lars Foldo, whose entry scored 93.05 points.

Entries in the contest, numbering 136, were judged on the basis of a possible 70 points for the exhibit at the fair and 30 points on the condition of the garden. Judge of the exhibits was Supt. T. M. McCall of Northwest School, Crookston, while Elbert Larvik, Red Lake county agent, judged the gardens.

The C. L. Heinze garden and exhibit was given third place with a total of 92.65 points, while the Audrey Nelson 4-H entry placed fourth with 92.25 points.

Others of the top ten gardens, in order, were entered by Mrs. Andrew Breznay, James Copp, Mrs. Vernon Copp, Mrs. Robert Westacott, Alva Anderson and Mrs. Herman Axelson.

No Last Minute Rush of Filings for Office

Assurances that the primary election September 8 in Pennington county will be a quiet affair, so far as the race for county offices is concerned, were given last Thursday when there was no last-minute rush of filing before the 5 o'clock deadline. Not more than two aspirants have filed for any position, while Sheriff Arthur Rambeck and Treasurer A. R. Johnsrud are without opposition.

Following are the candidates:

Auditor: A. M. Senstad, incumbent; Arthur J. Fretland.

Treasurer: A. R. Johnsrud, incumbent.

County Attorney: Paul A. Lundgren, incumbent; Lincoln Arnold.

Sheriff: Arthur Rambeck, incumbent.

County superintendent of schools: Miss Judith Lockrem, incumbent; Mrs. A. C. Matheson.

Register of Deeds: F. D. Lorentson, incumbent; Alfred Bredeson.

County commissioner second district: P. W. Mabey, A. B. McLaughlin.

County commissioner fourth district: W. H. Mulry, incumbent; Carl Christofferson.

With three candidates in the race for state senator from the 65th legislative district, there will be a primary contest for this office. Aspirants are W. E. Dahlquist, W. J. Douville and Eynar Jensen.

Four candidates will compete for the two posts of representative from this district. They are J. O. Melby, Oklee, and W. E. Day, Bagley, incumbents; Adolph Olson of Bagley and Carsten Mead of Red Lake Falls, who was also a candidate in 1940 for the same office, being defeated by W. E. Day by a slender margin.

NEW ULM MAN FILES AGAINST SEN. BALL

Right and Left Wing of F-L Party Enter Full List of Candidates

The entries were all in Thursday for the big September political derby and the names on the lists, including some not mentioned in the futures books, promised a number of hot races.

While the Democratic stable was content with a single entry in all except one instance, the Republicans and Farmer-Laborites will feature contests right down the line.

One of the last entries tossed into the box as the usual last day crowd milled around Secretary of State Mike Holm's office at the five P. M. deadline Thursday was that of former governor Elmer A. Benson, who filed for the Farmer-Labor nomination for the U. S. senate, an office he once held by appointment.

Barring scratches during the next few days, here's the way they will go to the post on September 8 in the principal races:

Republican: U. S. Senator—Senator Joseph A. Ball, St. Paul; Walter K. Mickelson, New Ulm; Harson A. Northrop, Owatonna; and Rev. Henry J. Soltau, Minneapolis.

Governor—Governor Harold E. Stassen; Martin Nelson, Austin; and John G. Alexander, Minneapolis.

Lieutenant Governor — Lieut. Gov. C. Elmer Anderson; Ed Thye, Northfield; Franklin Ellsworth, Minneapolis; Victor E. Johnson, (Continued on page four)

Pennington Co. Group of Selective Service Men to Depart Sunday

The next group of Pennington county selective service men, smaller in number than the July contingent, will leave Thief River Falls Sunday morning at 11:20 for Fort Snelling where the young men will undergo physical examinations previous to their induction into the service. Following induction, members of the group will return home for a two-weeks furlough, at which time their names will be released for publication by the local draft board. Arthur Berg, chief clerk of the board, announced that the reclassification of registrants in Class 3 will be started this week, and that a few of these men may be called for service in September.

BUSINESS FIRMS CHANGE LOCATION DURING THE WEEK

Employment Office Is Now on Main Floor of Northern State Bank Block

The federal employment office, of which Clarence Sjolander is manager, was moved late last week to a more convenient location on the main floor of the Northern State bank block formerly occupied by the Elizabeth Shop. The office had been located on the second floor of the Citizens block for the past four and one-half years.

The Elizabeth Shop is now located in the quarters on Third st. formerly occupied by the business machine and office supply shop operated by Arthur Hamilton, who has moved his stock to new quarters in the Fountain on LaBree av. of which Mr. Hamilton also is proprietor.

Announcing---
the formation of a
PARTNERSHIP
between
Erling Torgerson
—and—
William Froiland
in the operation of the
TORGERSON OIL CO.
Under this arrangement, now in effect, Mr. Froiland will manage the business, Mr. Torgerson having entered the military service.
YOUR CONTINUED PATRONAGE WILL BE GREATLY APPRECIATED

TO PATRONS AND FRIENDS:

I wish to thank you for the many favors extended to me during the three years I have been in business in Thief River Falls. During this period I have enjoyed a steady increase in sales volume and my relations here have been very pleasant. My application for enlistment in Uncle Sam's navy has been accepted and I expect to leave in a few days—for the duration. I feel that I have been extremely fortunate in securing Bill Froiland as a partner and as a manager of the business while I am gone. Mr. Froiland needs no introduction by me. He is well and favorably known in the community and I am sure he will do everything possible to serve you right. Thanks a lot and I'll be seeing you.

Funeral Rites Held in St. Paul for Miss Clara Iddings Tuesday

Funeral rites were held Tuesday, August 4, in St. Paul at the Rose Lawn Cemetery Chapel for Miss Clara Iddings, age 58, who died at a local hospital on Friday, July 31.

Miss Iddings was born in Grand Forks, N. D., on October 15, 1883. She moved from there to St. Paul with her parents, and later moved to Humboldt where she taught in the Humboldt high school. On March 1942 she retired from that position and since April she made her home with her niece, Mrs. Gunder Legvold, of this city.

Surviving relatives are a sister, Mrs. Grace Fletcher of Clearbrook, a niece, Mrs. Gunder Legvold, of this city, and a nephew, Major Robert Fletcher of London.

NUMEDAL

Miss Alice Knutson, student nurse from the Deaconess Hospital in Grand Forks, spent the past week at Lake Movil as a guest of Mr. and Mrs. Ray Anderson of Grand Forks. The remainder of her vacation will be spent at her home, the Soren Knutson's.

Mr. and Mrs. Harry Swanson transacted business in Drayton, N. Dak., last Wednesday.

Leslie Christie, formerly of this vicinity, but who now lives near Fargo, N. Dak., is spending a few days at home.

Mr. and Mrs. Melvin Jorndal and brother Julius Jorndal of Milwaukee, Wisc., returned to their home Saturday after spending a week's vacation at the home of their sister and brother-in-law, Mr. and Mrs. Olaf Pederson.

Mrs. Louis Carpenter and sons, Dennis and Randy called at the J. B. Reiler home near Radium Sunday. The Reiler home was struck by a small tornado last Wednesday night and all buildings were destroyed except the house.

RIVER FALLS

Mr. and Mrs. Everett Johnson and family of Warren visited at the August Swenson home on Sunday. Mr. Johnson returned the same day while Mrs. Johnson and children remained for a few days' visit.

Mr. and Mrs. Carl Johnson, Leonard and Dorothy of Proctor, and John Ekmark came Monday and visited until Tuesday noon at the home of Mr. and Mrs. Gerald Stephens. On returning home Miss Ethel Mae Stephens accompanied them to Duluth where she will be flower girl at the wedding of her aunt, Miss Lornor Riverness.

Life magazine presents a group of pictures this week showing the horror of conditions in Greece, and, following this section, scenes of gayety in diplomatic circles in the capitol city of Turkey. The arrangement probably is coincidental, but the contrast between what is shown on two sides of one page is so marked that the relationship cannot go unnoticed. Although there are no soldiers in the pictures, all are war scenes. One extreme shows the innocent victims of war, starving men, women and children of a conquered nation. The other extreme is represented by those who fight the war luxuriously, in an atmosphere of deceit and intrigue. The two extremes could properly be classified as cause and effect. Each extreme might be both cause and effect. In the suffering of one war are sown the seeds of hatred that enable war mongering diplomats to brew the next war. Now is not the time to wrangle about what has been. The problems of the present need all our attention. But when this war has been won our big responsibility will be to handle the peace in such a way that there will be no next war.

Getting the crop harvested may or may not be a difficult problem for the farmers of our community, as they have expressed themselves to us. If we have cool weather and the crops mature gradually, there will be little difficulty. If, however, we have a few days of "heat" the situation will be serious and it will then be necessary for all available men, old and young, to lend a hand. Steps are being taken to organize the city for this purpose. As an agricultural community our major war effort is the production of food. Safeguarding the harvest is an obligation that we owe, not to any individual farmer or group of farmers, but to the nation as a whole. The men in the service will not fail us. We will not fail them.

If you've got a horse out there on that farm of yours, Brother Noper, that you will guarantee won't snort or swish his tail, we'll be glad to enter the contest.

It will take some time before the final figures will be known but they are sufficiently complete at the present time to justify the statement that the county fair was a financial success again this year. Board members are hoping there will be enough profit after taxes are paid to retire the balance of the debt, and that would be a nice way to put the fair on the shelf for the *duration.*

Silly, now, to talk about the problems of the county fair when the war is over but we would like to second the suggestion that the forty acres of land that are the fair grounds be given to the city or the county to be developed into something more useful than just a place to exhibit and entertain less than one week out of the year. It would make for a better fair if there were trees on the ground, and benches were provided in the shade for the convenience of patrons who desired to picnic. A larger grandstand must be built, but it should be built to serve a more general purpose. The fair forty has many possibilities as a park and recreation center. When the war is over there still will be things to talk about.

This business of watching the Nazis penetrate deeper and deeper into Russia has been likened to standing on shore unable to help a man who is drowning. This is not a complete picture however, for in this case, if Russia goes under, we may lose our lives too. It is not for us to say that not enough is being done to save our ally. We do not know what is being done nor do we know what more can be done. All we can do is hope that our leaders are making the right decisions. This, as had been predicted, is the critical period of the war, and the developments of the next few weeks will have far reaching consequences. As we analyze the news from the Russian front we find one comforting thought. There is nothing in the news from either side that indicates demoralization of the Russian army. The withdrawals, apparently, are orderly, and as long as the Russian army remains intact as a fighting machine there is ground for hope. A retreating army is not necessarily a defeated army. Our confidence in the ability of the Russians to take it and give it back is undiminished.

It's a corker how much water can fall out of even a small cloud these days and most of the clouds that have travelled through this territory lately have been pretty fair sized. No one hereabouts will complain, we are sure, if it doesn't rain again for a month.

CITY COUNCIL PROCEEDINGS

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in session in the Council Chambers in the Auditorium and Municipal Building on Tuesday, July 28, 1942. The meeting was called to order at eight o'clock P. M. with Aldermen Griebstein, Petersen, Overum, Severson, Stenberg present and Alderman Hulbert absent.

A petition was presented, the same being signed by L. B. Hartz, P. R. Larson and others requesting that action be taken to improve the alley in Block 35 of the Original Townsite, Second to Third Street, by the installation of concrete pavement, the widening of Horace Avenue between Second and Third Street, widening of Second Street from LaBree Avenue to Horace Avenue and the construction of concrete walk on Second Street from corner of Main Avenue of such block to Horace Avenue, thence north along the east line of said block to intersection with Third Street. A motion was introduced by Alderman Petersen that the Clerk be instructed to cause notice to be published calling for bids for such alley paving, widening of Horace Avenue from First to Third Street and construction of concrete walk as petitioned for, such bids to be opened and considered on August 25th, 1942. The motion was seconded by Alderman Stenberg and adopted by unanimous vote.

A petition was presented signed by A. Simonson, A. H. Dern and others protesting against the unsightly condition of the lots owned by Chas. Ellerman in Block 13 of the Original Townsite and requested that action be taken to have such premises put in presentable condition including removal of a trailer house now located on the property. On motion of Alderman Stenberg, seconded by Petersen and carried the matter was referred to the City Attorney.

RESOLUTION

At an adjourned regular meeting of the City Council held July 28, 1942, Alderman Petersen, seconded by Alderman Stenberg, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, it appears to the City Council that by reason of direction of new buildings and the change of conditions along Horace Avenue between First Street and Third Street, that it is necessary and expedient to construct new sidewalks along the East side of Block Thirty-five (35) and the West side of Block Thirty-four (34), along the East side of Block Fifty-eight (58) and the West side of Block Fifty-nine (59), all in the Original Townsite of the City of Thief River Falls, Minnesota. That such sidewalks be constructed Twelve feet (12') wide. That the present curbs be removed and that the paving be extended to the new sidewalk line, so as to widen the street to that extent. Also, that a new sidewalk Twelve feet (12') wide be constructed along the South side of Block Thirty-five (35) and that the paving on Second Street be widened so as to meet such sidewalk and that the present curb be removed. Such improvement to be assessed as benefit to the abutting property.

BE IT FURTHER RESOLVED, That Tuesday, the 25th day of August, 1942 at 8 o'clock P. M. in the Council Rooms at the City Auditorium be and hereby is fixed as the time and place when said petition will be considered and action taken in reference to the matter.

BE IT FURTHER RESOLVED, That the City Clerk give notice to the property owners, whose property is liable to be assessed for such improvement to be present at such meeting and cause such notice to be published for two weeks, prior thereto in the Official Newspaper of the City.

Youth in Oklee Suffers Amputation of Leg in Mower Mishap Friday

James Turgeon, 12, son of Mr. and Mrs. Walter Turgeon of Oklee, had his left leg amputated below the knee at St. Vincent's hospital in Crookston Friday night, in an emergency operation necessitated by injuries he sustained in a mower accident.

The boy was operating a mower on his father's farm late Friday afternoon when one of the lines with which he was driving the horses slipped from his hand. As he was gathering up the lines the horses gave a sudden jerk, throwing him into the mower's sickle. The left leg was cut so severely that amputation was necessary.

The mishap occurred about 5:30 P. M. The boy was given first aid at Oklee and then brought to the Crookston hospital.

Guests at the J. E. Bloomquist home last week were Mrs. Bloomquist's sisters, Miss Sari Lee of Chicago, Ill., and Mrs. A. J. Ildstad of Minneapolis.

CROPS IN ARGYLE AREA DAMAGED BY 5 INCHES OF RAIN

Barn on Farm Near Radium Is Razed in Windstorm Wednesday Night

A five-inch rainfall which in a short space of time late last Wednesday night overflowed ditches and turned the Argyle district into a vast lake, caused heavy damage to grain crops.

Accompanied by considerable wind, the storm swept out of the northwest and centered at Argyle.

A twister struck the J. B. Reiter farm near Radium, where it shattered a 40 by 34 foot barn and carried the roof over a grove of trees, clipping the tops off them. Parts of the barn, which had a 16-foot leanto, were scattered over a 200-yard area. Smaller buildings also were destroyed and two calves were killed as were chickens and a dozen pigs. Crops in a sizable area were beaten into the ground.

Mrs. Pauline Tanem Dies at Her Home on Thursday, July 30

Mrs. Pauline Tanem, age 87, died at her home at 624 St. Paul Ave. S., on Thursday, July 30. Funeral rites were held on Monday, August 3, at 2:00 p. m. at the Evangelical Free church, Rev. J. O. Jacobson officiating. Interment was made in the Greenwood cemetery.

Surviving are her husband, Andrew Tanem; one son, Art Tanem, of St. Paul; two daughters, Mrs. T. K. Whitelaw of Honolulu, and Miss Anne Tanem of this city.

Born in Trondhjem, Norway, on May 17, 1855, Mrs. Tanem came to this country in 1881 and made her home in Minneapolis, where she was married to Andrew Tanem a year later. Fourteen years later they came to this county and homesteaded near this city. In 1901 she came to Thief River Falls and has lived here since.

Miss Mildred Hemmen arrived home from Kelliher Wednesday after spending a few days visiting with relatives.

PLANE SPOTTING SERVICE SET UP IN MARSHALL CO.

Emery Johnson of Warren Is Appointed County Director

Emery Johnson of Warren is county director of airplane spotting service in Marshall county, and a chief observer and an alternate observer has been appointed in every township. Their duties are to enlist observers, who will observe and report all planes when this region is alerted. The set-up calls for both men and women for observers or spotters, the women observing in the day and the men at night.

Any planes that are sighted or heard will be reported from the observation post sighting them, and by such reporting from each post in each township, the exact course of the planes can be plotted on map in filter center and information center, which is the Command Post.

Organization meetings will be held Friday, 12 noon at Grygla and the same day at 8 p. m. at Middle River.

P. A. Brown of Grygla, is the chief observer of Valley township and Harold Rush is the alternate observer. An observation post will be located at Grygla for Valley township and spotters will be asked to observe from that post.

4-H Winners

The Silverton-Smiley 4-H unit made a good showing at the County Fair this year. The club booth was placed in the Blue Ribbon group; the theme of the booth was that of good storage of fruits and vegetables. It was interesting. Donald Knutson won the championship on his Angus heifer and this winning entitles him to a free trip to the State Fair. Many of the club members won blue and red ribbons and a few placed third.

Congratulations to the Robert Pederson's on the arrival of their brand new daughter last week. The little girl weighed 8 lbs. and 14 ozs. The Pederson's have another daughter three years old.

Mr. and Mrs. Ove Nordahl were chicken dinner guests at the home of Mrs. Nordahl's grand parents, the Christ Larson's. Mrs. Nordahl left Monday for Seattle, Washington to make her home while her husband is in the army. He left Tuesday morning with a contingent.

Mr. and Mrs. Arnold Aakre and daughter Mary Ellen of Lanesboro spent from Friday to Sunday at the Ted Markus home and visiting his mother Mrs. E. Aakre who is also there.

Word has been received that Miss Delores Lendobeja is now employed on the "graveyard" shift at the Lockheed Aircraft factory at Los Angeles, Calif. She enjoys her new work very much.

Sunday visitors and dinner guests at the O. N. Olson home were Mr. and Mrs. Marcus Olson of Willmar, Mr. and Mrs. Norman Olson and children, Joyce and Douglas of St. Paul, Mr. and Mrs. Mark Olson and children, Mrs. Jim McCrum and daughter "Muffet."

Last week visitors at the Frank Hardisty home were Mr. Hardisty's mother Mrs. J. H. Hardisty of Thief River Falls, and Miss Mary Parker.

Blueberry pickers Tuesday near Fourtowns were Mr. and Mrs. Walter Lendobeja and son Julian, and Julian Lendobeja of Kratka.

The Emil Thunes have built a nice new granary.

Mr. and Mrs. Walter Lendobeja and Julius Svensgaard of Mavie motored to Pelican Rapids Sunday and spent the day with Mrs. Lendobeja's sister, Mrs. Olga Burrell.

GOLF TOURNAMENT FOR THE CITY TITLE NEAR FINAL STAGE

Tom Jorde and Vic Kvikstad Reach Championship Semi-finals

Tom Jorde, defeating Lloyd Bennes and Hub Baum, and Vic Kvikstad, winner over Cal Colvin and Charles Hoffus, have reached the semi-finals in the championship flight of the city golf tournament now in progress over the local course. Jorde will play the winner of the Dr. H. Hedemark vs. Dr. Helseth match; while Kvikstad will meet the winner of the H. O. Chommie vs. Rev. G. S. Thompson match.

The first flight semi-finals will find Lloyd Bennes playing Wm. Claffy, and Dr. Ed Bratrud meeting the winner of the Dr. A. E. Jacobson vs. Floyd Daniels match.

Ed Carlson won the second flight championship by defeating Dr. Baldwin Borreson in the finals after having defeated Merril Grothe in a first round match and Art Holte in the semi-finals.

O. H. Ekeren and Walter Smith have won first round matches in the third flight. Ekeren will play the winner of the match between Wm. Dahlquist and Guy Hinton; with Walter Smith playing the winner of the Stan Dahlen and Frank Kobliska match.

Roy Oen has reached the finals in the fourth flight, scoring wins over Dr. E. S. Amesbury and Dr. C. W. Jacobson; and will meet the winner of the match between Oscar Rolland and Wally Carlson for the championship.

Archie Henstrud, with a win over Oscar Cerney in the semi-finals, has entered the finals in the fifth flight, and will play either Anton Hall or Rev. A. I. Merth for the championship.

Phil Larson and Chris Rinkel will meet in one semi-final match of the sixth flight, while Harry Brumund has entered the semi-finals in the upper bracket.

Rotary Club Defeats Lions in an Interclub Match Tuesday Night

The Rotary-Lions inter-club golf tournament on the local course Tuesday evening, in which 32 members took part, was won by the Rotarians with an average score of 51 for the latter club while the Lions averaged 53.8. Eight players tied for the winning number of 45 in the blind bogey event, and a drawing resulted in the award of prizes to Andrew Anderson, Harry Brumund and Haakon M. Olson. Following the tourney Lions president Archie Henstrud turned over the tin cup trophy to Mr. Anderson, president of the Rotary club. Preceding play a total of more than fifty persons enjoyed supper together in the club house. Numerous invited guests were present, including Harry Fredericks of Watertown, S. D.

League Standings

	W.	L.	Pct.
Bridgeman's	5	2	.714
DeMolay	4	3	.571
Kiewel's	3	4	.428
Red Owl	2	5	.287

Next week's schedule:

Friday, Aug. 7th, Red Owl vs. Bridgeman's.

Tuesday, Aug. 11th, Bridgeman's vs. DeMolay.

Wednesday, Aug. 12th, Red Owl vs. Kiewel's.

Friday, Aug. 14th, DeMolay vs. Kiewel's.

The week's games in the City D-ball league were postponed because of rain and wet grounds, but an attempt will be made to resume play tomorrow evening, with the Red Owls playing the Bridgeman's. The schedule will end next week with Bridgeman's playing the DeMolay on Tuesday evening; on Wednesday the Red Owls meet the Kiewel's; and on next Friday, playing off a postponed game, the DeMolay will meet the Kiewel's.

The play-offs for the city championship are slated to be played on August 18th, 19th, and 21st, with the first and fourth place teams playing on the 18th, the second and third place teams on the 19th, and the two winners meeting on the 21st.

Another 'Teen-Age Dance Set for Friday Evening

Another in the series of popular 'teen-age dances sponsored by the city recreation department will be held in the Auditorium Friday evening, August 7, from 9 to 12 o'clock, it was announced today by T. M. Thronson of the committee in charge.

LOCAL BALL TEAM TAKES KARLSTAD ALL-STARS 5 TO 2

Large Crowd Witnesses Contest at Donaldson Sunday

The local ball team, playing before a large crowd at Donaldson, punched across five runs in the 4th and 6th innings to defeat the Karlstad All-Stars, 5 to 2, Sunday. Manager Helmer Ness announces that arrangements have been completed for a game here next Sunday, with the Grand Forks Independents furnishing the opposition.

Karlstad, picking up a tally in the 1st inning, on singles by Len and Scotty Mathews and an error on Damman's ground ball, held a one-run lead until the locals half of the 4th inning. Stan Cockrell opened the inning with a double into right field, but Stan was nipped at third as he tried to stretch the hit into a triple. Woody Almquist poled out a double; and Wally DuChamp singled into right field, with Almquist stopping at third. Berdeen Nornes skied out to right field; but Eddie Flasch drove out a hard double, scoring Almquist. Helquist was safe when the Karlstad shortstop fumbled a ground ball, with Wally DuChamp tallying the locals second run. Manager Ness whiffed to end the frame.

After Lorentson had struck out in the 5th inning, Gordy Reierson singled into left field; Cockrell was safe when Swedin erred, with Reierson stopping at second. The Karlstad shortstop erred on Almquist's chance and the bases were filled. Wally DuChamp singled, scoring Reierson and Cockrell; and on Nornes' long fly, Almquist trotted across with the locals fifth run.

Karlstad added their final run in the 6th inning on Damman's single, a wild pitch, and Len Mathews third hit. Lenny Lorentson, who had been pitching steady ball for the locals, appeared to tire in the 5th and 6th innings; losing his control and uncorking several wild pitches. With one away in the Karlstad half of the 6th inning, Woody Almquist took over the locals' hurling duties, and in 3⅔ innings Almquist whiffed seven batters, issued only one walk, and allowed but one hit, a single by Scotty Mathews.

Eddie Flasch, with a double and triple in four tries at the plate, and Wally DuChamp with three singles in five times at bat, paced the local hitters.

125 MEN ATTEND SPORTSMENS CLUB SESSION TUESDAY

Group Goes on Record in Favor of Open Season on Game Birds

Approximately 125 men from throut this locality attended the August meeting of the Pennington County Sportsmens club Tuesday evening in the Civic and Commerce association rooms.

Hunting seasons on game birds furnished the principal topic for discussion, and the organization went on record in favor of open seasons on prairie chickens, sharp-tailed grouse, ruffed grouse, Hungarian partridge and pheasants. Sentiment favored shooting from sunrise to sunset. The meeting also went on record in support of an eleven-day deer hunting season.

A. J. Rau presented movies depicting the part played by the communications industry in the nation's war effort, while other films were supplied by the Minnesota department of conservation.

Announcement was made that the annual meeting of the Northwestern Minnesota Association of Conservation Clubs will be held at the Auditorium in this city Tuesday evening, August 18, to be preceded by a directors' meeting in the Civic and Commerce room at 4 o'clock that afternoon.

Lunch was served at the close of the meeting by a committee headed by Julien Provencher.

Keeping Score

.... With BUCK OLSON

A look at the averages of the local ball team reveals that centerfielder Wally DuChamp and shortstop-pitcher Woody Almquist are in a nip-and-tuck race for the club's batting honors. Wally, in 37 trips to the plate, has punched out 16 hits, to hold an average of .432; while Woody has also clouted out 16 hits, but he has been at bat 39 times, and has an average of .410. Both Wally and Woody have identical runs-batted in records, each having sent 13 runners across the plate.

Woody had been the team's leading hitter, having an average in the high 400's, until he bumped in Marshall Myhrer at Radium a week ago. Woody was held to one hit in five times at bat, while Wally was getting "two for five." By the way, Wally is the only regular who has not been charged with a strikeout this season. Wally is pretty proud of that record. The leading whiffers are Lenny Lorentson and Woody Almquist, with Lenny having fanned 9 times and Woody 8 times.

Stan Cockrell, with 10 hits in 28 times at bat, is hitting at a .357 clip to hold third place in the individual averages. Gordy Reierson has pushed his average up over the .300 mark, having picked up 11 hits in 36 times at bat, for a .305 average.

Third baseman Bobby DuChamp who's in the army and stationed at Camp Robinson, Arkansas, finished the season with 6 hits in 26 trips to the plate, for an average of .231. Bob won't be bragging about that average.

Quite a Reversal

After losing an erratic game to Radium a week ago, the locals came back to turn in one of their best games of the season Sunday and defeated the Karlstad All-Stars, 5 to 2, at Donaldson. According to Manager Helmer Ness, "The boys really played ball on Sunday. And you should have seen the large crowd that was on hand for the game, for the folks up there are really interested in baseball."

I'm sorry that I missed the game, because I hear that there were a couple of high-lights that were worth the watching. For instance, in the locals' half of the 6th inning, with Lenny Relquist on first base, and Ole Ness batting the bunt and run sign was flashed. Lenny broke for second base on the pitch, but Ole missed the bunt, and Karlstad's Mathews whipped the ball to second, trapping Lenny in a "hot box." Lenny, making the good try made several stops and turns, but he finally was tagged out, and he was so tired that he wasn't able to get mad. But I don't think that the boys will be able to get Lenny to go down to second on a bunt-and-run any more. He's fed up on that stuff.

Worth the Experience

Tom Jorde and Billy Bye, two of the city's most promising young golfers, participated in the Birchmont International at Bemidji during the week-end, and while they didn't return with any championship trophies, they did pick up some valuable experience. Tom, playing in the championship flight took the measure of Grand Forks Cliff Olson in the first round, winning by a 4 to 3 score; but then he met up with the University of Minnesota's lefthanded star, Spero Daltas, and lost 5 and 4. Billy Bye placed in the second flight, went to the finals before losing, being beaten by H. J. Frost of Wadena.

Don Stewart of Grand Forks won the championship, defeating Phil Olson, also of Grand Forks, 4 and 3, in the finals.

A Fine Gesture

The local aerie of the Eagles will conduct a ticket selling campaign and sponsor the ball game scheduled for the fair grounds on Sunday, when the locals meet the Grand Forks Independents.

And Sunday's game should be a dandy, for this Grand Forks team that is coming over will furnish plenty of competition for the locals. It is composed of a number of the boys that were members of Grand Forks state championship junior baseball team several years ago. Neil Bennett, who played half a dozen games at shortstop for the locals this year, has returned to his home at Grand Forks and will be in the Grand Forks lineup on Sunday.

Trapshooters Attention!

The Sportsmen's Club, who are operating the trapshooting equipment at the Fair Grounds, announce that shoots will be held every Thursday evening, from six o'clock until dark; and that shoots will be held every Sunday, from 10:00 a. m. to 1 p. m.

SHORTAGE OF BAGS FOR GRAIN & SEED IS REPORTED HERE

Elevator Men in City Ask Cooperation of Local Farmers

In a survey of the grain bag and storage situation made by local seed and grain dealers, it was found that there is a decided shortage of both. In the case of both new and used grain bags, costs have increased considerably and the supply is extremely limited.

It was pointed out that farmers could help alleviate the situation considerably by returning idle bags that they have borrowed, and that they could help by offering for sale any surplus grain bags they may have on hand.

In order that available bags may be kept in continuous use, dealers stated, it will be necessary to discontinue the free lending of grain bags. Instead, bags will be offered for sale on a cash basis, and will be purchased back by the dealers. It is felt that in this way bags will be returned more promptly, making them available to more growers.

In addition, farmers are encouraged to deliver their grain in bulk as it will be impossible to supply bags for storage or delivery.

Traffic Charges Bring Two Men into Court Here

Arrested on a charge of reckless driving last Thursday after ramming the Kermit Berg car on East Second st., Ben Glennen of Roseau was fined $10 in municipal court, and he promised to pay for repairs to the Berg automobile. REPORT OUTLINES RISE AND DECLINE IN STATE'S DEBTS

Total Indebtedness of State Is Now $106,064,000, Report Shows

Making public the third of a series of reports covering state finances from 1932 to 1941, the Minnesota Institute of Governmental Research pointed out this week that debt of the state rose from $123,000,000 during the first five years of this ten year period to a peak of $134,155,892 and then began a decline which has reduced the total more than $28,000,000 to $106,064,553.

Minnesota's net debt was $110,773,395 at the end of the fiscal year on June 30, 1932, the report showed, but the total climbed steadily and reached the peak of $134,155,892 on June 30, 1937, hovered around this level with $133,775,315 on June 30, 1938, and then began a decline in the succeeding fiscal year that has continued to the present.

Net reduction in the state's indebtedness in the last five years has amounted to $28,091,339, the report said, or 20.9%.

"Over $24,000,000 of this reduction took place during the last three years," the report continued, "there being a decrease of nearly $9,000,000 in 1940, another reduction of $6,000,000 in 1941 and then an additional reduction of $9,500,000 during the past year 1942."

Setting forth the progress being made in reduction of the different types of state debt, the report summed up the financial situation as follows:

"Minnesota is now operating on a balanced budget and the deficit of many years standing (in the general revenue fund) has been turned into a surplus. Further the 1941 legislature took steps to place the rural credit obligations on a sounder basis by levying against general property a tax of $1,500,000 plus interest each year for twenty-four years. The outstanding debt of the state now is less than ten years ago. Minnesota now faces the war and post-war problems in a far better financial condition than would have been the case five years ago."

Bonds for highways, relief, old age assistance and state buildings loomed large in the increase in state debt during the first five years of the decade covered. During the past five years, reductions have been made of $16,053,701 in highway debt and $12,800,000 in rural credit debt.

Highway debt now comprises about a third of the total state debt, the report showed, while rural credit indebtedness constitutes half of the total. In addition to remaining assets of the department, fully $40,000,000, it is estimated, will be required from tax funds to liquidate its holdings. Third largest factor in the present state debt picture is the debt for unemployment relief, the report pointed out. A total of $46,461,328 in bonds had been issued for direct and work relief up to June 30, 1942, it added, and of this $19,117,328 was still outstanding on this date.

Minnesota Boasts 32.3 Motor Vehicles Per 100 Persons in Population

Minnesota motor vehicle registration increased 3.6 per cent in 1941 over 1940, compared to a 7.4 per cent increase for the United States, according to reports compiled by the Federal Public Roads Administration from data furnished by the Highway Planning Surveys in the various states, and other sources. Motor fuel consumption increased 4.5 per cent in Minnesota and 9.9 per cent in the United States.

Minnesota, in spite of the lower rate of increase, retained its higher than average registration, having 32.3 vehicles per 100 persons, compared to a United States average of 26.1 per 100.

Registration of private and commercial cars, trucks and busses in Minnesota was 903,042 in 1941 and 871,351 in 1940. Totals ofr the United States were 34,383,167 in 1941 and 32,025,365 in 1940. In addition there were 5,158 tax-exempt municipal, county and state and 1,708 federal motor vehicles in Minnesota. In the United States there were 297,101 municipal, county and state and 84,728 federal vehicles, not including those in the military services.

1942 Paralysis Drive Nets $58,659 in State

The 1942 drive for funds to aid infantile paralysis victims in Minnesota topped all former records, it was announced today by Arthur D. Reynolds, Minnesota chairman for the celebration of the President's birthday. The net receipts from the 1942 campaign, Mr. Reynolds said, showed that Minnesotans contributed $58,659.60. In 1941 the net receipts totaled $36,849.24. Approximately half of this amount is being used to aid polio victims in the counties where funds were raised. The National Foundation for Infantile Paralysis, devoted to research into causes and cures for the disease, receives the other half of the amount collected.

POISONOUS REPTILE KILLED NEAR WINDOM

Windom — Uncommon in this part of the country is the kind of snake which an employe of the William Golly farm captured a few days ago. Noticing the large viper about four feet long and as big around as a water glass in the road, he drove over it with the car and then got out and pursued it with a piece of iron, finally killing it. All of the characteristics of the snake point to its being of the pit viper family which is a very poisonous type. Markings were diamond shaped similar to a rattler but there were no rattles. It contained two good sized pockets of poison on each side of the head and the mouth itself was large enough to swallow a bullfrog.

SHOD WITH STEEL She'll Swat The Axis All The Harder!

Sure the new MODEL C is on steel. MacArthur needs the rubber to land those big bombers on bumpy airfields. But that won't stop it from going anywhere you want it to go. Everything's there — Sealed Reservoir bearings, no daily greasing; hydraulic controls; 2-row tool bar implements; snappy, powerful motor.

Allis-Chalmers pioneered the air-tired tractor and still believes there is no substitute to equal pneumatic tires. When rubber comes back, you can change to air tires in half an hour, and the Model C will be better than ever. In the meantime, we recommend it on steel with complete confidence.

By Talking Less We Can Shoot More

Never before have so many local and long distance calls been made. During the past few years this Company and the other companies of the Bell System have made tremendous additions to their plant, equipment and organization to handle the increased use of telephone service; yet over many long distance routes and in many exchanges there is a shortage of facilities.

In normal times, we would build more lines, but we can't now because copper and other critical metals are needed for the shooting side of the war.

You can help conserve critical war materials and keep the lines open for war calls

Long distance lines to Washington, D. C., the Atlantic, Pacific and Gulf coast areas and other centers of military activity are very busy with war calls.

If it is really necessary to make a call over these lines, won't you please try to avoid the busiest hours, which are on week days between 9 and 12 in the forenoon, 2 and 5 in the afternoon and 7 and 9 in the evening?

Also, it will help if you can make fewer local calls and keep each call as brief as possible.

If you share a party line, please be considerate of the other fellow. In war-time, many more people have to use party-line service.

Everything must be subordinated to winning the war and the Bell System is dedicated to that task.

Here goes another case of Gluek's "Rentschlerized" beer !

GOOD LUCK, MISTER -- HOPE THE FISH GO FOR YOUR BAIT THE WAY THE BOYS GO FOR THIS BEER SINCE GLUEKS STARTED BREWING UNDER ULTRA-VIOLET RAYS !
BREWED UNDER ULTRA-VIOLET RAYS
Gluek's
Try our FAMILY QUART

"Rentschlerized" means as much to beer as "pasteurized" does to milk!

Gluek's is now brewed under bacteria-killing ultra-violet ray Sterilamps — invented by Dr. Harvey C. Rentschler of Westinghouse for use in hospital operating rooms. They guard the air in Gluek's brewery against bacteria — deadliest enemies of perfect beer flavor. Every drop of Gluek's is brewed pure. The result is the smoothest, mellowest, truest beer flavor you've ever tasted. Now, more than ever, Gluek's is the beer for the man who knows! Try it — for a new beer pleasure!

SNOWDRIFTS IN MID-JULY AT CLARKFIELD

Clarkfield—"It's been cool —but snowdrifts along the curb in mid-July I must be seeing things," muttered local citizens one afternoon recently as they passed the new Lynner building. And well they might for there lay a gleaming white snowdrift at least ten feet long in the gutter and it didn't look as tho it would melt either. Inquiry at the cold locker plant revealed that they were "defrosting plates" in the sharp freeze room.

BUY THE BIG QUART SIZE

. . . to help save metal for Uncle Sam
. . . to get more beer for your money

The Government has asked all bottlers to save 40 per cent of the metal used in bottling by using fewer bottle caps. By packaging Grain Belt Beer in the full quart size instead of the regular 12-ounce size, the entire savings asked by the Government can be accomplished *without rationing beer.*

We urge you, therefore, to order Grain Belt in the new quart size. This makes one bottle cap do the work of three and helps save metal for war production.

You'll find that the full 32-ounce quart of Grain Belt handles and pours easily and —most important—*gives you more beer for your money than the old 12-ounce size.* Split a quart with a friend at your tavern. Take a quart home! Minneapolis Brewing Company, Minneapolis, Minnesota.

BOARD ADOPTS CALENDAR FOR COMING YEAR

Registration of High School Students Will Start Next Saturday

SCHOOL TERM WILL OPEN SEPTEMBER 8

Wage Increases are Granted to Janitors and Bus Drivers

At a regular meeting of the school board Monday evening a calendar for the coming year was adopted providing for school opening on Tuesday, September 8. Registration of high school students not registered in May will start next Saturday. The usual opening schedule will be followed, providing for a meeting of 7th grade students in the Lincoln Auditorium Saturday, September 5, and a general teacher's meeting on Labor Day, Monday, September 7.

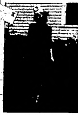
All janitors and bus drivers were retained for the coming year at salary increases of $10 per month for those who had been in the lower wage brackets and $5 a month for those who had received more. The bid of the Tri-County Forum for the publication of proceedings was accepted.

Superintendent Morris Bye pointed out some of the problems of transportation that might add difficulties to the school's athletic program but suggested that private cars could be used for out of town games probably would be available if necessary and recommended the usual program of competition with other towns. His recommendation was accepted.

Mr. Bye also reported on the progress of the school's garden and canning project, stating that to date 902 pints of peas, 729 quarts of beans and 22 quarts of cucumbers had already been canned and that the crop still to be harvested will keep the kitchen busy until school opening. The project is sponsored jointly by the Thief River Falls schools, including St. Bernards, and St. Hilaire.

A motion was adopted requesting an audit of the school's records for the past year by the state public examiner. All but three vacancies on the teaching staff have been filled.

Her Majesty



MISS PENNINGTON COUNTY

more generally known as Vivian Engelstad, was selected as the 4-H Club county style queen at the recent fair.

SCRAP HARVEST OPENS IN STATE NEXT SATURDAY

County Organizition Prepares to Cooperate in National Program

At a meeting of the local salvage committee to be held at Gustafson's Garage this evening plans will be made for Pennington County's participation in the national drive for the collection of scrap iron which starts Saturday and continues through the balance of the year.

Cooperating in the scrap harvest in Minnesota are representatives of the farm implement business, auto dealers, the rubber industry and the petroleum industry. Representatives of these groups have been appointed to the various local salvage committees. In each community, salvage representatives will go from farm to farm, asking farmers to donate or sell scrap for the war program.

Smaller amounts of scrap, which can be readily moved, can be brought into towns and left at salvage depots. For the larger and bulkier materials, such as machinery, arrangements will be made by the salvage committees for getting these into the scrap markets.

Through the scrap harvest it is hoped to comb every foot of ground in the state for all old and unused iron and steel which might be converted to the war program.

OPA TO RELATE PRICE POSTING NEEDS LOCALLY

C. & C. Association Sponsors Meeting of Merchants to Get Facts

TO EXPLAIN PROBLEMS OF CEILING PRICES

Program Held in C. & C. Rooms of Auditorium Next Thursday

Merchants of Thief River Falls and neighboring communities are urged to attend a meeting sponsored by the Civic & Commerce Association Thursday evening of next week, at which a representative of the Minnesota Office of Price Administration will explain problems of ceiling prices. The meeting has been called for 8:00 o'clock and will be held in the Association room of the Municipal Auditorium.

Problems concerned in the posting activity include the manner in which the merchant posts his ceiling prices, the way he keeps up his price ceiling lists, his submission of cost-of-living items lists to his local rationing board and his submission of supplementary lists of cost-of-living items on the tenth of each month.

Adherence to these requirements by merchants is mandatory under the general maximum price regulation. It is intended to keep the public informed of the merchant's ceiling prices, based on his maximum charges during March of this year, and to protect the merchant from unnecessary complaints about his prices.

Red Cross Will Make Dressings For Army

Pennington County women will begin production of surgical dressings for the U. S. Army in the near future, two representatives from the Pennington County Red Cross chapter, having received special training at an institute for the region held under the direction of the Midwestern Area of the American Red Cross, Herman A. Kjos, Chapter Chairman, announced today.

Mrs. L. W. Rullen and Mrs. Geo Werstlein of this city have been named co-chairmen for the production of surgical dressings and were in attendance at the Institute held in Bemidji last week. They will give instructions to county residents regarding the program commencing at an early date.

Preparations will get under way for an additional work room following a meeting of the Advisory Committee to be held Friday evening at the courthouse at 8:00 p.m., and at that time preparations and plans will get under way in all the different activities of the local chapter to provide a work program for all women who wish to participate.

First Aid classes are still being held and home nursing classes will commence shortly after the beginning of the new school year. An enlarged quota of sewing and knitting for the coming year must be met, besides it is expected that the surgical program must furnish almost 90% of the surgical dressings necessary for the armed forces.

Work to be Started on Highway 59 Next Week

Surfacing of trunk highway No. 59 between Plummer and Brooks will be started next week according to information received by Ed. Johnson, project engineer, who will superintend the work. The contract, let recently, provides for a stabilized base type of surface construction without oil treatment.

To Register Work or Rooms for Students

Anyone who wishes to rent rooms to high school students or who wishes to secure a high school student to work should notify Mrs. Blanche Korstad, Telephone No. 60. Anyone having rooms to rent to teachers should call the office of the Superintendent of Schools in the Lincoln Building, telephone No. 695.

Great Northern Again Seeks Abandonment of Branch from St. Hilaire

Announcement is made by the Great Northern Railway that it will seek abandonment of the branch line between St. Hilaire and Wylie. Application to abandon the 7 mile line has been filed with the Interstate Commerce Commission.

In a statement to the press released this week, F. G. Dorety, vice president and general counsel for the company, stated, "the War Production Board is now making urgent demands on the railroads to supply the government with considerable quantities of usable second-hand rail for use in the war effort. In some cases the government has confiscated and taken up lines of railroad in order to secure much needed rail without waiting for consideration by the Interstate Commerce Commission. The rail in the St. Hilaire-Wylie branch is suitable for that purpose, and it is the judgment of the company's officials that the rail therein should be made available to the United States government with the least possible delay."

Mr. Dorety also said that the company believes that continued maintenance and operation of the St. Hilaire-Wylie branch are uneconomical and not warranted by present and prospective traffic.

He visited his parents here several weeks ago following a hazardous 11,000 mile journey from the Far East.

CONFESSIONS BY BROTHERS CLEAR UP BURGLARIES

Sixteen Break-Ins and Thefts Admitted by Local Young Men

Two brothers have admitted a series of burglaries and thefts extending over a period of several months in Thief River Falls and neighboring communities. Sixteen specific offenses have been confessed, according to County Attorney Paul A. Lundgren.

Albert Zavoral Jr., 21, and his brother Werner, 19, of Thief River Falls, have been bound over to District Court on a charge of 3rd degree burglary based on the entry of the Ellingson store at Highlanding Friday night where some cash and merchandise, including two musical instruments owned by Palmer Wold were taken. They were arrested on suspicion Saturday night on order by Sheriff Arthur Rambeck.

Among the burglaries admitted according to Mr. Lundgren are the Larson Store at St. Hilaire, the Consumers Co-op at Goodridge, The Robertson Lumber Company, Oen's Oil Staton and Carl Christofferson's oil pump at Thief River Falls, Lane's Drug Store at Red Lake Falls, and a garage and a farm home at Adams, North Dakota. There were also numerous tire thefts here during the county fair and at Crookston.

COUNCIL ACTS TO ACQUIRE AN AIRPORT SITE

Kinghorn Heads Committee of Three to Investigate Possibilities

NAME JUDGES FOR COMING ELECTION

Coal Order Divided Between Two Firms on Identical Low Bids

Action was taken by the city council at its regular meeting Tuesday night toward securing a site for a municipal airport. A committee consisting of Mayor Harry Kinghorn and alderman A. M. Stenberg and Robert Peterson was authorized to investigate the possibilities and report back with recommendations. The action was taken in response to a request made by representatives of the Junior Chamber of Commerce, the Lions Club and the Civic & Commerce Association, Arthur Johnson, president of the Junior Chamber, speaking for the group.

Bids for coal were opened and the identical low bids of the Red Lake Fuel Co. and the Robertson Lumber Co. were accepted, the order being divided equally between the two firms. The bid prices were $9.95 a ton for screenings and $12.25 a ton for Pocahontas Lump, and providing for an additional 15c per ton if treatment is procurable.

A petition from owners of property fronting on Horace Ave. between First and Second Streets, requesting that that block be withdrawn from the application for the widening of Horace Ave. from First to Third streets was presented. This application will be acted upon following a hearing to be held in the council chambers August 25.

Licenses for the sale of 3.2 beer were authorized for Knute Swanson, Phil Huard and Ray W. Magnuson and a license for dry cleaning was authorized to [illegible] Dahl. Building permits totaling $2,690 were granted, the largest project included [illegible] the addition to the [illegible] berg Welding Shop to be constructed at an estimated cost of $1,260.

The following citizens were named judges of the coming election: 1st ward, [illegible] Knutson, Mrs. Christ Kiesk and A. C. Buringrud; 2nd ward, Russell Olson, John Gullingsrud and [illegible] Hanson; 3rd ward, Mrs. [illegible] Effinger, Harry Roberts and Mrs. Fred Holzknecht; 4th ward, [illegible] Erickson, Ed Iverson and Martin Fuller.

Several minor changes were made in the wage schedules of park, auditorium and sewage plant employees and a contract for the painting of the filter building at the sewage plant was awarded to Peter Furuseth and Axel Larson at a cost of $375.

DAVID D. HAUGEN, PLUMMER FARMER, DIED IN 78TH YEAR

Served 20 Years as President of Plummer Creamery Association

Funeral services were held on Monday, August 10, at the Clearwater Lutheran Church for David D. Haugen, who died on August 6, 1942, at 3:30 a. m. at a local hospital at the age of 77 years, 6 months and 20 days. Rev. A. O. Skiberud of St. Hilaire and Dr. I. T. Aastad of Detroit Lakes conducted the rites and interment was made in the church cemetery. Pall-bearers were his six sons, Harold, Harry, Bennie, Albert, Olaf, and Christ. Honorary pallbearers were Gust Iverson, Jas. Evenson, Ed Evenson, Bert Roese, George Orr, and H. H. Fredrickson. As part of the funeral rites, Rev. Skiberud, accompanied by Mrs. Blackstad, sang "Den Store Vide Flok Vi Se."

Born in Lardahl, Norway, January 17, 1865, at the age of 15 he came to America and settled at Goodhue County. In 1890 he moved from there to Pennington county and has resided here since. On August 5, 1895, he was married at Crookston to Caroline O. Moth.

Surviving are his wife and children, Dan, Bennie, Theodore, Clarence at home; Christ, Harry, and Olaf near home; Harold of Oklee, Albert of Rock Lake, N. D., Carl at Fort Knox, Ky., Sig with the army at Alaska, Mrs. C. Monson and Mrs. Herbert Johnson of Minneapolis, and Mrs. Sigurd Sagmoen at Clark's Point, Alaska. One son Lloyd died in 1936.

During his residence in the Plummer community for 52 years, Mr. Hagen served as president of the Plummer Creamery Assn. for 20 years, and held several school, church and township offices. He was an active member of the Clearwater Lutheran Church.

Miss Leona Kraemer, who is training at St. Mary's hospital at Minneapolis, spent Thursday at her home visiting with her father, Fred Kraemer, who is ill.

Six Year Old Tot Struck by Car on Main Avenue

Six year old Arlyne Thompson, daughter of Mr. and Mrs. Arthur Thompson, escaped with minor bruises when she was struck by a car on Main Ave at 4th St. at 4:30 o'clock Tuesday afternoon. The car was driven by Blaine Bishop of Fargo, North Dakota, who stopped immediately and assisted securing medical aid for the youngster. Arlyne had been playing in front of the home of her grandparents, Mr. and Mrs. Fred Hollander.

Hot School Lunches in the Making

Thousands of hot lunches are in the making in the garden and canning project sponsored by the schools of Thief River Falls and St. Hilaire. Several acres of ground east of the city provide the garden where a large variety of vegetables are being harvested.

To the end of last week school cooks had already canned 992 pints of peas, 729 quarts of beans and 22 quarts of cucumbers. Corn, tomatoes, beets, carrots and potatoes are yet to be harvested and these crops will keep the canners busy until school opening. It is expected that these supplies will be ample for the 250 lunches which are the average daily serving in the Thief River Falls schools, besides St. Bernards and the school at St. Hilaire. Costs are divided proportionately by these systems.

In the top pictures are Mrs. Lydia Goethe and Mrs. Rose Votava, in charge of the cooking, and in the center picture, Mrs. Fern Shortridge, Mrs. Goethe, Mrs. Votava, Mrs. Catherine Leverain, Mrs. Anna Kotlan and Mrs. Mary Welekowski, all school cooks, with a display of their handiwork. In the lower picture Harold Harrison, supervisor of the project, and Edward Rupprecht, head gardener, are examining a fine head of cabbage.

HONEY FEATURED IN STATE FAIR BOOTH BOOSTING COUNTY

"Food for Victory" Is Theme of Interesting Display Prepared by Vevea

Pennington County's honey crop will be featured in a "Food for Victory" display now being prepared by C. A. Vevea for the state fair booth sponsored by the county, the city, the Farm Bureau and the Civic & Commerce Association. This territory is one of the leading honey producing areas of the nation and the use of honey as a substitute for sugar is now being encouraged by the federal government. Mr. Vevea hopes to secure the co-operation of the Department of Agriculture in supplying literature on the use of honey, to be distributed at the booth.

Mr. Vevea has had several years of experience in arranging the county's exhibit and his work has received much favorable comment. The project has been sustained largely from the cash awards won, the exhibit having rated higher in the scoring each year.

Hail and Rain Damage Crops in Hickory Twp.

Heavy hail and rain swept thru the eastern end of Hickory Township Sunday and did considerable damage to crops in that area. Thruout most of the area, however, there has been little precipitation during the past week and good progress has been made with the harvesting. The power plant rain gauge in the city showed .21 inches of rainfall Thursday and .05 inches Friday with a light shower yesterday.

Employment Office Registers 250 City Men for Farm Work

Clarence Sjolander reports that 250 city men have been registered for part time work on farms during the harvest rush, following a meeting Friday afternoon at which a group of business men offered their services in signing up volunteers. Several groups of these workers have already assisted in shocking grain and Mr. Sjolander anticipates a heavy demand during the coming week. The wage scale for this type of labor has been established at 40c per hour, the same as in other communities. Farmers in need of help should register at the employment office in the Northern State Bank building or phone 411.

DESSERTS FOR WAR-TIME

Many women are finding that fruit marlows are the answer to their nutritious summer dessert problem. Just marshmallows, fruit pulp and juice — and whipped cream. That's all. Simple, isn't it? Here is the recipe —

STRAWBERRY OR RASPBERRY MARLOW

1 quart berries
2 tbsp. orange juice
20 marshmallows, quartered
1 cup whipping cream (before whipping)

Press the berries through a sieve. You'll have 1 cup of sieved berry pulp and ½ cup juice. Blend this ½ cup juice with the orange juice and the marshmallows in the top of a double boiler. Place over hot water until marshmallows are completely melted — stirring occasionally. Remove from heat and stir in the cup of sieved fruit pulp. Chill. Fold in the stiffly whipped cream. Freeze in tray of automatic refrigerator. Or pack in equal parts of ice and salt and allow to freeze.

PINEAPPLE MARLOW

¾ cup crushed pineapple, drained (1 No. 1 can)
2 tbsp. lemon juice
6 tbsp. juice drained from pineapple
20 marshmallows, quartered
1 cup whipping cream (before whipping)

Put juice from strained pineapple in top of double boiler with marshmallows and proceed as for berry marlow.

GRAPE MARLOW

1 cup grape juice
2 tbsp. orange juice
2 tbsp. lemon juice
20 marshmallows, quartered
1 cup whipping cream (before whipping)

Put juices and marshmallows in top of double boiler and proceed as for berry marlow.

CHOCOLATE MARLOW

1 square unsweetened chocolate, 1 oz.
1 cup milk
20 marshmallows, quartered
1 cup whipping cream (before whipping)

Put chocolate, marshmallows and milk in top of double boiler and proceed as for berry marlow.

COOKIES WITH ONLY TWO TABLESPOONS OF SUGAR

A frozen dessert of this type calls for cake or cookies to complete it. So here's a recipe for some rich, buttery little cookies that call for only 2 tbsp. of confectioners' sugar. They are called—

BUTTER FINGERS
(makes 33 cookies)

½ cup butter
2 tbsp. confectioners' sugar
1 cup sifted all purpose flour
1 cup coarsely chopped nuts
(black walnuts give an especially delicious flavor)
½ tsp. vanilla, if desired

Cream butter, add sugar gradually, and cream well. Work in the flour, then the nuts, and vanilla, if desired. Chill the dough for a short time if necessary to make it easy to handle. With the hands roll small pieces of the dough into "little" finger lengths (about ½ inch by 2½ inches). Place on ungreased heavy baking sheet. Bake 15 to 20 minutes in a slow moderate oven 325° F. The tops of the cookies do not brown during baking nor does the shape of the cookie change. While warm, roll in a little confectioners' sugar, if desired.

Betty Crocker KITCHEN CLINIC

prepared for
Your Newspaper by Betty Crocker Home Service Department

LET'S CONSERVE OUR TIME TOO!

While we're conservation-minded these days—trying to make the best possible use of all our equipment because we may not be able to replace it for a long, long time—let's take a look at conserving one of our most precious possessions—one that we can never, never replace once it is lost—I mean TIME.

I've had a number of letters lately from women asking for help in organizing their housework. Some complain they are so smothered with getting meals and keeping up their homes that they never have time for anything else. Others are always looking forward to doing things they want to do when they once "get caught up" with their housework—but they never seem to get "caught up."

Keeping Up Versus Catching Up

Authorities on home management all agree that keeping a schedule helps. Now please don't feel that sitting down with a pencil and paper and planning things ahead is simply an added burden. It's a way to save time and labor, and still get everything done. Having a system means keeping up rather than catching up with household tasks.

A General Rule

Get the house in order first thing in the morning—so it will present an attractive appearance no matter what happens later in the day. Get the bulk of the housework done in the morning, so there will always be a period of rest and relaxation in the afternoon. Of course, your actual schedule will be quite different if yours is a household of grownups, than if it has a tiny baby in it or a family group with 2 or 3 children of varying ages. So make your schedule fit your particular case. Here is the schedule of a mother with children in school. It should give you some ideas for a plan of work to fit your household.

SAMPLE SCHEDULE FOR A MOTHER WITH CHILDREN GOING TO SCHOOL

7:00 to 8:15—time for dressing—fixing the children's hair, etc.—preparing breakfast—and eating.
8:15 to 9:30—see the children off to school—put the house in order—prepare vegetables—go to any messy food preparations for dinner—then clean up dishes—straighten kitchen—check food supplies, etc.—order any food needed.
9:30 to 11:30—Ready for any special job for the day—washing, ironing, cleaning, baking, etc.
11:30 to 1:00—prepare lunch, eat it—clean up kitchen and dishes.
1:00 to 2 or 2:30—rest.
2 or 2:30 to 5 or 5:30—do mending, knitting—letter writing—anything you like while you keep an eye on the children home from school.
5:30 to 7:30—prepare, serve and eat dinner and clean up afterwards.

Can any Woman Work that Fast?

Yes, once the schedule is set in motion—and she has analyzed what she does—whether she makes every step and motion count—or whether she flys around aimlessly, making countless trips back to the pantry for things she'd forgotten. Letting interruptions distract her—so that she forgets to finish what she was doing. If the telephone rings—she should go back after her telephone conversation and finish what she was doing.

The dove-tailing process also helps. For instance, start breakfast—while water is boiling, or coffee perking—go back and dress. While sticky dishes are soaking, order groceries—or straighten the living room. After dishes are rinsed in boiling water and while they are draining, sweep the kitchen floor. That's the way to make every minute count.

U. S. RED CROSS TO SEEK 100,000 FOR NURSES AIDE UNIT

More than 32,000 Women Already Have Volunteered, Says Leader

A nation-wide campaign to recruit *thousands of women for the* Volunteer Nurse's Aide Corps will be launched by the American Red Cross in September, Mrs. Walter Lippmann, assistant director of Red Cross Volunteer Special Services, announced last week in Washington.

The recruits are needed to relieve an acute nursing shortage throughout the country and to safeguard civilian health facilities, Mrs. Lippmann stated.

"More than 32,000 patriotic women already have volunteered their services and are now on duty, but at least 100,000 additional aides will be needed this year to work with reduced nursing staffs," said Mrs. Lippmann.

"With the Army and Navy calling for trained nurses at the rate of 3,000 a month, it is up to the women at home to help safeguard the nation's health, so that all persons will be physically fit to put themselves one hundred per cent behind the war effort."

Mrs. Lippmann said all women between the ages of 18 and 50, in good health and with a high school education or its equivalent, may apply for training as nurse's aides. She urged women meeting requirements to contact local Red Cross chapters.

Tire Quotas Falling Far Short of Demands

During the next two weeks a quota of 17 truck and 5 passenger tires is available for Pennington County, George Werstlein, chairman of the ration board states. Applications for more than double this number are now on file he says.

"For the period from August 1 to August 12 purchase certificates were issued as follows:

Passenger and light truck tires and tubes:

Tires: Albert S. Swanson, 1; Tubes: T. E. Swanson, 1; Lee Evenson, 2.

Heavy truck and tractor tires and tubes: tubes, Alvin Klemetson, T. R. Falls, 1; Halvor Holen, Goodridge, 1. Tires: C. E. Naplin, 2; Norton Nelson, T. R. Falls, 1; Henry Carpenter, T. R. Falls, 1 tire and 1 tube; O'Hara Transfer Co., T. R. Falls, 2 tires and 2 tubes; Oen Mercantile Co. T. R. Falls, 2 tires and 2 tubes.

Obsolete Tires: Albert Horter, 2.

Retreaded tires: L. B. Hartz, 1; Frank H. Cook, 2; E. B. Keneflck, 2; Lee Evenson, 2; Clarence Carlson, 1; Fred Forsberg, 2.

Bicycles: Donald L. Anderson.

Automobiles: O. M. Mandt, Oklee and H. W. Thelander, T. R. Falls.

Walking Is Beneficial for White Collar Workers

Looking on the bright side of the health ledger in these upsetting times, the Minnesota Public Health Association sees health values in the transportation difficulties which make it necessary for people to ride bicycles and to walk a good deal.

In a bulletin just issued it also states that women who now have to do their own housework to a greater extent than formerly, due to the inability to find maids, will reap profits in better health from having to exert themselves more.

In this connection the Christmas Seal organization calls attention to medical reports that chronic fatigue, a malady which afflicts white collar workers especially, seems to be on the increase in recent years. But it is not an ailment of those who use their muscles, rather than their brains, in making a living.

SENATOR JOE BALL OPENED CAMPAIGN AT OLD HOME TOWN

Delivered Keynote Address to Large Gathering at Crookston

Senator Joseph H. Ball opened his campaign for election in his home town of Crookston Monday evening, outlining to a large audience his program for the problems of the war and the peace that will follow.

Citizens can help win the war by fighting for tolerance and fair play, he said, and by opposing intolerance, bigotry and discrimination wherever they occur. "Tolerance for the rights of minorities, whether racial, religious, economic or political, is one of the very foundation stones of our democracy and liberty. Intolerance and persecution of minorities begin as small flames, but if unchecked, grow into a blazing inferno that destroys civilization."

Recurrence of the disastrous farm deflation which followed the last war must be avoided, he declared, noting that "agriculture was just emerging from a 20-year depression when this war began, and it was only fair to permit farm prices to rise to parity with prices of the things the farmer buys, before ceilings become effective on them. Farmers are entitled to the nation's assurance that when the war ends there will be a floor, as well as a ceiling, on those prices."

Senator Ball applauded labor's war production record and said that "the idea that government can get production by chaining a workman to his bench, or a farmer to his plow and standing over him with a whip, is not only un-American and undemocratic — it won't work."

Declaring that formulation of policies for postwar conversion of industry from war to peacetime production, and the working out of fundamentals of a permanent, democratic peace are the two major problems which will face the Congress elected this fall. "With judicious planning and foresight, the end of this war can usher in, not another severe depression but the greatest period of sustained productivity in our nation's history," he said.

Concluding his talk, after outlining his one-point program for a permanent peace, Senator Ball said "there will be those who scoff at them as idealistic and utopian. Let us be wary of such scoffing.

"If we in the United States permit nationalistic hates or fears to dominate our thinking on this all-important problem, then God help the world. We must strive for an ideal, even though we do not achieve all we seek, for therein lies the last great hope of this war-weary world."

CAR PUSHES HOUSE OFF ITS FOUNDATION

Montevideo. — It's really news when a car runs a house down and that's what happened here the other day. A local man was driving north of the hospital, when his car got out of control, running into a small frame house. The house was pushed from its foundation, dishes tumbled from their cupboards and furnishings overturned. Said young man pleaded guilty to careless driving.

LARGE ARMY SHOW WILL BE FEATURE FAIR ATTRACTION

Special Maneuvers Will be Staged for Army Day Program

A complete U. S. Army exhibit, *the greatest ever shown in the* Northwest, will be a new feature of the wartime Minnesota State Fair, August 29 through September 7, it was announced today by Col. Harry J. Keeley, commanding officer at Fort Snelling.

The huge exhibit will contain jeeps, armored cars, mortars, anti-tank guns, weapon carriers, personal equipment and all types of military gear. The display will be in the War Exhibits hall on the ground floor of the grandstand.

In addition to the exhibit, the U. S. Army will stage special maneuvers in a colorful Army Day program the closing day of the Fair, Labor Day, September 7. This special program will augment the regular Monday afternoon grandstand production. Thus the Fair will open with a Sparkling Navy Day Feature and close with a smashing Army Day climax.

Funeral Rites for Mrs. Johanna Mjelde Wednesday Afternoon

Mrs. Johanna Maria Mjelde passed away at a local hospital on Monday, August 10, at the age of 76 years, 11 months, and 17 days. Funeral rites were held for her yesterday, August 12, at the Larson chapel with Rev. Carlson officiating. Interment was made in the Greenwood Cemetery.

The deceased was born in Bergen, Norway, on August 23, 1865 and came to America in 1900 and settled in Beltrami county where she lived for five years. Then she moved to Grygla in 1905 and settled on a homestead. Finally in 1913 she moved to Thief River Falls where she made her home. She was married in Norway to Ole A. Mjelde in 1884.

Surviving are two sons, Emil of Waukegan, Ill., and Harry of this city; five daughters, Mrs. George Butler, Mrs. Russell Brown, Mrs. Walter Tunnahill all of Waukegan, Ill., Mrs. Orlanda Johnson of Washburn, N. D., and Mrs. Carl Nybakken of Lancaster, Calif.; her husband, Ole A. Mjelde; 32 grandchildren; and 5 great grandchildren. One son and three daughters preceded her in death.

Carl Andres Swanson Passes Away Aug. 10

Last rites will be held tomorrow, August 14, at the First Lutheran Church for Carl Andres Swanson, New Solum farmer, who died on Monday, August 10, at a local hospital at the age of 84 years, 6 months, and 27 days. Rev. Charles Erickson will conduct the rites and interment will be made in the Greenwood Cemetery.

Born on January 13, 1858, in Lessebo Smaaland, Sweden, Mr. Swanson came to America at the age of 21 and settled in Kandiyohi County. From there he moved to the township of North in 1882 and in 1893 he moved to New Solum township where he has lived since.

Surviving are one sister, Mrs. Helen Olson of Watertown, S. D., and several nieces and nephews. His parents, two sisters, and one brother preceded him in death. Mr. Swanson was a charter member of the First Lutheran Church of this city.

Farmers May Purchase Wheat at 74c During August for Feeding

Wheat can be purchased in Pennington county during August for 74 cents a bushel for feed, Carl R. Anderson, county AAA chairman, announced today.

All sales of wheat will be on a whole wheat basis and the purchaser must use it for feeding purposes. The price is based on 85 per cent of estimated corn parity and is a part of the government's plan to feed 125 million bushels of wheat in order to maintain livestock and poultry production, save transportation, and to relieve the critical grain storage situation.

All 1941 farm-stored wheat of any grade, class, or sub-class, except soft red winter wheat, may be redeemed for feeding purposes at the county rate.

Farmers paid a 7 cent storage allowance in advance will not have to repay the allowance if they desire to redeem their wheat for feed. If a farmer has not received his storage allowance in advance, the 7-cent allowance will be deducted from the county rate for feed wheat if he desires to redeem his wheat for feed.

Physical Defects of Children Should be Remedied at Once

Parents who took their children of pre-school age to clinics or to family physicians for a checking up on their physical defects recently, as a part of the Summer Round-up Campaign of the Parent-Teacher Assn., still have an important job to do, says Dr. E. A. Meyerding, executive secretary of the Minn. Public Health Assn. and vice-pres. of the Minn. Congress of Parents and Teachers, in a bulletin received this week by Mrs. Andy Williamson, local round-up chairman.

"The important half of the summer round-up program comes now," the bulletin says.

Dr. Meyerding urges that more than 800 PTA units in the state, who are handling the 2nd and most important half of the summer round-up program, should try to get parents of pre-school children to cooperate 100 per cent in having physical defects remedied this summer and in having children protected against smallpox and diphtheria.

Records of the Minn. Congress of Parents and Teachers of a year ago show that of the 5,000 children examined in the summer round-up, 1989 were protected against smallpox and 1830 were protected against diphtheria. The tuberculin test was given to 688.

Correction of dental defects seems to be meeting with ready response this season in very many districts, according to the PTA Summer Round-up chairmen. They say that parents have been influenced by reading and hearing much about the fact that 21% of draftee rejections was due to dental defects, although Army dental standards are not high.

EMPLOYES' RAIL PASSES LIMITED

With war activities requiring curtailment of passenger transportation wherever possible, railroads are cutting down on free trips allowed their employes, northwest Office of Defense Transportation officials have been advised. Western railroads have reduced their passes to allow employes one pass a year if they have worked between five and ten years; two if they have worked ten to fifteen years; three up to 20 years' service, and four as the maximum number over 20 years' service. To receive passes, employes must show reason or necessity for making the trips.

EIGHTY YEARS ON SAME FARM IS HIS RECORD

Grand Meadow. — Eighty years is a long span in the life of any person, but to have lived a span of eighty years on the same farm is a record seldom equalled. Especially true is this in the midwest section of the country where many communities were not even established eighty years ago. W. L. Remington of Grand Meadow township recently celebrated his eightieth birthday on the farm where he has lived every one of the eighty years.

BEAR MUST HAVE KNOWN ABOUT SUGAR RATIONING

Walker.—A 325-pound bear apparently realized he must get his sugar from honey these days but alas he made one too many trips to the bee hives of Anton Haugen of Bravik. One morning recently Mr. Haugen noticed four of his finely kept bee hives had been ruined. That night he stood guard with his gun and when Mr. Bruin returned to renew his depredations a 30-30 bullet proved to be an effective argument, ending the thieving and the bear at the same time.

N. W. SCHOOL WILL OPEN FALL TERM ON MONDAY, OCT. 5TH

Registrations Now Indicate Enrollment Will be Normal

The Northwest School of Agriculture at Crookston will open for the fall term October 5, according to Superintendent T. M. McCall. Advance registration for rooms in the school dormitories indicate an enrollment equal to that made in 1941-42.

The school year of six months, Superintendent McCall points out, enables farm boys and girls to assist in the wartime food production program on the farms and also get academic and vocational training. Some three-hundred students of the School of Agriculture are carrying on summer home project work on the farms and in the homes for which school credit is given.

Three new instructors have been secured for the teaching staff and a new manager of the school dining hall and cafeteria is now in service. Miss Mary Janet Noyes of Minneapolis has been appointed as instructor in freshmen English; Miss Ingwelde Pfitzner of Minneapolis will direct all vocal music and bands and give private instruction in violin. Mr. Dave Lindgren of Bismarck, North Dakota, will teach chemistry and physics. Miss Bernice Frohreich has now assumed her new duties as manager of the school dining hall and cafeteria.

The United States Army Glider Training School, which has occupied the school buildings since June first, will graduate its last class of trainees during the first week in September. The glider school will vacate the buildings at that time so buildings can be made in readiness for the opening of school.

Fewer Jobless Receive Larger Compensation

Fewer Minnesota workers obtained unemployment compensation checks during July, but the amount of the weekly benefit checks issued was larger than ever before, says Victor Christgau director of the state's Employment-Security division. July checks went to 8,200 workers who qualified for job insurance benefits. A year ago 10,940 workers received benefits. This is a decrease of 25 per cent.

The average benefit check in July was for $11.90, $2.25 (23 per cent) more than the July, 1941 average of $9.65. New benefit claims, Christgau said, usually run higher in July than in June because July is the beginning of a new calendar quarter. This year, July claims totaling $296,000, did not show as much of an increase as usual, being 28 per cent below last July.

CORN GROWS TWO FEET IN TWO DAYS

Farmington — How's this for matching the state of Iowa's reputation? One sweltering day recently Charles Klahr of Randolph looked at his corn, and found it was six feet tall. Two days later he found it was nearly eight feet—growing almost two feet in two days.

BIG DECREASE IN TRAFFIC DEATHS PAST TWO MONTHS

Slower Driving Is Credited With Reduction of 54 Per Cent

Traffic deaths in Minnesota have been reduced more than 54% during the two months of June and July, since the 40 mile an hour maximum speed limit became effective as a measure of war-time traffic control. Fatalities during June totalled 29 as compared to 40 deaths in June of 1941 and an even more remarkable reduction was noted in July when only 26 persons met death in traffic as compared to 71 in July of 1941.

Of the 26 July fatalities five were pedestrians. Nine were motorists who ran off the road, four were motor vehicle collisions and three were motorists who collided with fixed objects. Only one fatality was charged to railroad grade crossing accidents. Twelve of the motorists killed were driving at excessive speed, two ran through traffic signs or signals and three were driving on the wrong side of the road at the time of the mishap. The 26 fatalities were caused by 23 accidents. Of the 27 drivers involved in the 23 accidents, 6 had been drinking intoxicating beverages. Twenty-two out of the 27 were in violation of the law at the time the accident occurred.

BIKE TRIP 994 MILES IN EIGHT DAYS

Ironton.—From Flint, Mich., to the door of his grandfather's home a distance of 994 miles in eight days is the record of 16-year-old Bob Guith and his pal Bill Read. The lads made 270 miles in their last two consecutive days and a 115 mile average for each of the other six days which is a record not easily tied. Of the 994 miles they rode only 32 miles on a truck. The youths camped long the way, sleeping in their sleeping bags and cooking their own meals.

POLITICAL ADVERTISING—Prepared and paid for at regular advertising rates by Wm. E. Dahlquist, in his own behalf.

To the Voters of Clearwater, Red Lake and Pennington Counties----

I wish to announce my candidacy for the office of

STATE SENATOR

representing the 65th Legislative District

• • •

I would like to be elected to this office because it would provide me an opportunity to perform a useful service to the district and also because the experience would be of great value to me personally in newspaper work.

During the seventeen years I have made my home in Thief River Falls I have taken part in many community activities and have been in close contact with the problems of this northwest corner of the state. I believe I am reasonably well qualified by experience to give our district good representation.

I have never been a special pleader for any one group. Agriculture is the basic industry from which we all, directly or indirectly, derive our living, and the welfare of agriculture must necessarily be the first consideration of all of us. But the interests of other groups, workers and investors, employees and employers, youth and the aged and the needy, are all involved in the problems of state government. There are problems of public health and public finance and education, and many others, in which we are all interested.

It is not my intention to pose as an authority on any of these problems, but I do believe my approach to all of them would be from a common sense point of view. In asking your support I can make only the one promise—if elected, I will do my best to represent you fairly and honestly.

Respectfully submitted,

W. E. Dahlquist

BLIGHT THREATENS VALLEY SPUD CROP OFFICIALS REPORT

Spray Control Methods for Checking the Disease are Recommended

An epidemic of late blight is threatening the potato crop in the Red River Valley of Minnesota and North Dakota, according to T. M. McCall, superintendent of the Northwest School and Station at Crookston. Traces of the disease have been found by plant Pathologists Dr. Carl J. Eide and R. C. Rose of University Farm, St. Paul, who have just completed a tour of the Red River Valley potato area.

The Red River Valley area, Superintendent McCall states, has been singularly free from the potato late blight, a disease which generally takes a toll of the crop each year in the lake and eastern states. Spray control methods, in areas where the disease generally occurs, have been developed and when properly followed reduce the injury from the disease to a minimum. The control measures to be taken require spraying fields with either liquid or dust copper sprays. Plants to be protected must have the leaves coated continuously with the copper spray mixtures. Spraying costs of $1.50 to $2.00 per acre for each application are cheap insurance in potato growing. The heavy growth of potato vines in many fields will make spraying difficult but damage to the vines from spraying machinery will be of little consequence in comparison to losses from diseases such as late blight.

A light smooth pole suspended under the spray boom of the potato sprayer will help turn over large potatoes so the copper sprays can cover both the upper and lower sides of leaves.

The late blight of potatoes is quite easily identified in that leaves affected turn Chocolate brown and wilt quickly. A characteristic odor of rotting potatoes is noticeable in affected fields. The disease spores are carried to the tubers by the drainage and soil water and cause the tubers to rot in the field in case of early infection, or rot in the bins if the attack of the disease comes late in the season. The disease thrives best in damp cool weather.

Calling Doctor Comes First in 1st Aid Work, Health Group Asserts

Teaching a first aid student what to do at the scene of an accident is only half of his training. Teaching him what not to do when he comes across an injured fellow creature is still more important, advises the Minnesota Public Health association. "Call the doctor" is the first thing to do, says the Christmas Seal organization.

The bulletin further advises that thousands of Minnesota citizens have enrolled in first aid classes, deeming it their duty to be prepared to be of assistance in case of air raids. To be able to competently aid a victim of an accident or an air raid, instead of giving way to hysteria, is highly recommended, but on the other hand first aid students are warned that improper treatment of disaster or accident victims may result in increased injury, or even death.

Moving an accident victim who has a fractured bone that has not been splinted may turn a simple fracture into a compound one.

Inexpert use of a tourniquet, used to stop the flow of blood when an accident victim seems in danger of bleeding to death, can be dangerous.

Treating an accident victim for shock, which follows injury, is an important first aid treatment, while awaiting the arrival of a physician. "But don't try to render first aid unless you are competent," is the advice given.

CURIOUS MARKINGS FOUND ON GRAIN

Waymata.— County agricultural agent J. N. Kavanaugh and farmers of Brown county report the appearance of the capital letter "B" on the leaves of wheat, barley, oats and long grasses. The letter, which shows from both sides of the leaf, appears almost as if it had been imprinted with a pencil. It appears on every leaf about half way between the stalk and the tip. Naturally, this brings about conjecture and discussions. Oldsters claim that the same letter appeared in the same manner in 1918, both in Minnesota and the Dakotas, and that it only appears during war time, and that the war will end the same year the letter makes its appearance.

MISSION FROM BERLIN

In the month of June eight men were landed on the American coast from German submarines, four of them on the shore of Long Island off New York City, and four near Jacksonville, Florida.

In the issue of July 6, Time Magazine reported:

> Among them, the eight men had almost $170,000 in U. S. currency. The eight looked like respectable, intelligent mechanics from the corner garage. But in the boxes left buried on the beaches were bombs resembling lumps of coal, delayed-timing instruments, incendiary pistols, explosive pencils, acids. The eight men were trained Nazi saboteurs, exported from Germany. They had careful instructions for their work. Their list of targets included aluminum plants, railroads, bridges, terminals, canals, power plants, reservoirs, even department stores. Their objectives were to damage U. S. industrial production—especially the light-metal plants which make airplane materials—and to spread death and panic.
>
> They all spoke English and had spent many years in the U. S. They were former waiters, machine-tool workers, painters, chauffeurs, butlers. One was a naturalized U. S. citizen, the youngest, 22-year-old Herbert Haupt, was U. S.-born. He had gone through Chicago's public schools, had been a cadet officer in the Reserve Officers' Training Corps. Most were in their late 30s. All had been active in the German-American Bund. In the years 1939-41 they had returned to Germany, aided by German diplomats and Nazi funds. Back in Germany they had volunteered or been drafted into training at a Berlin school for sabotage.

A month later American citizens learned quite suddenly that six of these eight unwelcome visitors had been electrocuted; two had already started to serve long prison sentences. American citizens were surprised. They were not accustomed to such speedy justice. American citizens have had experience only with civil courts. They are accustomed to trials being followed by a succession of appeals and endless delays.

Courts martial operate under a different set of rules and in time of war they move swiftly.

The speedy justice meted out to the eight saboteurs impressed us, as nothing else has, that America is at war.

The Marines have landed and we hope they have the situation in the Solomon Islands well in hand. At long last we have launched an offensive. From now on we may look forward to news of American advances. Some will succeed. Some will fail. All of them will be expensive. But at any rate we are doing something and there is a measure of satisfaction in that thought alone. The knowledge that we are pushing forward instead of falling back will bring encouragement to the Russians and to the Chinese. If we can keep the Japs so worried that they will be afraid to launch their attack on Siberia then we will in effect have created a second front to aid the Russians. The officials have prepared us for reports of heavy losses but the American people know we cannot win the war without paying a heavy price. It will be hard to take, but we'll take it.

In spite of the occasional showers which fortunately have been local in nature, good progress has been made during the past week in harvesting the crops of the community, and reports indicate that this year they are worth harvesting. The weather, day by day, is just as important a development on the home front as the progress of the battles being fought in the war zones of the world.

Little by little the number of things we can buy with the money we earn is diminishing. Every day merchants are running out of goods they are not able to replace and gradually the consumers will have to adjust themselves to getting along with less. There isn't any immediate danger of anyone in this country suffering unduly however. There will be plenty of the things we actually need—much more for all of us than people in other countries are getting. No reason yet to complain.

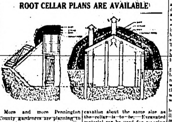
ROOT CELLAR PLANS ARE AVAILABLE



More and more Pennington County gardeners are planning to store vegetables for winter use, according to County Agent Ernest A. Palmer who has received many requests for information on various methods of vegetable storage.

Above is a cross sectional diagram of an outside root cellar which will provide conditions necessary for successful storage on farms where no basement or cellar is available. Wall construction is fairly simple and the board ceiling is covered with asphalt paper.

Outside cellars should be located on well drained areas. A side hill, if convenient to the house, makes a good site. Make the excavation about the same size as the cellar is to be. Excavated material can be used for covering the roof and banking sides. Some farmers prefer to use a pole ceiling covered with straw in place of the board ceiling covered with asphalt paper shown above.

Some good tips on vegetable storage are available in Extension Pamphlet 101. There's a copy for you at the County Extension Office. Detailed building plans for outside root cellars may be obtained for a small charge (10¢ a set) from the Bulletin Room, University Farm, St. Paul. Plan No. 243 gives details for a 12x20 ft. pole frame cellar, capacity 910 bushels. Plan No. 342 describes a 900 bushel cellar 21x24 ft.

OFFICIAL UNITED STATES TREASURY MINNESOTA WAR BOND QUOTAS FOR AUGUST

WASHINGTON, D. C., Aug. 10.—Henry Morgenthau, Jr., Secretary of the Treasury, today announced the August War Bond Quotas for the 3,070 counties in the nation totalling $815,000,000.

The August quota for the State of Minnesota is $12,750,000.

In arriving at the county quotas for August the Treasury Department took into consideration major factors affecting incomes which in turn cause significant variations in sales during the twelve-month period.

Hereafter actual Bond sales in the various states will be compared with quotas on a cumulative basis. The amount by which sales fall short of or exceed quotas in any month will be added to or subtracted from quotas for future months.

Quotas by counties are:

Growing With Your Child

Institute of Child Welfare, University of Minnesota

What Phyllis Is Learning

"Phyllis, come out of the water now!" The voice of Phyllis' mother echoed along the sunny beach where a number of children were enjoying their play in the lake before lunch. The laughter and shouts of the children continued. Whether four year old Phyllis had even heard her mother was debatable, but she paid no attention whatever.

In a few minutes the call came again. This time Mrs. Brown dropped her knitting and turned away from the friend with whom she was chatting, to say in a slightly irritated tone, "She's been in the water long enough! She'll be all shivers and goose-flesh if she stays in another minute." Then, raising her voice sharply, she called again, "Phyllis, do you hear me? Come out of the water! It's nearly time for lunch."

This time the child did hear; for she turned her head and called back, "In a minute!" but she made no move to leave the group who were splashing and shrieking at the water's edge, absorbed in watching their little boats ride the waves.

All in all, more than a half hour elapsed before Phyllis sulkily and unwillingly followed her mother up the bank to the cottage. That afternoon, the scene was repeated, and the same performance, almost to the letter, was put on every day of the two weeks' stay the mother and little girl made at the lake. In other connections, too, the same long-drawn-out pleading, coaxing, ineffectual method seemed to be the rule; whether it was about going to bed, coming in to meals, or any other of the day's activities.

What deplorable habits were creeping into Phyllis' life! Without books or a schoolroom she was nevertheless being educated just as surely as though set and formal lessons were being hammered into her day after day, at meal and play and bed-hours. Her mother, by her lack of any consistent plan of getting the child to do what had to be done, was developing these habits in her helpless child:

1. Inattention and lack of concentration. No effort was being made to gain Phyllis' attention before a suggestion or request was made. The mother who gets her child's attention, by one means or another, before giving a command will be rewarded by greater cooperation on the child's part.

2. Resistance to suggestions. A constant succession of commands dinned into a child's ears will mean that he gradually builds up a resistance or negative reaction to the sound of his mother's voice. As few commands as possible should be the rule.

3. Indifference and disbelief. Phyllis' mother, by not following up once she has given a command or made a request, is indicating to the child that she will be inconsistent in other matters as well. If a child finds that she can with impunity disregard her mother's orders, the discipline in that home is undermined.

NORDEN

Elrie Johnson who joined the Navy about six months ago, left a week ago for Philadelphia after spending four days visiting at his parental home, Mr. and Mrs. Marvin Johnson and other relatives and friends. The boat he is on is known as the new U. S. S. South Dakota.

Mr. and Mrs. Ed Erickson were callers at the Gerhard Hanson home Monday after visiting at Thief River Falls with Mrs. Hetty Haugen since Saturday.

George and Minnie Joyce, Lars Folkie and Alice were business callers at Warren Saturday.

Alice Folkie left Tuesday for Warren where she will attend school, taking up a radio course.

PUBLIC OPINION

Editor of the Times:

What has become of the numerous petitions that were circulated in the county last winter whereby we expressed ourselves as being strongly in favor of securing the services of a county nurse?

At this late date our county commissioners are still debating whether or not to include in the budget the $1,000 for such services. How can we people who are to be benefitted make our commissioners realize that although the need has always been great, in the present time of tire rationing and all it is more urgent than ever. Surely there is no more important measure for National Defense than good health!

For All we are and All we Hope to Be
BUY
United States WAR SAVINGS BONDS

Boil it all down, put it in a nutshell, say it in a couple of words—MEN and MONEY will win the war!

Men to fight—and Money to arm, equip, train, house, feed and move them.

Men by the millions to shoot and win—and Money by the billions—the hundreds of thousands of millions—to make their guns, buy their uniforms, build their ships, pack their food, construct their camps, pay their salaries, fit out their planes, turn out their bullets and bombs and bayonets! Money—billions of dollars NOW to transform five, eight, twelve million clear-eyed Americans—

. . . into the mightiest, the most devastating and irresistible fighting machine the world has ever known.

Men—and Money—will crush our treacherous foes and win the war.

You—with every other loyal American—must do your part to keep our Army and Navy on the march, to keep every possible factory, farm and shipyard working at top speed. You—with every other loyal American—must, to win the war, buy War Savings Stamps and Bonds NOW. You should buy them every pay-day.

Uncle Sam needs your money to win this war. And here is what your money will do! 25 cents will buy a dozen bandages—how they needed them on Bataan! $5.00 will buy a Navy raincoat to keep a sailor boy snug and dry on his lonely watch. Only ten cents will buy five .45 caliber cartridges—five of America's enemies put out of action for the price of a good cigar! $3.50 buys a shell for a 37mm anti-tank gun—and that may mean one less tank for Hitler. $5.00 will buy a steel helmet that might save a soldier's life. $18.75, which is what you pay for a Bond worth $25.00 at maturity, will buy a complete field telephone or a high-altitude flying jacket; two of 'em—$37.50—will buy a marine barometer to help safeguard our fleet!

To make America safe, invest in United States War Savings Stamps and Bonds with every pay check. To keep America free, save at least ten per cent of your income in War Stamps and Bonds.

Something to Sell? A Times WANT AD Will Turn It Into Cash!!

Harts Bakery	3	5	.375
Rex Cafe	3	5	.375
The Mint	3	5	.375
T. R. F. Times	2	6	.250

Results of last week's matches:
Lincoln Life (150) defeated the Times (153).
Poppler's Furniture (163) defeated Harts Bakery (156).
Oen's (144) defeated Bratrud Clinic (159).
The Mint (158) defeated J & B Drugs (160).
Rex Cafe (164) defeated Soo Line (168).

Friday evening's schedule:
Lincoln Life vs The Mint.
Poppler's Furniture vs. J. & B. Drugs.
Bratrud Clinic vs. T. R. F. Times.
Soo Line vs. Harts Bakery
Rex Cafe vs. Oen's.

The Victory Golf league will play the final matches on the season's schedule tomorrow evening. The league championship continues in doubt, with the Lincoln Life and the Poppler's Furniture in a deadlock for first place. The Lincolns will play the Mint tomorrow evening, while the Poppler's will meet the J & B Drugs. Poppler's had been listed as having been defeated by the Bratrud Clinic last week, but a re-check of the scores revealed that Stan Larson's team had a 153 net total while the Clinics had scored a 155.

Morris Bye marked up a net 30 Friday evening, having a 40 gross and a 10 handicap, to give the Lincoln Life a three-stroke margin over the Times. Other net scores for the Lincoln's were Dr. Warren Hanson, 40; Rev. G. S. Thompson, 37; and Floyd Daniels, 37. Art Holte, shooting a 43 gross and having a handicap of 9, carded a 34 net for the Times.

The Poppler's continued its first place tie with the Lincoln Life by defeating Ed. Carlson's Harts Bakery squad, 163 to 166.

POTATO WANTED TO DO ITS BIT

Albert Lea—Even potatoes are going all out for winning the war down this way. In spite of the fact that it couldn't get into the ground, one little Early Ohio potato that spent the winter in a dark corner of Frank Snitzler's basement did its utmost as spring approached to grow and make a lot of other potatoes to add to Foods for Victory. It sent out one sprout four feet long, and another three feet long, and another 11 inches long, each twice the size of a lead pencil. The potato is hardly bigger than a tennis ball, but it added to the long sprouts a bunch of roots that weigh as much as it does itself. The sprouts weigh twice as much as the potato does.

135 POTATOES UNDER ONE VINE

Hoffman.—If potatoes have everything to do with the slogan "food will win the war," Miss Julia Ziemer is doing her part and then some. In her Victory Garden she found 135 potatoes on one vine.

GR. FORKS GRADS BUNCH HITS TO WIN FROM LOCALS 8 TO 4

Pile Up Five Runs in Fourth Inning On Combination of Hits and Errors

The Grand Forks Grads, playing heads-up ball, bunching their hits, and taking advantage of Thief River misplays, scored five runs in the 4th inning and 3 runs in the 7th inning to defeat the locals, 8 to 4, on the Fair Grounds diamond before a large Eagles day crowd. Thief River will travel to Gatzke next Sunday for a "rubber" game with the Gatzke nine.

After being held hitless and scoreless for three innings Sunday, the Grads, a team composed of former Grand Forks American Legion stars, racked up five tallies in the 4th inning. Mack Gillis was safe at first base on an error, to open the inning, and went to second on a wild pitch. Dolly Jackson poked a single into center field, Gillis going to third. After Jackson had stolen second, Joe Rerick was given a "life" at first when Ste. Marie fumbled his hard-hit ground ball, filling the bases. The Grads "squeezed" across their first run when Fiest laid down a bunt, Gillis scoring. Val Walters was called out on strikes; but Leo Mueller drove out a right field single, scoring Jackson and Rerick. Neil Bennett lashed out a long left-field triple, plating Mueller, and Bennett tallied the inning's fifth run when Lorentson uncorked a wild pitch.

With Woody Almquist on the mound, Grand Forks, on two bases on balls, an infield hit by St. George, a right field double by Rerick, and a single by Fiest, marked up three scores in the 7th inning, to hold an 8-to-0 lead.

The locals broke into the scoring column in their half of the 7th inning. Ray Ste. Marie reached first base on Mueller's error, moved to second on Nornes' infield out. Lenny Helquist poled out a hard single to left field, Ste. Marie going to third. On a delayed steal, Helquist reached second and Ste. Marie scored, and when pitcher Jackson's throw to second hit Helquist, Lenny ambled down to third base. Catcher Rerick, in an attempt to nip Helquist, threw the ball into left field, and Helquist scored the locals' second tally. With Val Walters taking over the Grand Forks pitching duties in the 8th inning, the Thief River team, on Woody Almquist's double, and infield out, Ste. Marie's single, his second hit of the game, and Berdeen Nornes' single, chalked up their third and fourth scores.

The Grand Forks infield played a splendid fielding game, handling numerous chances and clicking off two fast double plays, in the 1st and 3rd innings, to check local rallies.

Golf Championship Tourney Nears Finals

Tom Jorde, Dr. Homer Helemark, H. O. Chommie, and Vic Kvikstad, are the semi-finalists in the championship flight of the city golf tournament. Jorde will play Dr. Hedemark in semi-finals upper bracket, while Hans Chommie will meet Kvikstad in the lower bracket.

Lloyd Bennes won a berth in the finals of the first flight with a 1 up win in 21 holes over Wm. Claffy; and will meet the winner of the Floyd Daniels vs. Dr. Ed Bratrud match, for the flight championship. In the first flight consolation, Cal Colvin and Stan Larson are the finalists.

O. H. Ekeren vs. Guy Hinton, and Frank Kobliska vs. Walter Smith, are the semi-finalists in the third flight. While Roy Oen and Oscar Rolland have reached the finals in the fourth flight. Archie Henerud and Rev. A. I. Merth will meet in the finals for the fifth flight.

Registrants Urged to Inform Draft Boards on Changes Promptly

Selective Service registrants were warned to notify their local boards immediately of any change in status, in a statement issued today by Colonel J. E. Nelson, State Director of Selective Service.

Because of the classification procedure now in effect, it was emphasized that it is extremely important to the registrant to keep his local board notified of his current status.

As an example, it was pointed out that in the case of a married registrant, the birth of a child may have an effect on the registrant's classification category.

Minnesota local boards have been instructed to separate files of their registrants into the various categories, and within the categories there will be a distinction made between those registrants in Class III-A and Class III-B (men with dependents who are engaged in occupations important to the national interest). Cases will be reopened as soon as the reclassification in the preceding category has been completed.

Because of the strict distinctions between each category, it is in the registrant's interest that he notify his local board at once of any changes in his status, it was stated.

Wild Rice Season Will Open Officially Aug. 18

The Minnesota wild rice season will open officially August 18, William L. Strunk, Conservation Commissioner, announced today. Each rice stand will be opened individually after that date in accordance with recommendations made by the local rice committee stationed at respective lakes.

Licenses to harvest rice will be available from game wardens and special agents in the ricing area.

Food Stamps May be Purchased by Families Who are Not On Relief

Commencing Wednesday, August 26, food stamps may be purchased by all families, regardless of whether or not they are on relief, providing their incomes do not exceed certain limits according to the size of the family, John Lynsky, secretary of the Pennington County Welfare Board announced this week.

Up to now, for all practical purposes, only those families receiving some form of relief were eligible to purchase stamps. Effective August 26, any family may purchase food stamps unless the total family income exceeds a certain point. Under the new program, the following size families, regardless of whether or not they are on relief, may purchase stamps providing that the total household income does not exceed the following amounts:

Family Size	Monthly Income Limit
1	$ 35.00
2	55.00
3	70.00
4	85.00
5	100.00
6	115.00
7	130.00
8	140.00
9 and over	150.00

Stamp purchasers receive $1.50 in purchasing power for each $1.00 spent for stamps.

WHO WAS MRS COLBURN

Copies of a death notice of a Mrs. Emma M. Colburn published in a Spokane, Washington, newspaper, were sent to us by Eddie Singer because, according to the notice, she was born in Thief River Falls March 15, 1885. She married A. B. Colburn in 1906 and they lived for some time near International Falls before moving to Oregon. Her maiden name is not given. Who, of the old timers, can identify her.

Two More Carloads of Scrap Rubber Shipped

Two more carloads of scrap rubber have been shipped from here during the past week, one loaded Friday night and one last night. The car loaded Friday contained more than 31 tons, most of it from the Cities Service accumulation. A smaller car loaded last night was made up of straight casings from the Texaco stock. Both cars were loaded by volunteer labor.

D-BALL PLAY-OFF WILL GET UNDER WAY NEXT WEEK

Bridgeman's Meet Red Owl in Opener Tuesday Evening

City D-Ball League

Bridgeman's	6	2	.750
DeMolay	4	3	.588
Kiewel's	3	4	.441
Red Owl	2	6	.250

Result of week's game: Friday, Bridgeman's, 10; Red Owl, 6.

Next week's play-off schedule:
Tuesday, Aug. 18th, Bridgeman's vs. Red Owl.
Wednesday, Aug. 19th, DeMolay vs. Kiewel's.
Friday, Aug. 21st, (finals).

With the final standings in the City D-ball league definitely decided it is expected that the championship play-offs will get under way next week. The league leading Bridgeman's will meet the Red Owls in a first round game on Tuesday evening, and the DeMolays will play the Kiewel's on Wednesday evening, with the two winners meeting in the championship final Friday, Aug. 21st, evening.

Bridgeman's, 10; Red Owl, 6

Last Friday evening the Bridgeman's punched out 15 hits to score a 10 to 6 win over Red Owls and clinch first place in the league standings. Harold Hanson, pitching for Bridgeman's, allowed but six hits, but he issued nine bases on balls and the Red Owls, who had men in scoring position every inning, left 11 men stranded on the bases. Gordy Reierson, with four hits in six trips to the plate, led the Bridgeman batters; while Harry Wisdom, with a single and a triple in two tries, paced the losers.

Keeping Score

.... With HUCK OLSON

A Vote of Thanks

The local ball team, from manager Helmer Ness through rookies Milt Reierson and Vern Tormoen, owe a vote of thanks to the Eagles Lodge, and especially to the members of the Eagles baseball committee — Herman Kjos, Ward Long, Harvey Helle, and others—for the swell job they did in promoting the ticket sales for Sunday's game. The result was that the largest crowd of the season was in the stands to witness the game, and the fans were repaid too, for they saw a well-played contest.

The Grand Forks Grads, managed by their pitcher, Darrell "Dolly" Jackson, a nephew of St. Hilaire's Myles Jackson, turned in a nifty game of ball in scoring their 8 to 4 win over the locals. Out-hit by the local nine, 12 to 8, the Grads bunched three of their hits, with a couple of local errors, to score 5 runs in the 4th inning, and that was the ball game. Lefty Lenny Lorentson had some tough luck in the inning, for with perfect support he would have retired the side without a run being scored. Mack Gillis drove a ground ball to first baseman Stan Cockrell, and second baseman Eddie Flasch, who ran over to cover first base, took Stan's toss but missed the bag, and Gillis was safe. That was the "break" the Grads needed, for they shoved Gillis around for the first score.

The locals will take another trip to Gatzke on Sunday, and this time they hope to reverse the 1 to 0 defeat they received from the Gatzke nine early in the season.

A Jinx

Some of the local ball players are complaining that they were "jinxed" last Sunday when Gay Haugen came out to the game wearing his "victory pants."

The Finale

The boys in the Victory golf league will be digging up their last divots in league play tomorrow evening when the concluding matches on the season's schedule will be played. The league moves into its final round of play with the Lincoln Life and the Poppler's Furniture in a tie for first place and the championship, and if the two teams come through with wins tomorrow evening, or if they both receive defeats, the league schedule will end in a deadlock and the two teams will enter into a playoff for the title. But the Lincolns and the Poppler's aren't out of the woods yet, for the Life team will meet Oscar Cerny's Mint team, and they are capable of upsetting Lloyd Bennes' outfit; and the Poppler's will be playing the J & B Drugs, and that match too, can end in an upset.

The mixup in last week's standings, which had the Poppler's in second place and as losers to the Clinics, was caused by an error in listing Dr. Cliff Jacobson's score. His score, which was a 47 actual, was taken as a 44, and that score, a 44, would have given the Clinics a one-stroke win, but a re-check revealed that Dr. Cliff had a 47 and that gave the Poppler's the match.

By the way, team captain Lloyd Bennes had a 47 in his match against the Times last Friday and for the second time this year Lloyd found that his score was too high to be included in the Lincoln Life team total. It is reported that Lloyd became so disgusted with the dub shots that he was getting off, particularly on No. 8, that he "planted" a couple of his clubs. After missing a couple of shots on the No. 8 fairway Lloyd slammed his clubs into the ground, and he left the clubs there, looking like a couple of cat-tails, while he completed his round.

Up to Expectations

That first flight in the city golf tournament is living up to its reputation of being a dog-eat-dog affair. Lloyd Bennes, in a semi-final match against Bill Claffy, had to go 21 holes to mark up a win; and in a consolation match, Cal Colvin and Dr. A. E. Jacobson battled 21 holes before Cal scored a 1 up win.

Fact and Rumor

While it's quite definite that Harry Newby won't return here this fall, there has been a rumor circulating about town to the effect that George Lee would come back here to take over the coaching job. Well, yesterday afternoon it was learned that Lee had turned down the offer. So the facts to date are that Harry Newby has decided to quit the teaching and coaching profession, and that George Lee will not take over the job. It is going to be difficult to secure a first-rate coach, especially a coach with experience.

The Board did a fine piece of business when they signed Quentin Jones to a school contract, as physical education instructor and track coach. Jones, who is a Carleton college graduate, has been at Park Rapids for a number of years and has consistently turned out district and regional track champions.

Rotarians Hear Report on District Assembly

President Andrew Anderson and Secretary Irving Quist reported on the district assembly at St. Cloud, at the Rotary Club luncheon Tuesday noon. Mr. Anderson outlined activities which had been suggested as suitable for club programs.

TALL FISH STORIES? LISTEN TO THIS ONE!

Plainview—First of all it is a fish story, but not one of the usual kind. Frankly, it has been sent to Ripley, and is headed for "Believe it Or Not." While fishing in the Mississippi river a few days back J. H. Eggers was attacked by mosquitoes and in his struggle to free himself he knocked his glasses so they flew into fifteen to twenty feet of water. Many hours of raking and dragging failed to recover the lost specs. Now, comes the point of our story. A week later two ardent fishermen fishing at the same spot hooked a large channel cat that put up a terrific fight. When reeled within a few feet of the boat it could be seen the fish was wearing Mr. Egger's gold rimmed bifocals. The sight of a catfish wearing the glasses so astonished the veteran fishermen that they let the fish get away. In his final lunge for freedom, the hook tore out of the fish's mouth and hooked the glasses which were landed safely with nary a lense broken.

Big Increase in Use of Milk Products During Past 20 Year Period

Two decades ago, in 1921, production of milk in the United States totaled about 78 billions of pounds for the year, according to figures released by the National Dairy Council. Of this about three billions were fed to livestock, leaving about 75 billion pounds of milk and its products for human consumption. With a little over 107 million people the per capita consumption of milk in all of its forms was about 697 pounds. Of this about 424 pounds was used in the form of manufactured products and about 273 pounds as fluid milk and cream.

Twenty years later, in 1941, production of milk in the United States totaled 115½ billions of pounds. Of this about three billions were fed to livestock and about three billions were purchased in various forms of manufactured products for export and use by the armies of the United Nations. The remaining 109½ billion pounds were available for consumption by the 131 million people. This meant an average consumption of 834 pounds of milk per person in its various forms. Of this approximately 469 pounds were used in the various products of milk, such as butter, cheese, ice cream and concentrated milk products.

U. S. NAVY MEN TO GIVE PROGRAM AT STATE FAIR AUG. 29

To Present Thrilling Program First Day of Big Exposition

Uncle Sam's fighting sailors will officially open the 83rd Minnesota state fair, Saturday, August 29. The day has been designated Navy Day and the bluejackets will present a stirring spectacle in front of the grandstand Saturday afternoon, augmenting the fair's regular entertainment thrills.

This sparkling program will inaugurate the fair's 10-day exposition which is dedicated to aid every wartime effort and is built around a "Food for Victory" theme. The fair will close Labor Day, September 7.

Navy officers are planning a celebration that will show the sailors who man the ships and airplanes at work and play. Martial music, dress parade, firing of a giant anti-aircraft gun, floats and other activities simulating the Navy in action will highlight the afternoon program.

A naval exhibit on the ground floor of the grandstand will prove a magnet for visitors during the entire 10 days. On display, with Navy personnel on hand to explain the exhibits, will be a lethal torpedo, most deadly of weapons, with shell cut-away to show the working of the delicate mechanism. A mine of the type used to protect our harbors and sea lanes, a gyro compass, a magnetic compass, a range keeper which "puts the finger" on a fleeing ship, projectiles for guns of various sizes and scientific instruments that guide our warships at sea will make up naval display. The Army, Marine Corps, Red Cross, civilian defense and other organizations will have exhibits stressing war activities.

Admission to the 1942 exposition will be 35 cents including the Federal tax.

Scrap Rubber Now Being Assembled on Big Stock Pile at Fort Snelling

The vast amount of scrap rubber collected in Minnesota during the recent scrap rubber drive is being shipped to the Rubber Reserve Co. stock pile at Fort Snelling as rapidly as facilities will permit, according to a statement made by I. A. O'Shaughnessy, chairman of the Minnesota Petroleum Industry Scrap Rubber Committee.

Seven states are shipping their scrap rubber to the Fort Snelling stock pile, and the unloading at the Fort is being done by the W. P. A.; with a crew of 300 men who work in three eight hour shifts around the clock. Mr. O'Shaughnessy stated that the scrap rubber is now being unloaded at the rate of approximately 1,400,000 pounds a day, with an expected increase to over 2,000,000 pounds per day.

Minnesota's contribution to the national scrap rubber pile is now 16,393 tons, with reports still coming in. Minnesota placed eighth in total tonnage collected by states.

Windstorm Causes Heavy Damage on Radium Farm

All farm buildings with the exception of the house, were shattered by the wind storm August 6th, at the J. B. Reller farm, 3½ miles northeast of Radium. The wind struck the farm from the southwest about 2:00 A. M. Thursday morning, picked up the buildings and scattered them through a grove of trees over a 200 yard area. Between 40 and 50 neighbors of the Rellers in the Radium community gathered at the farm Sunday to help clean up the wreckage and also assisted in building temporary buildings to house the livestock.

The top picture shows Mr. Reller standing in the foreground watching neighbors removing hay and rubbish from the barn in order to release some small pigs which were in the barn when the storm struck.

The middle picture is a view of what was left of the 36 by 60 foot barn following the storm. The hayloft floor seemed to settle on the main floor, with the roof and side walls scattered by the wind.

The bottom picture shows what was left of the chicken house with a few chickens scratching away in their unaccustomed surroundings. Pictures taken by the Warren Sheaf.

State Furniture Dealers Hold Annual Convention

Aggressive advertising and intelligent window displays were advocated by H. G. Davis, Chicago, merchandise and management counsel, as the best sales media for furniture stores. The message was given at the annual convention of the Minnesota Retail Furniture association at the Radisson Hotel July 30th. Dealers from throughout the northwest were in attendance. Speakers at the convention, besides Mr. Davis, included R. G. Baker, manager of the Consumer Credit Division of the Federal Reserve Bank, who talked on the monthly sales reporting service the bank has inaugurated for furniture stores. Taxes, credit extension, consolidated freight handling, store arrangement, advertising were topics discussed.

University Summer Use Is Greater Than Ever

Record-breaking educational service, most of it in line of preparing young men to take their part in the defense of their country, is being accomplished this summer by the University of Minnesota. Enrollment of 3401 persons in the second Summer Session, an increase of nearly 100 per cent over last year's second session, brings to just under 10,000 the number of students who have attended the two summer schools. The first summer session served 6461 students. Figures for both the first and second sessions are all-time high records.

Besides the large numbers of students enrolled in college classes the university is teaching nearly 1,000 young men and women in the Engineering, Science and Management Defense Training courses set up by the United States Office of Education, which courses prepare people to serve efficiently in war industry. There are also on the campus large numbers of army and navy personnel. Exact figures are not supposed to be presented, but these men are studying aeronautical engineering, taking flight training for both Army and Navy, studying to become electrician's mates for the Navy, preparing for expert signal corps work and studying nursing.

University Employees Receive Pay Increases

University of Minnesota employees in all categories whose salaries are less than $250 a month have been given the same raise that was given to state employees some time ago. University increases will be dated back to July 1, 1942.

President Walter C. Coffey announced that this group will receive hikes of $5 a month, plus five per cent on amounts of salary up to $200 a month. This is what the state did.

CIVET CAT NESTS INSIDE THRESHER

Norwood—Pulling his threshing machine out of the shed to prepare for threshing caused much running around and barking of dogs on the Arnold Thalman farm recently. Then too, a tell-tale odor led Mr. Thalman to think something must be wrong. Investigation revealed a civet cat and four little ones way down inside the machine. The problem then was how to get them out. Starting the machine only made matters worse, if you know what we mean. Finally, long sticks were used to dislodge the civet cat and her little fellows. They were killed, but you may be sure the memory lingered.

North Star Farmers Club Meets

The North Star Farmers Club met at the hall last Thursday evening. A program prepared by Mrs. L. A. Knight, Mrs. Orpha Gram and Clifford Anderson, was presented. Two songs were sung by James Salveson who played his own guitar accompaniment; Myrtle Holte of Gatzke sang a solo accompanied at the piano by Arthur Lundmark of Gatzke. This was followed by several musical selections played simultaneously on guitar and harmonica by Cleon Norby; and two piano solos by Arthur Lundmark brought the program to a close. Lunch and a period of dancing followed. Mrs. Ole Hafdahl returned from Havre, Montana on Monday after visiting five weeks at the Knute Hafdahl home. She said crop conditions were splendid. They were just beginning to combine the fields and wheat was yielding forty-five bushels to the acre. One of the grandest sights she'd ever seen were the huge herds of Herefords that grazed the foothills and sides of the mountains. To see so much prime beef on the hoof was breath-taking.

A. Edwin Koglin suffered a very painful accident on Tuesday while overhauling his combine. Some implement on the machine slipped and badly gashed both hands, the right one most severely. He was taken to a physician immediately where he had several stitches taken. Being not only very painful, it was doubly unfortunate to get the hands hurt, now with labor at a premium and the harvest to be done.

The Misses Hilda and Olga Waale are at the present visiting with friends in Duluth.

Former residents of Kratka, Mr. and Mrs. Joe Kilen, Arthur, Lila and Stella of Gatzke and Mrs. Glenn Rayse (Amanda Kilen) and son Bobby of Fort Arthur, Canada were among the many who attended the Y. P. S. at the Archie Wilson home on Sunday.

That Extra Something!

. . . You can spot it every time

SKILLED workers have "know-how". So have the makers of Coca-Cola. That's why Coca-Cola has that extra something. Almost anybody can make a soft drink, but nobody else can make Coca-Cola.

There's a finished art in its making which gives Coca-Cola a special quality . . . its unique taste comes from a blend of pure, wholesome essences,—refreshment that can't be copied.

No other drink gives this special plus . . . this unique taste and after-sense of refreshment. People have come to realize that nothing takes the place of Coca-Cola. To want refreshment is to think of ice-cold Coca-Cola. Contentment comes when you connect with a Coke.

• • •

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coca-Cola, being first choice, is the first to go. Ask for it each time. No matter how short the supply, the quality of Coca-Cola will not be changed in any respect.

Long, hard-working hours tire you out,—slow up production. You need a brief response. So, when the schedule calls for time-out for a "breather", a moment for ice-cold, energy-giving Coca-Cola leads to better work.

Traffic Violations on State Highways Reveal Big Decline This Year

Reports of state highway patrolmen indicate that traffic violations on state trunk highway routes have decreased approximately 39% under war-time conditions prevailing during the first six months of the year, as compared to the corresponding period of 1941, according to a summary submitted by Chief Elden Rowe to Highway Commissioner M. J. Hoffmann.

The indications were based upon the consolidated reports of highway patrolmen on four phases of patrol activities which reflect the number of traffic law violations observed and the action taken to prevent their recurrence:

(1) Traffic violators arrested;

(2) Inadvertent or less flagrant violators issued written warning tickets;

(3) Drivers given verbal warnings for lesser or border-line transgressions; and

(4) Motorists given "must repair" tags for driving with illegal or improper equipment.

Chief Rowe pointed out that patrolmen have pursued their duties with equal diligence and vigilance and suggested that the decrease in reported violations is probably due principally to three major factors:

A marked reduction in travel, particularly long-distance travel, due to wartime restrictive conditions;

Drastic reduction in speed by the vast majority of motorists, both in compliance with emergency speed regulations and because of the necessity of conserving tires and cars which cannot be replaced.

Patriotic response on the part of the average motorist to local, state and national appeals for the prevention of accidents and the conservation of manpower and materials essential to the successful prosecution of the war.

Sun Spots Disrupt Business

Sun spots do sometimes disrupt business. Recently they disrupted radio and telephone service throughout the world by their electric activity. Further, many believe there is a correlation between business cycles and sun-spot activity.

"Wings of Freedom" Tops State Fair Entertainment

Patriotic Stage Revue Scheduled for 10 Nights—Three Days of Harness Racing

Soaring to new heights, "Wings of Freedom," star spangled stage revue, will top the entertainment program through ten glorious nights at the Minnesota State Fair, August 29 through September 7.

Adding a new and stirring note to the Wartime Fair, "Wings of Freedom" will provide a gay interlude to the heavy war tasks of production and set a new standard of patriotic entertainment.

Varied Program

In keeping with the spirit-lifting theme is the entire amusement program which includes three days of harness racing, a magnificent horse show, a rollicking Midway, the State band contest, a live game exposition, Circus Olympia and scores of other features.

"Wings of Freedom" will bring 400 of the leading stars of screen, stage and radio in a sparkling revue jammed with stirring melodies, rollicking rhythm and rib-tickling comedy. There will be 21 scintillating scenes packed with song and dance. There will be 55 acts gleaned from Broadway, Hollywood and the circus.

Heavy Harness Racing

With the greatest field of pacers and trotters in two decades, the harness racing has been expanded to three days. More than 250 entries will compete for the $7,700 in prizes Aug. 31, Sept. 1 and 2. Fifteen events are scheduled with extra money for Minnesota entries.

At the Hippodrome hundreds of the finest trained horses in the nation will vie through six nights for more than $13,000 in Horse Show prizes. Scores of prizes are posted for the colorful affair which includes everything from hunters and jumpers to harness ponies. Opening Sunday evening, Aug. 30, the Horse Show will continue through September 4.

Giving forth patriotic airs, more than a dozen of the leading bands will compete for statewide honors. Led by dazzling drum majors and majorettes, this outstanding attraction will be staged Sunday afternoon, September 6, in front of the grandstand.

44 Rides and Shows

On the mammoth midway Royal American Shows will provide entertainment for young and old with its 44 new rides and tented theatre attractions.

For the first time in State Fair history, a "Know Your Minnesota" quiz contest will be held. Hundreds of boys and girls from rural schools of the state will vie for cash prizes in this unique quiz that will cover the history, geography and products of the state.

New and daring matinee grandstand features will complete the huge State Fair entertainment repertoire.

When the Willie West and McGinty troupe of London takes the stage in the Wings of Freedom revue at the Minnesota State Fair, August 29 thru September 7, fun will be a poppin'. Direct from Hollywood and Broadway, this quartet of comic carpenters has been rated the greatest pantomime comedy performers in the show world.

STEINER

The death of Charley Swanson on Monday morning came as a shock to our community. He had been in poor health for some time and was taken to the hospital a week ago Monday. Mr. Swanson would have been 85 years old this coming January. He came here in 1882 and settled near the Junction in Polk County, and which is now Pennington county. He homesteaded in New Solem township in 1884, where he has made his home. Mr. Swanson is an uncle to Edwin and Bill Swanson of this vicinity.

Ann Hillyer, president of the 4-H club, wishes to announce that the club will meet in the Steiner hall Wednesday, Aug. 19. On the program committee are Louis Meyer, Ardith Copp and Irvin Hillyer, on the lunch committee are Lucille Williams, Jeannette Evenson and Jake Hillyer. The meeting is to start at 9:00 o'clock sharp.

Luther League will meet at the Wold home next Sunday. Rev. Tungseth will speak and some musical numbers will be given. Mrs. Wold is serving assisted by Judith Wold.

Little Bevernell Hanson of Winger is spending three weeks with her grandparents, Mr. and Mrs. Wold.

Mrs. Bill Rupprecht, who recently returned from Texas, and her sister Vera Grandstrand, both of Stephen, were supper guests Saturday at the Olaf Simonson home.

Perry Grytdal, who has been employed in Spokane, Wash., returned home Wednesday. He was met in Grand Forks, by Mr. and Mrs. A. Solem and his parents, Mr. and Mrs. A. Grytdal. Perry is one of the boys who will leave for Fort Snelling next September. Walter Rausch is now home on his furlough. Robert Sante r got a month's deferment.

Mr. and Mrs. L. Meyer, Fredrick and Marion Meyers were Sunday visitors at the home of Herman Strobergs in Rocksbury.

A. R. HULBERT CIVIC LEADER. DIED FRIDAY

Military Rites for World War Veteran Conducted Here Monday

SERVED FOURTH WARD ON CITY COUNCIL

Had Rendered Outstanding Service in Veterans' Affairs

A host of friends this week mourned the untimely death of Dr. A. R. Hulbert, leader in civic and World War veterans affairs, who succumbed at a local hospital last Friday at the age of 46 following a lengthy illness.

Military funeral rites were held at Trinity Lutheran church Monday afternoon, Rev. G. S. Thompson officiating. The cortege to and from the church included the color guard and escort of Legionnaires, the Legion auxiliary and the auxiliary drum corps.

Pallbearers were Elmer Eid of East Grand Forks and Art Buhn of Mentor, post district commanders of the American Legion; Dr. L. V. Johnson, Alex Cloutier, Carl Kretzschmar and Gilbert Reiersgaard. Serving as honorary pallbearers were Dr. Hulbert's fellow members of the city council and Mayor H. W. Kinghorn.

The body was taken to Moorhead for final rites Tuesday afternoon at the Episcopal church, with Rev. Sullivan officiating and the same group of active pallbearers. Mrs. Esther Plough and Mrs. G. Schilbred represented the local auxiliary unit at the services. Interment was in Riverside cemetery at Fargo.

Possessed of exceptional qualities of energy and initiative, Dr. Hulbert became firmly entrenched in community activities during the short period of six years he had made his home in Thief River Falls. His contribution to American Legion affairs was outstanding, he having served as post adjutant for the past several years, his service including handling of details in connection with the recent district Legion convention in this city.

In addition he was American secretary of the International War Veterans aliance and correspondant of the local voiture of the 40 & 8, affiliate of the Legion. He also had taken the lead in arranging details of the annual junior hockey tournaments sponsored in this district by the veterans' organization.

Active in public affairs, Dr. Hulbert was a former member of the park board, and at the time of his death held the office of alderman from the fourth ward. He was one of the founders and had served as president of the local Lions club, and at the time of his death was secretary of the Civic Service Organization and a member of the Eagles lodge.

Born at Fargo December 9, 1895, he grew to manhood there and was married in Moorhead to Miss Lucille Smith May 29, 1920. The same year they moved to St. Paul, later living in Virginia, Milwaukee, Fargo and Litchfield before establishing their residence in Thief River Falls in 1936.

He enlisted in the army in the last World War on March 12, 1918, at Fargo, and served as a sergeant, first class, in the intelligence division at Portland, Oregon. He was honorably discharged December 19, 1918.

Surviving are his wife and two sons, Edward and Don; his father, Edward Hulbert, of Fargo; three sisters, Mrs. John Swenson of Barnesville, Mrs. Don McFasy of Tacoma, Washington; and Mrs. Henry Monson of Denver, Colorado; and two brothers, Ernest of Los Angeles, Calif., and Harry of Ohio.

Business Volume Here for 7 Months over '41

Business volume in the Thief River Falls area for the January through July period is 14 per cent above that for the similar seven-month period a year ago and at the best level for January-through July in any recent year, according to bank debit totals just released by the Federal Reserve Bank of Minneapolis. Business volume for the month of July, however, fell two per cent below that recorded for July 1941. Since bank debits represent, for the most part, checks against depositors' accounts in payment for goods, services, debts, etc., the debit total for a locality is considered a good indicator of general business volume.

Civic Leader Succumbs

DR. A. R. HULBERT

Active in civic and war veterans' activities in this community, for whom military rites were conducted Monday afternoon in Trinity Lutheran church, following his death last Friday. He had been serving on the city council as alderman from the fourth ward at the time of his death.

4-H LEADERS MEET HERE TO CONSIDER PROGRAM FOR WAR

Suggest Numerous Changes in Activities to Meet New Conditions

Methods of adapting the 4-H program to wartime conditions were discussed at a district meeting held in Thief River Falls last Thursday, August 13. Those present at the discussion were A. J. Kittleson, state club leader; H. A. Pflughoeft, district club leader; C. L. McNelly, district county agent leader; and the following county agents: Carl Ash, Crookston; Howard Grow, Hallock; Elbert Larvick, Red Lake Falls; Geo. Landsverk, Ada; and Ernest Palmer, Thief River Falls.

This was one of six district meetings held in the state to bring the extension workers together to talk over ways of adapting the 4-H Club program to the new conditions arising. The reasons for making adjustments in the program for 1943 have been curtailment of fairs, transportation problems, labor situation and desire to bring farm youth more directly into the war program.

The recommendations offered by the group were that all projects be grouped into 7 main headings. These are as follows: Fruit and vegetable production, crop production, meat production, herd and flock production (includes breeding herds and producing dairy cows), food preservation (canning, drying, storage, waxing, brining, etc.), clothing, food preparation.

After all six district conferences have been held the state conference will take all the recommendations and endeavor to outline a state 4-H Club program for the coming year.

"Mrs. Miniver," Story of England in Wartime, at Avalon This Week-end

Blackouts and air raids mingle with intimate family life and human interest episodes, enlivened by comedy moments, in "Mrs. Miniver", dramatic story of the heroism of English families under attack on the home front, which will be the attraction at the Avalon theatre Friday thru Monday.

Starring Greer Garson and Walter Pidgeon, the production is based on the best-seller novel by Jan Struther. The local showing is among the first in the state.

The comedy talents of Norma Shearer and Melvyn Douglas feature "We Were Dancing", laugh-studded romance, which will be the offering at the Falls theatre Sunday and Monday, with a midnight revue Saturday evening at 11:15. Appearing in supporting roles are Gail Patrick, Marjorie Main, Reginald Owen and Alan Mowbray.

County Asked to Equal July Bond Quota in Aug.

While the war bond sales quota for the state of Minnesota in August is lower than that for July, Pennington county has been asked to equal its July quota of $43,200, pending a readjustment of county quotas to remove inequalities, it was announced this week by Paul A. Lundgren, county chairman of the war bond campaign.

AUGUST GROUP OF RESERVISTS LEAVE SUNDAY

To Depart from Auditorium at Early Hour of 7:30 in Morning

CITY BAND TO SUPPLY MUSIC FOR SENDOFF

Second August Call to Take Small Number Sunday, August 30

After enjoying a two-weeks furlough following their induction at Fort Snelling, the contingent of army reservists included in the August selective service call is scheduled to leave this city next Sunday morning, August 23, at 7:30 for Fort Snelling, where the young men will receive their assignments.

On hand to enliven the occasion with a group of spirited selections will be the Thief River Falls municipal band. The Civic Service Organization, as usual, also will participate in the sendoff, and will present the members of the departing group with diaries and other remembrances.

Included in the contingent are the following men from the Thief River Falls community: Raymond A. Hanson, Theodore M. Hagen, Fred J. Stroberg, Alan N. Ness, Raymond C. Johnson, Wallace H. Peterson, Earl J. Burrell, Charles E. Herron, Lloyd P. Lonson, Lester I. Anderson, Robert S. Ferris, Samuel A. Honebrink, Theodore J. Quale, David H. Morgan, Stanley A. Roese, Gerald A. Evenson, Robert A. Hagen, Gordon A. Gunderson and Dewey L. Amiot.

Others are Andrew Anenson and Carrol A. Olson, Goodridge; and Willie D. Jorgenson, Hazel. Kenneth Sorenson and Harold T. Fyffe, both of this community, will leave Tuesday, August 25, while Hans Folstad will depart Sunday. Leaving Wednesday, Aug. 26, are John Stenseth and John Stucy.

Arthur Berg, chief clerk of the local selective service board, stated that a small group of registrants will leave this city for Fort Snelling Sunday, August 30, to undergo physical examinations previous to induction.

SUGAR STAMP NO. 8 ALLOWS PURCHASE IN 5-POUND UNITS

Stamps Nos. 6 and 7 Must be Used Not Later than August 22

Sugar ration stamp No. 8 will be good for five pounds of sugar in the 10-week period beginning August 23 and ending October 31, the office of price administration announced Saturday in Washington.

While not changing the basic ration of one-half pound per person per week, it will enable consumers to make purchases in larger units and facilitate the disposal of five, 10 and 25-pound packages.

Packages of these sizes were put up before the start of rationing and processors have had difficulty marketing any substantial part of them because ration stamps to date have been good for one or two-pound purchases. Unless this sugar is sold, O. P. A. said, it would have to be unpacked, causing an "undesirable waste of labor and materials."

Stamps Nos. 6 and 7, each good for two pounds of sugar, may be used until midnight August 22. Stamp No. 7 gave the consumer a two-pound bonus.

Quarters for Surgical Dressing Room Sought

At a meeting Friday evening of the advisory committee of the local Red Cross chapter, a committee was appointed to arrange for suitable quarters for the surgical dressing project to get under way shortly. Members of the committee are Mrs. H. A. Brumund, Lawrence Bjorkman and Fred Protz.

Fifteen Persons Finish Nurses' Course Tuesday

A class of fifteen enrolled in the Red Cross nursing course conducted by Mrs. Otis Wold completed their work Tuesday evening. Members will be given certificates as soon as they are received from the St. Louis regional office of the American Red Cross.

MAYOR'S PROCLAMATION

In response to a plea from the national administration urging the collection of every remaining bit of scrap iron and other metals in this community, I hereby proclaim that the week of August 24 to 29 will be designated as Salvage Week in Thief River Falls.

I request that all citizens patriotically willing to donate their scrap material place it in the alley in the rear of their homes, where a city truck will call to pick it up according to the following schedule:

First ward and adjoining area in Town of North, Tuesday, August 25.

Second ward and adjoining area in Town of North, Wednesday, August 26.

Third ward and Rustad's Addition, Thursday, August 27.

Fourth ward, Friday, August 29.

Let us all respond 100 per cent in this grave emergency.

MAYOR H. W. KINGHORN.

LOCAL SCRAP DRIVE OPENS NEXT MONDAY

Appealing to Pennington county citizens on a patriotic basis in the hour of the nation's great need, the Pennington county civilian defense council, in cooperation with the city council, county board and other local agencies, announced following a meeting Wednesday evening that an all-out campaign to assemble every last bit of scrap metal and rubber remaining in the county will get under way next Monday in Thief River Falls and the villages of St. Hilaire, Goodridge and Hazel, while the drive in the rural areas will get under way following a survey now being undertaken.

It was pointed out at last night's meeting that while similar campaigns have been conducted previously in the county, there still remains a considerable quantity of scrap iron and other metals of which there is now an acute shortage in connection with the war effort.

City residents who have scrap metal they are willing to donate are asked to place it in the alley in the rear of their homes, where it will be picked up by a city-owned truck according to the following schedule:

Tuesday, first ward, Emil Griebstein, chairman; Wednesday, second ward, Robert Petersen chairman; Thursday, third ward and Rustad's addition, Cliff Overum chairman; and Friday, fourth ward, A. B. Stenberg chairman.

Those wishing to remove their scrap themselves may haul it to a salvage depot set up on the vacant lot across the alley in the rear of the public library. It was pointed out also that those wishing to get the proceeds from the sale of their scrap material should haul it themselves next week to one of the local scrap dealers. The city campaign will end Saturday, August 29.

Other depots are being set up for the convenience of rural residents wishing to donate scrap material at Hazel, St. Hilaire, Goodridge, Erie, Mavie, Highlanding, River Valley, Iverson's oil station and Carpenter's oil station on the ridge west of this city.

Fine Weather This Week Speeds Harvesting Work

Following intermittent showers last Thursday and Friday that brought a total precipitation of .71 inch, according to the power plant rain-gauge, the skies cleared and since Saturday have been ideal for harvest and threshing operations, which are now getting into full swing.

Civic Service Group Asks Contributions

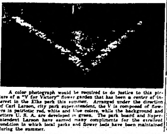
To aid in meeting expenses incurred thru its activities in connection with sendoffs for departing selective service men, the Civic Service Organization of Thief River Falls, thru its chairman, Dr. E. S. Amesbury, today appealed to the public for contributions to the cause.

Dr. Amesbury pointed out that to date approximately two-thirds of the cost of the project, aggregating $150, has been supplied by the six member organizations of the civic service group, including the Civic and Commerce association, Junior Chamber of Commerce, American Legion post, Lions club, Rotary club and Elks lodge.

The remaining funds, he added, have been accumulated in coin boxes placed in business places thruout the city. Those wishing to assist in the work are asked to place their contributions in one of the coin receptacles. The committee in charge requested the cooperation of merchants in placing the boxes in a conspicuous place.

The principal expense, it was pointed out, consists in the purchase of diaries, one of which is given each selective service man as he departs to begin his army duties. Another consignment of the diaries, costing a total of $220, is due to arrive shortly for distribution to coming contingents.

Floral Rendition of "V for Victory"



A color photograph would be required to do justice to this picture of a "V for Victory" flower garden that has been a center of interest in the Elks park this summer. Arranged under the direction of Carl Larson, city park superintendent, the V is composed of flowers in patriotic red, white and blue colors, while the background and letters U. S. A. are developed in green. The park board and Superintendent Larson have earned many compliments for the excellent condition in which local parks and flower beds have been maintained during the summer.

TWO ANALYSTS WILL CONDUCT DISCUSSION

Men are Conferring with Individual Merchants During Day

C. R. Lane and Alan Kline, field analysts with the Minnesota division of the federal Office of Price Administration, will speak this evening at 6:30 at a dinner meeting sponsored by the Civic and Commerce association in the club rooms.

Merchants of Thief River Falls and surrounding communities are urged to attend the session, at which the visiting officials will discuss and explain the proper method of posting ceiling prices for cost-of-living commodities. Their remarks will be illustrated by pictures.

Messrs. Lane and Kline are spending the day in the city conferring with individual merchants on the price-stabilizing program originated by Leon Henderson, national administrator in Washington.

Problems concerned in the posting activity include the manner in which the merchant posts his ceiling prices, the way he keeps up his price ceiling lists, his submission of cost-of-living items lists to his local rationing board and his submission of supplementary lists of cost-of-living items on the tenth of each month.

Adherence to these requirements by merchants is mandatory under the general maximum price regulation. It is intended to keep the public informed of the merchant's ceiling prices, based on his maximum charges during March of this year, and to protect the merchant from unnecessary complaints about his prices.

400 REGISTER FOR VOLUNTEER WORK ON LOCAL FARMS

Nearly 100 Already Have Gone Out to Aid in Harvest

Marked success greeted the solicitation of enrollments in the volunteer harvest labor battalion organized in this city, the Thief River Falls employment office having registered approximately 400 men to date, Clarence Sjolander, manager, reported this week.

He added that the office had sent out 75 to 100 men up to the first of the week, with many other workers going out who have not reported to him.

Given fair weather, operations in this area are scheduled to be in full swing by the end of the week. Last week's rains resulted in damage to some fields where cut grain has started to sprout, but the damage will be minimized if weather is favorable from now on.

Mr. Sjolander reported that the supply of migratory harvest hands is negligible this year, only a few having shown up to date.

MORE MARSHALL CO. MEN LEAVING TO BE INDUCTED

Next Contingent to Depart from Warren Before End of Month

The Marshall county selective service board at Warren announced this week that the following young men from the eastern part of the county are included in a contingent of registrants which will be inducted at Fort Snelling late this month:

Thilman Halvorson, Grygla; Carl A. Hanson, Newfolden; Eddie Qualley, Newfolden; Roy C. Bruaas, Goodridge; LeRoy E. Lien, Newfolden; Tilmer L. Lausness, Newfolden; Joseph Tunheim, Newfolden; Alfred O. Knutson, Middle River; Lloyd C. Gilbertson, Holt; Harvey W. Sollom, Newfolden (Transfer); Juel M. Aune, Grygla, (Transfer); Fred August Klopp, Thief River Falls (Transfer).

Hughey A. Engstrom, Holt; Alvin O. Urdahl, Viking; Kenneth A. Swenson, Newfolden; Earl H. Dahl, Gatzke; Berdean L. Knutson, Middle River; Axel Hesland, Gatzke; Roger D. Isaacson, Middle River; Clarence Olberg, Middle River; Martin O. Larson, Thief River Falls.

Barley Yields of 48-60 Bu. Per Acre Reported

Loading of two carloads of high yielding new crop malting barley Saturday and Monday was reported by the Thief River Falls Seed House. W. M. Ferguson, manager, stated that the barley, grown on several farms near this city, showed an average yield of 48 to 60 bushels to the acre, and netted the growers 68 to 75 cents per bushel, making a highly profitable crop. Threshing operations are expected to be in full swing this week-end if weather is favorable.

SPORTSMEN OF N. W CONVENE HERE TUESDAY

Elmer Nelson of Roseau Is Elected President of Association

UPLAND GAME BIRD SEASONS ANNOUNCED

Verne Joslin, Director of Game and Fish Division, Is Main Speaker

Approximately 300 members of sportsmen's groups affiliated with the Northwestern Minnesota Association of Conservation Clubs assembled Tuesday evening in the Auditorium in this city for the annual meeting of the organization, at which an interesting program was presented following the business session. Paul O. Hanson of Hallock, president, conducted the meeting.

Elected to succeed Mr. Hanson as president was Elmer Nelson of Roseau, with Bill LaFave of Thief River Falls as vice president, and Harry Paine of Roseau, secretary-treasurer.

Among the county directors named were John Dokken, Pennington; George Berggren, Lake of the Woods; Joe Renowski, Roseau; Herbert Findeisen, Red Lake; and William Larson, Oslo, Marshall county.

A resolution was adopted fixing the membership for clubs at ten cents a member, with a maximum of $10 per club and a minimum of $5. It also was voted to change the date of the annual meeting from August to the second Monday in July.

Other resolutions favored open seasons on upland game birds and a seven-day annual deer season subject to order of the conservation department; recommended the appointment of a legislative committee of three to study proposed laws in the next session of the legislature; and asked the appointment of a committee to study and report on the controversy over federal acquisition of state lands.

Verne Joslin, director of the division of game and fish, was the principal speaker at the session, taking advantage of the opportunity to announce the eagerly awaited schedule of open hunting seasons this fall. Shooting in all open seasons, he stated, will be from sunrise to sunset.

Mr. Joslin announced a statewide 23-day open season on pheasants from October 17 to November 8. Shooting of Hungarian partridge will be permitted in a slightly larger area than last year for nine days from October 17 to 25, and on prairie chickens from September 19 to 28 in the same area as last year. The quail season has been set for October 31 to November 16, while dates for split seasons on ruffed grouse had not been set Tuesday. The deer season, Mr. Joslin said, will continue from November 15 to 25, and the hunting area will extend farther south than in the last open season.

The speaker reported that there was only a small decrease this year in the number of fishing licenses issued compared to 1941, but that a bigger reduction is in prospect for 1942.

Jack Manweiler, federal biologist stationed at Baudette, gave an interesting account of the herd of woodland caribou located in Beltrami Island, and presented motion pictures of the rare animals, which now number 17 or 18 in the refuge. He stated that the project is now imperiled by a lack of funds, and that no regular supervision of the herd is now available.

The program closed with the showing of a motion picture of wild life in Mexico. At 11 o'clock the Pennington County Sportsmen's club supplied lunch to those in attendance.

Clarence Sjolander Is Rotary Speaker Tuesday

Clarence Sjolander, manager of the Thief River Falls office of the U. S. employment service, was the speaker at the luncheon meeting of the Rotary club Tuesday noon in the Evelyn hotel. He discussed the influence of the war on local trends in the employment situation, and also told of the successful operation of the Victory labor pool organized in the city recently to aid in harvest and threshing operations in this area.

Senator Alfred Solstad of Fisher spent Sunday in the city visiting with friends.

Johnson-Wilson Vows Spoken in California Aug. 9

Against a lovely background of gladioli, fern, and tall white tapers, Miss Verna Murriel Johnson and Pvt. Vern Donald Wilson exchanged wedding vows Sunday afternoon, August 9, at 2 o'clock at a chapel service at Camp San Luis Obispo, Calif., with Chaplain Gilmore prompting the single ring ceremony. The bride is the granddaughter of Otto Johnson of Holt, while the groom is the son of Mr. and Mrs. Charles Wilson, also of Holt.

The bride was becomingly attired in a gown of white sugarmist chiffon, fashioned with a full floor-length skirt. She wore a white rose in her hair and a gold cross and chain, a gift of the groom. She carried a French bouquet of pink carnations and buvardia.

Miss Norma Ortloff, friend of the bride, served as bridesmaid. Her gown was a floor-length model of pale blue silk marquisette. She also wore white roses in her hair and a shoulder corsage of pink carnations and buvardia. The groom was attended by Pfc. Wallace Sorenson, a friend. Both gentlemen were in full army dress uniform.

Prenuptial music included "I Love You Truly" and "Ah, Sweet Mystery of Life" played by Pvt. Arthur Priest, chapel organist. The bridal party entered the chapel to the strains of the wedding march from "Lohengrin." Mendelssohn's "Wedding March" was also used with Pvt. Priest at the organ.

Following the ceremony the bridal party and friends of the couple were entertained at a luncheon at the home of Mr. and Mrs. Ray Warren, friends of Pvt. and Mrs. Wilson. A large beautifully decorated wedding cake topped with a miniature bride and groom centered the table. Gladioli and fern were also used as table decorations.

The groom is a graduate of the Agricultural College at Crookston. He entered the army six months ago.

Harriet Jung is Wed at Washington, D. C. August 16

Miss Harriet Jung of Washington, D. C., daughter of Mr. and Mrs. C. H. Jung of Thief River Falls, became the bride of Charles J. Elwen, also of Washington, at beautiful church nuptials in that city Sunday, August 16.

The single ring ceremony was read at two o'clock in the afternoon at Northminister Presbyterian church, Dr. Walter E. Price officiating. Organ melodies and carillon chimes set the mood for the ceremony. Baskets of white gladiolis and white asters flanked the altar.

The bride entered on the arm of her brother, Lieut. Victor F. Jung, Camp Tyson, Tennessee, who gave her in marriage. She was lovely in a princess gown of white velvetsy with long, tight sleeves. For the traditional "something borrowed" she wore a finger-tip veil belonging to the bridegroom's sister. Her all-white bouquet was composed of small orchids, star of Bethlehem, and roses.

Miss Clarice Jaranson of Washington, formerly of Thief River Falls, was bridesmaid. Her yellow frock was trimmed from neck to hemline with rows of lace and her bouquet contained yellow roses. She wore flowers in her hair. Daniel Oravath of Philadelphia was best man.

For the ceremony, the bride's mother chose to wear a pink flowered sheer and the groom's mother wore pale blue chiffon. Each wore a corsage of white roses.

After the nuptials a reception for 25 guests was held at the Roosevelt hotel in Washington, after which the bridal couple left on a week's motor trip through the mountains of West Virginia.

After September 1 they will be at home at 3813 V St. N. E., Fairfax Village, Washington, D. C.

The bride, a graduate of Lincoln high school, is employed in secretarial work with the Social Security Board in Washington, D. C. Her husband, a graduate of the Cooper Union Institute of Technology of New York City, is a welding engineer at the Naval Gun Factory, Washington.

Among the wedding guests were the bride's mother, Mrs. C. H. Jung of Thief River Falls; her brother and sister-in-law, Lt. and Mrs. Victor F. Jung of Camp Tyson, Tennessee; the bridegroom's parents, Mr. and Mrs. Charles Elwen of New York City, and his aunt, Miss Tessie Brixner, also of New York city.

GRYGLA

Winger-Tanem Nuptials

Miss Blanche Bernice Winger, daughter of Mr. and Mrs. William Winger of Pinewood, and Tony Tanem, son of Mr. and Mrs. Julius Tanem of Grygla, were united in marriage on Saturday evening, August 15, at six o'clock. The single ring ceremony was prompted by Rev. E. O. Sabo of Mavie at his parsonage in the presence of the groom's sister, Miss Ingeborg Tanem and Lyndon Magnuson.

The bride was becomingly attired in a gold afternoon dress of silk crepe fashioned with fitted bodice, full skirt and bracelet length sleeves. Her accessories were black. The bridesmaid's dress was fashioned of soldier blue crepe with a white collar, bracelet length sleeves, and an accent of tucking. Both the bride and her attendant wore shoulder corsages of pink and white asters with fern while the groom and best man wore boutonieres of white asters.

Immediately after the ceremony the bridal party and the groom's niece, Blanche Howland, left for Pinewood where they spent the week-end at the bride's parental home.

The groom is engaged in farming his parent's farm and the bride will continue to work at Knight's Cafe while awaiting the former's call for army service.

THEY MUST BE GETTING JITTERY

We suspect that the master minds who are directing the Axis war machines are beginning to get a little jittery. Not that their fighting forces have met with any serious disasters but rather because they have failed to make any brilliant gains in recent weeks. They realize they are fighting against time; that the world they seek to conquer is growing steadily stronger. Their progress schedule has been seriously upset. The forces they hoped to subdue are finally beginning to strike back.

That the Japs have lost the battle of the Solomons is now quite certain. This in itself may not be important, but in its effect upon Japanese plans for future operations it is bound to have a far reaching result. They have 750,000 troops on the borders of Siberia, ready to strike at the Russians and the attack is said to be already overdue. Hitler, no doubt, is pleading for it. But a war in Siberia is not a problem for the Jap army alone. Russia has a hundred subs in the Pacific, and the Japs know that their navy, already crippled, has its hands full dealing with the Americans. And the Chinese are not licked yet. Mr. Nip has plenty of cause for being jittery.

Herr Hitler has a headache too you may be sure. In their second year of war the Russians are holding better than they did during their first year. They are falling back but their withdrawals are more orderly than they were a year ago. Hitler's armies are advancing toward the Caucasus oil fields but they are advancing through a bottleneck that might well be a trap and certainly the Nazi generals are worried about the long flank that is exposed to an enemy they have every reason to fear.

In Egypt an Axis campaign has bogged down, temporarily at least. Rommel's African campaign has not blitzed and he has a lot of fighting ahead of him before he reaches Suez.

Axis subs are still a menace to straggling ships but the United Nations control the sea lanes. Italy's navy has been almost completely knocked out and apparently Hitler has concluded his large battle wagons are better off in dry dock.

The war has not been won and it probably will last a long time, but there is reason to believe the tide is turning in our favor and that is a thing to feel good about. Axis strength has reached its peak. The United Nations are just getting nicely started. Gradually we are gaining control of the air, and once the battle of the air is won the end of the war will not be far away. The super minds of the world's master races have cause to be jittery.

American members of the landing party that dropped in on Hitler controlled France yesterday were called "Rangers" and we don't know of any name that would more appropriately distinguish these brave volunteers. It is distinctly American—a name that has always been respected by Americans as a symbol for the finest traditions of law enforcement. Hats off and a round of cheers to the Rangers.

Dr. A. R. Hulbert was not an old timer in the community but during the few years he worked here he took a leading part in many community activities. Doc. was always willing to do more than his share of the chores and never too busy to lend a hand when a special task had to be done. By those with whom he worked, and who knew the value of his contributions, he will be sorely missed.

PUBLIC OPINION

Editor the Times:

In regard to the petitions for county nurse that were mentioned in "Public Forum" last week we have this to say that thirteen petitions were given to the county commissioners early this spring for their consideration. These petitions were signed by rural and city people who are strongly in favor of the county nurse.

We are asking the county commissioners to include in the budget for next year one thousand dollars ($1000.00) from funds from the county for the nurse. The state will give eight hundred dollars ($800.00) toward the nursing service and the local Red Cross Chapter will give six hundred dollars ($600.00) which takes care of her traveling expenses.

Four delegations have met with the county commissioners at their regular meetings and pleaded for the services of a county nurse.

The next meeting of the county commissioners is September 1st, when they will either include the one thousand dollars ($1000.00) for the county nurse in the budget, or turn it down.

Do the people of Pennington County know that we have the highest infant death rate in the state?

Funeral rites are being held this afternoon at 2 o'clock at the Larson chapel for Duffy Scramstad who died on Monday, August 17, at his home at 601 Markley Ave. So. at the age of 55 years, 4 months and 15 days. Rev. Jacobson conducted the rites and interment is being made in the Silver Creek Cemetery 3 miles east and 6 miles north of town.

The deceased was born on April 2, 1887, at Hoffman, Minn., and at the age of 22 he was married to Minnie Johnson of Middle River. In that same year he moved to Thief River Falls where he lived for two years. In 1909 he moved to Canada and 11 years later he returned to this city where he has lived since. Mr. Scramstad was employed as car repair man for the Soo Line railway.

Surviving are his wife; one daughter, Mrs. George Rockstad; one son, Owen Scramstad of this city; three sisters, Mrs. Julia Hanson, Mrs. Gander Olson, and Mrs. Amanda Johnson all of Canada; four brothers, Alfred, Gust, Nicholi, and Arthur all of Canada, and two grandchildren. His parents and two sons preceded him in death.

Robert Melby, son of Mr. and Mrs. Carl Melby, has left for Glenwood to visit for a week and a half at the Knute Melby home.

Mrs. N. A. Nelson and son Norman of Minneapolis came Tuesday night to visit at the home of the former's sister, Mrs. George Nelson and Mrs. Gust Schilbred. She will return to her home the first part of next week.

COUNTY BOARD PROCEEDINGS

August 13th, 1942

Pursuant to call of special meeting, the Board of County Commissioners of Pennington County, Minnesota, met at the office of the County Auditor at 10:00 A. M., August 13th, 1942.

Members present: Bredeson, Mandt and Mulry.

Members absent: Roy and Race.

A quorum being present the meeting was called to order by Chairman Bredeson for the purpose of rendering a decision on the petition of certain freeholders in School District No. 154 to have their lands annexed to School District No. 165.

Commissioner Mandt offered the following resolution and moved its adoption:

WHEREAS, The following freeholders owning land in District No. 154 have petitioned the County Board of Pennington County, Minnesota, that their said lands be set off from the said School District No. 154 and annexed to Pennington County School District No. 165, to-wit:

Mons Engelstad and Paul Engelstad, owners of the Northwest quarter (NW¼) of Section twenty-three (23), Township 154 North of Range 43, and;

WHEREAS, said petitioners appeared in person and no one appeared in opposition thereto, and it appearing from the files and records herein that the notice of said hearing was duly published, served and posted according to law, and,

WHEREAS, the said petitioners have introduced evidence fully corroborating the allegations set forth in said petition.

NOW THEREFORE BE IT RESOLVED, That it is hereby ordered that the said real estate heretofore described, now located in Pennington County School District No. 154 be and the same hereby is set off from the said School District No. 154 and annexed to Pennington County School District No. 165.

The foregoing resolution was seconded by Commissioner Mulry, and on being put to vote was unanimously carried and so declared by the Chairman then presiding.

Moved by Commissioner Mulry and seconded by Commissioner Mandt that the Board adjourn until the next regular meeting.

ALFRED BREDESON, Chairman
Board of County Commissioners, Pennington County, Minnesota.
Attest: A. M. Senstad, County Auditor.

LINCOLN LIFE IS APPARENT WINNER IN VICTORY LOOP

League Leaders Defeat the Mint Team by Eight Strokes Sunday

Victory Golf League

	W.	L.	Pct.
Lincoln Life	8	1	.888

Results of week's matches:
Lincoln Life (148) defeated The Mint (156).
J & B Drugs, defeated Poppler's Furniture.

The Lincoln Life team shot a fine 148 score to defeat Oscar Cerny's Mint team by eight strokes Sunday and were apparent winners of the Victory Golf league when Stan Larson's Poppler's team, playing short handed, lost to the J & B Drugs. The Lincoln Life and the Poppler's had been in a first place tie and it was expected that the two teams would win their final matches and force a playoff for the title, but the J & B Drugs win gave the Lincolns the championship.

There is a remote possibility that Poppler's can eke out a win as a couple of their players have not turned in their scores, but captain Stan Larson has conceded that the scores have to be low in order to change the result.

Floyd Daniels, shooting a fine 37 and carrying a 6-stroke handicap, had a net 31 to lead the Lincoln Life to their title-clinching win.

Another 'Teen-Age Dance Set for Friday Evening

Another 'teen-age dance will be held in the municipal Auditorium Friday night between the hours of 9 and 12 o'clock, it was announced today by T. M. Thronson of the city recreation board, sponsor of the affair. There was a large attendance at last week's dance.

ALL-OUT PRODUCTION IN THIS SHELL FACTORY

Morris—Mrs. J. J. Morrison was mighty proud of one of her prize biddies when an egg showed up nearly 8½ inches around the ends. But she gave biddy a talking to about waste effort when a second complete egg, shell and all, was found within the first.
